The Junior baseball team of Iroquois Falls suffered a decisive defeat at the home grounds of the Dome Juniors on Wednesday, July 29th. The score was 14-5 in favour of the Dome boys. The

teams line up:—Iroquois Falls—catcher, Trotter; pitcher, Lefebvre; lb., Cro-tin; 2b., Johnson; 3b., Yurinchuk; s.s., Pender; lf., Wilkes; cf., Walsh; rf., Nault. Dome Mines—catcher, McCann; pitcher, Johns; lb., Burns; 2b., Laflamme; 3b., Michaelson; s.s., Cata-rello; lf., S. Onge; cf., Parsons; rf., Miller. Ross of Iroquois Falls and R. Vanghan of South Porcupine were umpires. In the first innings the three first to bat of the visitors went down in succession. Then Catarello walked and he, as well as Michaelson made the home pan. While Johns was batting a foul ball hit young Webb on the head with none too tender a salute. St. Onge got to first, letting Johns home but was out stealing second. Burns was out at first and McCann fled to Wilkes. In the next sequence Cro-tin fanned, Johnson was out at first through the quick work of Catarello to Burns and Wilkes fanned. Miller got a two-base hit and romped home, Johnson caught the next out and Wilkes got the glad hand when he jumped for what looked like an impossible catch. Michaelson got the fifth run but Laflamme got out on the bases. The third innings saw Johns still pitching great ball and getting good support, especially from his infield. Lefebvre was out at first. Yurinchuk got as far as third and by stealing a base Walsh reached second before Nault and Trotter were both fanned. Then came a harvest for the home team. Between errors and over-anxiousness the visitors let the Dome pile up six runs, Johns, St. Onge, McCann, Miller Catarello and Michaelson all making the grade. The first of the fourth saw the score 11-0 for the Dome and Johns made Pender, Cro-tin and Wilkes all lay down their bats without getting farther. Parsons made a twelfth run for the Dome. McCann was squeezed out between first and second; Miller and Michaelson fanned. Wilkes hit his arm trying to catch a fly off Catarello which went into the grandstand. Wilkes had pitched the third innings. Pender was put in the pitcher's box for the fourth. Kerr took Wilkes' place in left field. St. Onge was put in the pitcher's box for the fifth. Lefebvre got one run off him when he stole second and stole third. Walsh walked and later y'd home. Trotter got a two-base hit. Yurinchuk and Nault fanned and Pender fled to Michaelson. Then the Dome went down quickly. Pender fanned Laflamme and St. Onge and McCann fled to Walsh. In their next attempt Cro-tin walked, Johnson fled to Johns, Nault let Kerr in and got second while Lefebvre was at third when Trotter made the third down by getting out at first. Miller and Catarello got home when the ball got past the shortstop. Parsons fled to Johnson, Michaelson to Yurinchuk and the smart work of Pender put Laflamme down at first. To bat for the last inning, Pender walked, stole second but was over anxious and went down trying the trick at third. Johnson, however, struck the only home run of the game just before the finish making the score 14-5. This made three successive wins for Dome and gave them a decided edge on the first half of the schedule.

Lake Shore ground. Munro passed to Gardiner who placed it for White, who made it sure and Dome fans went wild over their first goal. Connelly thought he would do the same for the visitors but was just a second too late. Play goes back to centre and is very energetic but evenly balanced. Crawford was knocked out for a moment from colliding with a team mate; two men tumbled headlong over the pigskin but Lake Shore got it. Foster drew applause by his checking. Munro failing to reach with his head made quick use of a kick. Scanlon made another great save from Davey. Back to centre and then McMurray saves from Cook. Down the field again and Scanlon stops Manuel's splendid effort. A Gardner-to-Cook-to-Rudkin play looked like a go-getter till Rudkin paused too long and by making sure was not sure.

At half time the championship cup was brought on the field by H. Laidlaw, of Timmins, president of the Northern Ontario Football Association.

When play was resumed it was a fast see-saw from one end of the field to the other. A Munro-to-Gardiner-to-White play showed fine combination. Play then in centre field. Joe Whyte gets away with the ball and McMurray makes a rush to save from him. A terrific kick from White relieves the pressure when it is dangerous around Dome citadel. A Whyte-to-White-to-Gardiner play is a pretty piece of work. The ball is again on McMurray's doorstep, then the scent of battle quickly switches to Scanlon's domain. Cook relieves this time. Foster did some timely defence work. In a few minutes there is another battle-royal. Connelly charging Scanlon while he is holding the ball but no damage is done. The play is again at centre and T. Blair breaks away with the ball. McMurray makes a wonderful save of a slanting rebound. Again the ball is in Dome territory and the half backs play a great defensive game. A Foster-to-Cook-to-T. Blair play was pretty work that fooled the visitors completely. F. Blair was a stone wall from which that ball rebounded every time it came near. Every player was giving all he had and when W. White tallied the second time each man seemed as pleased as if the honour had fallen to him, as indeed it had for it was the determined work of the whole team that made it possible. Feelings ran tense in this period although the game was clean. What might have been a scrap was stopped in a very sportsmanlike manner by the cooler heads of team-mates. Ramsay's sporting action in holding his team-mate until his excitement cooled down was particularly commendable. During the last few minutes Kirkland Lake played a man short but their man did not go off but came limping back to the battle ground for the finish. T. Blair was knocked out and had to be carried off. The visitors were pressing desperately for the tying goal when the final whistle blew.

