

MANY APPLICATIONS FOR MOTOR CLUB MEMBERSHIP

W. H. Wilson, secretary of the Porcupine Motor Club recently formed here, reports a large number of applications for membership in the new club. Some of these applications are from new members and others are from those who were members of the Ontario Motor League in previous years but affiliated with the Iroquois Falls branch or some other branch, there being no motor league branch in the Porcupine. With the Porcupine Motor Club now going ahead by leaps and bounds, motorists in Timmins and district have the opportunity to secure all the benefits of the membership in the Ontario Motor League with the added feature that the Porcupine Motor League will be of decided advantage to the town and district. The Iroquois Falls Motor Club in recent years has shown what the local club may accomplish for its immediate district and this example should be an inspiration to the Porcupine Motor Club in working for this area. What the Porcupine Motor Club needs at the present time is a big line-up of interested members and in this time the motorists here can supply the want. Application forms and any other information desired may be secured from W. H. Wilson, secretary of the Porcupine Motor Club. In case anyone does not know W. H. Wilson it may be said that he is the same "Scotty" Wilson, and his post office address is Timmins, Ont.

Ugliness Over Loss of Case Cost \$43.25

Man Spit in Lad's Face and it Proved Costly. Many Cases at Police Court Here This Week.

There was quite an array of cases at police court this week, most of them being town cases, with a couple of charges preferred by Provincial Constable Hartlieb and some others by Game Warden R. Edleston. One of the most interesting cases was that of the assault charge against Tony Ostovitch. Last week Ostovitch was ordered by the court to pay wages due John Sekulie. This apparently made Ostovitch very angry and going out of the court he spit in the lad's face. This week he was in court for this offence. He admitted doing the dirty trick because he had lost the case. It cost him \$20.00 and costs or a total of \$43.25. It would have been cheaper for him to have thrown a nice clean snowball.

Another case that created considerable interest was the charge of prostitution against a young woman giving the name of Miss Proulx. The court, which was crowded to the doors, was cleared for this case, much to the disappointment of many who expected some questionable evidence. One character in town gave evidence to support the charge but the woman denied the story in all particulars. The case was dismissed but the woman was advised not to stay in town for the next week.

The case against Mrs. M. Fisher on the charge of supplying liquor to a minor was dismissed, but the magistrate took occasion to warn all that anyone convicted of giving liquor to young boys and girls would be severely dealt with.

A non-support case that has been before the court for several weeks was dismissed.

One plain and one fancy drunk each paid the regular tariff of \$10.00 and costs. The fancy drunk was a woman who made considerable disturbance on the street and still more after being placed in a cell.

A charge of illegal possession of liquor was remanded for a week.

Matti Haapala on a charge of having liquor in other than his private dwelling was fined \$100.00 and costs, in his absence, and a warrant was issued for his arrest, as he had not obeyed the summons to appear. Arvo Kortti, of the same address, Fourth avenue, paid \$100.00 ad costs for having liquor not on his permit.

On a charge of having a still Vincenzo Guolla, Cedar street, south, was fined \$200.00 and costs, one month, or six months. He paid the fine and will serve the month. Dan Hara, who is far from being the Irishman his name might suggest, was charged by Provincial Constable Hartlieb with cruelty to animals. He was in charge of some dogs owned by John Jones in Deloro, and it was claimed that the dogs were not properly fed and cared for. The gentleman with the Irish name claimed that he had tried to look after the dogs but that he might not just know how to feed them. The case was dismissed, the benefit of the doubt being given the accused in the matter.

R. Edleston, game warden, had a couple of men before the court for breach of the game laws. For trapping fur without a license one man was fined \$25.00 and costs, while another was fined \$50.00 and costs for killing a female moose.

Mrs. Lloyd Brewer was a visitor to Ansonville last week.

All-Canada Symphony Hour, Sunday, March 1st

"Whoever tells a lie is not clean-hearted, and such a person cannot cook a clean meal!"

So exclaimed the great Beethoven when he discharged his housekeeper for telling an untruth. The mixing of morals with cookery came about as a result of the musician's unswerving honesty.

His love of truth and freedom is not better illustrated than by the story which is told about his Third Symphony which is widely known under the title "Eroica." He originally dedicated it to Napoleon, but when Napoleon made himself emperor, Beethoven indignantly changed the dedication to the words: "To celebrate the memory of a great man."

The finale from the magnificent "Eroica" will be heard by the far-spread audience tuning in on the Canadian National Railways' All-Canadian Symphony Hour on Sunday, March 1, when it is played by the Toronto Symphony Orchestra. Weber's overture "Euryanthe," and "The Story of the Kalandar Prince" from Rimsky-Korsakov's "Scheherazade" will also be on the programme.

Timmins in the Lead for Kenning Cup

In Senior N. O. H. A. Mines Hockey Timmins Makes Nice Win to Start. Fans Delighted With Team. Second Game at South End To-Night

Monday evening of this week the opening game in the N.O.H.A. Mines League hockey series for the A. F. Kenning cup was played at the Timmins rink and the Timmins team after one of the best games of hockey seen in the North this season won with the score of 4 to 3. The second game in the series will be played at South Porcupine this (Thursday) evening, and should draw a big house from all over the district.

