

Presentation Made to Don. Sutherland

Manager of Imperial Bank Branch Here Honoured This Week Previous to Leaving for New Post. Many Social Events in Honour of Mr. and Mrs. Sutherland.

The general regret felt here at the expected removal of Donald Sutherland, for over eleven years manager of the Timmins branch of the Imperial Bank, was evidenced by the number of social gatherings held in honour of Mr. and Mrs. Sutherland and to bid them farewell and extend good wishes for them in their new location. During the past week there have been a number of these farewell parties and many presentations have been made.

On Monday afternoon there was one of a public nature, so far as the time and disposal would allow, a number of the friends of Mr. Sutherland gathered at the Empire hotel to express their appreciation of his good citizenship and to attest his general popularity during his residence in Timmins. Gordon H. Gauthier presided at the event and there were present about fifty or sixty of the leading men of the community, including the heads of the mines, leading business and professional men and others. Addresses, brief but pointed, were made by A. F. Brigham, general manager of the Hollinger, John Knox, assistant manager, W. O. Langdon, president of the Timmins board of trade, and leading men in business and the professions, including a full representation of the managers of the other banks in the district. Mr. Sutherland was presented with a purse of gold and an illuminated address expressing the appreciation felt by all for his sincere good citizenship, his high personal character and his genial disposition. Personal friends added their expressions of esteem to those of his business friends, who were also his personal friends. The presentation was made by Mayor Geo. S. Drew, on behalf of Mr. Sutherland's friends. On the back of the address was a list of those present as a souvenir of the hosts of friends Mr. Sutherland has made here. The event at the New Empire hotel was a very pleasant event, the arrangements made by Leo Mascioli who kindly looked after this part of the event assuring the success of this banquet.

Mr. Sutherland has been in Timmins for some seven years and has been active and helpful in many lines of public service. He was connected with the board of trade, the Children's Aid Society, the Curling Club Co., the Golf Club, and was always ready to help along sports and other town activities. The local bankers' association also expressed its appreciation of the good citizenship of Mr. Sutherland previous to his leaving here.

Mr. and Mrs. Sutherland and daughter, Jean, left at noon on Tuesday for Brantford, Ont., Mr. Sutherland being promoted to the management of that branch of the Imperial Bank. Mr. and Mrs. Sutherland and daughter will be followed by the best wishes of all, and there is very sincere and general regret at their departure.

Mr. Searth, recently manager of the Sudbury branch of the Imperial Bank is the new manager here to take Mr. Sutherland's place.

Five Hundred Enjoy the Legion Parties

Children of the Members of the Legion and from Soldiers' Families have Big, Happy Time at Legion Events on Monday. Youngsters at Shelter Also Remembered.

The children's parties arranged by the Legion in Timmins and South Porcupine were very popular events. In all a total of nearly 500 children were entertained and given a real good time. At both the Hollinger and Oddfellows' halls on Monday the kiddies were given a bag of candy and fruit. Santa Claus was very good this year to everyone. This year he didn't bring his toys with him, but sent in a big order to Marshall-Ecclestone Ltd., to have them all ready for him. There was a wonderful array upon his arrival and all the boys and girls received a gift worthy of the occasion. Games were played and the children supplied a short programme of recitations and other selections.

The event at the Dome School on Tuesday was also a very enjoyable one for the kiddies there, the ladies of the Dome providing a nice lunch, and the children each receiving a present, and all the other things, the same as the Timmins and Schumacher children.

The Ladies' Auxiliary served a very attractive lunch to the grown-ups in Timmins and this was much enjoyed. In addition to the large number of Legion children given a good Christmas party, the children at the Children's Aid Shelter were paid a visit by Santa Claus and he left splendid toys and games to all of the little ones there. The visit of Santa Claus to the Legion children will long be remembered and all are hoping to be able to see him again on his visit next year.

May Retire

SENATOR GIDEON ROBERTSON May have to relinquish the post of Minister of Labour in the Dominion Cabinet on account of illness. He came out of hospital this week, but his physicians state he must have complete rest.

Timmins Built 133 New Houses in 1931

New Estimates for Buildings Under Permits Over \$234,000, Representing Considerably More Than This Value.

