

An aeroplane passed over Timmins on Saturday afternoon keeping at a good height while going by. At times the machine could scarcely be seen but on account of some peculiarity in the air the noise of the motor seemed particularly near.

The Halleyburian last week says—'The Porcupine Advance last week reported some excellent specimens of crab apples grown and ripened in the town of Timmins, and claims that there is hope for the fruit growing industry in the North.'

At Sudbury a week ago a farmer from Hammer township was fined \$10.00 and costs on a charge of hunting on Sunday, and his firearms were confiscated. The game overseer at Sudbury laid the charge.

ROCK, WATER RATES, RELIEF, BEFORE TISDALE COUNCIL

Busy Regular Session of the Township Council Monday Night. Much Discussion About Rock Cuts for Water Services; at Schumacher.

South Porcupine, Oct. 15th, 1930. Special to The Advance. The Tisdale township council met on Monday evening with the reeve and all the councillors present.

The session was lengthy but was mostly taken up in discussion over rock, water rates and charity.

Mr. R. Langdon was present on behalf of a taxation appeal for a widow living out of town. They are to be let stand against the property.

A man on Golden avenue said he couldn't pay his full water connection now so was allowed to pay half and the remainder later.

The next man from Schumacher paid \$110 toward his water connection and rates.

Then came a series of discussions on rock, rock, rock. Appellants seemed to think the reeve and councillors had hearts of rock.

The council seemed to think the appellants had heads wholly composed of material resembling rock.

Appellants claimed no rock existed in their trenches. Contractors and engineer's reports showed rock there.

Most of the trouble seemed to centre around Railroad street in Schumacher. That particular spot has proven the rocky road to Dublin for Tisdale council.

If you walk up Railroad street it rather looks that way too. Still according to what our ear taketh in, contractors must have put the water and sewer pipes in sand gullies, through breaks in the rock, where none of it had to be removed and at times even laid it on the surface of the earth and then filled in over it.

The clerk explained that in one of the cases appealed the contractors had come in to see about it and had told them in the township office that he would not do to fill in with what they had taken out because of the rock in it; the pipes would freeze; so a team had been hired to haul earth for filling in, as in all that rockless surrounding there was not enough earth to be got for a proper fill.

Now, some of these people want to dig out their trenches and find if there ever was any rock there.

A resident was again present from the lower part of Strachan avenue. In the meantime it was ascertained by the engineer that a sewer could be placed there. Councillor Williams wanted to see the location so it was arranged that he would inspect those properties on Strachan avenue next day. People there can't even get a well.

F. Rich was before council again re the extra charge for his connection at the corner of Golden and Railroad streets. He had made many visits to the council asking for water in a locality where it was necessary to use castiron pipe and where Engineer Hendry was opposed to the proposition owing to the lack of proper drainage level, the necessity of breaking up a newly-formed road, etc. Mr. Rich signed an agreement offering to pay all extra costs entailed. The job was done some time ago. Now he objects to the cost of opening up the road, which at that low level was questioned by the engineer, as it could not be tunnelled under as in higher localities.

In the court of revision an aged couple had the taxes reduced on some of their empty houses on condition that the remaining taxes be all cleared off. If this were not done the decision of the council would be reversed.

Another man objected to the amount of his taxes which council decided were reasonable, considering the value of the property. The man said, 'I think I make nice house; I pay more taxes. I think I plaster it with tar next year.'

Mr. Wuori was there asking for a reduction on the taxes for the Finnish hall. He thought this ought to come under the same caption as the skating rink but was told that it was an entirely different proposition; that it was being run and managed according to the views of one class of people. The rink is open to the public and being run by Canadian citizens according to Canadian laws and is for all who wish to attend, Finnish as well as others.

In some parts of Canada the Finnish youths who attend the public skating rink are becoming very adept in both skating and hockey. Hence one such building is enough for the council's patronage. The taxes were confirmed.

Various other tax questions came up. Councillor Laforest asked if the time could be extended for payment without penalty but this could not be done legally now.

