

Chatauquas Here August 4th to 8th

Remarkable Programme for Nine Attractive Entertainments, Steffansson Famous Arctic Explorer, to Lecture on Second Night.

The Canadian Chatauquas will be in Timmins, at the Central public school grounds, where a large tent will be ready to accommodate the crowds on August 4th, 5th, 6th, 7th, and 8th.

Because of the fact that so many people desire the Chatauquas programmes a dozen local men guaranteed the amount requested to bring these high-class entertainments here. In case of the receipts failing to reach the required guarantee, the dozen local men will have to make up the amount personally. In case any profit is made, this amount will be handed over to the Children's Aid Society. Dr. J. A. McInnis is the chairman of the committee, and Ralph Elston is secretary. The others on the guarantee are A. Borland, Sr., E. L. Longmore, A. H. Cooke, P. Jeffrey, W. R. Sullivan, Jas. Shewan, G. A. Macdonald, C. E. Roach, Reg. Smith, John Knox and Rev. C. E. Theriault.

The programme to be presented should assure a large attendance and a complete success. The programme as published elsewhere in this issue shows that the Canadian Chatauquas, have done their part. It is probably the best programme yet presented by any Chatauquas.

One of the outstanding features will be the lecture by Vilhjalmur Stefansson, the world famous Arctic explorer and author. He gives a new and true picture of the Arctic and the Eskimos—intensely interesting and informative, yet different to the ordinary conceptions. This feature is worth more than the price of a season ticket. It is expected that Mr. Stefansson will also be the guest speaker at the Kiwanis club during his stay in town.

In comedy and comedy-drama there are two companies this year, the Canadian Players and the Peerless Players, with notable casts. Either "Turn to the Right," or "Skidding" will be found to be worth the price of the season ticket. In music, there are equally remarkable offerings. Herbert Petrie and Company, with the famous Australian soprano, Constance Neville-Johns, will present a programme of unusual variety and charm. The Petrie novelty orchestra will delight all. Miss Johns will also give an interesting and attractive illustrated address on "The Land of the Kangaroo."

For the afternoon of the second day, the feature is Oriental Pageant: "The Soul of the Holy Land," by Julius Caesar Naypbe, a young Damascus nobleman, who appears in the costumes of his country and gives a remarkable word picture of the Holy Land and its people past and present. This feature is remarkable for its beauty, oratory, wit, humour and information.

Sue Hastings' Marionettes delighted all, young and old, last year. They will be even better this year, and with a complete new programme. This programme will please adults and enthrall the youngsters.

The Lucille Elmore Revue Company are admitted to be the leaders in a line of varied and most attractive entertainment, including music, sketches, monologues, impersonations, ventriloquism, etc.

Another special feature will be the work of John Bockewitz, in a program of animated cartoons, remarkable clay modelling, and dazzling novelties. This artist and the Lucille Elmore Revue Co. make a combination that delights any audience.

Season tickets, good for admission to all the nine events are now on sale at \$2.00 each, with no charge for tax. It is the biggest \$2.00 worth of entertainment and education ever offered. Children's tickets may be secured at \$1.00 each and students' tickets (14 years and over) at \$1.50. Tickets may be secured from an of the canvassers at work this week, or from Burke's Drug Store, the Goldfield Drug Store, Molsley & Ball's or the Hollinger Stores.

The afternoon programmes commence at 3 p.m. and the evening programmes at 8 p.m.

DISTRICT CONSERVATIVES ELECTED NEW OFFICERS

Despite the fact that little publicity was given the meeting, there was a fairly good representation at the meeting of the Conservatives of South Cochrane on Saturday of last week at Matheson. J. W. McBain, of Kirkland Lake, was elected president of the association, and U. L. Acton, formerly of Timmins, but now of Kirkland Lake was elected secretary. Both these officers are widely known and popular, and the association will carry on with success and harmony. The meeting Saturday is reported as a harmonious and interesting one. A. F. Kenning, M.P.P. was among those from Timmins in attendance.

An exceptionally large crop of strawberries is reported from the Englehart district this year. This item might well be marked and sent to some Southern folks who do not realize that the North grows any other fruit than blueberries.

Holidaying at Ostend

ROYAL SUN BATHERS
A particularly intimate picture of Princess Astrid of Belgium, wife of Crown Prince Leopold, and their baby daughter, Princess Josephine Charlotte, as they enjoyed their sun bath on the sandy beach at Ostend, where they are spending most of their time during the summer.