A check-up on the building permits issued in town to date shows that the estimated value of the buildings covered by the permits is \$234,155.00. While this amount is the total of the estimated cost of the various buildings, alterations and repairs, it is only a small proportion of the actual cost. For instance, one building estimated to cost \$3,000.00 is known to have cost double that amount, and it is safe to say that very, very few of the new structures cost as little as at first estimated. In no case known was the actual cost less than the estimate and in most cases the cost was much greater than the preliminary estimate. As a consequence it may be said the new buildings and the alterations and improvements represent a figure at least around \$250,000.00.

It is interesting to note that the number of building permits granted during the year, the number being 275, there were 133 for new houses in town. The total estimated cost of these new houses was \$111,975.00. This gives an average value of a little over \$840.00 to each house. The lowness of this figure is due to the usual underestimate made of the cost, and also to the fact that a number of small houses is included as well as houses erected by the owners for their own use and by their own labour and figured in such cases as only costing what the actual purchased material may amount to.

During the year alterations and improvements were made to a large number of buildings here, the total estimated cost of this being \$32,410.00. The largest part of this is for alterations, improvements and additions to residences and for small garages erected for personal cars.

It is worthy of note that a study of the figures in connection with the building permits show that the amount of building in progress during the year was very largely in connection with homes. In the business section of the town the amount covered by the permits for new buildings and additions and improvements is \$99,720.00. In this figure is included \$65,000.00 for additions to the High and Vocational School. Among the other new buildings were two pasteurization plants, a store on Birch street, a bakeshop in Moneta, and three new service stations.

Many Fine Christmas Trees in Timmins This Christmas

The Christmas Trees in Timmins this year have been especially pleasing and successful and the youngsters have had a big time. The schools and the churches have held their usual Christmas events and all have been well attended and attractive.

In addition to those mentioned elsewhere in this issue it may be noted that the Sons of England Christmas Tree on Friday last was a big and happy event, with the presents of specially attractive kind. The same may be said in reference to the All-Britain Social Club event.

On account of the Advance being published a day earlier than usual reports could not be made of the Salvation Army Christmas Tree and concert on Wednesday evening of this week, nor of the Cornish Social Club Christmas Tree and entertainment in the Hollinger Recreation hall on the same date. Special attractions at the Cornish Club event will be Santa Claus in person, the Timmins Citizens' Band and the Schumacher Male Choir.

Wm. Parcher returned to town last week after several months spent in the East, and is being warmly welcomed here by hosts of old friends.

Plays Presented at T. H. & V. Schools

Events on Wednesday and Thursday of Last Week Well Attended and Students Show Much Dramatic Talent.

The plays presented at the Timmins High and Vocational School auditorium on Wednesday and Thursday evenings of last week delighted the large crowds attending. The number present on each occasion was gratifying and both evenings the plays proved successful and attractive. Much credit is due to Miss MacNamara and Miss Garrow for the time and talent given to the supervision of these plays, while the work of the students taking part also won very general commendation.

The first play presented each evening was 'Evening Dress Indispensable,' the scene of which was laid in the home of an English widow. The cast was as follows:

Mrs. Wayberry, a widow, 38 years of age, who has given up all her social expectations for a literary career. This was played effectively by Miss Katrine Morin.

Shella, her daughter, who like her mother, no longer has any desire for society. The part was well presented by Miss Dorothy Laidlaw.

George Connaugh, a bachelor, 40 years of age, who is in love with Mrs. Wayberry. Wilfred Shields showed ability and effectiveness in this part.

Geoffrey Chandler, a tutor for Shella's hand, who cannot understand Shella's sudden love for art. Fred Grant was good in this part.

The action of the other play, 'The Travellers' took place in Sicily. A party of American tourists are journeying through Sicily and because of the fear of bandits along the highway are forced to spend a night in a Sicilian inn. The cast was as follows:

Mr. Roberts (Gerald Killen) and his wife (Miss Eva Monck), who with her daughter, Jessie (Miss Clair Halperin), kept the audience on 'pins and needles' with their antics. Emile Clement and Herbert Parsons, the former taking the part of 'La Sera', the courier, and the latter that of the chauffeur, played the parts of two Italians extremely well. The Sicilians, proprietors of the inn, were Elia Zuliani, Leo Del Villano and Bill De Luca, and they contributed to the pleasure of the evening. Mrs. S. I. well and her son, Fred, were two other American tourists who were spending the night at the hotel. These parts were very well taken by Miss Vieno Lindross and Tom Leck.

It may be said that all the parts were very ably taken and the plays presented in very clear way and all attending on either night are agreed that the plays were given in very skillful way and made an excellent entertainment, well worth several times the price of admission.

