## REVISED TRAIN SCHEDULES IN THIS NORTH COUNTRY

The following reference in regard to the changes in train service going into effect on Nov. 22nd, is from last week's issue of The Northern Tribune of Kapuskasing:—

"Extensive changes in passenger service schedules on the C.N.R., made necessary by the cancellation of Nos. 1 and 2 transcontinental running between North Bay and Nakina, have now been made public. They go into effect at midnight Sunday, Nov. 22nd.

"Train No. 47 will now leave Toronto daily at 9:45 p.m., arriving at North Bay at 6:40 a.m., where it will connect with No. 1 from Montreal. Continuing north, this train reaches Cochrane at 5 p.m., which is earlier than No. 1's old time by over two hours.

"Train No. 46 southbound will leave Tuesday morning. Train No. 680 will

Cochrane daily at 1 p.m., arriving at North Bay 10:50 p.m. and at Toronto 7:30 next a.m. The Montreal connection will land passengers there at 11:45 a.m.

"The local train between Hearst and Cochrane will be put on again, but is not to run Sundays. (There will be strong protest against the omission of the Sunday train, now that Nos. 1 and 2 are cancelled, because Saturday mails and express from Toronto and Montreal are the heaviest of the week, and under the new regulations Kapuskasing would not receive this mail and express until leave Hearst at 6:20 a.m., reaching Cochrane at 10:55 a.m. Returning from Cochrane at 6:25 p.m., it will reach Hearst at 11 p.m.

"Mayor Noble was in Montreal this week conferring with C.N.R. executives about the changes in train schedules. Two delegates from Cochrane also went down and presented a case for better service. Sir Henry Thornton announced that the matter would be re-opened with a view to consideration of the new angles presented to him. There is a feeling that the new schedules may soon be modified, or even that Nos. 1 and 2 will be restored as far as Nakina, where consolidation with Nos. 3 and 4 would then take place instead of at Capreol."

## Coal Production During Last Year in Dominion

Coal production in Canada during 1930 amounted to 14,881,324 short tons, which was 15 per cent lower than the total output for 1929 according to the final report on "Coal Statistics for Canada" just issued by the Dominion Bureau of Statistics.

Production was less in all coal producing provinces. Nova Scotia mines showed a decline of 11 per cent, New Brunswick output was off 4 per cent, Saskatchewan production was slightly under the previous year, output from Alberta was less by 20 per cent, and the British Columbia decline was about 16 per cent.

The report contains figures on Canadian production, imports, exports, consumption, prices, mine accident and world production. Each coal producing province is reviewed in a separate chapter and detailed statistics on capital employed, salaries and wages paid, man-days work done, etc., are shown, together with a list of the names, location and output of the principal Canadian collieries.

Nov. 25th was the date of the first snow this year that could really be said to cover the ground. It isn't staying either, but it does look like the first of the real-winter stuff.

## FOOTBALL FINALS SHOULD BE MORE FAIRLY REGULATED

(From The North Bay Nugget)  
The Dome Mines soccer team, South Porcupine, champions of Cochrane and Temiskaming districts, will not this year realize their ambition of making a try to lift the coveted Ontario Cup. They have notified the Ontario Football Association that they will not be available for the finals which have not yet been reached. The O.F.A. is now taking a poll of its members to determine whether it is the desire of the majority to finish the fight this year or hold it over until spring. As far as Northern Ontario is concerned the Ontario Cup series has become a joke. Kirkland Lake was forced to kick their heels together until the ground was blanketed with snow before being summoned for the finals last year. Why is it the football moguls cannot regulate their playdowns like other sport organizations? Imagine starting a championship series with no definite or fixed date for the finals! Another point, the Dome Mines team is known in Toronto as the "champions of Northern Ontario." What about the champions of the North Bay, Sudbury district and Northern Ontario Football Association champions? In reality Dome Mines cannot claim supremacy outside Cochrane and Temiskaming districts until they prove the right.
