

Work Carried on in Diocese of Moosonee

Ten Years Ago it Took the Bishop of Moosonee Four Summers to Cover All his Diocese in His Pioneer Work.

In preparing the column "Ten Years Ago in Timmins," the following little article was encountered in the files, and in view of the naming of the terminal of the T. & N. O. extension the article seems timely to reproduce. The James Bay terminal of the T. & N. O. Railway has recently been named "Moosonee." From those who did not know the history of the name and all the reasons for the name some objection was made to the use of "Moosonee." As The Advance held some weeks ago the name "Moosonee" has nearly everything to commend it as a name. It is easy to spell, easy to pronounce, and it has distinction. It is an Indian name that is likely to become popular with English-speaking people. In addition it may be noted that it has been for many years the name of the large diocese of the Anglican church in Canada that has done such remarkable work in pioneering the far north for civilization and the church. This paragraph from The Advance of Feb. 15th, 1922, indicates something of the work carried on by the missionary effort of the Diocese of Moosonee, and it seems to be interesting to reproduce the article at this time:—

"Right Rev. J. G. Andersons, D.D., Bishop of Moosonee, made a pastoral visit to Timmins this week, taking part

in the services both morning and evening on Sunday at St. Matthew's church. Large congregations were present at the services and all were pleased and inspired by the earnest and impressive addresses by His Lordship. Special music by the choir was a feature of the services. At the evening service Bishop Anderson made an eloquent appeal for greater thought and effort and prayerfulness in regard to missionary work. He made fitting reference to the commission given to all Christians to carry the gospel to all peoples. This commission was both an obligation and a privilege. After pointing out that it takes four summers for him to visit all the missions under his charge, he gave a very interesting review of his journey last summer to the mission posts of the far north. Starting at Mattice he went north many days' journey by trail and canoe, visiting the communities and settlements where work was carried on by the Anglican church among the Indians and the few white people in that far north. He mentioned some of the handicaps encountered in carrying on the work of the church in the far north and urged all to rouse themselves to a realization of conditions prevailing. On the other hand, he spoke of the success of the work in many fields of the far north. At one place, where by actual count for the Dominion census, there were 434 persons, 416 of them belonged to the Anglican church. His Lordship referred to the fine church recently built at Mattice through the energy, effort and loyalty of the people there; mentioning also the good work maintained at Albany, Moose and other places in

Paymaster Mines Has Plan to Resume Activity

Shareholders of Paymaster Consolidated Mines, Ltd., are advised that a deal has been closed with New York financial interests, who contemplate financing the company. A call on one million shares of treasury stock has been issued, which upon completion will enable Paymaster to start operations as recommended. The directors in the past two years report success in paying off all current liabilities and obligations, including indebtedness liquidated, of over \$180,000. The statement is issued by E. H. Walker, vice-president.

A balance sheet up to June 13, 1931, is issued by Paymaster. At that time cash assets were \$30,384, against \$17,586 as liabilities and \$42,495 due on outstanding notes of United Mineral Lands Corporation. Since then accounts payable of \$11,121 have been met; notes payable \$6,475, and in addition reduced the outstanding notes of United Mineral Lands from \$42,495 to \$24,675. A further reduction in these obligations by \$5,000 this month is contemplated.

the Hudson Bay district. During his address he gave many very interesting and informative pointers about the people and the country in the region he had visited last summer, and he concluded by urging all to support the mission efforts by their money, their interest, their effort, their thought, and their prayers."

Canadians High at Lake Placid Events

Finish Third Among Athletes of Seventeen Nations. Take One First Place. Strong in the Demonstration Events.

A despatch this week from Lake Placid, New York State says that the Canadian Olympic winter games contingent struck their tents and left this Adirondack village for home on Sunday. They did not come back empty handed either, for the hockey championship of the third Olympic winter games will travel west with the Winnipeggers, stout-hearted band of Canadian hockey players who stood their ground through three hectic overtime periods in the final game Saturday to turn back the greatest threat the United States has ever made for the title. Though the final score was 2 to 2 the Canadians came out of the series two points ahead of the Americans.

It was the one Olympic title Canada was able to capture as contestants from seventeen nations struggled through two weeks of keen competition for the coveted Olympic honours in skiing, speed skating, figure skating, bobsledding and hockey.

The United States Olympic team had captured five titles up to Sunday with one bobsledding event to be decided yet on that breathless slide down the side of Mount Van Hoevenburg. The Americans carried off the championships in the four men's speedskating events, and the two-man bobsled race. The United States held first and second places in the four-man bobsled run with the finals scheduled for Monday.

