LIFE INSURANCE VIEWED FROM SOCIAL HEWPOIN

Many Little-Considered Benefits of Insurance Explained to Kiwanis Club in Excellent Address by P. A. Macaulay, C.L.U.

The speaker at the weekly luncheon

of the Timmins Kiwanis Club on Monday of this week was P. A. Macaulay, C.L.U., and his address was greatly appreciated. He took as his subject, "Life Insurance From the Social Viewpoint, and he quoted facts and opinions that made a decided impression on the gathering. Mr. Macaulay outlined very clearly and ably the notable part that life insurance was playing in the general betterment of social conditions. He showed that life insurance of today was responsible for better education and more general literacy. With the provision given by life insurance children were able to continue at school after the father died, while without this assistance they would have been deprived of this advantage in a great many cases. Carrying life insurance makes for thrift and carefulness and so adds to the general benefit. The acceptance in more general way of the benefits of life insurance has reduced poverty and the breaking up of homes, needs of practically every man no matmuch pleased with the excellent ad- ter that was over they went home. by the club for some time past.

Popular Young Couple

A wedding of much interest took place on Saturday evening, October 4th 1930, at the United Church manse Timmins, the couple being well known and popular in the town and district. Owing to a recent bereavement in the bride's family the wedding was a very quiet one, only the immediate relatives of the contracting parties being present. The bride was Miss Glady Hughes, daughter of the late Mrs. M. Hobson, of Timmins, and the groom was Mr. Harold Macpherson, of Timmins. Rev. Bruce Millar, minister of the Timmins United Church, officiated at the event. Miss James, of Kirkland, was the bridesmaid, while the groomsman was Mr. G. W. MacMillan, of Timmins. The bride was for several years accountant at The Advance office and has hosts of friends in the town and district. The groom who is on the staff of the Gamble-Robinson Co., is also one of the popular young men of the district. Wide circles of friends will extend sincerest good wishes to the young couple. The bride was the recipient of many beautiful presents, including a chest of comunity silverware as a token of high regard from the proprietor and staff of The Porcupine Advance. Mr. and Mrs. Macpherson left for a short wedding trip to Cochrane and Kapuskasing taking up residence on their return in Timmins.

Mr. and Mrs. Geo. N. Wallingford entertained friends Tuesday evening of this week in honour of the fifty-second anniversary of their wedding.

DANCE IN HONOUR OF THE NURSES GRADUATING HERE

One of the most interesting and pleasing social events of the year was the dance given on Friday evening last in the McIntyre Recreation hall by the 1929 graduates of St. Mary's hospital in honour of the graduate nurses of this year. The event was by invitation only and there was a large attendance and a very pleasing time enjoyed by all present. The music and all other features of the evening were the very best and the young ladies who made the arrangements for the event and directed its success are being commended and congratulated for the very enjoyable evening provided. This is the second annual dance by the graduate nurses of St. Mary's hospital and both events have been very successful and

RADIO FANS SEEKING THE REMOVAL OF INTERFERANCE

Petitions in Circulation Asking for Remedy in This District. Petitions May be Signed at Any of the Dealers' Places.

Petitions are in circulation both at

Timmins and at Schumacher this week asking the Dominion department looking after radio matters to do something to assist in remedying conditions here for radio reception. Interference has been very bad here recently, the radio users say ,and they believe that much may be done to improve matters if the question is taken up rightly and carried through. With this idea in mind the radio fans are having petitions signed to submit to the department to see if some action can not be taken and thus the conditions of radio reception greatly improved. Practicularly all who know about the petitions in circulation have signed them. Any other radio fans interested, and all ought to be interested will find copies of the petition at dealers in radios and equipment. The entertainers will be "The Barries," "the forces to put on a big evening meeting. the plan. Others could be added to truthful entertainers," as they term themselves, and their programme will be one of magic and mystery. In view of the fact that so many so-called magicians have issued posters and advance notices offering suggestions of acts and specialties which they do not perform, the Barries issue an actual programme and guarantee to present all the items listed. These include the following: general. One of Chief McLauchlan's Bottle and Glass trick; Restored Sunshade; Wandering Dice-Where is It?; The Restored Card; Finding Borrowed Around the corner they're singing with and thrown on a screen on the side or Ring in Nest of Boxes; The Borrowed Lady's Handkerchief; Flowers Grown from Nothing (Hindoo Magic); Tambourine and Flags; Concertina Item, by Lady Teeney; Fortune Telling by Coins Borrowed from Audience; The Mysterious Knots; Clock Dial Illusion; Passing Coins in Full View of the Audience: Handcuff Manipulation Extraordinary, as Leo Selwyn, the handcuff tinuance depends on the boys playing prince; Great Indian Sack Trick; Egyptian Glass Box trick.

The chief features of the entertainment are the wonderful tricks with mins this week and was warmly greet- latter trick there are no screens, curtains, mirrors, dummies or trapdoors used. The box being opened, the lady is found securely fastened and unharmed. Of course, it can't be done, but see it done at the event on Tuesday next.

The same entertainment as to be given here Tuesday played to large audiences in Great Britain, Africa, Australia, New Zealand, the United States, India, etc. The press notices speak of the work of the expert Cecil Barrie as a performance of the highest merit. Several of the items on the programme are classed as unique. The one of the glass box comes in for espacial praise. In this one, Barrie is handcuffed by a committee of the audience, and placed in a box with six glass panels; the box is then locked, padlocked and tied around with rope, the knots of which are sealed; yet in three or four seconds Barrie changes place: with his lady assistant.

