Sault Trying to Put Over Another Game

This Time It's a "General Council for the North" That is Planned to Work the Plans of the Sault.

The Advance has received a letter and other propaganda from Sault Ste. Marie urging the establishment of a "General Council" or "unofficial legislature" for the whole North. Such a proposal coming from the Sault should be viewed with suspicion. The recent conference at North Bay captured by force of arms as it were is a good sample of the way the Sault will use any "general council for the whole North" to work the special purposes of the Sault. The Advance would advise this part of the North to be more than careful of any scheme such as that suggested by the Sault. This part of the North has its Associated Board. Other sections of the country have bodies and these, of course, might work together on occasion, but any organization such as that now urged by the Sault would be practically sure to develop into a special agency for the benefit of the Sault. There have been enough recent instances to press this lesson surely. Beware this scheme! Beware the smooth talk of co-operation, working together for the North, and so on. All it means is just talk to becloud the real issue—the fact that the Sault wants something and expects the North to bring pressure to bear to get the something. It is only a few months ago that there was a bitter attack on the T. & N. O. because this part of the North was not doing as the Sault wanted. Similar intimidation would be the usual thing if there were a "General Council of the North," with the Sault in charge.

However, here is the invitation sent out by the "General Council of New Ontario (in process of formation)" in regard to the proposed meeting to discuss the matter:—

Sault Ste. Marie, July 6, 1931.
Dear Sir:—I have been requested by the cities of Port Arthur, Fort William and Sault Ste. Marie, to write to all municipal councils in New Ontario, boards of trade, chambers of commerce and other bodies receiving this circular to extend to you an invitation to attend a meeting at Sault Ste. Marie, on August 24, to discuss the advisability of forming a general council for the whole of New Ontario, and your council or board is therefore respectfully requested to send one or more delegates. The three cities sponsoring the convention feel that the time has come for the people of New Ontario to get together to discuss their problems and opportunities in a broad way, free of all sectionalism, and to attempt to define policies which express the views of the whole North. It is felt that such problems as the newsprint situation, the building of through highways, the establishing of iron mining, the development of tourist traffic and many other subjects, are too big for single communities or even district organizations.

I would be glad to receive from you not later than August 1, an acceptance of this invitation, together with the number and names of your delegates if possible, and also any resolutions you would like to submit to the meeting, or topics you would like discussed. Please read enclosed article from the Soo Daily Star. You may depend on a hearty welcome at the Soo, and a wide-open discussion. Kindly acknowledge receipt of this invitation. Yours very truly, J. W. CURRAN, Sault Ste. Marie, Ontario, Convenor of Convention. The article referred to from The Sault Star is as follows:— "Under the leadership of the Soo, Port Arthur and Fort William, a convention of all sections of New Ontario will be held at the Soo on Aug. 24, to discuss the advisability of a body representative of the whole North. Invitations to all municipalities north of the French River, to send delegates from their councils, boards of trade, chambers of commerce, and other bodies will go out this week. Thus for the first time an effort will be made to determine the wishes of a territory 900 miles wide, or five-sixths of the Province of Ontario. The three largest cities in the North have undertaken the project in the utmost good will to all sections of the North, and wish a wide-open and untrammeled discussion of subjects, which all bodies are asked to suggest. J. W. Curran, of the Soo, has been asked by the three cities to act as convenor, to issue the invitations on their behalf and to look after the advance details. He will be glad to be advised by August 1 if possible of the names of delegates, and the resolutions proposed to be offered so that arrangements may be made for the accommodation of the delegates, and a programme drawn up. All this information will be sent in advance to all the newspapers in New Ontario as well as to councils and other bodies. The co-operation of all New Ontario editors and their attendance at the convention is particularly desired. "The desirability of having a general council representing all sections of the North has long been recognized. Such bodies as the Algoma Advisory Union,

Special Services

MRS. MUNDY, S.A. Staff-Captain Mundy and Mrs. Mundy will conduct special services at the Salvation Army Timmins, on Friday, Saturday and Sunday, July 17th, 18th and 19th.

