

### MEN ARRESTED IN TORONTO ON HIGH-GRADING CHARGES

Gold Ore Said to be Worth \$4,000.00 Alleged to be in Their Possession. Police Say Ore Came From Timmins Mine.

On Wednesday of this week the following despatch was sent from Toronto:

"Joseph M. Vigliotti, banker of 3603 Chene street, Detroit, and Joseph Bruno, jeweller, 1616 Queen street east, Toronto, were arrested on Dundas street west Tuesday afternoon by Detective Sergeants Walter McConnell and Trinnell, charged with high grading. Both men were granted bail in \$5,000 each.

"Vigliotti was carrying a brief bag in which five small paper bags containing gold ore valued at \$4,000 had been placed. The ore is alleged to have been stolen from a mine in Timmins. Both accused, police stated, paid a visit recently to Porcupine, making inquiries over the purchase of high grade ore. Detectives McConnell and Trinnell tracked the two men Tuesday morning, and after they had left a hotel placed them under arrest and took possession of the gold ore.

"Questioned by police both men denied ownership of the ore. Their statement to police was they were sitting in the lobby of a hotel when they noticed the five small bags on a chest-drawer. No person was near them so Vigliotti put them in his brief case and they went out to the street intending to examine the contents, but detectives arrested them before they had time to investigate their find. Police state that they have information the ore was stolen from a mine in Timmins and that Vigliotti came to Toronto acting as a financial banker to buy the ore."

### SONS OF ENGLAND CONCERT FRIDAY EVENING, NOV. 21ST

Announcement is made this week of a grand concert to be held under the auspices of the Sons of England in the S. O. E. hall, over Woolworth's store, Third avenue, on Friday evening of next week, Nov. 21st. The doors will open at 7.30 p.m. and the programme will commence at 8 o'clock. It promises to be an event of much interest. The programme will include dialogues, recitations, selections by the Cornish Male Voice Quartette and other musical and literary numbers that are sure to please all attending. The admission fee is only a nominal one.

### FINLANDER AT SUBBURY TO JAIL FOR DYNAMITE THEFT

Wiljo Jakinen, who was arrested last week being found with dynamite in his possession, was charged at the Subbury police court with stealing dynamite from the Frood mine and was sentenced on Tuesday of this week to not less than three months and not more than six months. The magistrate stated that he would recommend the deportation of Jakinen. The prisoner was also committed for trial before a judge on the charge of illegally having explosives in his possession. It is understood that the police were tipped off to the fact that Jakinen or others had the dynamite the opinion being that the theft of the dynamite might have some connection with plans of the communists.

### NEW STORES HAVE NOTABLE CROWDS AT OPENING EVENTS

The value of good advertising when well supported by goods and service was indicated once more on Saturday when unusually large crowds of customers were attracted to the formal openings of two of the new stores opened in town.

The Curtis Drug Co. last week announced the opening on Saturday of its new store in the Bartleman block, Pine street, in the premises recently occupied by the Dominion Stores. There was a large crowd in the store practically all the time during the opening day, Saturday. An idea of the number of customers attracted may be gathered from the fact that 2000 beauty roses were secured to give away to customers as souvenirs of the opening and by evening the supply of roses was practically exhausted. The new drug store is well equipped and made a favourable impression.

Similar large crowds were attracted all day Saturday to the opening of the new store of the Dominion Dollar Stores, 151 Pine street, south. This new store, operated by Sky Bros., presented a big array of values in all kinds of goods, no article being priced above a dollar, irrespective of usual costs. The new Dollar Store attracted very considerable notice and was a centre of special attraction on the opening day, Saturday.

The opening of both these new stores had been extensively advertised in The Advance and by other methods, and the results of the advertising were evident in very satisfactory way.

Subbury is planning to open a soup kitchen in that new city to feed the hungry. A public subscription list is being started by the mayor to secure funds for the plan.

### MANY SETTLERS TAKE UP LAND IN COCHRANE IN YEAR

Returns From Crown Land: Agent at Cochrane Show About 600 New Settlers Take Up Land in North Cochrane in Year Past.

There will be inclination to astonishment at the information coming from Cochrane last week to the effect that nearly 600 new settlers had taken up land in the area under the Crown Lands agent at Cochrane. This area includes sixteen townships and extends along the C.N.R. line from the Quebec boundary to Fauquier. It would appear that settlement is proceeding apace in this area. It is certainly doing much better than in South Cochrane district where there seem to be more settlers leaving the farms than there are new ones taking up land. The difference is largely a matter of roads. Immediately around Cochrane there are roads for settlers and anyone travelling on the highway west of Cochrane can easily see how the completion of that road has helped settlement. There seem to be new farms and farm homes springing up all along the highway from Kapuskasing to Hearst and the more settlers there are in groups the more attractive it will be for others to take up land nearby. The majority of the 600 new settlers are said to have settled within 18 or 20 miles of Cochrane, and all close alongside the two railways, the C.N.R. and the T. & N. O.

