Rev. J. C. Cochrane at South Porcupine

Superintendent of Missions for Northern Ontario at South End Church. Another Tie for Kenning Cup. Other News Items from South Porcupine Correspondent.

South Porcupine, March 25th, 1931. Special to The Advance.

The choir of the United Church of South Porcupine are putting on a musical service in the church on the evening of Good Friday.

On Sunday evening a well-filled church greeted Rev. J. C. Cochrane, superintendent of Missions for Northern Ontario, who preached in the United Church here. Those who remembered Rev. Cochrane during his ministry of 1914-1915 in Schumacher and Porcupine were especially pleased to hear him again. During the service Mrs. Carson, of Timmins, pleased everyone with her sympathetic rendition of the solo, "In the Garden."

Mr. James Warren, of the Dome, is on a business trip to Toronto.

There will only be skating at the arena on Tuesdays, Fridays and Saturdays during the remainder of the season. Wednesday evenings will be reserved for hockey games, etc., such as have been put on recently by the various Dome and town teams. The different members of the rink committee are taking turns at managing the rink on these various evenings and the services of the regular manager being dispensed with. On Friday, April 10th, the committee are putting on a big eucure bridge and dance at the High School hall in an effort to pay the balance owing on the combination radiola which has been a source of so much pleasure to skaters this year.

Mrs. Walter Milligan, of North Bay, is the guest of her sister, Mrs. W. Gagnon.

The Timmins and South Porcupine teams are still dead-locked in their attempts to land the Kenning Cup, the game here last Wednesday going 2-1 to Timmins and in Timmins going 3-2 to South Porcupine in spite of overtime. It is hoped that some decision will be reached this Tuesday night as the ice may not last for many more play-offs.

In the game here on Wednesday last there were no score in the first period though Timmins had the best of the play. In the second period Auger on a pass from Arundel scored a very clean-cut goal. Play livened up and Cook, McCaffrey and Michaelson went up and stayed right on Hednett's door-step till Michaelson got the rubber past him. In the third period Laflamme took a pass from Krupka just at the blue line and made no mistake in slamming it past Chevrier. Charlie Roach, of Timmins, refereed the game and penalties were handed out freely. The line-up was as follows:—Timmins—goal, Hednett; defence, Krupka and Boyd; centre, McKinnon; wings, Auger and Arundel; subs., Laflamme, Richer and Spence. South Porcupine—goal, Chevrier; defence, McLean and Stewart; centre, Cattarello; wings, Doran and Michaelson; subs., Cook, McCaffrey and Gagnon. Shot on—Chevrier, 41; on Hednett, 39.

In the police court last Thursday there were only three cases, one being that of having firearms in his possession and not being a British subject, fined; another was fine for drinking in a public place, and the third was the usual drunk who paid the usual fine of \$10 and costs or \$22.50 in all.

Born—On Thursday, March 19th, to Mr. and Mrs. J. McQuarrie, (nee Eileen Hansen) South Porcupine,—a son.

Mr. John Costain's rink won the C. V. Gallagher cup in the recent play-offs for finals at the curling rink. It consists of J. Costain, skip, W. D. Pearce, J. Alexander and A. Forster.