Kirkland Lake Pipe Band Here Sunday

Will Parade Through the Town and Then Give Selections on the Pipes and Scottish Dances at the Band Stand.

As will be noted by the announcement elsewhere in this issue Timmins is to have a treat on Sunday in the form of a visit and performance here by the Kirkland Lake Pipe Band. The Kirkland Lake Pipe Band has won a fine reputation in their home district and trips they may take like the one scheduled for Timmins on Sunday, July 26th, will soon win renown for them all through the North as the members of this pipe band are skilled and able. Those who turn out on Sunday afternoon to hear the Kirkland Lake Pipe Band will be delighted with the music they will hear as well as with the handsome Highland costumes and the talented dancing.

The Kirkland Lake Pipe Band purpose to march from the T. & N. O. station at 2 p.m. and parade the town, after which they will return to the bandstand where selections will be given, as well as an exhibition of Highland dancing by the members of the band. In view of the fact that there have been no band concerts held here this summer, the visit of the Kirkland Lake pipers will be specially appreciated. Timmins people have always been fond of music and appreciative of good music and so it is hoped that not only will there be a large attendance to greet the visitors but that the collection taken up to defray the expenses of the trip will be a generous one.

E. C. Brewer Badly Hurt in Accident

Breaking of Hay Stacker Has Serious Results. Mr. Brewer in Hospital with a Fractured Skull. Resting Easy.

Yesterday morning at his farm up the river E. C. Brewer was struck and badly injured by a breaking hay stacker. He is now in hospital suffering a fracture to the frontal skull and severe injury to the base of the neck.

Along with his men he was at work rickling hay when by some manner or another the apex of the stacker parted and the beams swayed wide and crashed to the ground. All ran, and, with the exception of Mr. Brewer, all got clear. He was hit by one of the 35-ft. beams as he jumped to make safety. Prompt work by the men got him to the house; Dr. Byres was requisitioned by phone and was at the farm in short time. After examination, the ambulance was sent for and the injured man conveyed speedily to the hospital. X-ray graphs were taken of his injuries, which, when examined, corroborated Dr. Byres' opinion of the injuries. Up to last night Mr. Brewer was resting easy.

RED LAKE A GOOD SPOT BUT TIMMINS THE BEST PLACE

Miss Mary Banning, who has been training at St. Mary's hospital for the last two years is spending her holidays with her parents, Mr. and Mrs. E. J. Banning, of Timmins. Gerald Banning, who has been on the office staff of the Howey Gold Mines for the last two years, is visiting his parents also. Gerald says that Red Lake is a good old spot and is improving quite a lot; the town is growing considerably but he has to come to Timmins for a good time.

Mr. and Mrs. D. Sutherland and Miss Jean Sutherland left by motor on Sunday for a holiday at Wasaga Beach.

Recommends Whale Oil Soap to Kill Cutworms

W. Trollope, of Schumacher, last week after noting the article in The Advance in regard to the damage done by cutworms in this district, kindly informed The Advance of what he has found to be the best method of killing the cutworms. By trial, Mr. Trollope says, he and others have found the use of whale oil soap better than Paris green and perfectly harmless. Paris green has to be used with care in gardens or it is dangerous. Mr. Trollope thus explains the ways to use the whale oil soap:—Take a piece of the whale oil soap about the size of an apple to a gallon of boiling water. Run a trench near the roots of the plants and pour the solution in. Mr. Trollope and many others to whom he has recommended the method have found it very efficacious and have been troubled no more by the cutworms.

Injured Constable Out of the Hospital

Provincial Constable Ralph Crozier Out of Hospital, but Still Showing Effects of Injuries Received in Riot at Cochrane.

Provincial Constable Ralph Crozier, of Coral Rapids, who was injured last week by a bottle and stones thrown at him by a group of transients at Cochrane on Monday when he attempted to protect a motorist who had been set upon by the parade of unemployed, is now out of the hospital, but word from Cochrane is to the effect that he is still feeling the effects of the injuries received. Constable Crozier among other injuries, suffered what appears to have been a fracture to the skull. No arrests have been made in connection with the vicious and uncalculated attack upon Constable Crozier, so far as can be learned. Cochrane's present troubles would be much lightened, and incidentally all other towns burdened by transients would be also assisted if the guilty party or parties in this case were caught and properly punished. Communist propaganda and agitation is at the bottom of the Cochrane trouble. If necessary, every transient in Cochrane should be rounded up and held until the guilty ones are discovered. In view of the fact that the final outcome to the injuries received by Constable Crozier can not yet be known, arrests seem to be specially in order.

