Meeting of Settlers Was Disappointing

Attendance Small and Only One Special Speaker Present. Word from Kapuskasing in Regard to the Gathering.

As will be noted by the reference elsewhere in this issue the meeting of settlers of North Cochrane called for Kapuskasing last week was a very decided disappointment in most ways. Word received by The Advance made this plain, while despatches in outside papers were inclined to be blunt in saying that the meeting was away below expectations. The Advance publishes one despatch elsewhere in this issue to show this. Probably the reference in The Kapuskasing Northern Tribune last week is even more illuminating in regard to the meeting. The Northern Tribune has always taken a very keen and enthusiastic interest in the Northern Ontario Settlers' Association, and has consistently upheld the settlers and the present of the association. Mr. Lacasse, so it may be taken for granted that The Northern Tribune is not actuated by wrong motives in writing as it does. The Northern Tribune says:—

"The confident anticipation of President Lacasse of the Northern Ontario Settlers' Association that a number of cabinet ministers, M.P.'s and M.L.A.'s would attend the conference which he called for today at Kapuskasing met with disappointment. Of all the number invited, only Mr. A. V. Waters of Cochrane was able to attend. He addressed the gathering briefly at the morning session, having to return to his home because of his wife's illness.

"The conference was a marked disappointment in more ways than one. The secretary was absent from town, and his records were not available. No financial statement of the association's affairs was presented, though a document would disclose some interesting features. No agenda of business had been prepared, and throughout the sessions discussion rambled more or less aimlessly over ground which had been covered at previous gatherings of the N.O.S.A., with no new material brought out. No fresh intimation was given of government policy in relation to settlers' affairs, though "progress" was claimed in some respects.

"Eleven settler delegates presented railway certificates from outside points; but a much larger number had neglected to purchase these to entitle them to reduced return fare. They came in good faith expecting to hear important pronouncements from governmental sources. One of them informed The Northern Tribune he had been told there would be a party of twenty-two from Toronto alone, and others confessed their anticipations had been unduly raised.

"The Northern Tribune could only be regretted briefly today at the sessions. A summary of Mr. Waters' sympathetic address will appear in our next issue, and some further comment on the conference is apparently required. We will ask President Lacasse to kindly furnish us with an interim statement of the N.O.S.A. finances for the information of members whose only contact with headquarters is through press reports."

THREE-ACT PLAY TO BE GIVEN THIS THURSDAY AND FRIDAY

This evening and to-morrow evening, Thursday and Friday of this week, are the dates on which the Y.P.S. of the United Church will present J. Hartley Manners' three-act play, "The House Next Door," in the basement of the church. This play is a very attractive one and the members of the cast present it with special effectiveness. A special note should be made of the event and the dates.

Annual Ball of the Fire Department on May 22nd

For fourteen years past the Timmins Fire Department's annual ball has been one of the big events of the season, and it is confidently expected to make the fifteenth annual dance as big a success as many of its fourteen predecessors. The annual ball of the fire brigade this year is announced to be held in the Masonic hall on Friday evening of next week, May 22nd. Tickets are now being sold for the occasion by Capt. Manson Smith and other members of brigade. The fire department boys feel that they are much handicapped this year by the fact that Chief Borland is laid up with an injured arm. The chief has always been the moving spirit in assuring the great success of the annual ball, and the boys miss him very much at present. However, they feel they simply have to redouble their own efforts and look to the public for special co-operation and support on this occasion. They are working specially hard to make the annual ball a big success and to this end hope to have the same assistance and friendship that has always been given the fire department here in every way. Dancing on May 22nd will be from 9.30. Refreshments will be served during the evening. Again, it may be noted that tickets may be secured from Capt. Manson Smith or from any member of the brigade.

Trans-Canada Car on Way Through North

E. Wharton Shaw and Party Travelled This Week to Cochrane and There on to Hearst. Make Good Time.

The Advance has made several references to the Trans-Canada trip by motor car now under way by E. Wharton Shaw and party. Mr. Shaw, who visited the North last summer and autumn, and made many friends here, recently traveled to Halifax and started from there by motor car to make a trip to the Pacific coast by motor car. He backed his car at Halifax into the Atlantic ocean for a start and then commenced on his long journey, which he intends to call finished only when he is able to run the front of the car into the Pacific ocean in British Columbia. Although the other motor car that started to cross Canada last fall by an all-Canadian route has not yet been able to complete the trip, there is much interest in the new Trans-Canada motoring party. The first party, under the direction of Gus McManus has the worst of the journey done, but still has to be reported as safely crossing the stretch of country in this North Land where a trail has to be made. This stretch of country has no roads at present for the east and west trip. Gus McManus, however, has been able to negotiate the greater part of the onerous duty. Soon Gus McManus will be through the strip lacking roads and the rest of the way will present no difficulty, there being pretty good roads all the way.

While the Gus McManus party has the most difficult part of the Trans-Canada trip duly negotiated, the party led by E. Wharton Shaw has only covered the first part of the easiest section of the journey. However, it must be expected that he selected a much better time of the year to start the trip than did the Needham party for whom Mr. McManus is carrying on. Even at that, however, Mr. Shaw will have more or less difficulty getting along. He can report progress, though. Here is one despatch telling of some progress made. The despatch is dated from North Bay, May 11th, and reads as follows:—

"Delayed by rain and soft roads between Pembroke and North Bay, E. Wharton Shaw and the members of his Trans-Canada expedition arrived here this afternoon. After paying his respects to Mayor Rowe and J. H. McDonald, of the Board of Trade, Mr. Shaw headed north early this evening. He hopes to reach Cochrane late tomorrow. Mr. Shaw expected to reach Hearst, the real jump off point of the expedition Wednesday at the latest. The long grind will begin, due to the early break-up in Northern Ontario about two weeks ahead of schedule. The expedition will follow as much as possible the C.N.R. right-of-way."

OFFICIAL VISIT HERE OF K. OF C. REPRESENTATIVE

W. A. Wells, representative of the Supreme Council of the Knights of Columbus, will pay a visit to the Timmins Council of the Order on Friday of this week, May 15th. Mr. Wells will report on the activities of the Supreme Council and will also make suggestions relative to the business administration of the local council, touching in his review on the boy work programme of the K. of C.

Benefit Dance, May 25th by the Ladies' Auxiliary

The dance advertised in this issue of The Advance by the Ladies' Auxiliary of the Canadian Legion, is one that all should make an effort to attend. Those who remember past dances by the Ladies' Auxiliary will be pleased to know that once again they are having one of their usual pleasant events. Those who have attended Legion dances especially appreciated the splendid line of refreshments the Auxiliary have provided, and the amount of time and energy given to ensure the public being well served. The time has now come when the ladies ask the public to help them along, and in this respect they have made plans for a benefit dance, in the McIntyre hall on Monday, May 25th. There are a few cases of distress among the members of the Auxiliary and the ladies will divide all profits among these members. No monies will be placed into the funds of the Auxiliary. Tommy Stephens' orchestra has been engaged at a nominal charge and will furnish all latest dance music. The event will be a straight dance, no novelties, no door prize, the committee desiring to keep expenses as low as possible, but sparing no amount of energy to make the event an enjoyable one from all standpoints. The ladies promise one thing, and that is a special line of refreshments, and when the Auxiliary members promise that enough is said. The dance will commence at 9.30 p.m. and all who have appreciated the work of the Ladies' Auxiliary of the Canadian Legion at past events in the McIntyre hall are kindly invited to be present on Monday, May 25th.