Special Treat at Both Theatres Here This Week

The Goldfields theatre and the New Empire theatre this week are both showing the generosity of the Christmas season by gifts to their patrons. As announced last week, on Wednesday and Thursday of this week, afternoon and evening, at both theatres there was a box of candies for each adult attending the show. One lady suggests this week that Leo Mascioli must have bought out a chocolate factory, from the amount of the sweet goods at disposal.

In the free distribution of sweets the youngsters are not overlooked by any means. On Thursday of this week, Dec. 24th, there are special matinees in the afternoon, and at these the children will each and all be given a chocolate or candy bar. These bars are nearly all big ones the kind the youngsters like. The first matinee will begin at 1 p.m., and the next at 2.45 p.m. The admission to these matinees on Thursday is the nominal one of ten cents so as to place it in the reach of all. Mr. Mascioli with his usual remembrance of the youngsters at the Shelter has invited these kiddies to be his guests for the occasion.

Man Dies from Injuries in Accident at Hollinger

John Sepalla, a native of Finland, about 37 years of age, died at the hospital following injuries received in a blasting accident at the Hollinger Mine on Saturday evening. Sepalla was acting as a watchman for a blast and though a good distance away, was seriously injured when the blast occurred. It is said that he was standing in front of a diamond drill hole as the blast occurred and that the concussion through the drill hole threw him against the wall of the drift, fracturing ribs and causing other injuries. He was taken to the hospital but died from the injuries and from shock. An inquest will be held to enquire into the accident. The funeral took place on Tuesday afternoon from S. T. Walker's undertaking parlours, services being conducted by Rev. A. Lappala. The late John Sepalla is survived by his widow residing in Finland.

This week the Turkey Stag sent out over 160 hampers of Christmas cheer.

Popular Young Couple Wedded Here Saturday

A pretty wedding was held at the home of Rev. Bruce Millar on Saturday, Dec. 19th, when Miss Aina Bjork, only daughter of Mr. and Mrs. E. Bjork, was united in the holy bonds of matrimony to Mr. Donald E. Browne, of Timmins. The bride looked charming in white satin with lace jacket, hat and shoes to match, and carrying a bouquet of tea roses and narcissus. Miss Anne Gurevitch was bridesmaid and looked lovely in a gown of green satin. Mr. John Engstrom, cousin of the bride, was best man.

A reception was held later at the home of Mrs. A. Scott, about a hundred guests being present. The evening was spent in dancing and was most enjoyable. Tea was served, the cutting of the wedding cake being a special feature. One of the out-of-town guests was Mrs. J. Mustato, of Kirkland Lake, sister of the groom.

Sudbury Constable Murdered on Monday

Officer Albert Nault, of the Sudbury Force, Shot Through the Head Shortly After Midnight on Sunday. Reward Offered for Information.

Constable Albert Nault, of the Sudbury police force, was shot dead shortly after midnight on Sunday, his dead body being found at 3.30 on Monday morning on the platform of the Canadian National Railway freight sheds. The body was found by a car checker and the police were at once notified of the tragedy. The unfortunate man was shot through the front of the head, death being instantaneous. There were indications that a struggle had taken place. Constable Nault had his policeman's club in his hand as if he were attempting to defend himself. His handcuffs and flashlight were missing and there is a possibility that he made an arrest and that the shooting of the officer allowed the prisoner to escape. Word from Sudbury suggests that the front part of the head was blown off, indicating that the shooting was done at close range. The bullet was found imbedded in the skull. It was thought at first that the officer had perhaps disturbed burglars in the act of breaking into the freight sheds, railway cars or other structures near where he was found, but a careful check-up was made on the cars and other property and there was no sign of any attempted burglary. Another theory is that the murder was committed by the Ottawa criminal who a few days before shot down a man while robbing a garage. There does not seem to be much to uphold this idea. Still another theory is that the cowardly crime was the work of some of the alien agitators recently active in Sudbury and whose activities have been effectively curbed by the Sudbury police. There does not seem to be much to justify this theory. All the police in the Sudbury district, including municipal and provincial police are working on the case, but there do not appear to be many valuable clues. A reward of \$2,000.00 has been offered for any information that may be given leading to the arrest of the guilty man or men. The late Albert Nault is survived by a wife and children.

