## Here and There

(617)  
One of the biggest game bags ever to be taken out of the Canadian Rockies has fallen to the gun of Angus Hodgson, of Montreal, who has been hunting in the Kootenay Valley. It includes two deer, two Rocky Mountain goats, one moose, one elk and one black bear. At the end of his trip he spent six days tracking a monster grizzly and with one bighorn ram he would have had the limit of every animal possible to get which the law allows him.

Comprising the largest one-day movement of apples out of British Columbia this season, the Canadian Pacific Railway recently operated four special freight trains over the mountains, making a shipment of 113 carloads of McIntosh Reds to the Prairie Provinces and as far east as Kenora.

Riding moose across New Brunswick lakes and rivers is beginning to rate as the coming new craze, says Major McGeehan, noted New York sport and magazine writer, who has been spending a Fall outing in the Miramichi and Cain's River districts. Up to the present the moose ridden have been cow moose but Rev. Thomas Travis, of Montclair, N.J., appears to be the first who has ridden a bull moose which was done in the Key Hole of Grand Lake, about 35 miles from Fredericton. Now other sportsmen are taking up the pastime until it begins to look as though sportsmen in New Brunswick will be getting the habit of crossing lakes and rivers on mooseback.

Officials of the World's Grain Exhibition and Conference to be held at Regina July 25 to August 6, 1932, report that farmers in the States of Missouri and Kansas are keenly interested. Entries of both oats and corn from these states are to be expected at the Exhibition. Over \$200,000 is to be offered in cash prizes and in some classes as many as fifty prizes will be awarded. First prize for wheat will be \$2,500 and first prize for corn, \$1,500.

Flag poles are found at their best and highest in British Columbia. Recently one was sent via the Panama Canal all the way by water, to the Toronto National Exhibition. It was 177 feet high, 31 inches in diameter at the base and 9 3/4 inches at the top. This young giant was 236 years old. The daddy of them all is at the famous Kew Gardens, London, England, and is 241 feet high.

This year's crop of grapes in the Niagara fruit peninsula between Hamilton and Niagara Falls, Ont., is expected to reach about 58,000,000 pounds, an increase of 15 per cent. over the 1929 crop.

Motor tourist travel from the United States to New Brunswick has been 50 per cent. greater this year than in 1929, according to statistics covering the season up to August 31, compiled by the provincial government from official returns gathered at the 25 ports of entry along the international boundary. The number was 385,531. Normal increase each year has been 25 per cent. and the great difference this year is attributed to wider advertising by the provincial government.

## MARRIED AT UNITED CHURCH MANSE ON SATURDAY LAST

Two popular young people of the town were married on Saturday last at the United Church Manse by Rev. Bruce Millar, when Miss Jean Evelyn McQuarrie, daughter of Mr. and Mrs. Hector McQuarrie, and Mr. Walter Ellison Stevens, both of Timmins, were united in the bonds of matrimony. Mrs. Church, of Englehart, was bridesmaid, while Mr. Fred Smith, of Timmins, supported the groom. The young couple left for a honeymoon at Englehart; and other points south and will take up residence in Timmins on their return. Hosts of friends will extend sincerest good wishes to the young couple.

(Calgary Herald)  
Marion Talley, the young American prima donna who announced her abandonment of grand opera to take up farming a few years ago, has decided to return to the stage. No doubt the assurance of regular pay checks in these days of low agricultural prices had something to do with it.

## ADDED EIGHTY-THREE NEW MEMBERS TO THE LEGION

Record Made at Meeting of the Legion on Monday Evening. Address by President Another Feature. Happy Social Time by Ex-Soldiers.

The opening regular meeting of the Legion after the holiday time made several records. One was in the number of new members, 83 being added to the roll. There was the record initiation of 36, with 47 others passed. The attendance was also large enough to be placed in the record class.

Another special feature was the stirring address by President A. Neame in outlining the work of the branch for the past year. He also touched on a visit to the hospital at London, Ont., for mental cases, and told of the manner in which the men were treated with such notable success. He said also that the Legion was a strong factor in having men sent to the hospital for needed treatment. The address was specially interesting and was listened to very attentively.

The secretary's report for the same period showed the branch to be in excellent condition both as to its numbers and strength and in regard to finances.

