

KISSED HIS HAND, INSTEAD OF THE BIBLE, AT COBALT

A Buderick was charged recently before Magistrate Atkinson at Cobalt with obstructing the police in their duties. The police said that when they had attempted to get into a house owned by M. S. Buderick, repeated calls had failed to induce the occupants to open up. When the police eventually forced the verandah door the accused was said to have threatened to shoot them unless they got off the verandah. The police persisted and the door was finally opened. They did not find any gun or ammunition nor the liquor that they sought. In giving his decision, finding the accused guilty and fining him \$100 and costs or three months, the magistrate said that the police had watched the house from time to time and in his opinion there was obstruction under the meaning of the act. The magistrate noted that Buderick kissed the back of his hand instead of the bible when taking the oath.

Winchester Press:—There is no need to put on spectacles to discover our own faults. Mind your own business and you won't find so many people doing it for you. There are a lot of people who want to make trouble who can't do anything else. If some people used their heads as actively as they use their tongues, they would soon master self-discipline, and not trouble themselves about others.

Upper school: June 15, 1.30 to 4.00 p.m., English composition; June 16, 9.00 to 11.30 a.m., algebra; June 17, 9.00 to 1.30 a.m., English literature; 1.30 to 4.00 p.m., problems; June 18, 9.00 to 11.30 a.m., geometry; 1.30 to 4.00 p.m., chemistry; June 19, 9.00 to 11.30 a.m., Latin authors; 1.30 to 4.00 p.m., Latin composition; June 22, 9.00 to 11.30 a.m., French authors and French literature; 1.30 to 4.00 p.m., French composition; June 23, 9.00 to 11.30 a.m., Greek authors; 1.30 to 4.00 p.m., Greek composition; June 24, 9.00 to 11.30 a.m., German authors; 1.30 to 4.00 p.m., German composition; June 25, 9.00 to 11.30 a.m., trigonometry; 1.30 to 4.00 p.m., history; June 26, 9.00 to 11.30 a.m., botany; 1.30 to 4.00 p.m., zoology; June 29, 9.00 to 11.30 a.m., physics; June 30, 9.00 to 11.30 a.m., Spanish authors; 1.30 to 4.00 p.m., Spanish composition.

High school entrance: June 22, 1.30 to 4.00 p.m., French literature; June 23, 9.00 a.m. to 12.00 p.m., French grammar and French spelling; 1.30 to 3.00 p.m., French composition; June 24, 9.00 a.m. to 12.00 p.m., English composition and writing; 1.30 to 3.30 p.m., history; June 25, 9.00 to 11.30 a.m., English literature; 1.30 to 4.30 p.m., English grammar and spelling; June 26, 9.00 to 11.30 a.m., arithmetic; 1.30 to 3.30 p.m., geography.

Another Big Whist Drive by St. John Ambulance

Announcement is made by the St. John Ambulance Brigade, Timmins Division, of another huge whist drive to be held in the Hollinger Recreation hall on Monday, April 20th, commencing at 8 p.m. prompt.

Tickets for this event may be secured at any time now from any member of the Timmins St. John Ambulance Brigade. "We need your help to-day; to-morrow you may need ours," is the catchline on the cards announcing the big whist drive. This suggestion might be made much stronger, for as a matter of fact for some years past the Ambulance Brigade has been giving its help to the public of Timmins and asking very little in return. Of course, it is necessary to have funds to carry on the work of the Ambulance Brigade, and this money is raised by the occasional dance or whist drive, or other similar plan. In this connection it should be said that these events are all worth more than the admission fee for their own sakes, so in these cases the public is getting double value—having a first-class good time at the event, and at the same time helping the St. John Ambulance Brigade.

TORONTO BOARD OF TRADE TO VISIT MOOSE FACTORY

According to an item in The North Bay Nugget, the Northern Ontario committee of the Toronto Board of Trade will travel over the T. & N. O. extension to James Bay to the present terminus at Moose River during the last week of May as the guests of George W. Lee, chairman of the T. & N. O. Commission. They will also visit the other developments now in progress in that region, including the huge power development plant at Abitibi Canyon. The Toronto party will consist of S. B. Gundy, C. L. Burton, Frank Robb, J. J. Gibbons, R. A. Stappels, H. C. Boulier, Horace Grouit, J. H. Black, George Mathews, W. H. Alderson and F. D. Tolchard. Either or both Hon. William Finlayson, Minister of Lands and Forests, and Hon. Charles McCrea, Minister of Mines, will accompany the party.