T. B. A. A. Separate and Public Schools League

The following are the results of the T.B.A.A. public and separate schools league for the week ending July 11th:— 10-Year Division—Central 10, St. Charles 8; Holy Family 10, Moneta 8; St. Anthony's and Mattagami, no game. 11-Year Division—Central 9, St. Charles 0; Holy Family 9, Moneta 7; St. Anthony's 9, Mattagami 0. 12-Year Division—Mattagami and Central, no game; Holy Family 9, St. Anthony's 0. 13-Year Division—No games. 14-Year Division—Mattagami and Central, no game; St. Anthony's 8, Holy Family 2. Important—Teams are not showing up for games as they should.

Standing of T. B. A. A. Schools League to Date

Table showing standings for 10-Year, 11-Year, 12-Year, 13-Year, and 14-Year divisions across various schools like Central, Holy Family, Moneta, St. Charles, St. Anthony's, and Mattagami.

GEO. E. COLE PROMOTED TO BE LIEUTENANT-COLONEL

The following announcement was officially made this week in regard to Major Geo. E. Cole, now Lieutenant-Colonel Geo. E. Cole. Mr. Cole was for several years greatly interested in the Algonquin Rifles in the Porcupine camp and since his removal from here he has kept up his active connection with the regiment. He was for some years mining inspector at Timmins for the Ontario Department of Mines, resigning that post a couple of years or so ago to go to Winnipeg to become chief inspector for the Manitoba Department of Mines. The official item regarding his promotion reads as follows:— "Major G. E. Cole has been promoted to the rank of Lieutenant-Colonel and to command The Algonquin Regiment, with regimental headquarters at Halleybury, Ont., vice Lieutenant-Colonel M. Lang, who has been transferred to command the 2nd (Reserve) Battalion, replacing Lieutenant-Colonel D. M. Brodie, who has been transferred to the Reserve of Officers. Lieutenant-Colonel Cole proceeded to England with the 159th Battalion, C.E.F., in October, 1916. He served in France and Belgium from December, 1917, to March, 1919."

Special Services

STAFF-CAPTAIN MUNDY Who, with Mrs. Mundy, will conduct special services at the Salvation Army Timmins, July 17th, 18th and 19th.

HAMMELL HAS RETURNED TO HOWEY DIRECTORATE

There will be general interest in the announcement some days ago from Toronto to the effect that J. E. Hammell, former president of the Howey Gold Mines, has returned to the board of directors of Howey from which he resigned a year ago. Mr. Hammell replaces Andre Dorfman of the Huronian Mining and Finance Company.

At the time he left the board a year ago, Mr. Hammell was said to have resigned in order to give a free hand to the W. S. Cherry interests of New York to whom the company was considerably in debt.

Officials stated last week they were confident that a plan has been drawn up whereby the debt can be liquidated. Mr. Hammell was therefore invited to rejoin the board, according to the official statement.

FORMER MINE PRESIDENT FACES SEVERAL CHARGES

William Frederick Bennett, 47, former president of the Bennett-Pacaud Mines, Limited, was arrested in Toronto on Wednesday, on two charges of theft and three of fraud, involving \$72,212 which he is alleged to have secured from shareholders of the company.

The warrants for his arrest were sworn out by Robert S. Hart, present president of the company. One charge alleges Bennett took \$66,519 in money, the property of Bennett-Pacaud Mines, Limited, from certain persons subscribing their stock in the firm, during the years 1927-31. The second theft charge alleges the accused stole \$5,700 from Hart in the past three years.

Bennett sold stock which he claimed was his own personal property to certain shareholders, police say. He is said to have supplied company or treasury stock to the purchasers.

Bennett-Pacaud Mines is an outgrowth of the Bennett Mining Company, which, police say, the accused organized four years ago. The company has an authorized capital of \$5,000,000 made up of 5,000,000 shares of the par value of one dollar a share.

Decrease of Deer Blamed on Wolves

Jack Miner, Noted Nature Lover, Shows How Increase of Wolves Has Meant a Deplorable Decrease in Number of Deer.

