Evening Classes to Open Monday Next

Opportunity Again Presented for Education and Advancement by the Vocational Classes at the Timmins High School.

For several years now—ten years as a matter of course—there have been evening vocational classes held in the Timmins High School, or its predecessor, the Timmins Continuation School, for the advantage of those who wished to improve their education, brush up on subjects on which they felt they were becoming "rusty", or to take special subjects to assist them in their line of business or to advance them otherwise. This year the evening vocational classes will open on Monday next, Oct. 5th, at the Timmins High and Technical School. The following are the subjects that may be taken up on Monday next: English for non-English speaking students; English for advanced students (second and third year students); French, conversational and business; arithmetic; business courses, including typewriting and stenography, book-keeping and business practice; cooking; sewing and dressmaking. The following classes will be opened as soon as the new shops are ready for occupation, which will likely be about Nov. 1st:—prospecting and geology; chemistry and assaying; machine shop practice; wood-working shop practice; practical and theoretical electricity. The classes will open on Monday evening, Oct. 5th, and will continue until Easter, 1932. The school is fully equipped for these classes and the classes will all be in charge of trained teachers holding the necessary certificates from the Dept. of Education.

Students may enrol for any of the respective classes any evening this week from 7.30 to 9 o'clock p.m., the principal on this occasion. Looking forward the minister plans to discuss timely topics at the evening hour during October. These topics are printed elsewhere in this issue and the suggestion is made that they be clipped out for reference. They represent an earnest attempt to show that any apparent social failure of Christianity is not the fault of Christianity but of those who have been selfishly individualistic.

The Sunday School Rally Day service will be held at 11 a.m. on Sunday, Oct. 4th. A monster young people's rally is being planned for the week, Oct. 12th to 16th for the southern part of the Presbytery. Definite date will be announced after consultation with outstanding speakers. Schumacher church will warmly welcome delegations from Matheson, Monteth, Iron-quois Falls, Connaught, South Porcupine and Timmins.

McIntyre Mines F.C. Wins the Boxer Cup

In Notable Match at Timmins on Monday the McIntyres Won Out Against Dome Mines, 1 to 0.

The McIntyre Football team won the Boxer Cup for this year by a nice game in which they not only defeated the Dome but got the game through only by a margin of one but that margin meant a shut-out for the Dome. The Dome has appeared as about unbeatable this season but the McIntyres have shown that they can do it and their win was loudly cheered by their many followers. The game for the Boxer Cup was on the Timmins grounds and the game was an interesting one in which both goal tenders had lots of work to do all the time. Indeed, it was the good work of Arthur Leonard of the McIntyres pal being at the High School at these hours to receive enrolments.

It may be noted that instruction in any approved subject not included in the above list will be given if a sufficient number of applications for the same is received.

While the classes offer an unusual opportunity for improved education in the lines indicated by the list of subjects above it may be noted that the classes are practically free. There is a minimum fee of three dollars charged for each subject taken but this fee will be returned to the student at the end of the term in case the student has attended 70 per cent. of the classes.

OUTPUT OF THE HOWEY GOLD MINE SAID TO BE INCREASING

Satisfactory progress in mine development and production is reported by officials of Howey Gold Mines. For the first ten days of September production reached a total of \$24,000, and it is now expected that the month will show a small gain over August, when the output of bullion was reported at around \$70,000. A new tube mill is being installed and when completed will tend to boost mill capacity by some 400 tons, and bring treatment to approximately 900 tons daily. Underground development is shaping up well. The management is adhering to the practice of drawing ore from narrower widths and while so far results from this operation are not definitely known, it is expected that they will tend to increase millhead values.