Kiwanis Draw Has Been Postponed to January 25

The draw for prizes in connection with the Kiwanis Child Welfare drive has been postponed to Jan. 25th. It was originally intended to have the prizes awarded on Christmas Eve, but this has been found impossible. A number of the books of tickets were sent out of town and returns for these have not been made, so that the draw cannot be carried through at present. At the last meeting of the Kiwanis it was accordingly decided to postpone the draw to Jan. 25th. It will take place on that date at the Servall Service Station at the corner of Third avenue and Cedar street, opposite Dalton's.

Band Concert Sunday Delighted Big Crowd

The band concert on Sunday evening last in the Goldfields theatre after the church services proved one of the best held for years. Timmins Citizens' Band rendered a number of selections, appropriate to the occasion, the playing of the band winning general approval. The special feature of the evening was the carol singing by the Cornish Social Club Choir under the leadership of Edgar Stevens. The singing of this choir won the very heartiest appreciation and the Christmas flavour of the carols added to the pleasure felt in these excellent numbers. There were also a number of other selections, both instrumental and vocal, that delighted all, including solos by Messrs Province and Allen. Another pleasing feature of the programme was an excellent piano solo by Miss Helen Crews. Ted Rowe was the chairman for the evening and carried through the duties of that office in very effective way. There was a large attendance and all present were well pleased with the event, and found the carol singing of particular timeliness and interest.

EDUCATIONAL NIGHT AT THE ST. MATTHEW'S A.Y.P.A.

St. Matthew's A.Y.P.A. held an Educational Night last Tuesday when S. G. Fowler gave an interesting description of the process of manufacturing corn flakes and kindred cereals. At the conclusion of the address the members were served corn flakes and cream. A most profitable evening was enjoyed by all.

The Christmas services at the United Church last Sunday were particularly attractive, the musical features being especially pleasing. The new organ was in place for the services.

Commencement Exercises at High and Vocational School

Interesting Programme at Timmins High and Vocational School on Friday Evening. Presentation of Diplomas, Medals, Trophies, Etc. Interesting and Inspiring Addresses. Excellent Musical and Literary Numbers by Talented Students.

There was a good attendance at the annual commencement exercises of the Timmins High and Vocational School on Friday evening last, and the programme for the evening was much appreciated. The chairman for the evening was M. B. Scott, who carried through the duties of the office in very effective way. His address in opening the event was a helpful and inspiring one for students and parents alike. Another outstanding address during the evening was that of E. L. Longmore whose talk to the graduates was valuable indeed. In presenting the diplomas, prizes, trophies, etc., other speakers briefly but effectively added to the advantage of the evening. The musical and other numbers by the pupils of the school were all of notable excellence. The event opened with 'O Canada,' with Miss May Habib at the piano. A piano duet by Miss May Habib and Laura Birce was very special applause. They played 'The Magna Charta March' in very effective way. David Horwitz, in the violin solo, 'Salut D'Amour,' accompanied by Miss Claire Halperin on the piano, delighted all with his remarkable talent as a violinist. The Irish Jig dance by Misses Nellie Stachow, Annie Stachow, Audrey Bourne, Dorothy Walker, Ethel Taylor and Francis Bobinski, with Miss Claire Halperin at the piano made a very decided hit and won much applause on merit. Miss Gabrielle Larcher's sympathetic rendition of 'Just a Memory,' with Miss Teresa DeMille at the piano was another of the evening's outstanding numbers. The Sailor's Hornpipe was very gracefully and pleasingly presented by Misses Margaret Easton and Helen Chisholm, accompanied by Miss May Habib at the piano. The piano solo, 'The Flower Song,' by Ken Tomkinson, won the heartiest approval and was considered as a special number on the evening's programme. Miss Jean Scott gave the Valedictory Address and this was one of the most interesting and pleasing features of the evening. An address by Principal S. E. Henry was one of the numbers that was also much appreciated as of value and benefit to all.

The presentation of Vocational diplomas was made by J. P. Burke. Vocational diplomas were awarded to the following:—Commercial—Ida Bucovetsky, Dorothy Johns, Edna Kulja, Elvi Pesonen, May Tinaloy. Electricity—Richard Calverley, Arthur Higginbotham. Machine Shop—Fred Jaakola. Mining—Toivo Niemi. Machine Shop—Joseph Pichuta.