In an interview this week with a New York newspaper, Jack Miner, the well-known sports and nature lover, made the direct claim that wolves are responsible for the decrease of deer in Ontario, and not the hunters as some suggest. Manley F. Miner, son of the naturalist, has been good enough to furnish The Advance with a copy of the interview which is given as follows:—

"Take Parry Sound and French River territory where the deer have been the thickest, this territory is partly settled more thickly by far than north of Sudbury on C.P.R. More hunters by far in this territory than any other place in Ontario, yet no one started to notice a big decrease in deer until wolves started to come in in great numbers, which was between five and ten years ago.

"Then north of Sudbury on C.P.R. between Sudbury and Chapleau where twenty years ago deer were plentiful but today in comparison they are very scarce. Had it been the hunters who had reduced them they would have reduced the moose to some extent, when fact of matter is moose are fairly plentiful.

"Then again, take Algonquin Park where there never has been any shooting of deer. There are no more deer since wolves came in than elsewhere, except around the settlers' and fire-rangers' homes where the wolves don't venture.

"Take Northern Michigan which is all settled as thickly and more so than Parry Sound, where there are practically no timber wolves—no dogs allowed and only bucks allowed killed. In spite of 75,000 licensed deer hunters in such a small territory, in comparison to Ontario, deer are increasing to such an extent in a few years it will be a problem to control the herd, and they have no cover for winter protection like Ontario affords our deer. They only have burnt over sand hills and brush.

"Take Pennsylvania thirty-five years ago, they had no deer and wealthy men imported them there and liberated them in their wilds where there were no timber wolves. Twenty-four years ago they started having an open season on bucks only, and no dogs allowed, the result is, even with Pennsylvania having as many people as we have in whole of Canada, the deer have become a problem and they have got to open a season on does to decrease their flock to control the huge herd.

"Little Nova Scotia where no wolves exist, and is thickly populated, and first deer were liberated in March, 1896, and open season declared in 1916, deer have increased to same extent as in Pennsylvania. But there were no wolves, no dogs allowed to run them and only bucks allowed killed.

"The Ontario Government has raised the wolf bounty from \$15.00 to \$25.00, which in these days of depression should be a great inducement to the trappers and other men to concentrate on reducing the number of wolves in our province."

MANY PROMINENT MEN AT FUNERAL OF J. L. AGNEW

Leading representatives of the financial and industrial world, together with friends and business associates, were assembled at Copper Cliff Saturday to pay their last tribute to the memory of John L. Agnew, deceased vice-president of the International Nickel Company, who died from heart failure early Thursday morning.