Cobalt Pioneer Dies at His Home in Silver City

A despatch from Cobalt on Tuesday of this week says:—"William Warren, whose parents were among the early settlers of Wilberforce Township, Renfrew County, and who was himself a pioneer resident of Cobalt, dropped dead on Monday at his home at Cobalt. He had complained on Sunday of feeling unwell, but his condition had not been regarded as serious, and Monday morning he was about the house as usual until he was suddenly overcome with heart disease. Mr. Warren was in his 71st year. He was born in Wilberforce Township, but had lived many years in Northern Ontario, first in Copper Cliff, and later in this camp, to which he came first in 1906. For many years he was employed at the La Rose Mine but for some years past had been living retired. Surviving are his widow, four sons, Wilfred, in Timmins; Gordon and Leonard, here, and Leslie, in Detroit, and three daughters, Mrs. R. Robinson, Detroit; Mrs. L. C. Reid, Onaway, Alta.; and Miss Florence, in Woodstock. The funeral will be held on Wednesday afternoon with burial in Haileybury cemetery."

DANCE BY TIMMINS TENNIS CLUB TO-MORROW EVENING

There is more than usual interest in the dance under the auspices of the Timmins Tennis Club to be held in the Empire hotel to-morrow (Friday) evening. Dancing will be from 9 to 2. During the evening the cups and trophies for the past season will be formally presented, J. E. Jacques being the winner of the men's single championship, and Miss Loretta Mascioli of the ladies' single championship. Invitations for the event were sent out last week, the invitations being out of the ordinary and very attractive. In addition to the invitation itself the card carried the programme of dances, the officers of the club, and other particulars, the whole card being attractively printed in two colours and being issued from The Advance printing office, where you get "printing the way you want it at the time you want it."

Dr. Howe, who was on the staff of the hospital at Matheson for six months or so, left recently for Toronto. He is succeeded on the hospital staff by Dr. Arnott, of Toronto.

Cancer Hope

DR. HARRY COKE

The discovery of a serum said to retard growth of cancer is attracting considerable attention in English medical circles. Dr. Harry Coke (above), 25-year-old London physician, produced the serum after seven years of experimentation.

NOTED EVANGELIST TO BE AT GRACE CHAPEL, SUNDAY

Charles Innis, of Brantford, the well-known evangelist and bible teacher, will have charge of the Sunday evening service at Grace Chapel, 75 Elm street, south, on Sunday, Oct. 4th, the service commencing at 7 p.m.

More than a million dollars will be spent by the Department of Northern Development on roads and similar work in the Sudbury district and Manitoulin Island this coming winter.

Opening Whist Drive of Ambulance Brigade

There were thirty-two tables at the whist drive held in the Hollinger Recreation hall on Friday, Sept. 25th, under the auspices of the St. John Ambulance Brigade. The special voucher prize of \$15.00 was won by Mrs. J. Parks. Mrs. B. Ash won first for ladies and B. Day first for gentlemen, each \$5.00 vouchers. The second prizes of vouchers for \$2.50 each were won by Mrs. G. Jopson, ladies, and T. Wilkinson, gentlemen. The evening was a very pleasant one and was a good fore-runner for the series of whist drives to come under the same auspices.

There will be a whist drive the second Friday in each month in the Hollinger Recreation hall at 8.15 p.m. sharp. Good prizes will be awarded. The next whist drive will be on Oct. 9th in the Hollinger hall. It should be noted that no one will be allowed to start after the first hand has been played. The prizes will be as follows:—highest score in room, value \$20.00; first prize, lady and first prize gentleman, each \$5.00; second prize, lady, and second prize, gentleman, each \$2.50; special prize, lady, and special prize, gentleman each \$1.00. The prizes will be vouchers for goods. The prizes will total \$37.00.

Preventable Fires Cause of Immense Loss

A proclamation issued by the Governor-General appoints the week of the fourth to the tenth of October as "Fire Prevention Week." The average annual loss of insurable property in Canada from fire exceeds the enormous sum of \$45,000,000. More than 300 persons lose their lives every year as a result of fire. The loss is largely distributed over the entire population through the agency of fire insurance which imposes an inescapable and burdensome tax upon industry and thrift, and substantially adds to the cost of living. At least 80 per cent. of these fires originate through inexcusable ignorance and neglect, and are therefore preventable. The proclamation urges inspection of all dwellings, stores, hotels, theatres and other buildings, the holding of the fire drills in schools, the co-operation of Boy Scouts with municipal fire brigades, and other means of reducing this annual wastage.