SEES A BRIGHT FUTURE FOR COMMERCIAL FORESTRY

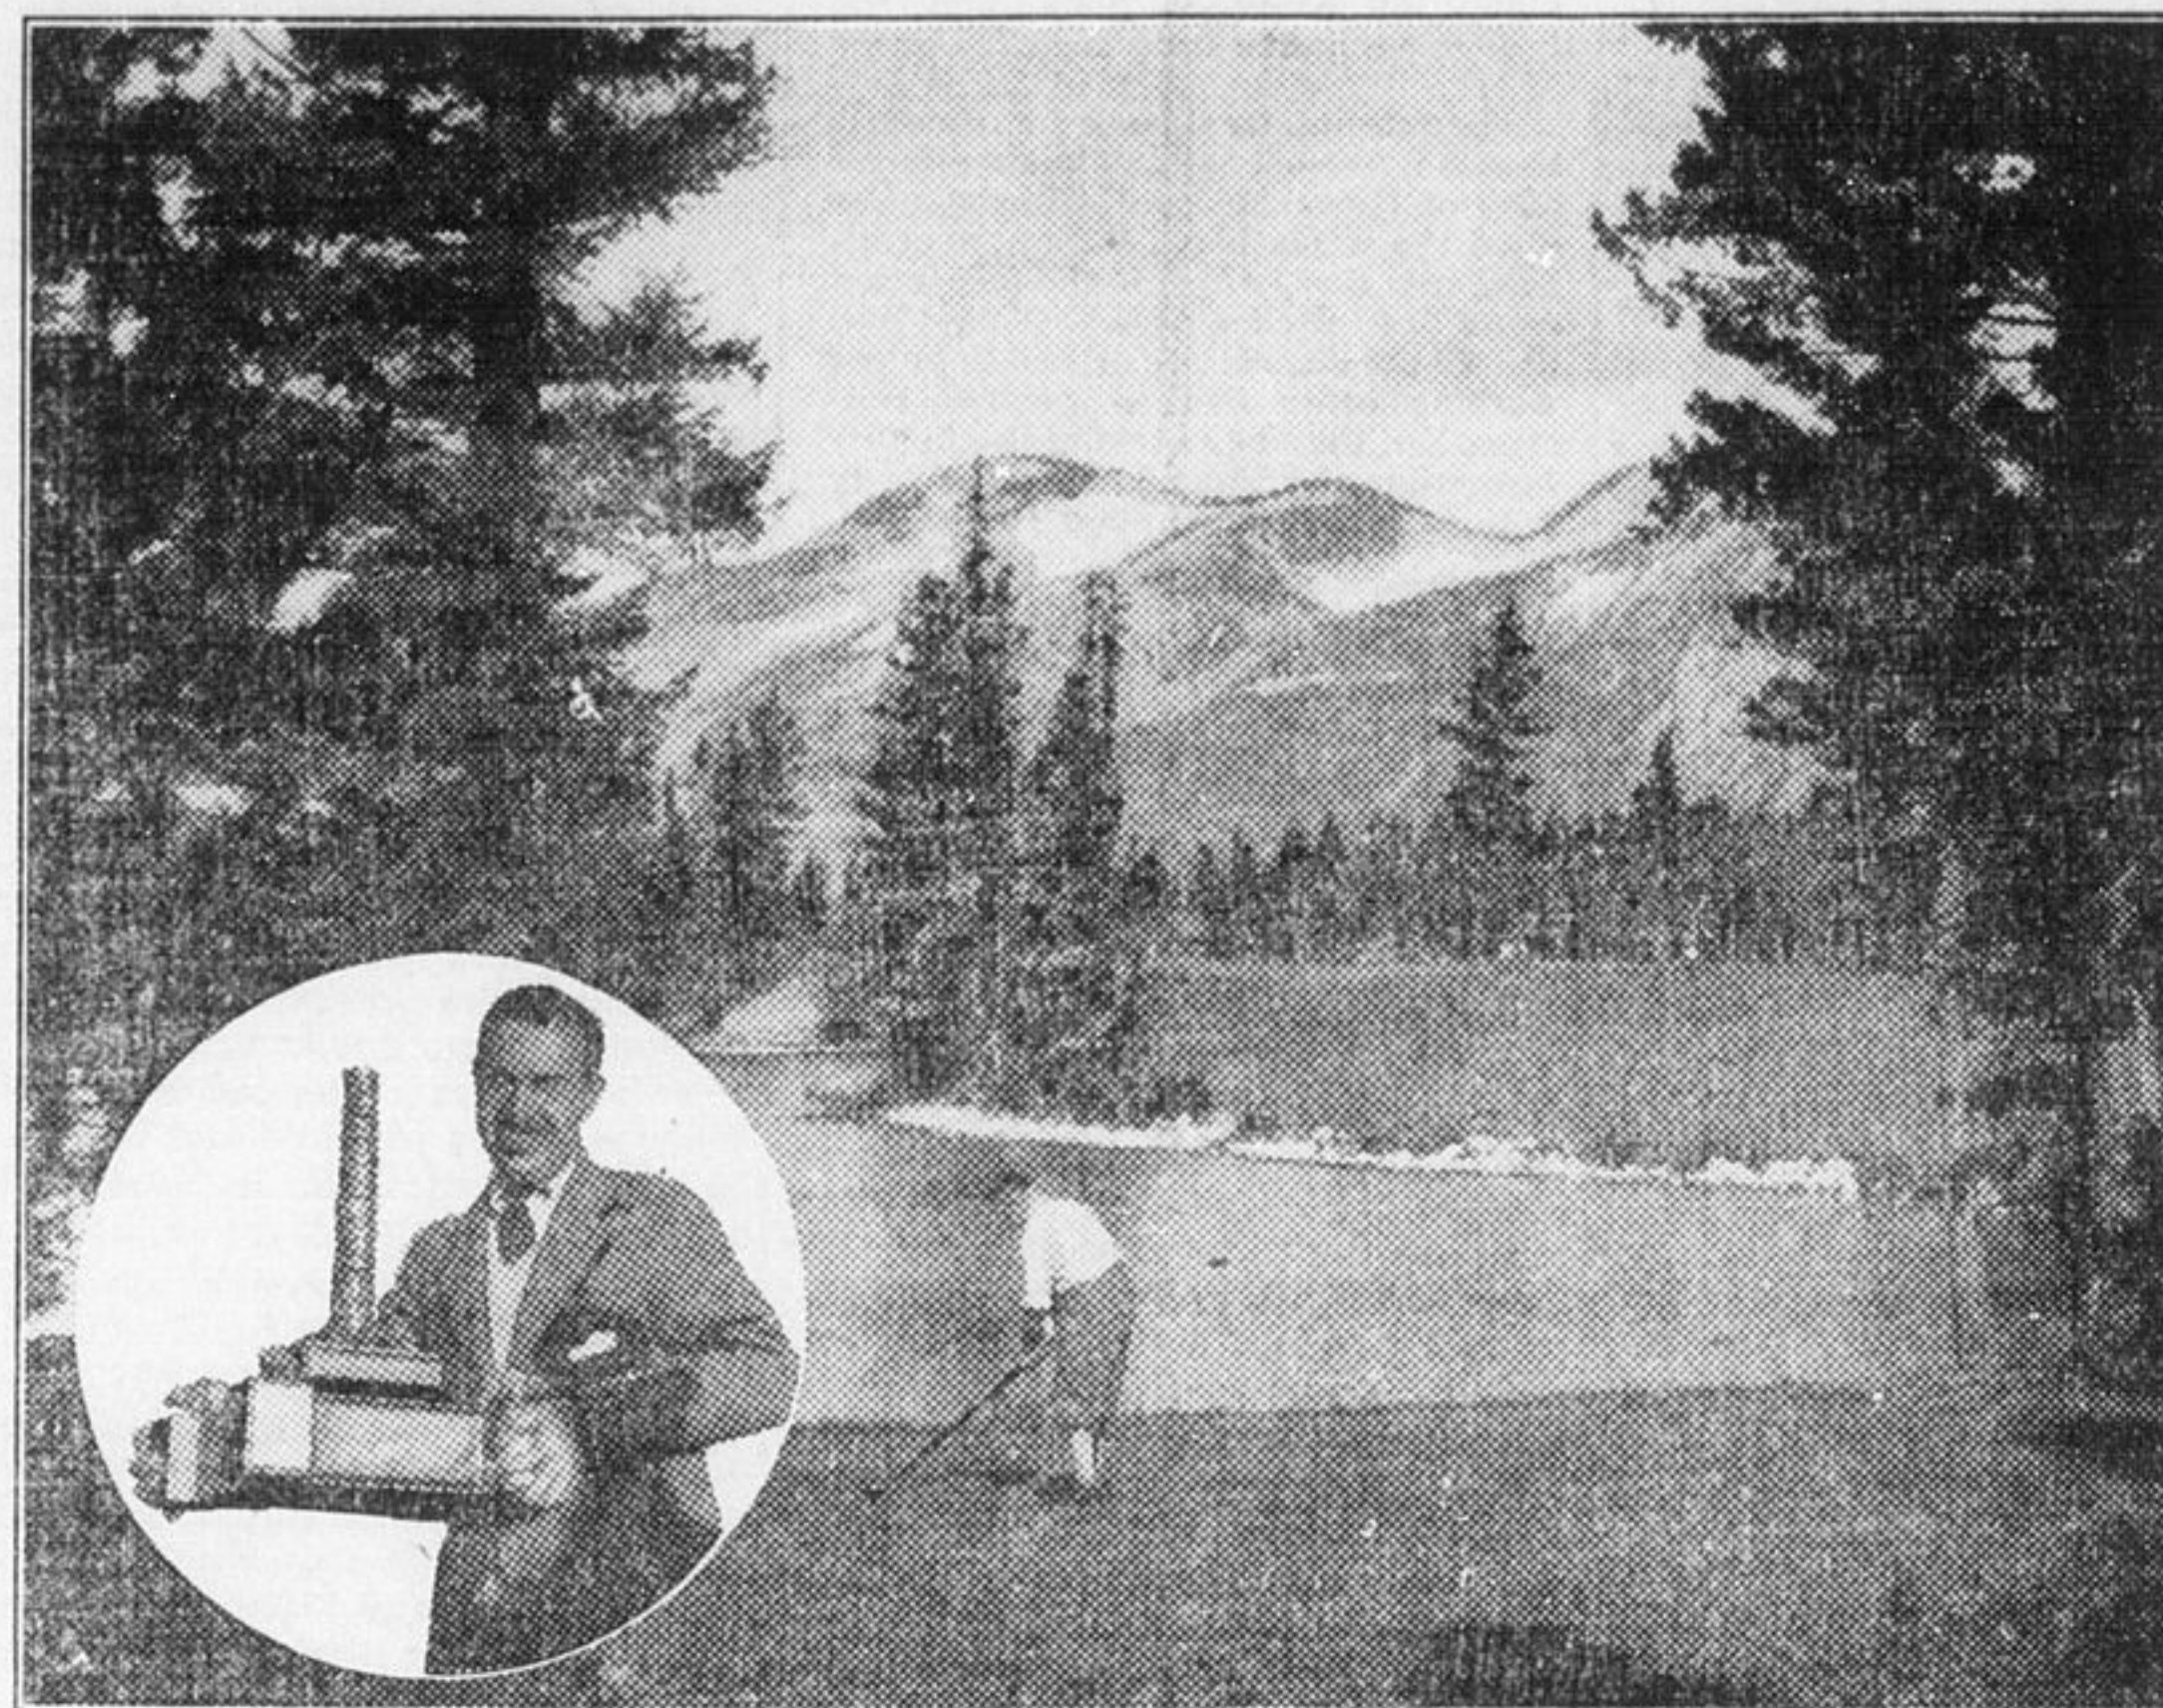

George Banzhaf, of Milwaukee, is interested in building up a new industry—commercial forestry. His preliminary field work during the past five years indicates that a very satisfactory return can be made on invested capital in this field.

"Investigations as to future market trends of forest products have led to the conclusion, that wood, as a raw material, has a splendid future," said Banzhaf. "The market for many well-established forms of forest products, such as pulpwood, railroad ties, telephone poles and select sawlogs is gratifyingly steady, and indications are that in general it will continue to remain so."

"A factor that is particularly encouraging is the increasing tendency toward the consumption of wood for the manufacture of a growing list of products through mechanical or chemical conversion. For example, paper articles of all kinds, surgical absorbents, rayon, wall boards, insulating materials, pressed fibre products."

Farmer's Advocate:—The farm boys and girls who are taking special agricultural courses this winter will find ample scope on the home farm to try out their recently acquired knowledge. The problems were never bigger and the need for accurate information was never greater than now.

Mashies in the Mighty Mountains

It is the unusual that thrills in the Rockies. For instance, who would expect a championship golf course, rated as one of the world's finest, planted like an emerald in the rough bosom of the Rockies? Jasper Park Lodge links show new aspects of the mountains at every hole. Wild life in this sanctuary is unafraid and like as not a family of bears will amble across the fairway as the golfer tees up. Inset in this scene, which shows a water hazard, is Gardner White, Nassau, New York, holder of the Totem Pole trophy which is emblematic of the Lodge course championship. C.N.R. Photo.

