## IN MEMORIAM

**IN MEMORIAM**—In loving memory of Thomas William Laffin, killed by accident at Shiningtree Mine, Nov. 28th, 1929.

This day brings back memories. Of a sad and bitter day That was cast upon our household Just one year ago to-day. We often sit and think of you And talk of how you died. To think you could not say good-bye Before you closed your eyes. Friends may think I have forgotten When at times they see me smile. But they little know the sorrow Which that smile hides all the while. Ever remembered by wife and baby son. -48h

## NOTICE

Notice to Creditors and Others in the Matter of the Estate of Isabella McColeman, late of the Township of Matheson, in the District of Cochrane, Deceased.

Notice is hereby given pursuant to Section 51 of the Trustee Act R.S.O. 1927, Chap. 150 and all amendments thereto, that all Creditors and others having claims or demands against the estate of the said Isabella McColeman, who died on or about the 23rd day of October, A.D. 1930, in the Town of Timmins, Ontario, are required on or before the 11th day of December, A.D. 1930, to send by post prepaid and registered, or deliver to Hattie McColeman, the Administratrix of the estate of the said deceased, who resides at Timmins, Ont., (P.O. Box 95) their Christian names and surnames, addresses and descriptions, the full particulars in writing of their claims, a statement of their accounts and the nature of the security, if any, held by them.

And take notice that after such last-mentioned date, the said Administratrix will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which she shall then have notice, and that the said Administratrix will not be liable for the said assets, or any part thereof, to any person or persons whose claim notice thereof shall not have been received by her at the time of such distribution.

W. J. GRUMMETT,  
Solicitor for the said Administratrix. Dated at Ansonville, Ont., this 11th day of November, A.D. 1930. -47-49

## NOTICE TO CREDITORS

Caldwell, Timmins, Ontario, Solicitor for the Administrator of the Estate of the said deceased within the space of two months from the date hereof, their Christian names and surnames, addresses and descriptions, the full particulars of their claims and the nature of the securities, if any, held by them and in default thereof the Administrator will proceed to administer the said estate having regard only to the claims of which he shall then have had notice. Dated at Timmins, Ontario, this 14th day of November, 1930.

S. A. CALDWELL,  
-47-49. Solicitor for the Administrator.

## TORONTO BROKERS GIVEN LEAVE TO APPEAL CASES

Represented by a large group of barristers making application in a body, all the mining brokers who have appealed their convictions were on Monday of this week given leave to appeal their sentences by Mr. Justice Middleton at Osgoode Hall.

R. H. Greer, K.C., J. R. Cartwright and John Boland, K.C., appeared for Maurice E. Young and William J. Smart, of the Homer L. Gibson Company; J. W. Pickup and H. H. Davis, K.C., appeared for Malcolm J. Stobie and C. J. Furlong, Peter White, K.C., appeared for D. S. Paterson and Major Russell Locke represented Austin Campbell.

Edmund Bayly, K.C., appeared for the Crown. His Lordship pointed out the convictions could not be dealt with properly unless the sentences were also appealed.

It is considered likely that the appeals will be heard as one by the Appellate Court owing to the similarity of charges and sentences.

## COL. L. T. MARTIN REVIEWS PROGRESS OF THE T. & N. O.

Gives Encouraging Reports of Affairs in Interview at Ottawa After the Regular Trip of the Commission Over the Railway.

The following review of affairs in connection with the T. & N. O. Railway and the North Land, as given by Col. L. T. Martin, one of the T. & N. O. Railway commissioners in an interview with The Ottawa Journal at Ottawa this week, will be read with very general interest. In a front-page article The Journal says:—

Following his return from the Fall inspection of the entire Temiskaming and Northern Ontario Railway system along with Chairman George W. Lee and Commissioners Colonel McLaren, Colonel L. T. Martin, D.S.O., of Ottawa, vice-chairman of the Temiskaming and Northern Ontario Railway Commission, brings back an encouraging report.

The T. & N. O. Railway earnings have been sufficiently satisfactory to enable this Commission to forward a cheque for \$850,000 to the Ontario Government, although the railway during the year experienced some exceptionally heavy expenditures in connection with the worst floods in history of that part of the country, which increased the operating expenses greatly.

Colonel Martin states that excellent progress is being made on the extension of the main line to Moose Harbour on James Bay. The end of steel is at Mile 142, north of Cochrane, where the railway line crosses the Moose river. This is the principal centre of activity as at present the east channel of the Moose river is being filled and a steel bridge approximately 1,800 feet long is being erected over the west channel. Eighteen piers are at present under construction to carry the spans, which will be 110 feet in length, and about 50 feet above the water level. The work in connection with the construction of the bridge, along with the grading work on the remaining 42 miles, is providing employment for hundreds of men, who will be kept busy throughout the winter months and before this time next year the steel will be laid to Moose Harbour where the Commission will build the necessary railway terminals. The T. & N. O. will have when the line is completed to James Bay, a total track mileage of 760 miles.