Great Interest in N.O.G.A. Tourney

At Hailybury This Year on Thursday Friday and Saturday, August 6th, 7th and 8th. Expect Over Fifty Entries.

The Northern Ontario Golf Association will hold the annual golf championship tournament at Hailybury on Thursday, Friday and Saturday, August 6th, 7th and 8th. There is great interest being shown in the event and everything is all set to make it a big success and an enjoyable event. Over fifty entries are expected and it is hoped that all the clubs in this part of the North will be well represented on the occasion. At a recent meeting in Hailybury the representatives of the various clubs made arrangements for the big event. It was decided that this year's competition would be conducted on the plan formerly carried through, that is, a 36-hole qualifying round on Thursday, August 6th, with the 16 best scores qualifying for the main event which will consist of an 18-hole match play contest. The winner of this event will be the holder of the T. & N. O. Commission trophy, emblematic of the association championship. Cliff Culver, of Iroquois Falls, was the winner of this trophy last year. The event will be conducted on an elimination basis, with matches on Friday morning and Friday afternoon, and Saturday morning, with the final Saturday afternoon. There will be a consolation event, for those failing to qualify for the main event. The event at Hailybury will be a very enjoyable one throughout for all golfers and is sure to draw a large attendance. The Hailybury course is in fine shape now and will be even better.

Funeral Last Week of Late Alfred Luxmore

The funeral of the late Alfred Luxmore on Wednesday of last week was a particularly large one, the late Mr. Luxmore having wide circles of friends in this camp. The pall-bearers were—C. Rundle, A. Rogers, H. Youton, E. Nichols, N. Pethick and W. Rice. Among the many beautiful floral tributes were: pillow, from son, Norman; cross, from brothers, Harry and Jack; spray, from Will and Eva; spray, from Priscilla and Annie, Berealston, Devon; cross, from relatives and friends at Morwellham; sprays, from Mr. and Mrs. R. Weir, Mr. and Mrs. J. Morton, Mr. and Mrs. E. Nichols, Mr. and Mrs. Alex. Bordland, Sr., Mr. and Mrs. Alex. Bordland, Jr., Mr. and Mrs. G. Bridgman and family and Mr. C. Rundle, Mr. and Mrs. T. J. Rowland, Mr. Baxter, Permanent Firemen; wreaths, from Cornish Social Club, Mill Repairmen, Mill Operators, Mr. and Mrs. A. Rogers, Volunteer Fire Dept., Youton Bros., P. F. Collyer.

The flag at the Hollinger Mine was at half mast in respect for the late Mr. Luxmore.

Work for Children Interests Kiwanis

Weekly Luncheon of Kiwanis Club This Week Shows Chief Interest is in Work for Youngsters.

The regular weekly luncheon of the Timmins Kiwanis Club on Monday of this week gave special indication of the fact that one of the club's special interests is in matters regarding the welfare of the children. There was no regular speaker for the day and general discussion on matters of interest took up the time of the meeting. It is interesting to note how many of the discussions related directly or indirectly to work for the advantage of the youngsters. Dr. Moore thanked the members of the club for the use of cars to take children to and from the recent clinic held for the treatment of tonsils in youngsters. Dr. Moore also distributed copies of the Ontario Health Department almanac for 1931, a booklet that has a large proportion of attention to pay to the children.

One of the other matters before the club was a suggestion that the Kiwanis might take action to provide a playroom at the Children's Aid Shelter here. The need for a playroom at the Shelter has been evident since the completion of the building but the Society has never felt financially situated to proceed itself with the addition of the playroom, though recognizing that it would be a very desirable acquisition, indeed.

Further proof of the general interest of the Kiwanis Club in work for children is the fact that the speaker for the day at the meeting next Monday, July 27th, will be A. G. Carson, superintendent of the District of Cochrane Children's Aid Society, who will give an address on the work for children in the district.

