The Canadian Legion in the Porcupine

By the Secretary-Treasurer

This week we had one more application, Comrade Bigney from Camp No. 11, A. Gagne Lumber Co. South Porcupine. Still the applications come from far and near. I also had a letter from our good Comrade A. E. Johnson from the Telluride Mine, Englehart, sending up his subscription for the Legionary and taking advantage of the new system of due collection. Comrade Johnson wishes the branch a merry Christmas and a happy New Year and I might add that we return the compliment. Although 15 miles out in the bush from Englehart Comrade Johnson remembers his duty as a member of the Canadian Legion. "A true Legionnaire."

As this is Christmas week, on behalf of the officers of the branch I wish the comrades a right happy Christmas and of course a prosperous New Year, and hope they will keep up the good Legion spirit that they have shown in the past.

The end of the current quarter is now in sight and I would remind those who owe the current quarter and some the quarter ending Sept. 30th, that I would be pleased to have their cheque for the amounts owing. The more cheques I receive before Dec. 31st the less stamps the Legion will have to buy to mail the statements, which means less work for myself, and of course it's far better to be paid up than to be in "arrears," so between now and the end of the year let's have as many dues as possible, as we cannot carry on without dues.

I mailed a few letters again this week to those who have not paid for the wreaths supplied during the Poppy campaign, stating that we cannot give relief on "air." That means we cannot give out money that we have not collected. I trust this letter will do the trick or our profits in these cases will soon be spent in stamps.

I have this week to acknowledge a donation of \$50.00 towards the Christmas Tree from the Ladies Auxiliary of the Legion—a very timely gift for which we are thankful. Furthermore, I am pleased to say that we never find the Ladies of the Auxiliary lacking when it comes to helping the branch in any shape or form. We wish the member of the Ladies' Auxiliary "the

compliments of the season," and look forward in the New Year for the splendid support they have given us in the past.

Everybody remember Monday, December 29th, at the Oddfellows' hall for the social evening for members of the Legion and their ladies. Show your badge or a receipt from the Timmins branch and that will be all that is required. It should be clearly understood that this social is for members and their lady only (not ladies). The boys of the entertainment committee say that they promise a real good night, and they always live up to what they promise.

Our sick visiting committee inform us that our members in hospital are all progressing as favourably as can be expected, and I'm sure they would be glad of a visit from any comrade during this time of the year.

I might add that all badges have been posted that I have received up to date, so all members who have not received their badge, ask at the post office, as if I have no box number to send the letter to I have to send it general delivery. Any member who has a box number or has changed his box number or has taken a new box lately, kindly let me have that number, as I don't want letters to lie in the post office and get them back "not called for," after 15 days.

The officers of the branch are going to double their efforts in the coming year to get members. We ask the help of all our comrades to get out for new members. Application forms can be had from the president Comrade A. Neame, or myself. Get into line; get a form; get your man; get his \$2.00, and get the form in at once and we will soon have every ex-soldier in the Porcupine a member of the Legion. This is the president's motto; it always has been mine; let it be yours:

- (18) Proportional representation.
- (19) Transferable vote.
- (20) Equalization of taxation to relieve agriculture.
- (21) The removal of interference of the department of education from the locally controlled public schools.
- (22) Equalization of power rates.
- (23) Extension of the Hydro-Electric into all parts of the province and the development of all electric power to be under the Hydro-Electric.
- (24) Farm loans on good security at reasonable rates of interest.
- (25) Assistance in collective buying and marketing.
- (26) Fostering of co-operative effort.
- (27) Assistance given the farmer by aiding the reduction of the spread between his finished product and the prices paid by the consumer.
- (28) Supplying by the government of pure bred stock of all kinds.
- (29) More governmental assistance in building and maintaining local roads in counties.
- (30) Undertaking the St. Lawrence waterways development.
- (31) Urge the federal government to conclude a treaty with the United States in connection with the waterways.
- (32) Opposition to the importation of power into Ontario from privately-owned companies.
- (33) Opposition to the exportation of Canadian power to foreign countries.
- (34) Condemnation of the Conservative government for violating its pre-election pledges given in 1923 to reduce expenditures.
- (35) Condemnation of the government for increasing the tax burden on the farmer.
- (36) Condemnation of the government for shifting to the municipalities of a large part of the cost of old age pensions and mothers' allowances.
- (37) Condemnation of the government for using social legislation for political purposes.
- (38) Condemnation of the government for withdrawing earnings from the T. and N. O. Railway.
- (39) Condemnation of the government for failing to present estimates of northern development expenditures.
- (40) Condemnation of the government for representing that adequate provision has been made for the retirement of public debt by the debt retirement scheme.
- (41) Favouring the provincial government assuming the entire cost of King's highways.
- (42) Endorses a re-adjustment of county road taxation.
- (43) That a minister of lands and forests should be from Northern Ontario.
- (44) Substantial appropriations should be made each year to Northern Ontario.
- (45) All moneys used for Northern Ontario under the Northern Ontario Development Act should be approved by the legislature in its estimates.
- (46) An audit of expenditures in Northern Ontario development expenditures for the past ten years should be given the people.
- (47) More generous aid for settlers and agriculture in Northern Ontario.
- (48) A system of annual bousing of settlers should be introduced.
- (49) That a survey of the forest wealth of the north should be made.
- (50) That a market for a settlers' pulpwood should be assured.
- (51) That there should be no further timber concessions to private concerns until the business of the country demands an increased production of newsprint and timber.
- (52) That the mining act should be amended to stimulate prospecting.
- (53) That the government should
