

Several Charges of Shooting on Sunday

Fines Imposed and Guns Confiscated in Cases Where Rifles Discharged on Sunday. Other Cases at Police Court Here This Week.

Police court this week was featured by a number of cases laid by R. Edleston, game warden, against men for firing rifles between Saturday at sunrise and Monday contrary to the Game and Fisheries Act, in other words, shooting on Sunday. One of the cases was withdrawn and one boy found guilty was given suspended sentence. The six others were each fined \$10.00 and costs or thirty days. All but one were willing to pay the fine, this one saying he had no money to pay and would have to take the term. All the guns were confiscated, this being part of the penalty. The shooting took place in the township of Ogden.

The case of W. Dubeau under the Wives and Children's Maintenance Act was again before the court and the defendant was ordered to pay \$9.00 per week.

A young lady from Kapuskasing charged with the theft of a watch paid the costs of the court and the case was withdrawn.

Marcel Riard was charged with forcibly entering the premises occupied by Leo Beaudoin contrary to section 103 of the criminal code. He elected to be tried by a higher court and asked for an adjournment for a week for the preliminary hearing to allow of him having one of his witnesses present. The remand was granted.

Luigi Dellantonio faced two charges, one of assault and the other of illegal possession of firearms while being an alien. The cases were remanded to next week.

A woman on Elm street who had been dispossessed by the sheriff on account of a foreclosed mortgage re-entered in possession of the house after the officers left. As a result a charge was laid against her under the section of the criminal code in regard to forcible entry. She was summoned to appear in court on Tuesday but failed to appear and a bench warrant was issued for her arrest. After she was brought to court the case was adjourned to next week. When she returned to the house she found the officials had retaken possession.

Arthur Smith, Mountjoy street, charged with high-grading, was granted a remand for a week.

One common drunk was fined the usual ten and costs.

One man was charged with permitting drunkenness in his house. The case was dismissed. The evidence showed that the drunk was intoxicated when he came to the house and the head of the house did not let him in, being out at the time.

An amusing incident of the court was the answer of a Finlander when questioned as to where he was born. He said he did not know whether he was born in Canada or not. It developed that he was born in Cobalt.

Rev. Dr. Cochrane, Eloquent Speaker to be at United Church Sunday Morning to Urge Assistance for These in Drought Area.

Rev. R. B. Cochrane, D.D., of the United Church Mission Board, will speak at the United Church, Timmins, on Sunday morning, Nov. 29th, at 11 a.m., on behalf of the sufferers in the drought area of Saskatchewan where conditions are such as to rouse the desire of all to help these fellow Canadians in their time of need. Rev. Dr. Cochrane, who is a speaker of unusual eloquence and power, will urge the most generous contributions possible from the good people of Timmins to the Home Mission funds, the money so raised to be earmarked for use in relieving the great need of these in the drought area of the West. Rev. Dr. Cochrane is at present on a tour of Ontario to raise money for the further assistance of the Saskatchewan people who are in such dire distress. For Timmins the accredited treasurer for the fund is W. Ringsleben, and all who are able should see that as generous donations as possible should be handed to Mr. Ringsleben for the relief of the sufferers in the drought area. The story of the great need, of the hopeless situation that faces so many, will be forcefully and earnestly told here on Sunday morning. Everyone who can should hear Rev. Dr. Cochrane. He can make the appeal much more ably than can be done in these columns. There is an area in Saskatchewan approximately 150 by 200 miles in extent, and in that district the most pitiful conditions prevail. There are parts of the West that have enjoyed a rich harvest this year and so are hopeful and optimistic, even though they do not have much money as yet. In the famine area, however, were it not for the work of the United Church, the Catholic Church and other agencies for good, the situation would be desperate, indeed. As it is, the churches already have done so much that with-

Street Lights Not Off for Much Length of Time

In the police court report last week there was a reference to the case of a young man who borrowed a friend's car and drove into a power line pole, causing the breakage of a wire and resulting in the putting out of the street lights in part of the town. The Advance said that the lights were off for "several hours." The power company management points out that the lights were not long off after they were notified of the matter. Within an hour of the time they were told by the police that the lights were out in the north-eastern part of the town, the power company had located the trouble and had the lights going again all right. It may be noted that the police informed the power company of the lights being out as soon as the matter came to the notice of one of the men on patrol. It thus happens that the lights could not have been out more than a couple of hours which is good enough service. The term "several" is quite elastic. One of the definitions given in the King's English dictionary for several is "more than two, but not very many," so The Advance could maintain that its reference was strictly correct. Under the common acceptance of the word, however, "several" is taken to mean at least four or five, so it may be only fair to say that under this meaning of the word the light could not be considered to be out for "several" hours. "A couple of hours" would have been more within the limit, and at that the power company showed very prompt action in remedying the trouble. The service by the power company is always good and there is no fault to find upon that score.