Ski Victories
Prodigious leaps from the Intervales ski hill by youthful Norwegian jumpers and the easy grace of Miss Sonja Henie, pretty bobsled figure skater, captured three Olympic titles for Norway. Both the combined racing and jumping event and the big Olympic jump went to the Norwegians.

Canada's hockey title stood as her lone contribution to the Olympic tablet of honour, though Canadians gained places among the leaders in several events. Finland won the 50 kilometre ski race yesterday and France also gained one title when Pierre and Andre Brunet were judged the winners of the figure-skating championship for pairs.

The showing of the Canadians throughout the winter Olympiad was most encouraging. In Olympic events Alex Hurd, of Hamilton, was a close second to Jack Shea in the 1,500 metres speed skating and took third place in the 500 metres event. Willie Logan, Saint John speedster, was third in the 1,500 metres and third in the 5,000 metres. Frank Slack, of Winnipeg, placed third in the 10,000 metres and fourth in the 500 metres dash and fourth in the 1,500 metres. Montgomery Wilson, of Toronto, was third in the men's figure skating competition and his sister, Mrs. Constance Wilson Samuel, placed fourth in the women's division.

Exhibition Events
The Maple Leaf was much to the fore in the demonstration events on the programme. Four rinks of Canadian curlers representing Manitoba, Ontario, Northern Ontario and Quebec won 12 out of 16 curling matches with four United States rinks, Manitoba's curlers coming through the series unbeaten.

Emil St. Goddard, of The Pas, Manitoba, defeated Leonhard Seppala, of Alaska, in a 50-mile dogsled race, and Shorty Russick, of Flin Flon, Man., placed third and Harry Wheeler, of Ste. Jovite, Que., fourth.

Jean Wilson, of Toronto, beat an impressive array of women speed skaters to win the 500 metres race for women, with Leila Brooks-Potter, also of Toronto, fourth. Mrs. Potter hung up two new world's records in two successive days at the 1,000 and 1,500 metres distance, though she failed to carry the final heat in both cases. Hattie Donaldson, of Toronto, placed second in the 1,000 metres final and Jean Wilson was second in the 1,500 metres event after Mrs. Potter fell.

Canadian skiers had to bow to the Scandinavian representatives of that sport. Harry Pangman, of Montreal, John F. Currie, John Taylor and Bud Clark, all of Ottawa, were far down the list at the finish of the 18 kilometre cross-country race, won by Sven Utterstrom, of Sweden, and Jostein Nordmo, of Camrose, Alta. Art Gravel, of Montreal, Howard Bagguley, of Ottawa, and Ross Wilson were not among the leaders in the combined event.

Closing of Games
The 50 kilometre race around a trail winding high on the slopes of surrounding mountains drew four Canadian entries yesterday. Carl Engstad of Burnt Lake, B.C., was the only Canadian to finish the race, placing 16th. Harry Pingham of Montreal, David Hubert Douglas of Ottawa, and Wally Ryan, not completing the 31-mile test. Four Canadian jumpers were half way down the list in the Olympic ski jump. Bob Lyburne of Revelstoke, B.C., was 19th and Jacques Landry, Ottawa jumper, placed 20th. Arnold Stone, of Vancouver, and Les Gagne of Montreal were 29th and 30th.

The games closed Saturday in a blinding snowstorm. A brass band blared through the blizzard at the stadium as the Olympic medals were presented. National anthems were swelled up in the swirling curtain of snow. The Canadian hockey team stepped forward, still panting from their exertions in winning the hockey title a few minutes before. Each of the Winnipeggers received a medal and stood at attention for the Canadian national air. The bandmaster raised his baton

Timmins Makes a Nice Win From Schumacher

In the inter-town bowling, Timmins all-star five-pin aggregation came right back after losing the first game and won the next two games and also was awarded the extra point for aggregate score. E. Williams was the star for the Schumacher outfit, while Capt. Art. Tomkinson staged a great combat when he rolled the highest single of his bowling career for a score of 396.

Kapuskasing Team Wins First Playoff Contest

A despatch from Iroquois Falls on Saturday evening says:—"Coming down in a special train tonight, Kapuskasing took on the Eskimos, in the first of the home and home games to decide who will play the winners of the N.O.H.A. northern group. They were able to leave at midnight with a 3-2 victory tucked away. Based on the evening's play and the fine combination and stickhandling, their margin of victory should have been much larger, but the uncanny goal tending of "Shorty" Walsh who, for his first game in senior company, displayed wonderful courage and was able to ward off countless shots that were labelled for the cage. In all he turned away 52 direct shots to Dunn's 21. The game was an interesting one for the spectators and both teams played hard. The return game was scheduled for last night, Wednesday, at Kapuskasing, the Iroquois Falls fans taking up a special train to Kapuskasing for the event."

