Remarkable Layer at South Porcupine

Hen Laying Three Eggs in a Day as a Sideline to Other Duties. Other South Porcupine and Dome News.

South Porcupine, September 8th, 1931 Special to The Advance.

Mrs. J. Huot, of Commercial avenue, has a hen of which she is justly proud for the exceptional industry of the bird. This hen, besides still looking after a brood of chickens, has been laying regularly for the past two weeks. One evening last week Mrs. Huot went out and got the usual daily offering of hen fruit from this pen which is shut off from the other pens. What was her surprise to find on going out next morning two more eggs just newly-laid. None of the other hens could gain access to this nest so Madame Plymouth Rock must be credited with this unusual industry, which Mrs. Huot feels is quite unparalleled among the usual run of hens.

Mr. H. A. Montgomery, of the Dome, is on a vacation in his home in Toronto and to New York.

Box Lacrosse has made its bow at the Dome recreation grounds. A number of the boys were out for a practice on Tuesday evening and it is hoped that before long a game of this abbreviated form of what was Canada's national summer sport at one time, may be witnessed at the Dome.

On Thursday last there was a football match between the Lancashires, of Timmins, and the Dome football aggregation. Mr. A. Cadman, of Timmins, acted as referee. The teams line-up:—Dome—goal, Baxter; backs, Mitchell and McGuire; half-backs, T. Blair, Whyte, Robson; forwards, Gardiner, Jones, White, Cook and Crawford. Lancashires—goal, Rowe; backs, Wilson and Thomson; halves, Proctor, Madden, Simpson; forwards, Saunders, Aspin, Kerr, Mounce and Nixon. The play started off with the Dome pressing. It had not been going long when Cook missed. A play from Joe Whyte, centred to White, made the first count for the Dome. Rowe's save from White, the centre forward, was the feature of this part of the game. White banged that old pigskin at him from every angle. A play, Cook to Crawford to White, should have landed right on the net but went too high. Another from Gardner to Cook's head, straight for the twine was fisted off by Rowe. The second goal was made on a play of Crawford to White which came in too strong for Rowe. Aspin worked hard for the Lancashires and should have made a counter but the Dome backs kept a very close eye on his work. A play started by J. Whyte to Jones to Cook looked like another goal in the making but ended with a corner kick for Crawford. Aspin relieved the pressure on Rowe by kicking the ball well up field. Kerr, the visitors' centre-forward, twisted his knee but stayed in the game. Baxter had to move smart more than once to keep this sturdy Lanc from chalking one against him. Before the close of the period Rowe was again fooled by a play from Gardner to Cook which hit the post and pounced into the net. The second period did not change the standing. If one thing more than another featured this part it was the strenuous work of Aspin. The Lancs showed themselves good losers, never for a moment showing any signs of ill-will or poor sportsmanship though the game was going against them. They were playing a man short most of this period as Kerr had been forced to leave the game owing to his twisted knee. The darkness came on quickly and as the game ended 3-0 it was getting difficult to see.

In the game to break the tie for the King cup played at Timmins on Saturday another tie game resulted, the score being 2-2, so the winner of that cup is still indefinite and Kirkland Lake and the Dome will have to meet again. Saturday's game was played in pouring rain. A corner from Rudkin was fisted out by McMurray only to be sent back in by Gardner for their first score. White was responsible for the second count for Dome after Kirkland had evaded the score.

IN SEA MYSTERY

Federal grand jury will investigate the mysterious death of Hisashi Fujimura, rich Japanese silk importer, slain or lost overboard from a liner as it approached New York after a "show boat" cruise. Mrs. Mary Reinsner (above) the former Mary Dale, was with Fujimura on the cruise as governess of his child, and she has been questioned by the United States authorities.

Don't miss the Falconbridge-Dome game at the Dome on Saturday, the kick-off to be at five p.m. This decides who goes to Toronto to meet the Southern champions on September the 26th.

Dome Juniors won in baseball in the final game of the play-off at Iroquois Falls on Labour Day. The score was 9-2. Afterwards they were treated to a supper by the Iroquois Falls Juniors whom they had just defeated and later in the day they were entertained at a dance given after the sports were finished. The Dome boys very thoroughly appreciated the good sportsmanship and the splendid hospitality of the Iroquois Falls teams. The best of feeling has existed throughout the series between the two teams despite a very keen rivalry.

Don't miss the Kazutha, the most novel entertainment of its kind ever put on at the rink here. It will be on Wednesday, Thursday, Friday and Saturday nights of this week at the arena.

It will necessitate being laid up for some time with the injured member in a plaster cast.

Mr. and Mrs. J. Houston arrived in town last week and have taken up residence in the house lately occupied by Mr. and Mrs. F. Clarke on Main street. Mrs. Houston was before her marriage, Miss Eunice Mary Watson, daughter of Mr. and Mrs. A. G. Watson, of Ayr, Ontario. On August 19th, in a quiet ceremony at her parents' home she became the bride of James Houston, son of Mrs. J. Houston, and the late John Houston, of Belfast, Ireland. The bride and groom were unattended. After the ceremony the happy couple left for a honeymoon in the Adirondacks, via Mont-real, and returned via New York and Buffalo to take up residence at South Porcupine where the groom has been an employee of the Dome Mines for some time. Mrs. Houston was a teacher on the public school staff at the Dome for the past two years. They have the good wishes of hosts of friends in camp. On Friday evening last the choir of the United Church made a surprise visit to the home of Mr. and Mrs. Houston and presented them with a fine floor lamp. The address was read by Mr. A. On Tuesday, September 1st, the opening day for duck-hunting, Mr. Christopher Purniss, a shoemaker of Golden avenue, South Porcupine, went down to Frederickhouse Lake with his sons, Theodore and John on a duck hunting expedition. They pitched tent for that night and the next morning the father after taking some coffee and sandwiches, started out with his gun. He has not been seen to anyone's knowledge since. When he did not return and they could not find him the boys came back to South Porcupine and gave the alarm but this was fully thirty-four hours after the disappearance. The whole marsh has since been thoroughly searched. Mr. Ahr offered to take his aeroplane and was accompanied by E. G. Robinson, of his staff. Provincial Officer Craik and Mr. R. Eddystone, game warden. Every part of the marsh was investigated and those in the search from the aeroplane feel certain that he is not in that district unless he inadvertently got into some sink-hole and sank from sight in the mud and water before he could give the alarm. He was a man of forty-six years. Great sympathy is felt for the wife and family consisting of two grown-up sons, one married daughter and one young son about twelve years old.

Vancouver Province.—Keen rivalry is reported in Northern Ontario districts over the location of the Trans-Canada highway. It is hoped that the workmen will not be attacked by Algoma's famous "timber wolves."