To Appeal for Help for Stricken West

Rev. Dr. Cochrane, Eloquent Speaker to be at United Church Sunday Morning to Urge Assistance for These in Drought Area.

Rev. R. B. Cochrane, D.D., of the United Church Mission Board, will speak at the United Church, Timmins, on Sunday morning, Nov. 29th, at 11 a.m., on behalf of the sufferers in the drought area of Saskatchewan where conditions are such as to rouse the desire of all to help these fellow Canadians in their time of need. Rev. Dr. Cochrane, who is a speaker of unusual eloquence and power, will urge the most generous contributions possible from the good people of Timmins to the Home Mission funds, the money so raised to be earmarked for use in relieving the great need of these in the drought area of the West. Rev. Dr. Cochrane is at present on a tour of Ontario to raise money for the further assistance of the Saskatchewan people who are in such dire distress. For Timmins the accredited treasurer for the fund is W. Ringsleben, and all who are able should see that as generous donations as possible should be handed to Mr. Ringsleben for the relief of the sufferers in the drought area. The story of the great need, of the hopeless situation that faces so many, will be forcefully and earnestly told here on Sunday morning. Everyone who can should hear Rev. Dr. Cochrane. He can make the appeal much more ably than can be done in these columns. There is an area in Saskatchewan approximately 150 by 200 miles in extent, and in that district the most pitiful conditions prevail. There are parts of the West that have enjoyed a rich harvest this year and so are hopeful and optimistic, even though they do not have much money as yet. In the famine area, however, were it not for the work of the United Church, the Catholic Church and other agencies for good, the situation would be desperate, indeed. As it is, the churches already have done so much that with-

out further aid they cannot continue and starvation and misery will overtake literally hundreds of good people. For the third year in succession there has been prolonged drought in certain sections of Saskatchewan and once again thousands of farmers are faced with no crop and no feed for horses and cattle. Thousands must be given food, fuel and clothing this winter. Ministers of the United Church write that ninety per cent. of their people must be kept during the long months ahead. The Governments, both Dominion and Provincial, have recognized their responsibility. Saskatchewan expects that at least eighteen million dollars will be required for relief in that province. The Red Cross is assisting in the distribution of clothing, etc. These agencies, however, have made it plain that they need and desire the fullest possible co-operation and help from the churches of all denominations unless suffering is to prevail. Hence, the present appeal. In the drought area churches are being forced to close, ministers are without means to carry on their work, and unless help is forthcoming the church will appear to have failed. Dr. Cochrane is confident that the church will not fail because the people will not fail in support. He says that the West is not down and out and he illustrates this fact by telling of the noble self-sacrifice of the ministers and the cheerful courage of the people. "Come back in two years and we'll show you a country!" one man told him at parting. "Such an attitude," says Rev. Dr. Cochrane, "challenges Christian people to sacrifice effort and renewed consecration to the task of building up the Kingdom of God in Canada." It will take thousands, he says, to help them through their time of difficulty, but he is confident of the response that will be given by their more favourably situated fellow-Canadians.

On Sunday morning at the United Church at Timmins Rev. Dr. Cochrane will explain the case in detail, with individual examples and full particulars. All who can should attend the service and learn the facts in the case.

Rev. Dr. Cochrane will also speak at South Porcupine on Sunday at 3 p.m., and at Schumacher at 7 p.m.

UNITED MALE CHOIR TO BE AT SOUTH PORCUPINE SUNDAY

Residents of South Porcupine and the Dome will have an opportunity of hearing the Schumacher United Male Choir next Sunday evening, Nov. 29th, in the hall of the High School, South Porcupine. This will be the second appearance of this well-known musical organization this season, and as they have added some good new numbers to their former repertoire and in addition have enrolled some new members who are pleasing soloists it is very probable that there will be a large and appreciative audience to greet them on Sunday evening after the church services at South Porcupine.

Mrs. E. H. Hill was taken to St. Mary's hospital on Friday afternoon, and it was found necessary to operate upon her for appendicitis on Saturday morning. Mrs. Hill was seriously ill for a day or so, but her hosts of friends in the town and district will be pleased to know that the operation was successful and she is now making excellent progress to recovery.