Various charity cases were also considered. Mr. Kusela asked for a donation towards sending a woman back to Finland but as she is a resident of Whitney this could not be done without creating a precedent that would be harmful in future. Mr. Kusela then asked the councillors, reeve and clerk each for a donation of 25 cents toward sending her back. This was given. Whitney township of which the woman is a resident is donating \$50 toward her return to Finland.

Various other cases were considered. The Canadian Legion were granted permission to tag on their regular Poppy Day. Routine accounts and wages were passed for payment.

FORMER SOUTH PORCUPINE HOCKEY PLAYER INJURED

'Red' Cross Hurt. Delightful Dinner Given by John Fell, Jr. Other Items of News of the Dome and South Porcupine.

South Porcupine, Oct. 14th. Special to The Advance. Mrs. Christie, of the Dome Mines, is visiting at the parental home at Grimsby.

Mrs. Atchinson, of Connaught, visited her parents in town for a few days last week.

Mr. Robert Miner, of Prescott, is renewing acquaintances in town.

Mr. and Mrs. McNeil, of Toronto, are the guests of their daughter, Mrs. (Dr.) Kinsman.

Mr. Victor D'Angeli, of Upper Notch on the Silver Centre branch of the T. & N. O., is visiting friends in town.

Mrs. A. Woods has returned from Toronto after undergoing a successful operation there.

There will be a meeting of members and honorary members of the bridge clubs at the home of Mrs. T. J. Wright on Monday evening next, October 20th, at eight o'clock to decide on the programme for the ensuing season. Those interested are invited to attend.

Mr. and Mrs. H. M. Miller entertained at a couple of tables of bridge last week.

His many friends here were sorry to hear of the misfortune to Mr. Norman ('Red') Cross, who teamed with Jim Fell on the defence of our senior hockey team during the past winter. A report to The Ottawa Journal under date of October 12th reads:—'Norman ('Red') Cross in the employ of the Ontario Forestry Department suffered a fracture of his left elbow in an automobile collision, a few miles north of here last evening. It is feared the arm may be permanently crippled. Cross formerly played hockey with the Port Arthur junior champions of Western Canada and last year was with South Porcupine. He was expected to team up with Phat Wilson on the Port Arthur senior team's defence next winter.'

The Women's Auxiliary of the Anglican Church held a successful meeting on Monday evening.

The Rebekahs are holding a euchre and bridge in their hall on Friday, October 17th.

Mr. E. J. Jamieson is in Barrie this week.

Mr. and Mrs. F. Clark have received word that their daughter in Vancouver, who has been so seriously ill, is now on the road to recovery.

The Catholics of St. Joachim's Church are holding a bridge and euchre in the High School hall on Friday, October 24th. Good music and valuable prizes will be supplied.

Mr. Pete Sharp, of Sudbury, is returning to Porcupine Camp this week.

Miss Isabel McWilliams, of the Pioneer Stores at the Dome, is on a vacation in Toronto.

Mr. J. Cunningham is in Ottawa this week.

CONCERT The first concert of the season by the SCHUMACHER MALE CHOIR TIMMINS UNITED CHURCH, FRIDAY OCT. 17 at 8 p.m. Auspices of Young People's Society ADMISSION 50c and 25c

dergoing medical treatment for a crippled arm.

Married—In South Porcupine by Rev. Father Gelnas on Sunday, September 28th, Miss Ana Vikjon to Mr. Dryjan Reskavini.

Mr. and Mrs. Clarence Rickard and baby, of Detroit, have returned after a holiday spent with Mr. Rickard's mother.

We believe the Dome teachers have returned from the trip to Abitibi Canyon. If not that Buick car up there may still have a chance to help them over some of the muddy spots.

Born—On Monday, October 13th, to Mr. and Mrs. Fred Grech—a daughter.

His fellow workmen at the Dome were shocked to hear of the drowning on Sunday of Isaac Latinen in Big Water Lake. The late Mr. Latinen, who was a carpenter at the Dome, was a Finlander who lived at 65 Second avenue in Timmins. He leaves a wife who was a former member of the Finnish colony in South Porcupine, also one son about ten years old.

The ladies of St. Joachim's church gave a very pleasant shower at the Priest House for Rev. Father Gelnas last week. Mesdames Cahill and Besette acted as hostesses for the happy occasion.