At the meeting on Monday, President J. R. Walker was in the chair, and community singing was a feature of the day's programme.

A visitor at the club for the occasion was A. V. Galbraith, of East Hampton, Mass., who is visiting his son here, J. McIntosh Galbraith. Mr. A. V. Galbraith is principal of Williston Academy, a preparatory school for boys 14 to 18 years of age.

The change in the schedule for Trains Nos. 17 and 18 has resulted in an improved mail service from here. Trains 17 and 18 are now running only three times a week instead of daily, and as a consequence of this it was necessary to adapt the mail service to the new conditions. The National has been made the mail train for Winnipeg and Cochrane and for Montreal mail. As a result of this the times for the closing of these mails is improved. Mail for Montreal and the south closes now at 9 o'clock instead of 7 a.m. There is thus two hours extra time allowed for answering letters from Montreal and intervening stations. There is an extra hour for registered mail for Montreal. Mail for Cochrane and Winnipeg and intervening stations closes at 9 a.m., instead of 11:30 a.m. This change, however, has not any particular effect as the chief business connection is to the south and east rather than to the west.

Mr. Leo Gratton, who has been visiting his sister, Mrs. H. R. Pare, of the past three weeks, returned today to his home at Windsor.

Work for Children Interests Kiwanis

Man Drowned at Timmins Saturday

Wicner Steffens, Unable to Swim, was Using Air Tubes and Met Death in the Mattagami River on Saturday Afternoon.

On Saturday afternoon a Finlander named Wiener Steffens, 26 years of age, and single, was drowned in the Mattagami river. He and Eric Petersen, 60 Fifth avenue, were enjoying a swim in the river when the tragedy occurred. Steffens was not able to swim, but was using an air tube to keep himself afloat. The two friends were taking turns in the use of the air tube, when Petersen noticed that the water-wings were on the surface of the water, but his friend had disappeared. Help was at once secured and after a comparatively brief search the body was found in shallow water. Dr. Minthorn was summoned and every possible effort to resuscitate the man but this was not possible. As a coroner Dr. Minthorn decided after hearing the circumstances of the case that a jury inquest was not necessary.

The late Wiener Steffens lived at 68 Third avenue. He had been in this country about five years. He followed lumbering work, but had been out of employment for some months past. So far as known he had no relatives in this country.

Prompt work by Chief Jones and his staff, with the co-operation of provincial and district police, led to the arrest yesterday of Robert Anderson at Kirkland Lake on a charge of fraud, the said fraud consisting in the securing of a new car in Timmins and tendering for same a cheque which proved to be valueless.

The police first met Anderson on Tuesday when he came to the police station with a taxi driver who wanted to collect his fare. Anderson explained that he worked at the Hollinger, giving his number there, and arranging to pay so much of the bill each pay-day. The taxi driver did not lay a charge against the man that had run the bill with him, and so Anderson could not be held. Later, it was found that the number given was not a correct one and the rest of Anderson's story was apparently equally incorrect. Effort was made to locate the man but he was not found. Then it was discovered that a man of the same description had purchased a car from a Timmins dealer, tendering in payment of the greater part of the price a cheque which was found to be without value. Chief Jones at once sent description of the wanted man and car to all the local police in the towns of the district and to the provincial police. The man was arrested in Kirkland Lake yesterday and Chief Jones will bring him back for trial on the chief's return from Hailybury where he has gone in charge of six prisoners to-day.

Billy Babcock, 5 Birch street, south, had the ill-luck to have his right hand badly injured while playing at the wharf on Tuesday afternoon. The hand was crushed between a boat and the dock. At first it was feared that the amputation of one finger might be necessary, but this was avoided and the lad is making good progress to recovery from the injury.

Funeral Last Week of Late Alfred Luxmore

The funeral of the late Alfred Luxmore on Wednesday of last week was a particularly large one, the late Mr. Luxmore having wide circles of friends in this camp. The pall-bearers were—C. Rundle, A. In the notice of the death last week The Advance was in error in saying that the late Mr. Luxmore was a native of Cornwall, England. He came here from Morwellham, Devonshire, England.

Winner of Weekly Shoot on Tuesday Evening

Men of the flying targets gathered at the Porcupine Rod and Gun Club for their weekly trophy shoot on Tuesday evening of this week.

The winner of this week's prize was J. D. Brady, with 22 out of 25.