The teams playing in last week's game at the Falls were as follows:—
Kapuskasing—Goal, E. Dunn; defence, Leo Roy and A. Van Russell; wings, A. Belanger, G. Phipps; centre, U. Tremblay; alternates, A. Hanson, J. Joyntisse, A. Joly, F. Joly.

Iroquois Falls—Goal, "Shorty" Walsh; defence, Fraser and Simpson; wings, Jack Wilkes and Urnichuk; centre, Tommy Cybulski; alternates, Charles Dorschner, E. Porter, L. Trotter, Joe Chirocoski.

Referee—Ken Buchman, of Kapuskasing, Ont.

—and the "Bavarian Love Song" came with lilted sweetness upon the frosty air.

L. McLaughlin, formerly chief of police at Timmins, but recently stationed at Swastika, was a visitor to Timmins over the week-end.

Timmins Makes Easy Win from Noranda

Score on Saturday Night, the Thirtieth was 13 Altogether, Being 8 for Timmins and 5 for the Visitors. Small Crowd.

With the smallest attendance for any hockey game played yet in Timmins the local Senior team definitely took the lead in the Golden Group when they defeated Noranda by a score of 8-5 in a game played here on Saturday night. This was the largest score made in any game this season on Timmins ice, and the thirteenth of the month may have had something to do with the thirteen goals scored. Timmins took the lead early in the game, and from then on there was never any doubt about the result.

The defeat of the Copper Kings by South Porcupine on Friday night had dispelled any hopes Noranda may have entertained of making it a three-cornered tie, and their defeat Saturday led it to Timmins and Kirkland Lake to enter the semi-finals.

Percy Fahey handled the game, and gave his customary good service. Very few penalties were handed out, and at no time, with the exception of the mix-up between Krupka and Rice, was there much evidence of roughness.

The teams lined up:—Noranda—Herron, goal; Rebuski and E. Rice, defence; Walsh, centre; Pender and S. Rice, forwards; McLeod, Dube, Boulay, alternates; Fitzsimmons, sub-goaltender.

Timmins—Hodnett, goal; Krupka and Porter, defence; Arundel, centre; Lortie and Auger, forwards; McKinnon, Lafamme, Richer and Godin, alternates; Boisjoneault, sub-goaltender.

Referee—Percy Fahey, Iroquois Falls.

The first period opened with both teams close checking, but this soon developed into end-to-end rushes. McLeod worked himself in for a hard one at Hodnett, but failed to score. Lortie drew the first penalty of the game when he gave Rice a butt-end. The period was nearly seven minutes old when Porter started the scoring, getting the rebound from Auger's shot, and placing the puck neatly behind Herron. Thirty seconds later, Noranda tied it up, Dube and Boulay getting, the former scoring. Godin went to the box for tripping, with his team a man shy, and the period nearly nine minutes old Lafamme went through alone and scored. The locals started in to play a nice combination game, and Herron was called on to save several hot ones. The Copper Kings switched the play, but could not get through the defence. Arundel and Porter came in on Herron, and the Noranda goalie made a spectacular save. Walsh drew the first Noranda penalty, and the third during

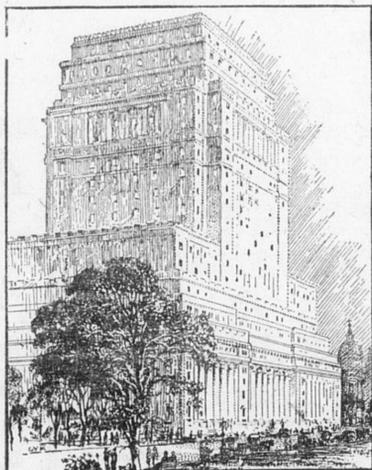

the period when he went off for tripping. Auger, Arundel and Lortie came in but Herron again saved. With seven seconds to go Lortie got through alone, and registered the third Timmins tally. Timmins, 3; Noranda, 1.

The second opened with rather desultory playing; both teams seemed to be waiting to get their chance to get away. Timmins finally took the offensive, but were checked up in fine style by Herron. Timmins "kid" line came on, and the fans got the treat of their lives. Play speeded up considerably, and with the period slightly over eight minutes old Lafamme scored on the rebound from McKinnon's shot. Timmins 4. End-to-end play followed, until the locals again took the offensive, and with the period nearly thirteen minutes old Arundel, Lortie and Auger went down. Arundel took the puck from behind the Noranda net and sent in the fifth for the locals. One minute later Lortie and Krupka got in, Lortie passing across to the defence man, who made it six for Timmins. Thirty-five seconds later S. Rice and Pender got through and scored the second for the visitors. A few seconds later Krupka and Lortie again went in and the latter made it seven for the locals. Immediately after Walsh drove a hard one which passed Hodnett, making it three for the Copper Kings. The visitors kept on a desperate offensive until Porter broke away, but Herron stopped him up hard. The two Rices got in on on Hodnett but failed to score. The period was over. Timmins, 7; Noranda, 3.