Despatches from Cochrane during the past week point out that the 600 settlers taking up land during the past twelve months constitutes the largest number of settlers entering the district in any one year since it was thrown open for settlement. It is interesting to note that this year also is the first year in which Europeans have outnumbered native Canadians. Strangely enough, also, the tide of settlement appears to have turned, for during the summer just past a number of immigrants came in from the west, chiefly Manitoba, reversing the direction of the great migration of the beginning of this century when thousands left the farms of old Ontario to set up new homes in the prairies. In this connection one settler who came to this North from Manitoba when questioned why he left the West to tackle a new country is quoted as replying that it was the pioneering spirit, he thought. He believed that some families were like that; they wanted to help build up the new places. His grandfather pioneered in Southwestern Ontario. His father had been one of the pioneers of the West. Now he himself and his family were starting pioneer work in Northern Ontario. That type of settler ought to be a very valuable acquisition to the North Land. When he has pioneered in Cochrane district, he will not need to leave the North for further pioneering. By that time there will no doubt be good agricultural sections far north of Cochrane to beckon to the pioneer spirit.

One of the points mentioned in regard to the 600 new settlers is the fact that the majority of them are Finns, Hungarians and the representatives of several branches of the Slavonic race. In the townships of Pine and Machin there are large settlements of Finns. These Finns are said to be opposed to the communist ideas that injure the standing of the Finns in some of the urban centres. They are described as not at all in the class of the "Reds", and so will make very good settlers. The Finns are clever, clean industrious and anxious for advancement and education and when not spoiled by communist tendencies it would be hard to find better settlers for a country like the North. In the area near Timmins there are many Finns on the land and the majority of them are ideal citizens and the best type of settlers. In the area around Cochrane, the Finnish settlers are said to bring with them to this country many of the features of the communal system popular in Finland. Accordingly they have their co-operative stores, community halls, Finnish baths, etc. In the Cochrane area the number of Finnish residents has increased very greatly in the past few years. Seven years ago it is said there were practically no Finns in the town of Cochrane, for instance. The number of this nationality in the town and immediate district may be gathered from one fact mentioned in the despatches from Cochrane—the fact that the town to-day has no less than 18 Finnish hotels and rooming or boarding houses.

Into the Cochrane district during the past year there has been a large immigration of Hungarians into Leach, Bond, Calder and Colquhoun townships, with a smaller number of Jugo-Slavians and Czecho-Slovakians. Apparently the majority of these latter two nationalities are of Germanic rather than Slavic origin, and represent racial minorities in the two countries who have come where they may have greater freedom. There are a very few Germans also, with a sprinkling of Swedes. The original settlers were almost entirely from Quebec, later joined by English-Canadians and a few old country English.

One of the specially hopeful and pleasing things about the new settlers referred to is the fact that the majority of them are said to be supplied with enough capital to give them a start and a fair chance. They will not have the almost hopeless struggle that has faced so many of the settlers in the North on other occasions and in other sections. The man who has only enough money to get on his homestead and then hopes to make his way from the farm operations alone. The new settlers are said to be chiefly men who have worked in the mines, factories, bush and at other labour until they

### SEEK TO CURB MENACE OF SMOKING BY YOUNGSTERS

Parents Should Give Co-operation in Effort Now Under Way. An Offer Against the Law for Parents, or Others to Supply Cigarettes to Minors.

For a considerable time past the habit contracted by some youngsters of smoking cigarettes and tobacco in other forms has worried teachers and others interested. Teachers can usually pick out the cigarette-smoking child by the fact that he is dull at school and usually appears to be unable to learn as quickly as other children and is apparently unable to concentrate. The smoking of cigarettes has attained large proportions here despite the efforts to curb the evil habit. Recently, there has been a campaign inaugurated at the high school here to eliminate smoking of cigarettes among the boys attending that school. Principal Henry has found the use of cigarettes harmful to the educational progress of the boys indulging as well as injurious to their moral standards. In attempting to stop cigarette smoking at the high school it has been found that the injurious habit is started at the lower schools. Accordingly, the following letter was sent out this week by the secretary of the high school board to the public and separate school boards and to others interested in the matter:

Nov. 11th, 1930  
Dear Sir:—At the monthly meeting of the Timmins High School Board held last week, the question of smoking among the pupils of the High and Technical School came up for discussion. This habit of cigarette smoking has increased to an alarming extent the last few years and apparently has been formed by the students in their earlier days.