The win on Monday night was a merited one and it delighted the fans to see Timmins shake off the jinx that has shadowed them all season despite the effort and good hockey put up.

The teams lined up as follows for Monday's game:—

Timmins—Hodnett, goal; Kruppka and Hackett, defence; McKinnon, centre; Auger and Arundel, wings; Rice, Richer, Boyd and Boissonault, spares.

South Porcupine—Chevrier, goal; McLean and Stewart, defence; Cattarello, centre; Doran and Machaelson, wings; Parr, Cook, Hudson, Gagnon and Ostrosky, spares.

Referee—E. Jamieson, South Porcupine.

The game was featured by good combination play by both teams and by the capable work of each defence, and the stellar performance of the two goalies both of whom had ample work.

The first period was a lively one, with both teams showing skill in attack and defence. The play went from end to end. Both goalies made some splendid saves, while the work of the defence in each case was excellent. The period ended without a score.

The second period was even better than the first, with fast play. It looked as if this period might also be scoreless, but a fine rush by Richer that was without a resulting score because of the cleverness of Chevrier was followed by an effective response by the South End team and in a mix-up in front of the Timmins goal Michaelson got one in past the watchful Hodnett.

If the first two periods were good the third was better. It was ding-dong all the time and both Hodnett and Chevrier showed how good they really are. Doran scored for South Porcupine, and inside of a minute Kruppka and McKinnon in brilliant combination went down and McKinnon scored on a neat pass. Then Gagnon after clever work by the visitors made it three for South End. In less than another minute Kruppka and McKinnon again did their nifty work, Kruppka scoring this time on the pass from McKinnon. Arundel's work at this stage of the game was worthy of special mention, the visitors making repeated hot attacks. Kruppka on a daring solo effort tied the score. Then the teams were at it for dear life and the fans had the treat of the season. On defence Hackett and Kruppka did fine work. Arundel and Auger, Rice, Richer and Boyd all played their parts well. The South Porcupine team showed speed and skill but were outclassed. Stewart and McLean gave great defence, while that justly noted forward line of the visitors gave their best. Auger and Arundel were the two scoring the winning goal, Auger getting the rubber past Chevrier on a nice goal on a pass from Arundel. The South End lads attacked with five men to even the score, but their best work was fruitless and the game ended 4 to 3 in favour of Timmins.

Alarm Proves Groundless in Kamiskotia Explosion

(Continued from Page One) Over the seventeen or eighteen miles between Timmins and Kamiskotia and found on arrival that everything was all right, no one had been hurt, and no damage done by the explosion. They also found the reason for the non-return of the airship to Timmins. The airship, which was piloted by Ed. Ahr, and was the one owned by the Algoma Air Transport Company that has been at Timmins for some time, returned to Timmins on Sunday morning, and, of course, after the return of the airship any anxiety felt for the men in the Kamiskotia district was at once allayed as the facts could be known.

There were a number of linemen at work dismantling the power line to Kamiskotia, and some of the reports connected them with injuries from the explosion. It turned out that they had been notified of the work of the burning of the powder and were also able to safeguard themselves from danger of any explosion that might occur.

Some of the Toronto newspapers made sensational stories about the supposed terrible explosion and the alleged probable loss of life. It was an odd coincidence that the only recent loss of life from an explosion was that of a visitor to Toronto who was killed as a result of a sewer-gas explosion that occurred just as he walked across a man-hole near the union station.

After word of the explosion had reached here several reported having felt a tremor of the earth and a shaking of buildings in town at the time the explosion occurred. Most people in town, however, did not notice anything of this sort.

When the airship passengers reached the camp at Kamiskotia the men there were surprised to see them and had no idea as to what had caused the hurried trip by air. The daily papers made much of this feature of the case when giving the revised story that no damage had been done and no lives lost in the explosion and no one even shocked by it. One despatch in a daily in this regard says:—

"Explosion? Oh, yeah, we did shoot some old powder a while ago." That was the comment of Charles Cummings, foreman of a gang of workmen who were cleaning up the Hollinger Mine's prospect at Kamiskotia, 17 miles from here, when an airplane carrying Dr. H. H. Moore and W. H. Pritchard, master mechanic of the Hollinger, landed on a small lake near the prospect to investigate the "terrible explosion" which occurred yesterday, and which, for a time, was the source of some remarkable rumours.

"What's wrong?" he wanted to know. "That's what we want to know," was the reply. "Anyone hurt in the explosion?" "Explosion?" the foreman ejaculated. "Oh, yeah, we did shoot some old powder a while ago. Is that what you came for?" He, with the rest of the gang, expressed great surprise at all "the fuss" about a little dynamite blast.

Man Struck by Train at Fielding Tuesday Night

A man named Alex Rehu was struck by Train No. 53 on Tuesday evening shortly after seven on the Porcupine branch of the T. & N. O. at Fielding, some five miles west of Porcupine Junction. The train brought the injured man to Timmins where he was placed in the St. Mary's hospital. Apparently he escaped serious injury, but was badly shaken up and sustained some bruises and abrasions on the head. He is making good recovery at the hospital and will escape without any serious consequences from the accident. Apparently he was walking the track and did not notice the approach of the train.