Worker at Canyon Caught in Concrete

Polish Worker Meets Death in Construction Work at Abitibi Canyon Last Week. Caught by Flow of Concrete.

Word from Abitibi Canyon last week told of the death of S. Stankiewicz, a Polish workman, who was killed instantly when he was caught in a flow of concrete at the construction work in progress. Details of the accident are not available but from the despatches sent to the Canadian Press from Cochrane, it would appear that Stankiewicz was accidentally caught by a flow of concrete that was being poured through a chute from the construction bridge that spans the river. He was working on the lower receiving hopper through which the concrete for the lining of the water tunnel passes. Stankiewicz was a native of Poland, but had been in this country for some years. He was 47 years of age. It is not known whether he has any relatives in this country or not. He was looked upon as a good worker and careful in his work. An inquest will be held into the death and at this inquest no doubt fuller details will be presented as to the accident. From the despatches it would appear that Stankiewicz was so badly crushed in the accident that death was likely instantaneous.

Toronto Mail and Empire:—Various races are contributing representatives to Canada's national Winter sport, for we observe among the hockey players who were active in Toronto on Saturday such names as Kalbfleisch, Kaminsky, Lauzon, Maki, Roque, Schwab and Litzen.

BEAN SUPPER AND SALE OF HOME COOKING, APRIL 4

A bean supper and sale of home cooking will be held on Saturday, April 4th, from 5 p.m. on, in the Homer L. Gibson block, Timmins. The event is under the auspices of the I.O.D.E. and the ladies of this organization have a well-merited reputation for putting on the very best and most successful events, so the bean supper and sale of home cooking is sure to be an enjoyable one. In the line of home cooking there will be the best available, while the supper will be sure to please all.

Powassan News:—Wilber Glenn Voliva, head of the Zion religious sect, having returned from a trip around the world, is convinced more than ever that the world is flat. Sure, everything looks flat now, including our pocketbook. As they said when asked "How's business?" "Looking up." "How's that?" "Well, it's flat on its back, ain't it?"

Dies From Injuries Received at Canyon

Man Hit by Sliding Rock at Abitibi Canyon Dies After Three Months in Hospital at Cochrane.

Matti Uvaranmaa, known in this country as Matti Lake, died in the Lady Minto hospital at Cochrane on March 14th, just three months after the accident which resulted in his injuries. He was hurt at Abitibi Canyon on Dec. 14th, when he was hit by some sliding rock in the construction work there. As soon as it was possible to get the injured man to Cochrane he was taken to the hospital there and everything possible was done for him, but despite the best of care and attention his injuries were so serious that his recovery was impossible. It was just three months from the time of the accident to the time of the injured man's death. Uvaranmaa was a native of Finland, where his wife still resides. He was 55 years of age at the time of his death. He has a son residing at Copper Cliff, near Sudbury. The funeral took place at Cochrane, interment being made in the Protestant cemetery there. In the accident at Abitibi Canyon Uvaranmaa was badly crushed by the fall of rock in the accident. It was not expected that he could live for more than a few hours, but he survived for so long that there was a slight hope that his remarkable constitution might give him a long chance of recovery, and no effort or expense was spared in this endeavor.

Toronto Mail and Empire:—This nationalization movement is going beyond all bounds. In Russia they are said to be nationalizing the women, and now in Canada it is proposed that the police should be nationalized.

ADVANTAGES OF BEING A MEMBER OF MOTOR CLUB

W. H. Wilson, secretary of the Porcupine Motor Club, which is affiliated with the Ontario Motor League, points out that car owners are missing a good bet if they do not join the local motor league. Many have already done so, but there are many who have deferred the matter. As the secretary points out now is the time to join the club and secure the advantages of the organization. Some local drivers are having difficulties with the law already and this might be avoided if they had the benefit of membership in the Porcupine Motor Club and the Ontario Motor League. Application forms for membership and all particulars of the advantages of membership may be secured from the secretary.