A social hour followed the general meeting. Joe Ormston sang in his best style, accompanied by his brother, Jas. Ormston. Bob Lowery gave a regular programme of his own, answering as he did some of the insistent enquiries given his numbers. He first rendered two songs in attractive way, and then playing the guitar himself, and with R. Spanton, playing the mandolin. Mr. Lowery presented several numbers that delighted the crowd. A pair of ordinary dessert spoons in the hands of Mr. Lowery gave music that made a big hit. As a final number he presented "The Gay Cabalero." Comrade Lowery certainly made a place for himself in the hearts of all Legion members by his talent and skill. The bugle band, under Comrade P. Cherry, gave both bugle and rifle selections. Community singing was another happy feature of the evening, while a lunch of cheese and crackers added the final touch of enjoyment to the occasion. W. A. Devine presided at the piano for the evening.

## WORLD'S LONGEST TAXI ROUTE

The world's longest motor taxi route has recently been inaugurated in Africa. This service is known as the Trans-African Motor Safaris, and transports tourists from the Juba terminus of the Nile steamers to Cape Town, covering many of the most interesting sections of Africa en route. The entire trip takes eight weeks, including stops at the principal cities.

## SOME GOOD BOXING BOUTS AT THE RINK LAST NIGHT

Event for Benefit of St. John Ambulance Brigade Not as Well Attended as it Should Have Been. No Wrestling Bouts Held.

The boxing bouts put on at the skating rink last night for the benefit of the St. John Ambulance Brigade were not as well attended as they should have been. There were some good bouts and other numbers on the programme added to the interest. Through some misunderstanding the wrestling bouts advertised were not held.

In the boxing the card opened with a bout between Wadsworth and Ranger, the latter getting the upper hand and the bout being stopped in the fourth round. Frenchy Morris won from Landreau after a flashy battle. Ledaucourt won in the second round from Howlett, the bout being stopped. D. Kerr, the Scottish boxer showed his skill and ability in a nice win from Youngswat. Donat Richards was another easy winner of the bout in which he figured. Richard showed the finest footwork of the evening and proved that he knows how to use his mitts. The referee was A. Leonard, with R. Lowery and Capt. Jones, the judges. The timekeeper was J. Weir.

During the evening the Legion bugle band gave some happy fife and drum selections, while R. Lowery's singing and novelties were also much appreciated between bouts. The Legion bugle band under P. Cherry played around town and over to the rink before the event commenced.

## THE BEAU GESTE

The Cadillac V-16 Caravan which is touring Europe recently paid a visit to the picturesque little town of Cadillac in Southern France, where a wreath was placed on the war monument in respect to the memory of Antoine de la Mothe Cadillac, whose military exploits are known to public students of early Canadian history, and who was the founder of Detroit.

F. Jette, who had his back broken in two places, as well as suffering other lesser injuries, as the result of an accident at the Hollinger a couple of weeks ago when he and another man were hurt by a rock that canted over on them, is now making good progress to recovery at St. Mary's hospital. From the present rapid rate of recovery he will be all right again shortly and will suffer no serious results from the accident.

The first woman who started to do the driving from the back seat is said to have had a husband who did the cooking from the dining-room table.

## EVENING CLASSES START AT TIMMINS NEXT MONDAY

All Classes Under Direction of Fully Qualified Instructors. Timmins High School Unusually Well-Equipped for These Vocational Classes.

This is the twelfth year that the evening vocational classes to people in the town of Timmins who wish to improve their education or increase their knowledge of some vocation. The classes were first conducted under the auspices of the public school board, but since the establishment of the high school here have been held in connection with that institution. The classes for this year offer full course in the following subjects:—English for foreigners and non-English speaking students; English for advanced students (second and third year students); French, conversational and business arithmetic; prospecting and geology chemistry and assaying; business courses, including typewriting and stenography; and bookkeeping, business practice; machine shop practice; wood-working practice; practical and theoretical electricity; cooking; sewing and dressmaking. Particulars as to any of the courses may be obtained from Mr. Henry, principal of the Timmins High School. Student may enrol for any of the courses by calling at the principal's office at the high school from 7.30 to 9 o'clock the evening or to-morrow (Friday) evening.

All the classes are under the direction of specially trained and qualified teachers, and the Timmins high school technical school is well-known for its unusually complete equipment and is specially fitted to meet the needs of these evening vocational classes.

While a nominal fee of \$3.00 for each course taken is charged, this fee is returned at the end of the term if the student has attended seventy per cent. of the classes for the term in the course taken, so practically the classes are free to all who wish to take advantage of them.

## INFLUENCE OF RUNT GOLF

(Fountain Inn, S.C., Tribune)

Runt golf has captured Fountain Inn as it has other towns, but I'll wager this is the only place on earth where players offer valuables other than cash for the privilege of playing. I was standing near the box office the other evening when a gentleman from the country appeared with a fryin' chick under his arm and asked if he could "trade it for some games." We may be short of cash just now, but the sporting spirit is in us yet.
