Kirkland Lake has Riot of Communists

Attack Police With Stones When Ordered to Move Along and Not to Block Traffic. Looks as if Somebody Must Move.
Soon.

Word came yesterday from Kirkland Lake that the Communists in that town had staged one of their riots and that several police had been injured as well as others hurt, and damage done to property. Information from Kirkland Lake was to the effect that little had been done to check communists there. They were allowed to use the street for their meetings, and these favours were appreciated in the usual contemptible communist way. The Kirkland Lake communists had been getting bolder and meaner and Tuesday evening their meeting was blocking traffic at a busy corner. When asked to move on by the police they refused, with abuse. Then they stoned the police. A despatch from Kirkland Lake Tuesday evening says:—

"Six Communists were arrested and six police officers injured in a free-for-all street fight which, tonight, wound up a local Finnish celebration of International Youth Day.

"Rocks flew thick and fast, guns banged, cudgels were used freely and for a time half the population of the town appeared to be scrapping against the Red demonstrators on behalf of organized law and order.

"Most of the disorder centred about Duncan avenue and Government road. It started when the demonstrators, some 200 strong, refused to obey police orders to stay out of certain restricted territory, and it ended only after the liveliest tussle that any Northern mining town has seen in years—after near-by windows and buildings, as well as humans, had suffered severely from flying stones—and after firemen had been called into action, with spouting hose, to complete the rout of the trouble-makers.

"Names of the apprehended sextette—all Finns—are still unavailable. When searched each gave up a regular arsenal of finny stones. Police casualties were divided equally between the town and Provincial forces. The injured—none of them severely—were: William Shane, Harold Hughes and Pat Fallon, all of Kirkland Lake; and Constables McClelland, Byrne and Houldcroft of the Ontario organization.

"While revolvers barked with alarming frequency throughout the 20-minute battle, none of the shots found a human billet, inasmuch as the officers fired only as a threat and high in the air.

"The citizens' part in the scrap is said to have been precipitated by a lot of loose language from the Finns. They came to look on at first, but after some nasty "cracks" from the Red leaders regarding birthplace and flag they dropped their cloakroom role and pitched into the affair with gusto."

MRS. H. BURT RE-OPENS THE DANCING CLASSES HERE

Mrs. H. Burt, 17 Borden avenue, announces the re-opening of her dancing classes for children. These classes won much popularity and success and there will be general pleasure that they have been resumed.

WILL CUT FUEL COSTS TO THE EXTENT OF 15 TO 50 PER CENT

The Patricia Engineering, Limited, better known perhaps, as Horace Laidlaw, Room 4, Marshall-Ecclestone block, has an announcement in this week in regard to the famous "Iron Fireman" automatic coal burner for buildings, industries and homes. This invention will assure a saving in fuel costs of from 15 to 50 per cent. There are a number of these appliances in use in this district with very satisfactory results and the matter appears to be at least worth consideration and investigation. The Iron Fireman is now available for residences as well as for larger uses and its many advantages in saving fuel, in cleanliness, comfort and convenience make it an attractive proposition for consideration.

Conference Held of District Scouters

Leaders in Boy Scouts From Association for District of Temiskaming. Should be Valuable Aid to Boy Scouts.

On September the 5th, 6th and 7th there was held at the Iroquois Falls summer camp at Lake Seseekinika a conference of Scout leaders of the district of Temiskaming. The following towns were personally represented by the under-mentioned—Kapusking by H. Roberts, L. McArthur and G. Scythes; Iroquois Falls by G. L. Whiting, Rev. R. Manwaring, S. Oliver and a couple of Scouts who looked after the cooking etc.; South Porcupine, W. Lemon and J. Newman; Timmins, C. B. Alton; Kirkland Lake, D. McCausland; New Liskeard, W. L. Kensett and two Scouts; Cobalt, E. B. Rowe.

The purpose of this conference was to form a local association composed of all the troops in the District of Temiskaming that wished to band themselves together in order that Scouters of the various troops might be given more assistance in carrying out their duties, also in furthering the Boy Scout movement in this district and to endeavour to make it possible for more visits to be exchanged between troops.

In the past scouts of one troop were hardly aware that other boys like themselves existed and very seldom if at all has any of the troops had a visit from members of another troop. Visits and competitions are only two of the many advantages that troops of this new district association will benefit by.

It is therefore suggested that any troop in this district that was not represented or was not aware of the formation of a district association get in touch with any of the following members of the temporary executive that was appointed to get the association in working order. The members are: W. Lemon, South Porcupine; D. McCausland, Kirkland Lake; Rev. R. Manwaring and G. L. Whiting, Iroquois Falls.

There will be a meeting of this executive on September the 19th at Iroquois Falls.