The press notices suggest that to attend this show is to spend an evening well and enjoy every minute of it. It is also to assist a worthy cause for the St. John Ambulance Brigade is doling a great amount of useful and valuable service in this community and merits the support of all.

Relay Race at Monteith

The annual relay road race for the Northern News trophy will be held this year at Monteith on Saturday of this week. There are a goodly number of entries and keen competition is expected this year. In view of the fact that for two or three years teams from this part of the North went as far south as Cobalt to compete for this trophy, it was decided this year to have the event in this part of the North and Monteith was chosen for the honour No doubt the holding of the race in this part of the North will increase interest in the event in this district.

INTERESTING MEETING OF COCHRANE PRESBYTERY HERE

Election of Officers for the Ensuing Year. Inspiring Addresses and Other Features of Interest and Value at Meeting Here.

The Cochrane Presbytery met in regular session in Timmins this week, cpening with a public meeting in the United Church here on Monday evening. There was a large attendance, the delegates coming from as far west as Nakina and as far south as Matheson The representation of the various sections of the presbytery included both lay and ministerial members of the church. The meetings continued on Tuesday and Tuesday evening.

At the public meeting in the United Church on Monday evening, an eloquent and helpful address was given by Rev. J. C. Cochrane, superintendent of missions for Northern Ontario for the United Church. There was also an inspiring address by Rev. Mr. Coulter, of Toronto, president of the Toronto presbytery.

Another very interesting feature of the proceedings was the report by Rev. Mr. Hussey, of South Porcupine, of the proceedings of the general council held in London to which event he went as the official delegate from the presby-

OUTLINE GIVEN OF AIMS AND PRINCIPLES OF A.Y.P.A.

Tuesday Evening's Programme was a Literary One at the Anglican Young People's Society Event at St. Matthew's Parish Hall.

The regular meeting of the St. Matthew's A.Y.P.A. was held in the church hall on Tuesday evening at eight o'clock, Miss Betty Sinclair presiding. The meeting was opened with prayer by the rector, Rev. R. S. Cushing, after which the business of the evening was discussed. It was decided to hold a weiner roast out at Sandy Falls next-Tuesday, Oct. 14th, weather permitting. Transportation by motor car will be provided, members to meet at the church hall at 7.30 p.m. sharp.

The programme for Tuesday evening of this week was of literary character. One feature was the brief address on the aims and principles of the A.Y.P.A. given by C. P. Walker on the suggestion of the president, Miss Sinclair. Mr. Walker said the A.Y.P.A. was a society to band the young people of the church together in a healthy spiritual environment. The members of the society must be spiritually-minded and have a reverence for holy things. The young people, he said, should be the heart of the parish, pulsating with energy and desire to make things go well. The A.Y.P.A. platform had four principles, Worship, Work, Fellowship and Edification. Mr. Walker enlarged on each of these principles. The A.Y. P.A., he said, should represent the deepest spiritual life of the parish, encourage regular attendance at church of all its members, especially at the Holy Communion. What a man believes he is willing to work for, Mr. Walker pointed out, also noting that the scope of work in the Young People's Society is unlimited. Mr. Walker defined fellowship as having ideas and ideals in common, according to the bible interpretation of the word. The society can extend the hand of fellowship to the stranger and to the newcomer and so help break down the sell, all of the firm of D. S. Paterson apparent coldness that is sometimes attributed to church members. In speaking of the fourth principle, Edifirm of Arthur E. Moysey & Co.; Mal- fication, Mr. Walker urged the study of the story of historic church, church government, the book of common prayer, etc. He urged that in the A.Y.P.A. there should be a striving to bring together the four principles, Worship Work, Fellowship and Edification, in proper proportions, just as a bell-maker brings the proper proportions of William J. Smart and Maurice E. metal together, so that each membershall ring true.

Mr. K. Buffin gave a sketch of the morist, illustrating his talk with an excerpt from the autobiography of that writer. It was a delightful example of the author's humour

Miss Betty Sinclair greatly pleased the audience with her dramatic recital of "The Young Man's Choice" and "A

Name for a Boy." Community singing was a feature of the evening, the programme concluding with the installation of the officers of

the Timmins A.Y.P.A. by the rector. Miss Knell was elected pianist of the plication until Thursday morning, and society and performed her duties most #

Bridge Near Dalton's Farm Out of Commission

The approach to the bridge over Fulham Creek on the government road near Dalton's farm has caved in with the result that the bridge is out of commission and for public safety has to be repaired at once. Mr. Dalton noted the trouble and put up barricades to guard against accident, but a teamster came along with a wagon and drove right through the barricades. Fortunately, he was able to get out of the difficulty without injury to himself or the horse, but had it been a car the result would have been more serious. The Northern Development Dept. acted with commendable promptness in the matter and have men to-day at work remedying the trouble. The bridge will be ready for traffic again in a short time

NEW PERMIT FORMS FOR THE PURCHASE OF BEER AND WINE

On November 1 the new regulations of the Liquor Control Board, affecting the sale of native wines, will be brought into operation. With these will be a new form of permit restricted to the purchase of beer and wine. This new permit, it is understood will cost \$1, as against \$2, which will continue to be the charge for the regular permit to purchase spirits, wine and beer. The new wine regulations would have been brought into operation some time ago, but for the studies which the board instituted to try and standardize the domestic brands of wine and improve the quality.

The restricted permit would also have been authorized but for the fact that most of those requiring permits for the current fiscal year had already been supplied.

No change is anticipated in the price of the temporary or tourist permits.