When asked about the erection of the hotel at Moose Harbour about which there have been reports, Colonel Martin said it is certain that the commission would commence the building of an up-to-date hotel at a very early date after the steel reaches the new seaport. He explained that the possibilities for business on the T. & N. O. Railway for next year are hopeful as the production of the mines gives promise of being greater next year. Besides the T. & N. O. will have the traffic benefit of the very large power plant being built at the Abitibi Canyon where at present 1,000 men are being employed and early next year the number of men engaged on this job will be increased to at least 2,000.

Regarding the lignite coal, Colonel Martin stated the Ontario Government Mines Department was continuing research work in connection with the deposits at Blacksmiths Rapids and a new shaft is at present being sunk in a new location, and diamond drilling is being continued. "There is no doubt in my mind," said the Colonel, "that this coal will prove to be of great commercial value and I feel it will only be a matter of a few years before there is an extensive plant erected for the operation of these fields."

"Agricultural development on the extensive areas of fertile land, which is still continuing, has up to date, proven a great asset and in future years will become even more important and there is no doubt that Northern Ontario will fully justify the faith and belief that the commissioners of the Temiskaming and Northern Ontario Railway and the

## THURSDAY Bulletin

Mrs. Mary Copps has accepted the position of Court Reporter for the town of Timmins.

Miss Ina Rein has accepted a position in the office and clerical dept. of Sky's Dollar Store, Timmins.

Both of the above are students from the Timmins Business College—"The Gold Medal School in a Golden Centre."

Employers requiring the services of efficient and competent office employees should get in touch with the Business College. If we have not a graduate on our list, we will gladly assist you in securing one. "We ourselves the better serve by serving others best."

Typewriters can be rented by firms or students through the College rental service.

Monthly theory exams and typing speed tests were held at the College today.

Enrolments may be made now in either the day or night classes for the winter term. Prepare now for the spring and summer positions. We have helped hundreds and we can help you. For full information regarding tuition and subjects taught, call, phone, or write

## VERY SUCCESSFUL WHIST DRIVE ON TUESDAY NIGHT

The Sons of England Juniors had a very successful whist drive Tuesday evening in the Hollinger hall, the only regret being that the hall could not be heated to the comfort of all but the stoker will remedy this. The prize winners were:—ladies, first, Mrs. E. Price; second, Mrs. James; third, Mrs. Jopson, after cutting the cards with two other ladies; gentlemen first, Mr. Fish-er; second, F. Wilkinson; third, C. Williams.

The whist drive to be held on Friday, Nov. 28th, will be in the S.O.E. hall over Woolworth's store.

The prizes are two chickens, two picnic hams and two 24-lb. bags of flour.

## FURTHER \$40,000 ASKED FOR WORK IN THE NORTH

According to despatches from Toronto, application to the Provincial Treasurer for an additional \$40,000 to spend on clearing fire hazards and townships in Northern Ontario, using unemployed labour, has been made by Hon. William Finlayson, who stated on Monday that the appropriation of \$80,000 had already been exhausted.

The additional funds will be used in the Port Arthur district. Approximately 1,450 men are at present engaged in this class of work, exclusive of the men who will be given jobs in the Port Arthur district.

Distribution of the first allocation of \$50,000 was: Hudson Inspectorate, \$15,000; Kenora, \$2,000; Thunder Bay, \$40,000; Oba, \$3,500; Cochrane, \$12,000; Sault Ste. Marie, \$12,000; Sudbury, \$18,500; North Bay, \$5,500; Georgian Bay, \$1,000; Algonquin Park, \$2,500; Trent, \$1,950.

## GOLD MINING INDUSTRY REVIVING ON NOVA SCOTIA

A letter received by The Advance this week from the Dept. of Information of the Province of Nova Scotia gives the information that gold mining has been carried on in a greater or less Scotia during the past few years. It has been carried on in a greater or less extent since the year 1860. Records show that 969,249 ounces of gold have been recovered to date. Production is still limited to a few thousand ounces annually but there is a marked tendency toward the consolidation of areas with a view to more economical and systematic development. The fields occupy about ten thousand square miles. The gold-bearing veins have never been bottomed. Most of the mining done in the early days was carried on by individuals who had not sufficient capital to do more than merely test the surface of the vein. Later operations have shown that many mines that were abandoned in the early days contain much rich ore. Nova Scotia has a right to look forward to a long future in its gold fields.

Ontario Government have always had in that rich and productive part of the province.