The following is the scoring:—

	Shots	at	Broke
H. Herman	25		17
Gordon Eplett	25		16
J. D. Brady	25		22
Jos. Amm	25		16
Frank McGraw	25		20
Chas. Brown	25		19
Doug. Jones	25		12
J. Staunton	25		20
H. Lilly	25		16
Ed. Baderski	25		12

Next week the Club Handicap Trophy shoot will start. All members are requested to attend.

Civic Holiday to be Monday, August 3rd

Big Event for the Day will be the Big Swim at Golden City and Opening of Legion Week of Wonders.

Monday, August 3rd, will be civic holiday for the town of Timmins, due proclamation of the event having been made by the mayor to this effect after representations by citizens and the approval of the town council. The first Monday in August is achieving increased popularity in Canada as a civic holiday and Timmins accordingly this year will be "in the swim."

Speaking of swims, the big feature for the district for civic holiday, Aug. 3rd, will be the Big Swim at Golden City, under the auspices of the Canadian Legion, the Goldfield Drug Store and the Vi-tone Co. The latter company is bringing a number of famous swimmers to the North Land and these will be at Golden City during the day and at Timmins in the evening where the Legion will open their Week of Wonders that evening in the skating rink.

On civic holidays the stores and other business places will be closed and the general public should make special note of this so as to avoid inconvenience. Civic holiday will give most people a chance to attend the Big Swim at Golden City, see some of the most noted swimmers of the day in action, watch the programme there, and then take in the opening of the Week of Wonders at night at the rink.

McIntyre Jrs. Win from Kirkland Lake

Junior Baseball Team Following in the Footsteps of the McIntyre Seniors by Putting Up a Good Brand of Baseball.

McIntyre Junior baseball team won from Kirkland Lake last week. The McIntyres led by four runs in a very interesting match that tested out the ability of the Kirkland Lake lads who put up a good game on their home grounds. They were not good enough to win this time, however. The McIntyre Juniors are travelling in the footsteps of the McIntyre Seniors by presenting a classy brand of good baseball.

The following was the line-up of the two teams:—

Kirkland Lake Juniors:—Demere, 1f.; McKinnon, 2b.; Scanlon, 1b.; James, c.f.; McMillan, c.; Behie, s.s.; Assad, 3b.; Armstrong, r.f.; Briden, p. McIntyre Juniors:—Phillips, 3b.; Aide, 2b.; T. Gilbert, 1b.; Ennis, s.s.; Proulx, r.f.; Gilbert, c.f.; Caverley, 1f.; Mira, c.; Finkleman, p. and c.f.; Barron, r.f.; Leng, p.

The Kirkland Lake lads will play a return game at Schumacher this weekend at 3 o'clock. The return match should draw a good attendance as all will want to see the McIntyre Juniors in action.

Funeral Last Week of Late Alfred Luxmore

The funeral of the late Alfred Luxmore on Wednesday of last week was a particularly large one, the late Mr. Luxmore having wide circles of friends in this camp. The pall-bearers were—C. Rundle, A. A Week of Wonders August 3rd to 8th

Starts with the Big Swim, with Famous Swimmers Here. Six Big Nights at the Rink, Three of Them Extra Specials.

Final details are now completed for the Legion's Week of Wonders to be held in the skating rink, Timmins, August 3rd to 8th, and patrons are assured of an amusing week of interest and entertainment. The cause for which the attraction has been arranged is a very worthy one, indeed—the Legion relief fund,—and it is to be hoped that this fund, depleted by the demands for the past winter, will be replenished by the generous public of Timmins and the Porcupine district.

The first day of the Week of Wonders, Monday, Aug. 3rd civic holiday, sets a remarkable pace. There is the Big Swim at Golden City under the auspices of the Legion, supported by the Goldfield Drug Co., and the Vi-tone Co., the latter bringing a group of noted swimmers from Toronto for the event. This event might be almost called a Week of Wonders in itself.

For the rest of the week three specially big nights have been arranged as follows:—

Monday evening, August 3rd, visit to the event at the rink of the Wrigley Marathon swimmers, kindly arranged by the Vi-tone Company and Col. S. B. Scobell, of the Goldfield Drug Co. These noted swimmers will be introduced to the crowd at 9 p.m., when the prizes for the Big Swim at Golden City will be presented.

Wednesday night will be