The presentation of the Dr. Honey prizes and the L. Halperin medal was made by Mayor Geo. S. Drew. The Dr. Honey prizes were handsome volumes than any student would be proud to receive. The winners were as follows:—High School, Form V.—Margaret McKay, first; Dorothy Armstrong second. Form IV.—Mary Williams, first; Erma Haataja, second. Form III.—Doris Macpherson, first; Audrey Bourne, second. Form II.—Constance Harris, first; Allan Longmore, second. Form I.—Louise Abraham, first; Sam Finkelman, second. Vocational School.—Tech. I.—O. Pietila, first; T. Leck, second. Tech. II and III, Machine, Fred Jaakola; Electrical Alex Gregulski; Mining, Dennis Duxfield. 1st Commercial—Elsie Richardson, first; Fleur-Ange Perreault, second. 2nd, Commercial—Ora Kulja, first; Vieno Lindross, second. 3rd Commercial—Ida Bucovetsky, first; Dorothy Johns, second.

Mr. Broderick awarded books to Alex Gregulski and Richard Calverley, for Electricity.

The L. Halperin medal was awarded to Margaret McKay for the highest Upper School marks.

M. B. Scott presented the High School graduation diplomas to the following: Gladys McIvor, Mabel Richardson, Jean Scott, Wilfred Shields, Ernest Burnett, Laura Birce, Walter Finkelman, Thomas Goodman, Grant Barron, Margaret Beadman, Mary Williams, Erma Haataja, Laura Hawse, Leonard McFadden, Mabel Beadman.

A. G. Irving presented the athletic prizes of which there were a large number. Among the boys, Ray Wallingford was Senior Champion, Salo Luhta Intermediate Champion and William Twaddle, Junior Champion. In the girls' athletic events, Olive Hawse was Senior Champion, Ethel Brown, Intermediate Champion, and Alice Wallingford, Junior Champion.

The programme closed with 'God Save the King,' Miss Teresa DeMille at the piano.

Ontario Gold Mines Produced \$3,666,270

Total Production for November Almost Reached that of October, According to the Dept. of Mines Figures.

Ontario gold mines, in November, produced a total of \$3,666,270 in bullion, again \$3,748,100 in October, \$3,850,284 in September, the record month to date, and \$3,063,865 in November, 1930, according to the statement issued by the Ontario department of mines. Both main camps, Kirkland Lake and Porcupine, showed small decreases, due possibly to the shorter month, which were partially offset by a substantial increase in production from north-western Ontario.

Output at Kirkland Lake totalled \$1,949,816 in November, a drop of \$31,373 from the record production reported for October. This camp is now leading Porcupine by a large margin. Output in the latter district was \$1,579,296, against \$1,671,035 in October and \$1,517,137 in November, 1930. Production of mines in Northwestern Ontario was \$137,158, in increase of \$42,282 over the previous monthly peak established in October.

For the 11 months ended Nov. 30, Ontario mines show total gold production of \$38,793,993, which compares with \$35,518,862 for the entire year 1930. There was no change in the number of producing mines during the month, with 15 properties contributing to the output. Individual mines, in order of output, were: Lake Shore, Hollinger, Teek-Hughes, McIntyre, Wright-Hargreaves, Dome, Howey, Sylvanite, Conaorium, Kirkland Lake Gold, Vipond, March, Barry-Hollinger, Parkhill and Mint.

Monthly output of Ontario gold mines (gold and silver values):

Telephone Now in to Bannockburn Area

Long Distance Phone Service Completely Installed from Elk Lake to the Mining Corporation's Property in Bannockburn.

The Matachewan gold camp now has long distance telephone connection with the outside, through the recent installation of a phone line from Elk Lake to the property of the Mining Corporation in Bannockburn township. Official word to this effect was received last week from P. R. Craven, secretary of the Northern Telephone Company, whose head office is at New Liskeard. Mr. Craven's letter says:—'You will be interested to know that we have just completed a long distance telephone line from Elk Lake to the Mining Corporation's property in Bannockburn township. This puts Bannockburn and Matachewan mining section in direct telephone communication with other mining sections in the North as well as with older parts of the province, and should be of considerable benefit to the mining companies, prospectors and others who are endeavouring to prove up another productive gold mining section.'

Up to date Kirkland Lake camp has produced \$92,000,000.00 in gold, according to figures quoted, while the Porcupine has produced \$280,000,000.00, so there need not be too much anxiety about which camp is leading in Canada. The hope is that both may continue, as there is every reason to believe they will, to increase production and advance in welfare.

Rebuffed

ADOLF HITLER The Fascist leader in Germany, received somewhat of a setback when President Von Hindenburg threatened to proclaim martial law if the Fascists in Germany attempted to ruin the constitution of the Fatherland. Hitler's (above) Party will not be allowed to wear their uniforms for a certain period.