Detroit Free Press:—The medical health officer says it is important to guard the mouth. Some people have to be slapped before they realize this.

Proposes Form of State Lottery as Necessary

The Irish Sweepstakes recently created so much discussion of the lottery idea that attention has been drawn more than usual to the popularity of the game of chance. In this country there is a regular procession of tickets for draws, legal and not so legal. It is argued that there would not be anybody up in this country unless they were willing to "take a chance," and that all business and even life itself in this land is so based on chance and trusting to fortune that practically everybody has a large proportion of the idea of trusting to luck or taking a chance in their system. Recently several here have suggested that in view of the general desire to "take a chance" in the line of raffles, wheels, etc., and the further fact that most of these plans as conducted are illegal, according to the law as it stands, that the Governments make provision for state draws similar to those conducted with huge profits in other countries. The North Toronto Herald puts the case for this idea in the following paragraph:—"The interest excited all over the world by the recent drawing in the Irish Hospitals Sweep on the Grand National Steeplechase at Aintree, run off on Saturday, must have convinced even the most violent moralist of the futility of trying to stop gambling in some shape or form. Nearly four millions of tickets were sold all over the civilized world and as twenty-five per cent. of the receipts go to the support of the Irish hospitals they will surely net a neat sum. While few will have sympathy with the carrying on of the round of small lotteries, handled by individuals, which have sprung up all over in recent years, yet we believe few sane people would object to an institution carried on as is the Irish Sweep in which everyone who buys a ticket is guaranteed a fair square chance of winning. This country is today honeycombed with gambling devices in active operation. From the mutual machine at the Woodbine to the game of fan-tan in the back room of a Chinese laundry may be a far cry, but throughout it all human nature is the same. An enormous percentage of our people gamble in some form or other and the time is not far distant when some government-controlled system of taking a chance will be devised to replace the bootleggers of the gambling world who have it all their own way today. For instance if a properly organized publicly controlled system of periodical drawings would not only ensure the people who play a fair deal but would also provide enough money to pay the Old Age Pensions of Canada why not cast cant and hypocrisy aside and go to it."

There were reports current a week or two ago that Jim Davis, formerly of Timmins, but now of Kirkland Lake, had won \$5,000.00 in the Irish Sweepstakes, and that one of the T. & N. O. trainmen had had similar good luck. Then comes the story from Sudbury that Reino Jackalla, of Copper Cliff, had been the winner of \$25,000.00 in one of the features of the sweepstakes referred to. A despatch last week from Sudbury in referring to the matter says:—"The Pot of Gold at the End of the Rainbow," perhaps \$25,000 cold cash may be a surety for Reino Jackalla, of Copper Cliff, who was advised on Thursday that he held a ticket on "Sawgold" a horse in the Provincial Assistance Sweepstakes, incorporated with the National, which was run on March 27. The catch is that Jackalla cannot find his ticket which he carefully put away in a book two weeks ago. Jackalla was advised that he would have to produce his ticket, but it is considered likely that his own written statement and those of two witnesses who saw him buy the ticket may be considered sufficient evidence to allow him to cash in on his good fortune. At any rate, Jackalla is optimistic about it and has already made arrangements for the purchase of a car. Jackalla is 24 years old, married and was born and educated in Copper Cliff. He resides with his parents in Copper Cliff. Until a few months ago he was employed at the International Nickel Company smelter, where he received 55 cents an hour. He paid \$1 for the lucky ticket which he purchased in Karl Lehtour's store from E. W. Winerstrom, clerk in the King Edward hotel. Lorne Bucknan, a clerk at Lehtour's store, also bought a ticket at the same time. He and Verner Prishamen, who was also present, have signed statements to the effect that Jackalla was the purchaser of the ticket. Definite information as to if and when Jackalla will receive the money, are unobtainable but it is stated that the amount is \$25,000.

SAID TO HAVE WON \$25,000 IN NATIONAL SWEEPSTAKES

Toronto Mail and Empire:—Canada is to have the privilege for five months this year of entertaining 12 headmistresses of English and Scottish schools. Their aim in coming here is to acquire a personal knowledge of Canadian universities and to investigate the possibilities of girls finishing their education in this country after a secondary course at home. Thus, another Empire link will likely be forged.