Mr. and Mrs. Campagnola and family of the Dome are moving into town.

Born—On Thursday, October 9th, to Mr. and Mrs. Werner Kehusmaa—a son.

One of the delightful social events of the week was a dinner given by John Fell, Jr., at his parent's home at the Dome in honour of the coming marriage of Miss Betty Pearce and Mr. L. Bladon. The menu and place cards were cleverly gotten up in black and white designs, as these were the colours of the Ezylyfe Club of which the bride-to-be was a former member.

The menu itself was a most original concoction of the names of the guests of the evening in all the spiced, bottled, baked, boiled and steamed arrangements known to the delicatessen.

Needless to say everyone enjoyed themselves to the full and filled themselves with their enjoyment, before dispersing with all sorts of good wishes for the bride-to-be.

Married—In South Porcupine on September 23rd, Bertha Evelyn Faughnan to Ferdinand Proulx.

Mrs. R. J. Connelly and baby daughter have returned from Shawville.

Mr. Fred Forster and bride, of Flin Flon, are the guests of his parents on Bruce avenue.

Mrs. A. Michaelson, of the Dome, is visiting her daughter, Helen, in Toronto.

Captain and Mrs. Fowell have returned to the Dome Mines from California, the Captain's health being very much improved. Old friends, employees and fellow workmen are delighted to see him so much better after his illness.

Court Case Over Lack of Proper Garbage Cans At police court this week Sanitary Inspector Dunn, had one local business man charged with failing to have proper garbage cans for the disposal of the waste from his lunch room.

The case was remanded for a week and it is understood that the man is getting proper cans made for his garbage.

A charge of speeding resulted in a fine of \$10.00 and costs, the costs by the way being more than the fine.

A charge of intimidation was withdrawn.

The cases against a local business man charged last week with the theft of gravel and trespass were dismissed.

A representative of the Northern Development Department was present at the court and in his evidence showed that the local man was in no way to blame.

The Department had arranged for the gravel to be used on the road and had given instructions for the gravel to be taken from the settler's property, so there was no trespass or theft of gravel, and the charges were accordingly dismissed.

Joseph Latour was given a term of three months on a charge of assaulting Jos. Prevost. Prevost was working for Latour and the two men were returning home after Latour had bought a horse for fifteen dollars.

Prevost was driving the team and the \$1500 horse was tied behind the wagon. The new horse fell down and was dragging.

Latour called to Prevost to stop the horses, and when he did not do so, Latour jumped from the wagon and threw a rock at him.