There is now a daily mail service between Kirkland Lake and Noranda, this being accomplished by the use of the lock-bag idea.

## LOCALS

Mr. Nick Blahay returned home last night from a business trip to Toronto.

The International Nickel Co. at Sudbury has planned to spend \$100,000 this winter for relief purposes. Road widening and new sewers for Copper Cliff will form the main part of the programme.

It is understood that a good amount of money will be expended in this district this year for settlers' roads. This will be money unusually well expended for the development of this country.

Constable John Pretorias, formerly stationed at Alliston, Ont., and Constable Dave McCullough, formerly of Windsor, are the two new provincial officers now stationed at Cochrane under Sergt. F. Gardner.

A sale of work and home baking is being held this (Thursday) evening at the Salvation Army hall, commencing at 3 p.m., and with afternoon tea served. This evening there will be a concert held at the S.A. hall with a pleasing programme to be presented.

Born—At the Douglas maternity home, South Africa, on Tuesday, Oct. 7th, 1930, to Mr. and Mrs. L. E. Grove, formerly of Timmins—a son. Both mother and babe are reported as well, thanks to the doctor, matron and staff of the hospital.

The Algoma Game, Fish and Forest Association, said to have a membership of 600, has asked that the deer season be extended to the end of the month to help the unemployed by allowing them to secure a venison meat supply.

Mrs. Twaddle, Sr., of Stoney Creek, near Hamilton, Ont., is on a visit to her sons in town. Mrs. Twaddle was for some years a resident of the town and has many friends in Timmins and district who are very pleased to see her again.

Ned Roy, son of Jas. Roy, caretaker at the town hall, was able to leave the hospital this week and is now at home making excellent recovery from the burns received in a small fire that occurred several weeks ago at his home here.

## SOLLOWAY'S HEALTH NOW REPORTED AS BEING BAD

After spending in the cells but one night of his four months' sentence, I. W. C. Solloway, wealthy stock broker recently convicted and fined in Alberta and Ontario, is now a patient in the provincial jail hospital at Lethbridge.

A specialist from the tubercular sanitarium at Keith has examined Solloway and lung trouble is suspected. He is also showing signs of nervous strain, it is reported.

Harvey Mills, former partner of Solloway, serving a month's term, was also in the jail hospital at Lethbridge for a few days, but is now reported working on the prison farm.

## J. L. Clusiau

South Porcupine, Ont. FEED HAY FLOUR. Specialty in Chicken Feed -48-51p tf

Mr. Jas. MacLean, father of J. D. MacLean, is sufficiently recovered from his recent attack of pneumonia to be able to leave the hospital. Mr. MacLean, Sr., who is very close to eighty years of age, is well on the way to recovery and says he is good for another twenty-five years. He credits his recovery from his recent serious illness to the excellent care at the St. Mary's hospital and the efficient medical attention given.

The beautiful summer-like qualities of the weather last week were illustrated in one instance by a sample that was not as desirable as the flowers in bloom, though, perhaps, it was the most striking evidence of the wonderful weather. While pansies and other flowers were in bloom in some of the gardens in town, a dandelion was actually found in flower in Mr. E. Randall's garden on Messines Avenue. To pick a dandelion in bloom on Nov. 20th in the North Land is unusual.

In reporting the boxing bouts at Kirkland Lake last week The Northern News says:—"When Sonny Casey heard the first bell he made a bee line for Mr. Hamilton, Timmins, and for the first time in a Kirkland ring Hamilton really fought. He proved he is just as good a mixer as he is a boxer and met Casey at his own game. The bout was a real good one and all the way through with both boys giving all they had. Hamilton's superiority in boxing gave him the decision."

## OPINIONS OF SETTLERS ON TRANS-CANADA HIGHWAY

The following reference from an interview with Jos. Lacasse, the president of the Northern Ontario Settlers' Association will be of interest at this time, giving as it does the settlers' viewpoint on the Trans-Canada highway. Mr. Lacasse was telling The Northern Tribune, of Kapuskasing, about his work in organizing the N.O.S.A. branches. Then came this incidental reference to the Trans-Canada highway question as viewed from the standpoint of the settlers east and west of Cochrane:—

"The construction of the trans-Canada highway through the clay belt was strongly favoured both east and west of Cochrane, as one most effective means of providing immediate work to large numbers of settlers and at the same time improving the value of their holdings and affording brighter hopes for the future. He thought that when some of the townsfolk of Cochrane saw the matter in a clearer light, especially the importance to Northern agriculture of having the national highway traverse the North direct from Quebec City to Winnipeg without in the least prejudicing the already-built Ferguson highway, they would cease to talk about compromise with the advocates of the Lake Superior route."