I was instructed to bring this to the attention of the Educational Boards and other organizations in the town with the hope that some action might be taken to bring it to the attention of the public.

Your assistance and co-operation will be much appreciated and will be a great help in educating the public to the harm it is doing to the rising generation.

Yours very truly,  
H. C. GARNER,  
Sec.-Treas.

To this it may be added that the trouble goes back farther than the lower schools in some cases. There are cases known where the parents are directly responsible. In one case at least a father told the police that he supplied his youngster with cigarettes, and it was nobody's business, or words, to that effect. He was very soon shown that that was just as much a crime according to law for a father to supply cigarettes to a boy under age as for anyone else. Mostly, of course, it is more so. Any father giving cigarettes to his young boy is liable to prosecution and some of them will be made an example of if the practice is not discontinued. Some parents who are simply careless in the matter are liable to be blamed directly for the smoking habits of minors in their families. As the practice of boys and girls under 16 years smoking is harmful to the health of the children, unfits the youngsters for progress at school, and is a habit not to be encouraged, it is to be hoped that parents will earnestly co-operate with the authorities in curbing this menace in town.

### ROOMS AT CENTRAL SCHOOL MAKE GIFTS TO SHELTER

Last week two rooms of the Central public school made kindly gifts to the children at the Shelter. Room 2, Miss G. D. Everett, teacher, took down cakes, oranges, candies, etc., to the Shelter youngsters. Room 5, Miss Henman, teacher, gave a similar treat to the C.A.S. youngsters. The kindly thoughtful act of the pupils and teachers of both rooms was appreciated by both the youngsters at the Shelter and the officials of the C.A.S.

### HOME NURSING CLASSES STARTING ON MONDAY NEXT

Home nursing classes for ladies, in connection with the St. John Ambulance Brigade, will commence on Monday evening next, Nov. 17th, at 7 p.m., in the Timmins skating rink. These classes should prove of great value, and there should be unusually large attendances. The great benefit of knowing just what to do in case of accident or illness—of being able to carry on until the doctor comes—of being able to know how to co-operate with the doctor when there is illness or accident—of being able to give members of the family the necessary nursing attendance and skill that may mean the difference between an early recovery and a long and painful illness—these are things that should make these nursing classes appeal to all the ladies. The St. John Ambulance Brigade deserves all sorts of commendation for sponsoring these home nursing classes. The classes will certainly prove very valuable to all who accept the opportunity they offer.

accumulated enough capital for a real start on the farm. Some of them have had no previous experience in farming, but they are very receptive to ideas and most of them come from European races that were always essentially agricultural in employment and so the taking up of farm work is after all following along quite natural lines.

Many friends in town and district will regret very much to learn that Mr. J. D. MacLean's father is in the hospital here ill with pneumonia, and all will sincerely wish him an early and complete return to health.

### ARMISTICE DAY OBSERVED AT THE SCHUMACHER SCHOOL

New Central Taxi Service Station an Acquisition to Schumacher. Visitors to and From Schumacher. Other Schumacher News.

Schumacher, November 12th, 1930. Special To The Advance.

Mrs. Roscoe, who motored from Vancouver, B.C., was a visitor at the home of Mrs. P. C. Cameron, First avenue.

Mr. George Henderson, who has been employed at Subbury for some time past, is home.

Mr. S. J. Kitchin was called home last week to Hilldale on account of the sudden illness and death of his mother.

Mr. L. Halperin, of Timmins, is opening a jewelry store here in a few days. It will be a great advantage to the Schumacher people to have a store of such high class and quality.

Miss Gwendoline King, left on November the 1st for Cochrane where she will commence her duties as nurse-in-training at the Lady Minto hospital.

Mrs. Ward and daughter, of Englehart, visited here over the holiday.

Mrs. Jack Scullion and children arrived home on Sunday, after an extended holiday in Scotland.

A cordial invitation is given to the friends of the Rev. J. D. Parks to come to Trinity United Church Sunday, November the 17th. Rev. Mr. Parks will also speak on the Monday.

Born—November the 10th, to Mr. and Mrs. E. Klezer—a daughter. Mother and baby doing well.

Mr. Herman Hall, First avenue, who has been working at the Hayden Mine, is home ill, and his many friends wish him a speedy recovery.