The Goodyear Cup was presented to the winning team after the game by H. Laidlaw, president of the N.O.F.A. The last time this cup was won by the Dome was in 1921, but the team though having a fine record did not get to Toronto that time. The team of those days was Elrick in goal now with Falconbridge; Jim Fell; or Jock Nicholson, with Ewart as backs; W. Kellow, R. Harrower and H. Costain, the Three Musketeers of the half-back line; Lucas, G. Ritchie, R. Wallace, D. Curboy and G. Hendry on the forward line.

In the 1921 their record was fifty-six goals for, with only four goals against. The games of those days were battier out among Timmins, Cochrane, Iroquois Falls, Kirkland Lake and the Dome.

It has not yet been decided which team from down below will be the Dome's opponents in the next round but the players may rest assured of the full support of the crowd up here. The players who have comprised the teams which played this series are:— Whyte, Joe D., captain, played his first football in Motherwell School then with Motherwell Emmetts two seasons, Shott's United one season, Blantyre Victoria one season, Albion Rovers (seniors) one season, and then was re-instated owing to a whitewash in senior football and played with Carlisle Juniors. For two years he was captain of the Carlisle Juniors before coming to Canada and this is his third season with the Dome.

Rudkin, John, played for the Dome some years ago, and has also played with Timmins Thistles and Lake Shore Kirkland Lake. He has a host of football knowledge stored in that cranium of his.

Blair, Frank, started his football with Penicuk Comrades and also played with Penicuk Juniors before coming to the Dome Mines where he has proven a back or no mean ability making up in determination what he might lack in stature.

Blair, Thomas, started football with Penicuk Juniors. He played a season with Copper Cliff before coming to the Dome Mines.

Cook, William, started his football in Oshawa, Ontario and played with Peterborough Caledonians before coming to the Dome Mines. He is ever on the alert to take advantage of a break as he plays away at the game.

Foster, James, played first in Scout football with Lochhead Juniors. Before coming to the Dome he was with the team at Copper Mountain, British Columbia. He is one of the younger members of the team and is proving his merit.

Crawford, John, started football with Blantyre Juniors and was a member of Hamilton Thistles for over five years. Munro, George, began his football in Elgin City, Scotland, and was six years with Hamilton Thistles before joining the Dome team.

White, Willie, started his football

career in Fifehire, was with Hamilton Thistles for one year and later with Toronto T. T. C. before coming to the Dome. He plays his position correctly, takes many a bump and leaves the decisions to the referee.

Doran, Hubert, is a product of the Dome Mines football field absolutely. He is the youngest member of the team being only in his twenty-first year but is already proving an athlete of no mean ability in whatever sport he enters. With a little more experience Hubert can be relied on to rank high.

Gardiner, started his football career in Dundee and was a member of the Toronto Juniors before coming to the Dome.

Scanlon, a goalie of merit, got his first football experience with the Shel-land Celtic. He played with the Winnipeg Scottish and also with the Winnipeg Juniors before joining the Dome aggregation.

### Here and There

"What could we farmers hope to accomplish without our railways?" asked a Kentucky agriculturist recently. He added that no agency had contributed more to the prosperity of the farmer than the railways.

"I have never yet found any place where the salmon fishing could compare with New Brunswick," said Arthur Train, well known novelist, speaking at a camp dinner given in his honor recently by the New Brunswick Tourist Travel Bureau.

Encouragement came to western Canada's farmers and agriculturists with the return to normal temperatures and varying rainfall of mid-July. In the drought areas of Manitoba and Saskatchewan and to a less extent in Alberta very great benefit has been felt.

Authentic rainbow trout weighing 7½ lbs. were taken recently in the French River six miles below the bungalow camp, the first ever caught there according to the oldest guide. It was caught by E. A. Farintosh, of New York, a yearly guest at the camp.

Since the split up of Canadian Pacific Railway common stock into four for one, this issue has taken on great popularity with the general run of investors. Between September and June 1931, the number of these increased from 21,186 to 34,872, an increase of 13,686.