St. Mary's Journal-Argus:—Captain Robert Dollar, the millionaire shipping magnate who started his career as a barefoot boy in the Muskoka lumber camps has just signalled his 87th birthday by advising youths to work hard, save money, avoid liquor and tobacco, marry young and then try to get along with the chosen wife.

Barrie Examiner:—A San Francisco man has married three grass widows. He's probably a vegetarian.

Veteran's Come Back

JEAN BOROTRA  
Veteran member of the French Davis Cup tennis team, who staged a remarkable come-back in the United States to win the Singles indoor title, help Bousset to capture the Doubles championship, and later dominated the series between France and the United States. Borotra was considered finished with first-class tennis after last season.

Easter Monday Dance Very Pleasing Success

Ushering in the post-lenten season, the Easter Monday dance held by the Stroller's Club drew a record attendance and proved an extra enjoyable event. The large dancing floor of the McIntyre Recreation hall at Schumacher was crowded with dancers and one and all voted the event an extra special success. Tommy Stephens' 7-piece orchestra provided the best of good music for the dancing, the insistent demands for encores showing the appreciation of the gathering.

Refreshments were supplied by the Ladies' Auxiliary of the Canadian Legion and were a contributing part of an enjoyable evening's programme.

DIVIDEND NUMBER 213 Hollinger Consolidated Gold Mines, Limited

A dividend of 1% on the outstanding Capital Stock of the Company has been declared payable on the 22nd day of April, 1931, on which date cheques will be mailed to shareholders of record at the close of business on the 8th day of April, 1931.

Dated the 1st day of April, 1931. I. McIVOR, Assistant-Treasurer.

CONIAURUM HAS NEW ORE AT SEVEN HUNDRED LEVEL

(From The Sudbury Star)  
New ore developments of a decidedly favourable character have been reported recently from the Coniaurum Mine, located east of and adjoining the McIntyre Porcupine Mines, Limited, property, shares in which reached a new high level of \$28.40 each in the early part of this week.

According to reliable reports the new Coniaurum find is at the 700-foot level, where a drift on No. 2 vein has broken into rich ore at a considerable distance east of the main workings. Milling at the rate of about 300 tons daily bullion production from the Coniaurum averages around \$60,000 per month.

Apart from the Coniaurum Mines, Limited, itself, the two companies most interested in development of the property are Ventures, Limited, and Goldale Mines, Limited. The former controls the Coniaurum operations by virtue of the purchase and option of the majority of stock, while the latter is the holder of 116,484 shares of Coniaurum Mines, Limited, in addition to holdings of Hollinger and Teck Hughes. Coniaurum Mines, Limited, has an authorized capital of 6,000,000 shares of no par value, of which 2,512,447 shares are outstanding.

ALL WISHING TO BUY BOOZE SHOULD USE OWN PERMITS

(From The North Bay Nugget)  
There have been several cases in North Bay police court of late of individuals who secured liquor illegally. In some cases that meant that they purchased it from bootleggers, but in other instances it meant that someone with a permit had bought it for them. In many places, and sometimes here, that has meant the obliging person who got the liquor has been fined, and his permit cancelled. In others by the leniency of the authorities the cases has not been pushed. The point is that it is an offense against the Liquor Control Act of Ontario to buy liquor on your permit for another person, even though that person may be quite legally qualified to have liquor if properly secured. Fines up to \$200 have, and are being, imposed for this offense, and many permits have been cancelled. It is a most unfair practice, and no one should put a friend under an obligation of this kind. It is just the same in the eyes of the law as asking him to commit fraud or some other serious offense. Anyone who wants liquor should get the legal permit to buy it, and not sponge on their friend's easy-going disposition.

Sudbury Star:—The thief who is responsible for a score of thefts from Hamilton dental offices is evidently a specialist in extraction.

QUEBEC WILL HAVE NOTABLE DISPLAY AT GRAIN EXHIBIT

When the World's Grain Exhibition and Conference opens at Regina, July 25 to August 6, 1932, one of the most attractive displays in the educational section will be that from the Province of Quebec.

The government of that province has decided to take a space of 200 ft. frontage in the World's Grain Exhibition building in order to give the thousands of visitors who will attend the 1932 international Grain Exhibition an idea of the agricultural activities of Quebec. The centre feature of the exhibit will be a Quebec farm complete with buildings, livestock, fields, sugar bushes, etc., flanked on either side with exhibits of natural resources of the Province including mineral, lumber, power development, handicraft and manufactured products.