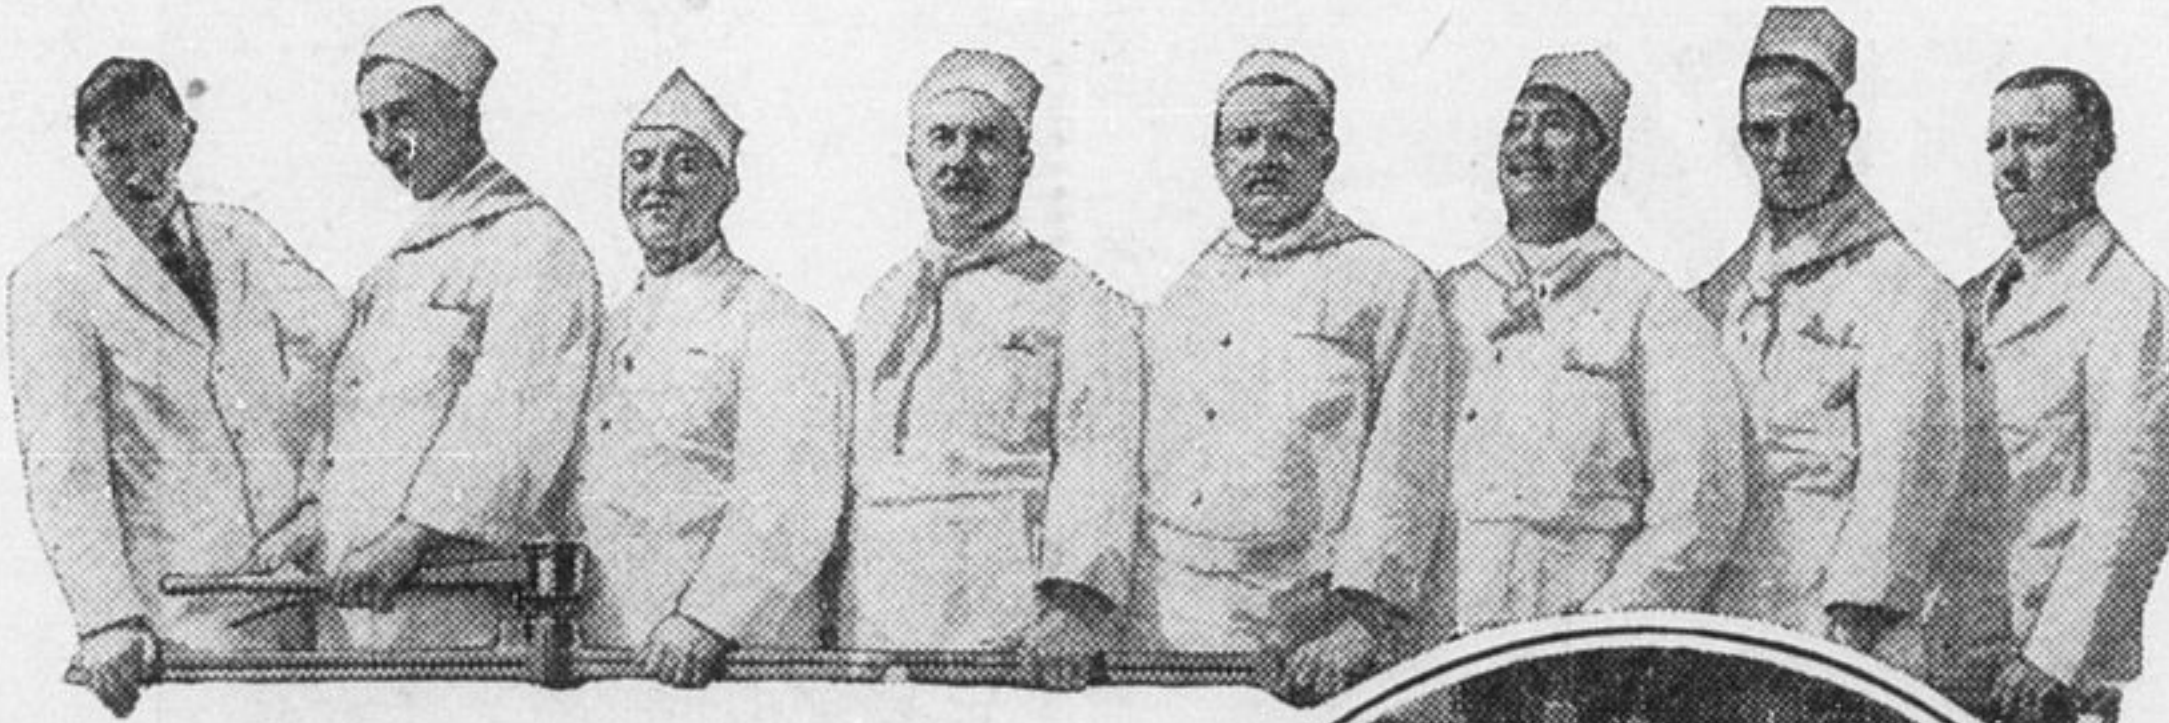

Among those present for the funeral were Britton Osler, K.C., and J. P. Bickell, Toronto, James L. Ashley, of New York, and James Richardson, of Winnipeg, members of the board of directors of the International Nickel Company; Hon. Chas. McCrea, Minister of Mines of the Province of Ontario, and T. F. Sutherland, Acting Deputy Minister of Mines, Toronto; Dr. J. F. Thompson, and F. P. Bernhard, representing the New York office of the International Nickel Company; H. W. Walter, James Rawlins and George Craig, of Port Colborne; C. E. MacDonald and R. L. Peek, representing the Toronto office of the International Nickel Company; J. B. McCarthy and F. M. Connell, Toronto; A. F. Brigham, Timmins; J. G. Dickenson, Cobalt; John E. Hammell, Toronto; T. Langdon, president of the Coldwater Stove Co.; W. Bralnard, vice-president of Canadian Industries Limited, Montreal; C. E. Band, president Maple Leaf Milling Company, Toronto.

