# Busy Council Meet at South Porcupine

Protection for Public in Taxis Suggested to Council. Council Asked to Recommend New Bus Line to Dome. Other Business at Tisdale Council.

South Porcupine, June, 9th, 1931 Special to The Advance. Tisdale township council met in their chambers on Monday evoning for their first regular meeting of June. The reeve and all the councillors were pres-

sident. Mr. Carson the superintendent, on the following Monday. was also present and spoke to the counbeen necessary to ask Tisdale for a the 11th day of June, 1931 grant but help was needed this year and Mr. Macdonald suggested that if they wished to double their usual grant in place of giving one last year it would be acceptable. However, Tisdale's pocket-book is not bulging this year no matter how generous the hearts of the council may be. All decided it was a worthy cause and the grant which had been given on former occasions was granted. The two petitioners thanked

the council in an appreciative manner. Mr. Dwyer, of Schumacher, was present to ask the council if something ould not be done to make all taxirivers carry liability insurance that would protect the public travelling with them. He carries such himself, so also does Merino Peccin, of South Porcupine, but there are some taxi-drivers who do not got to this expense. The council agreed that it was the right thing to do but wanted to wait until another meeting to look up just what was their authority in the matter. Buses must file their insurance papers with their petition for their licenses but this so far has not been the case for taxis. Those who have insured for the safeguarding of the public have done it of

their own free will. A citizen came to the council with the information that a man near him was operating a blind pig and wanted to know why he couldn't be stopped. He was told to lay his information before Chief McInnis. The chief went to his office with the man and the charge was laid. According to rumour when, inside of an hour, the police made an investigation enough of John Barleycorn's refreshments were found in which several pigs could be drowned, blind or otherwise.

of departments were present from the the Provincial Government but a recommend was wanted from the council, several hundreds of people will come Councillor Kerr felt that the encourag- North. ing of another bus line would take Councillors Laforest, Kerr and Hawkins June 23rd.

passed for payment.

Mrs. J. Small and son, of Timmins, were recent visitors to Kirkland Lake.