The erection of the new twenty-four hour, Central Taxi Service Station at the corner of First and Birch streets, with its bright lighting, is a decided improvement on the dark corner of the street.

The Boys' Own Club met Friday night in the basement of the school. After target practice, stacks of bread and butter and about a five gallon container of pork and beans quickly disappeared. A search for them proved futile. Ask George Leck or Douglas Sullivan about it.

Kenneth Adamson, who had his knee injured at high school, is able to be out and around again.

If the Schumacher public school is not up to the minute, under the direction of Mr. P. A. Boyce, we would like to know about it. Armistice Day was no exception to the rule. The school was mustered in the halls while a short service was conducted and a short address was delivered by the Rev. Mr. Summerell. One minute of silence was observed, and prayer offered. The singing of "O God, Our Help in Ages Past," and the National Anthem brought the service to a close.

The Ladies Auxiliary are holding a tea and sale of home cooking on Saturday, November the 29th, from three till six. There will also be a sale of the left-over goods from the bazaar.

Don't forget the card party and dance tomorrow night, Friday 14th, by the Schumacher Firemen.

The fine new theatre now being completed on the site of the former New Empire theatre near the station, is expected to open on Wednesday, Nov. 26. It will be one of the most up-to-date theatres in the North Land.

### WINZE AT LAKE SHORE TO BE PUT DOWN 2,800 FEET

A despatch this week from Kirkland Lake says that with the bringing into operation of the new additions to the Lake Shore mill, giving a capacity for treating around 2,000 tons a day, preparations are also being made to extend development work to greater depths. To this end a winze will be sunk from the 2,000 foot level with a depth of 2,800 feet as the immediate objective. A station and underground hoist room are now being cut at the 2,000 foot level in preparation for starting the winze.

No. 3 shaft has been completed to a depth of 2,485 feet. Cross cutting from this shaft at the 2,325 foot level has intersected the main vein, with considerable free gold and characteristic Lake Shore values in the walls of the cross cut. A station has been cut at the 2,450 foot level and lateral work started to get into the main vein at this horizon as well.

October production is reported to have been close to \$800,000 as compared with the usual average of around \$600,000. This is due to the increased tonnage, a large part of the new mill addition going into operation last month.

The new Anglican church at New Liskeard, the church of St. John the Evangelist, was formally dedicated last Wednesday by Rt. Rev. Roxborough Smith, Bishop of Algoma. In the course of his address the Bishop likened those utilitarian souls who affect to believe that it is unnecessary to have beautiful churches to the man who would give his wife a present of a rolling pin on her birthday.

### WEEKLY WHIST DRIVES TO BE HELD BY SONS OF ENGLAND

The Sons of England held a very successful whist drive on Monday of this week, Nov. 10th, in their new lodge rooms, everyone present being very pleased with the evening spent and with the way that the general committee is making arrangements for the greatest possible comfort and enjoyment of those attending the S.O.E. events. The prize winners on Monday evening were:—ladies, first, Mrs. E. Price, score 182; second, Mrs. Wilson, 172; third, Mrs. Brigg, 166; gentlemen, first, S. Whitman, 178; second T. Jones, 173; third, F. Wilkinson, 170.

It is the intention of the Sons of England to hold a whist drive every week through the season.

On Friday, Nov. 21st, there will be an attractive concert held in the S.O.E. hall, including some of the best talent in the town and district. Further particulars of this event will be given in The Advance next week.

### RUMMAGE SALE

IN I.O.O.F. HALL

Saturday, Nov. 15th

Under Auspices of Gold Nugget Rebekah Lodge

### Township of Tisdale

## NOMINATION MEETING

I hereby give notice that The Annual Meeting for the Nomination of Candidates for the offices of Reeve and Councillors for the Township of Tisdale for the year 1931, will be held in the COUNCIL CHAMBERS SOUTH PORCUPINE

Friday, November 21st

Between the Hours of One and Two O'clock in the Afternoon

In the event of a poll being required the following will be the polling places:

- |  |  |
|--|--|
| Polling Sub-Division No. 1—<br>A to H—Public School, South Porcupine | Polling Sub-Division No. 3—<br>A to G—Public School, Schumacher. |
| Polling Sub-Division No. 1—<br>I to N—Public School, South Porcupine | Polling Sub-Division No. 3—<br>H to O—Public School, Schumacher. |
| Polling Sub-Division No. 1—<br>O to Z—Public School, South Porcupine | Polling Sub-Division No. 2—<br>P to Z—Public School, Schumacher. |
| Polling Sub-Division No. 2—<br>A to L—Public School, Dome Mines.     | Polling Sub-Division No. 4—<br>314 Pine Street South             |
| Polling Sub-Division No. 2—<br>M to Z—Public School, Dome Mines.     | Polling Sub-Division No. 5<br>51 Toke Street, Gillies Lake       |