Northern Firemen Appoint Officers

Kirkland Lake Man Head of Association. Chief Robinson, of Kapuskasing, Vice-President. Tournament to be held at Kirkland Lake.

The annual meeting of the Temiskaming Firemen's Association was held at North Bay this week with a good attendance from most of the brigades making up the association. For some years past the Timmins fire brigade has not been a member of the association, but the organization has a good representation of members among the fire brigades of the North Land. It was expected to have Hon. W. A. Gordon, Minister of Immigration and Colonization, and Minister of Mines, in the Ottawa Government, as the chief speaker at the gathering, but Mr. Gordon was unable to attend on account of the pressure of his duties at Ottawa. Geo. W. Lee, chairman of the T. & N. O. Railway Commission, who has been for years a special friend of the association was featured as one of the special speakers for the occasion.

On Monday there was a demonstration by Fire Chief Brady and a volunteer brigade from the C.P.R. shops, the visiting firemen finding this of special interest and value. After the demonstration the regular business of the meeting was taken up. There were a number of papers on fire protection and fire-fighting, these being of much value to the members.

The election of officers for the ensuing year resulted as follows:—

President—J. C. Page, of the Kirkland Lake fire brigade.

First vice-president—Fire Chief Second Robinson, of Kapuskasing, formerly of the Timmins fire department.

Second vice-president—Chief Douglas, of the Hill-Clark-Francis brigade, New Liskeard.

Secretary-treasurer—Fred Thompson, of New Liskeard, who has given very general satisfaction in this capacity since the association was organized.

Kirkland Lake was then unanimously chosen as the next meeting place of the association, and the place where the annual tournament will be held next July.

A past president's jewel was presented to C. P. Ross, Cobalt, the presentation being made by Reeve Hunt, Kirkland Lake. The newly elected vice-presidents were introduced and spoke briefly.

A vote of thanks to Chief Brady and Mrs. Brady, Mayor Rowe and other residents of North Bay for their kind hospitality was carried unanimously. There was a brief response by Chief Brady.

Schumacher Church Ready for Winter

Boys' Own Club, Ladies' Auxiliary and Other Organizations Very Active. Special Series of Sermons.

Schumacher, Sept. 30th, 1931.—The warm days and spells of sunshine had a tendency to keep folks out of doors during September, but the Schumacher United Church is getting into its stride for a good fall and winter programme. As soon as he returned from vacation Mr. Boyce rallied his Boys' Own Club with a camping trip. The girls are meeting. The Ladies' Auxiliary (always on the job) are conducting afternoon teas and bake sales, while the official board is seriously concerned with the question of making Trinity an ever-increasing factor in community life. It is the consensus of opinion that the church interior was never more attractive than at the Harvest Home services, and the thanks of the workers go to tradesmen and friends for their gifts of fruit, flowers and vegetables which were sold on the Monday for a tidy sum. The thanks of the official board go to Rev. L. Hussey and Rev. Bruce Millar for their preaching ministrations that are generally credited with the victory for his team in the Boxer Cup and it is admitted by all that he played a stellar game. Both teams put up a hard match and the contest was not allowed to slacken from start to finish. The only goal of the game was in the first half, the scoring being done by Summers on a pass from Callaghan. Both teams tried hard all through but the score was held at that 1-0 stand all through. The Dome goalie, Baxter, received a badly bruised shoulder in a fall in the first half but played through the match though no doubt it made his work harder for him. Jim Connors, McIntyre back, also was among the casualties, being off for a few minutes in the second half following a Dome attack which seemed to centre round him. The two teams did their best, the one to increase that one goal lead and the other to change that cipher to some better figure, but the record of the first was the same as the final score, 1 to 0. P. Larmer refereed a good game.

McIntyre Mines:—goal, Leonard; backs, Connors and J. Jones; halves, Hall, Stewart, and O'Donnell; forwards, Chalmers, Callaghan, Tattersall, Summers and Gray.

Dome Mines:—goal, Baxter; backs, Foster and McGuire; halves, Munro, Crawford and T. Blair; forwards, Jones, Cook, W. White, J. White and Gardiner.