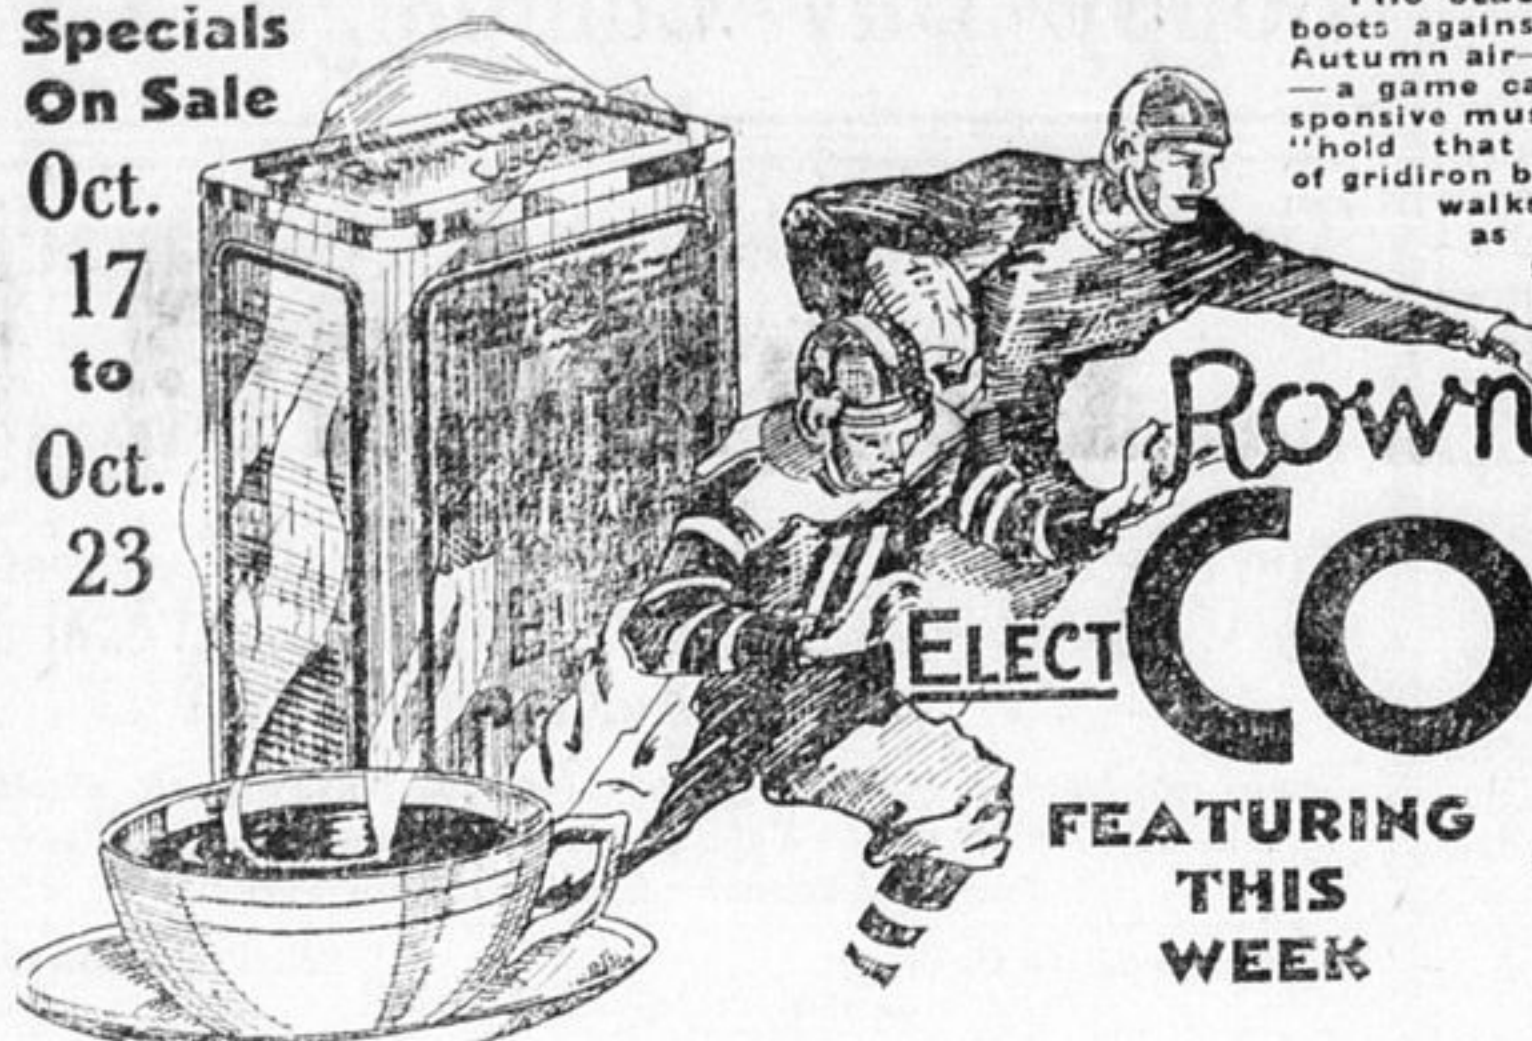

Prevost stopped then; and later had to stop under the doctor's care for some five weeks. He had to have seven stitches put in the wound over his right eye.

Mrs. J. R. Todd returned this week after a four months' visit to Scotland. Mrs. Todd enjoyed the pleasant holiday and her many friends throughout the district will be pleased to know that she has returned with her health restored as a result of the enjoyable holiday in the Old Country.

YOU SAVE WHEN YOU SPEND AT EATON'S

Specials On Sale

Oct. 17 to Oct. 23