Thousands of telegrams, cables and personal messages of sympathy poured in on the sorrowing family and local officials of the company. Floral tributes from personal and business associates and organizations with which he was connected in America and overseas are banked in magnificent profusion in the conservatory of the Agnew home at Copper Cliff.

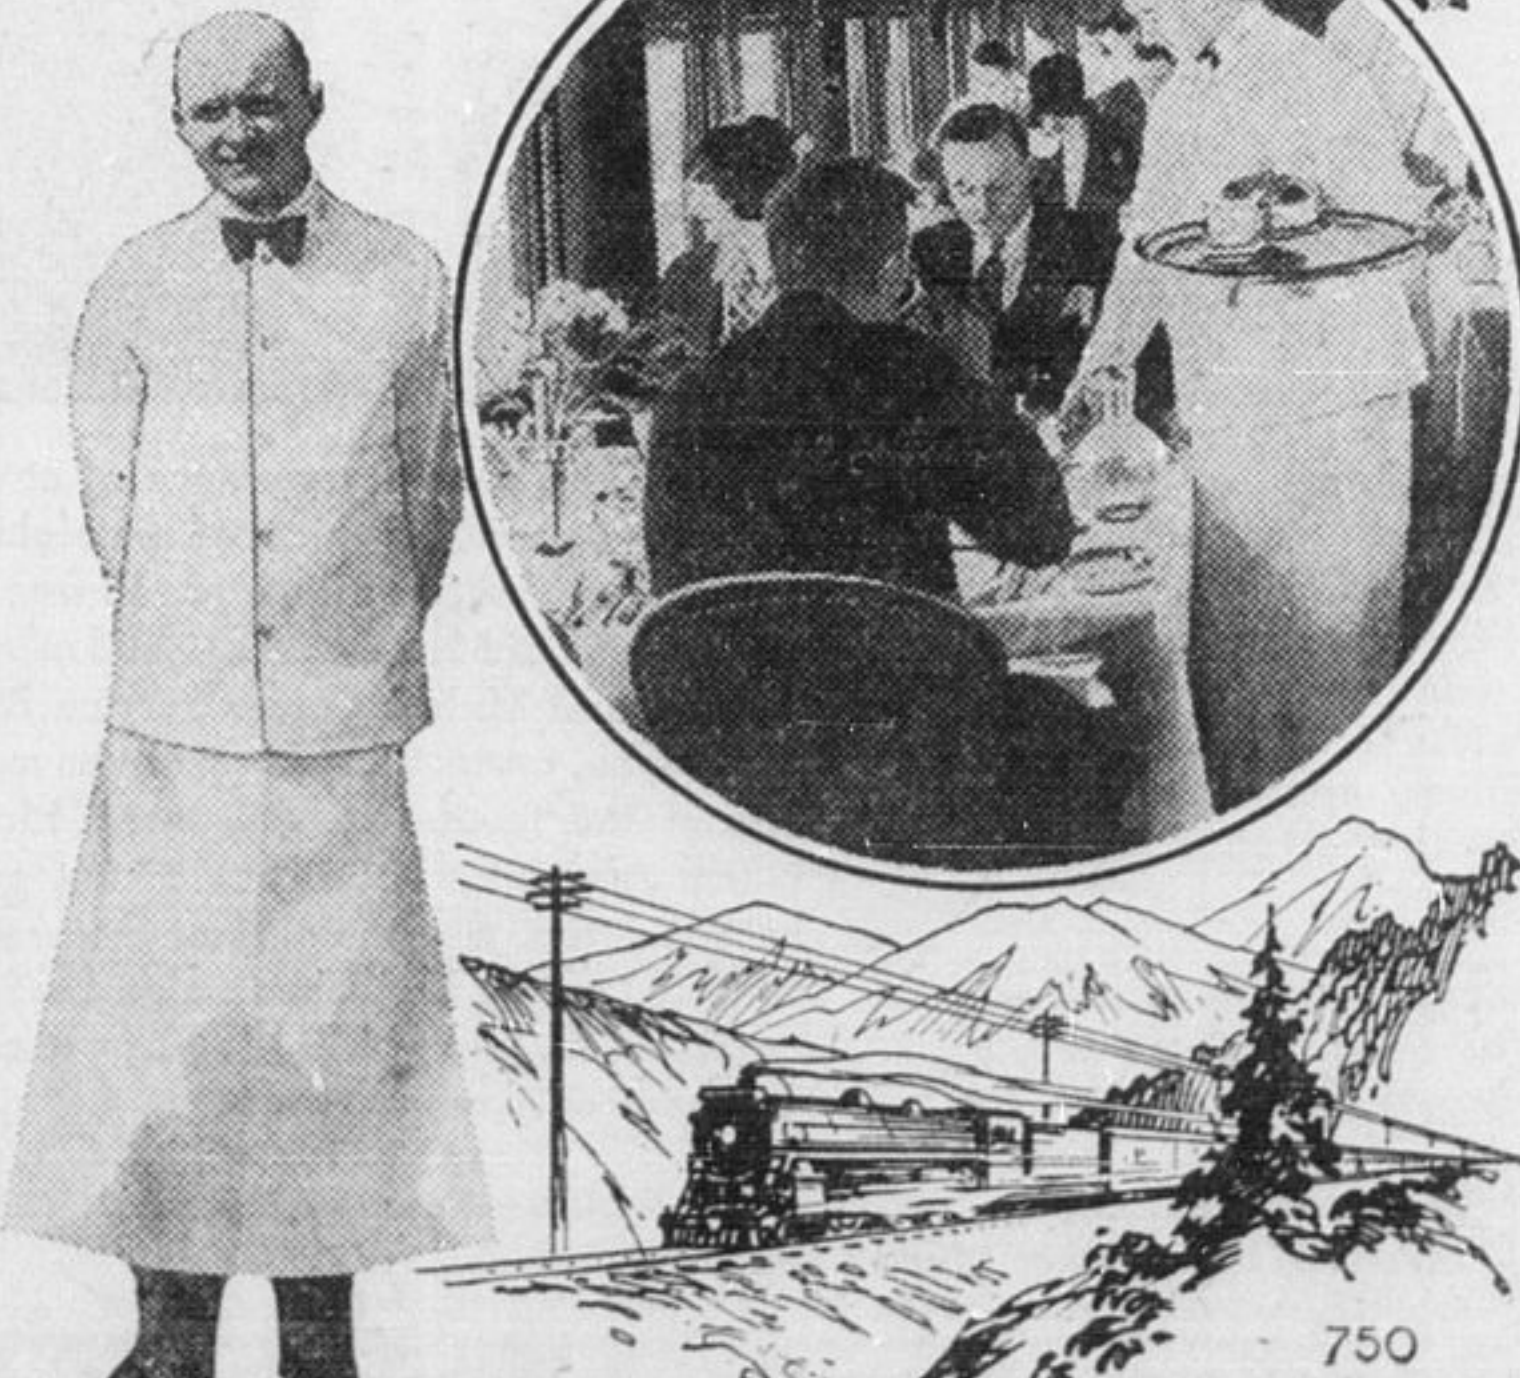

The body was taken to Pittsburgh, for interment.

The next regular meeting of the Timmins town council will be held on Monday afternoon, July 27th, at 4 p.m.

RESTAURANTS ON WHEELS

Strange as it may seem, good housekeeping is one of the prime essentials of modern rail-roading. Mr. Traveller has become so used to strolling through the train to the dining car, for his needs in the way of food for himself, as well as for Mrs. Traveller and all the little Travellers, that he hardly gives a thought to how he gets a first class hotel meal, while whirling along at 60 miles an hour. The answer lies with about 1,200 highly trained employees of the Canadian Pacific Railway, serving in some 150 dining and cafe cars, from Atlantic to Pacific, and with an organization in stores and farms throughout the country, which places high class foodstuffs in the chefs' cupboards and refrigerators. The average number of meals served in a year is approximately 2,000,000. As to quantities, suffice to say that these include nearly 500,000 lbs. of various meats; 1,000,000 lbs. of tea and coffee and some 400,000 quarts of milk and cream. The Pictures show meals being served in a typical C.P.R. diner and types of the staff of chefs and waiters employed in the service.