It was suggested that a Patrol Leaders' Training Conference be held in the near future, and on the invitation of D. McCausland, of Kirkland Lake, it was decided to hold this training conference in that town some time in the month of February.

This conference will give the Patrol Leaders an opportunity to meet other boys from various Scout troops and enable them to discuss any problems they might have. The result should be more enthusiasm for this splendid boys' association as well as new ideas and ways of dealing with various problems.

One of the questions that came up at the recent Scouters' Conference was that of a summer camp in this district for the training of Scoutmasters. However after a lengthy discussion it was decided that there would be no summer camp held for this purpose in the North. It was suggested, though, that the new association should endeavour to assist Scouters to attend the regular Gilwell training camp.

The association will appoint a commissioner whose duties will include among other things visits to the various troops of the district.

This association is to be known as "The Boy Scouts Association, District of Temiskaming."

OVER \$100,000 IN TAXES IN ON SEPTEMBER FOURTH

Taxes this year are coming in specially well. Indeed the town in this respect is in better shape than it has been for a great many years. On September 4th, the last day for the payment of the second instalment of taxes without penalty, Collector of Taxes H. R. Channen reported \$100,949.86 taken in.

KIWANIS LUNCHEON THIS WEEK A BUSINESS SESSION

On account of Monday being Labour Day and a public holiday the regular weekly luncheon of the Kiwanis Club here was held on Tuesday at noon in the Empire hotel. There was no special speaker for the day and much of the time of the session was taken up with discussions on business in connection with the club's activities.

The visitors for the day was Dr. Norman Easton, surgeon on the staff of the Ontario hospital at Hamilton. Dr. Easton was introduced to the club by Rev. Bruce Millar whose guest he is during his stay in Timmins.

SENIOR BASKETBALL AT THE TIMMINS HIGH SCHOOL

Senior basketball opened last night at the Timmins high school with a snappy game between two good teams representing the Timmins High and Technical Schools and the ex-pupils of the same. The interesting game resulted in a win for the Ex-Pupils, the score being: Ex-Pupils, 20; High and Technical School, 18.

The teams lined up as follows:—
High and Technical Schools:—W. Shields, W. Drew, Francis Gilbert, Fred Grant, Louis Romaldi, Leo Del Villano, Mike Lanton, Ray Wallingford, L. McPadden, S. Walsh.
Ex-Pupils:—Tom Webb, Jack Leng, H. Ostrowsky, Davis, C. Charron, R. Dainton.

His many friends in the town and district will regret to know that Mr. J. R. Todd is ill at the St. Mary's hospital, but all will be pleased to learn that he is making good progress to recovery.

UNITED STATES RETAINS THE HARMSWORTH TROPHY

This week there was interest and pleasure at the announcement that Kaye Don, the Irish pilot with the British boat Miss England II, won the first heat at Detroit for the Harmsworth trophy, outgeneraling Gar Wood, the holder of the trophy since 1920, leading from start to finish and ending two miles ahead. Kaye Don maintained the new record average speed of 89.91 miles. It was conceded that Gar Wood did not have a real chance for the trophy, barring accidents, of course. And that was that.

In the second race, however, Kaye Don was disqualified for beating the starter's gun. Gar Wood was disqualified for the same reason. Kaye Don, holder of the world's speed boat record, came mighty close to losing his life, and he did lose the boat, and Geo. Wood, in Miss America VIII, won the race and thus the United States retained the Harmsworth trophy. And that is that!

There were the three entries in the race, Kaye Don for Britain, and Gar Wood and his brother Geo. Wood, for the United States. When it was apparent after the first race that Gar Wood was outclassed by the slow Britisher he was publicly quoted as saying that the cup would have to be retained though it were necessary to disqualify his own boat and let the poorest boat win. In the second race Gar Wood beat the starter's gun and Kaye Don followed as he could not afford to allow Wood to get a start. Geo. Wood and his boat were not in the running in any logical way. It appears that Gar Wood deliberately disqualified his own boat in the hopes of tempting Kaye Don to do the same. The trick succeeded and both the competing boats were disqualified leaving the poor boat to win the event. Gar Wood does not deny the trick. Had Kaye Don won, he would have won by a mile, Gar Wood won by a use. And that's that.

In the second race misfortune also touched Kaye Don's boat, the craft overturning in the water while going at a speed of nearly a mile a minute. Kaye Don and his little crew were all rescued from the water without serious harm done. The boat went down in 20 feet of water. All through Kaye Don acted like a gentleman and a good sport, and he does yet. He has had nothing to say about the tactics used against him, but other have! And that's that!

In any event Britishers have nothing to apologize for in the conduct and attitude of their representative. They seldom do! And that's that!