DATED AT SOUTH PORCUPINE THIS 12TH DAY OF NOVEMBER, 1930

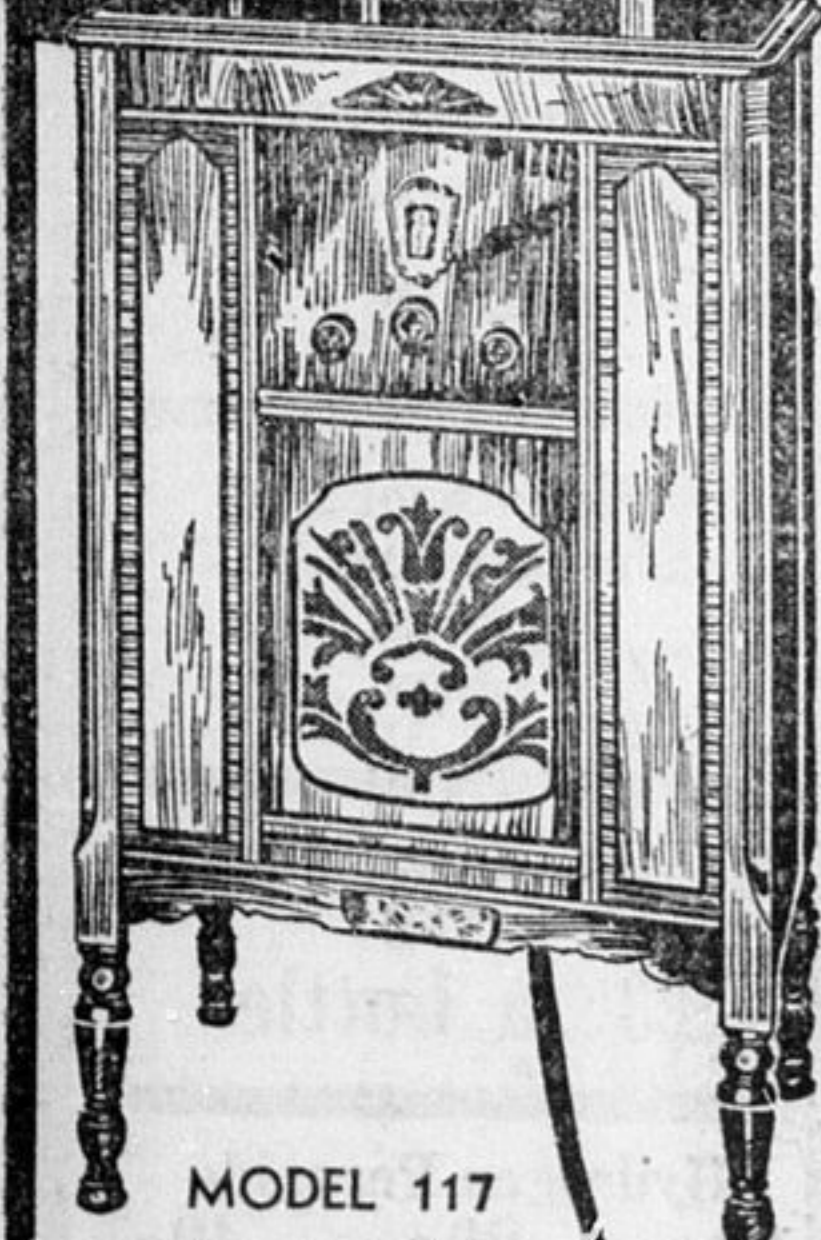

FRANK C. EVANS,  
Clerk of Municipality of the Township of Tisdale

46-47

# WHY MAKE IT TODAY

Come in today for a demonstration of the new All-Feature Radio.

## LYRIC RADIO

MODEL 117

This beautiful de luxe cabinet of Colonial design with hand-some grille.

Price, less tubes \$154

Here is a set that sets the pace for 1930-31—with all the advanced features proved by radio engineers and in cabinets of de luxe quality and artistic design:

Super-Shielded Chassis

7-tube screen grid, marvellous selectivity, perfect reproduction.

Super-Dynamic Speaker

Undiminished Lyric quality of tone.

Lyric Radio Phonograph Combination

Less Tubes \$266

Manufactured by Mohawk Radio Ltd., Toronto

DISTRIBUTED BY DOMINION SUPPLY CO., NORTH BAY, ONT.