Fitzsimmons replaced Herron in goal for the visitors in the third. Arundel went in. Pender and Walsh right after secured the fourth for the visitors. Close checking developed until S. Rice broke away and made it five for the Copper Kings. Krupka and Rice mixed it and the both of them were sent off. Dube spoiled a fine Timmins rush by throwing his stick. Lafamme got through but was tripped by Boulay who was sent to the box. McKinnon got through alone and scored the eighth for Timmins. Lafamme went off for a rest when he tripped Rebuski. The remainder of the period was scoreless, play being switched from end to end, both goalies having some hard ones to save. The gong rang with the score 8 for Timmins and 5 for Noranda.

Pembroke Standard-Observer:—The Rev. J. Lavell Smith, Huntsville, Ont., is an avowed pacifist and declared last Sunday that enlistment for national defence is in violation of the principles of Christianity. It is pretty certain that this gentleman is not a member of the Canadian Legion, and it is just as certain that had he uttered sentiments like these from 1914-1918 he would not have been wanted in any Canadian pulpit.

THE YEAR'S BUSINESS REVIEWED

"I think you will agree with me that for a year such as that through which we have just passed the showing is a remarkably fine one.

"New assurances of over \$527,000,000, and a total in force exceeding \$3,000,000,000, are figures so great as to need no emphasis.

"The distribution of our new business is interesting. Canada contributed \$101,000,000, United States \$291,000,000, Great Britain \$50,000,000, and the rest of the world \$85,000,000.

"Our mortality experience has been even more favourable than that of last year, the claims being but 54.3 per cent. of the expected, against 57.6 per cent. in 1930.

"Since business was commenced in 1871 we have paid out in benefits \$94,000,000. Last year alone our payments were \$93,000,000, an amount exceeding the total assurances written in 1922. We may well rejoice over the magnitude and importance of the social service which the Company is performing.

"During the past year life assurance has been tested as perhaps never before, and it has withstood the trial triumphantly. So far as I am aware not one life company on the continent has had to close its doors, a wonderful record. In Canada we can claim with pride that even since Confederation not one Dominion licensed company has ever failed.

"It will be noticed that in addition to the surplus of \$16,000,000 over all liabilities and capital stock, we have a contingency shrinkage in mortality of \$4,700,000 to provide for possible shrinkage in mort-

gages and other real estate investments. Our reserves have been calculated on the same strong basis as last year. Although our investments payable in American currency greatly exceed our liabilities in that currency, we have treated both as on a par, taking no credit for the premium on American funds. Our liabilities under contracts in other currencies also are included at a total greater than required at the prevailing rates of exchange.

"Our holdings of stocks have been valued on the basis laid down by the Dominion Department of Insurance, which is practically the same as that adopted for all companies by the National Convention of Insurance Commissioners of the United States.

"In new investments we have favoured high grade bonds, the yield on which is now very attractive. Our purchases of Canadian Government bonds during the year amounted to \$23,000,000.

"The profits paid or allotted to policyholders amounted to over \$26,000,000, or over 20 per cent. of the total annual premium income.

"In the light of these figures, the report is indeed an excellent one.

"And what of the future? No one believes that the depression will last for ever. It is impossible to say just when the turn will come, but with the vast natural resources of this continent, and the brains, energy, and actual wealth of its people, business recovery is inevitable. When prosperity does return no company will share in its benefits in greater measure than our own."

—From the President's Address at the Annual Meeting—

SIXTY-ONE YEARS OF SERVICE

SUN LIFE ASSURANCE COMPANY OF CANADA

Announcing

A Special Showing by

R. J. SAPERA

Half sizes, Wee Women's Dresses and the Merit Dress for the stylish figure to-day, on

SATURDAY, FEB. 20

Display of Frocks for Afternoon, Evening and Sports Wear. Charming frocks copied and adapted from newly arrived imports, and the new fashions that the most exclusive New York and Paris designers have to offer. In all the new cloths and colours.

Mr. Brodie, who is well-known in Timmins has charge of this display and will be glad to meet old friends and new.

ORDERS FOR THESE DRESSES MAY BE LEFT AT OUR STORE.

YOU ARE CORDIALLY INVITED TO ATTEND

"In Style and Value the Store That Sets the Pace"

Third Avenue, near Imperial Bank

Timmins
