

Timmins Hockey Team Now in City for Championship Games

Champions of the North Left Here Yesterday for Toronto to Play O.H.A. Champions. Hope to Win Further Honours. First Time Timmins Team has Gone South to Carry Hockey Honours of the North. About Fifty Fans from Here Accompanied the Team.

The Timmins Gold Diggers, or Huskies, champions of the Northern Ontario Hockey Association, left yesterday (Wednesday) at noon for Toronto in their first step after Canadian amateur hockey honours. There was a large crowd at the T. & N. O. station, despite the stormy day, to wish the boys the best of luck on this, the first visit of a Timmins hockey team to the Queen City.

The team arrived in Toronto this (Thursday) morning, a work-out will be arranged for them sometime during the day in the Maple Leafs Arena, where the N.O.H.A. champions will meet the O.H.A. champions. Arrangements are also being made to have a short work-out on Friday, if at all possible. This will give the team a chance to feel themselves out on the larger ice sheet in Toronto.

The Gold Diggers go into action in their first match on Friday evening against the National Sea Fleas, of Toronto, the O.H.A. champions, and the second game in the series is to be played on Tuesday evening, March 15th. In the event of the Gold Diggers winning, the team will proceed to Ottawa to play with the Shamrocks of that city and champions of the Eastern section for provincial honours. This winners of this round go to Montreal where the Dominion Championship games are to be played.

The team going to Toronto consists of:—coach and manager, Chas. E. Roach; Linley Hodnett, goal; M. Krupka and S. Porter, defence; W. Arundell and H. McKinnon, centre; R. Lor-

tie, M. Auger, R. Richer, E. Laflamme, G. Spence, forwards; R. Bolsonneault, spare goaltender, and L. Godin, spare defence man, though the latter will not be able to play, having not yet recovered from injuries received in a practice at Timmins some weeks ago. Jas. Cowan and Doug. Newington, trainer and assistant trainer are also accompanying the boys.

Speaking to The Advance before the train left Chas. E. Roach, the coach and manager of the Timmins team, stated that they were going to Toronto with every intention of winning, but win or lose Toronto was going to see that the Timmins Gold Diggers were no outfit of second-raters, and that they hoped to give the Toronto fans a great exhibition of Northland hockey. "The boys are in the pink of condition and are full of enthusiasm. They are looking forward to great games in Toronto and the majority fully expect that Timmins will travel on to Ottawa," he said.

During the past few days congratulations have been pouring in from former Northern Ontario residents who are now domiciled in Ottawa, Montreal or Toronto.

Among those noted at the station going to Toronto for the games were: Mr. and Mrs. C. E. Roach, Mr. and Mrs. I. K. Pierce, Mr. and Mrs. Karl Eyre, Messrs. Walter Ecclestone, C. Desaulniers, A. McDowell, H. J. Marshall, W. Marshall, K. Fitzpatrick, R. VanSickle, Dean Kester, W. H. Wilson, A. Harrison, Dr. "Lou" Hudson and others.

Direct Wire for Hockey Match Friday Evening

It is planned to have a special wire from the rink side to the Amos Stock exchange office for to-morrow night's hockey game at Toronto, if enough people are interested. All who would like to listen in to the game should make their donation at once at the ticket at the A. A. Amos & Partners' office. If there is any surplus it will go to some good cause. Get in your name and donation at once if you want the direct wire.

Another Unlawful Parade Last Week

Under Pretence of "Hunger March" Aliens Here Last Thursday Stage One More "Fool Parade" with Silly Banners. Police Stop Parade and Make Arrests.

Last week bills were distributed around town urging the workers to get out on the streets on some sort of "hunger" demonstration, as well as announcing a meeting of unemployed workers to be held at the Finn hall here at 2 p.m. on Thursday. The bills suggested another of those "fool parades," as Mayor Drew aptly termed them and the police visited the Finn hall informing the leaders of the aliens there that no permission had been asked for another parade, as required by town by-law, and that consequently any parade held would be unlawful and all in it would be liable to arrest.

Chief Jones and two others of the local police were in Cochrane in connection with a court case there, but Sergeants Moore and Craik were given assistance here by Provincial Constables Hartlieb, A. Craik and W. Moyes, and by Chief McInnis and Constable Fulton, of Tisdale. Recently there have been persistent rumours of illegalities planned by the paraders and the police were prepared for all eventualities. At three o'clock the paraders, who had assembled in the Finn hall, marched out on the street with banners and placards. The police were prepared to deal with such a situation and the paraders had only gone a few hundred yards when the police cars overtook and passed the parade. The police poured out of the cars and ordered the parade to stop and disperse. Most of those in the parade immediately started to run when the police arrived, banners being dropped and all haste made to get away. Three of the leaders were picked up and the parade broke in disorder. One man who attempted to reform the parade was also picked up by the police. A man named Thachuk who is connected with the Workers' Co-operative Store here seemed to the police to be the leader of the parade as they arrived. They noted, however, that he promptly ran away, but they followed him and placed him under arrest. He is said to be a naturalized British subject. He was fined \$50.00 and costs in police court this week. The other three were each fined \$25.00 and costs. All the fines were duly paid. In addition to Thachuk those arrested were:—August Perthinac, aged 32, alien, a native of Finland; Waino Sukko, 24 years, alien, native of Finland, and Eino Katelo, 33 years, alien, native of Finland. There were a few women in the parade. There were less than two hundred in the parade, all of them of foreign origin. The group is said to include a number of foreigners who had taken part in a similar parade at South Porcupine in the morning, the parade here being timed to allow the visitors to reach here. There were a number of banners carried in the parade, a list of the silly inscriptions being given in another column of this issue. One man who was hidden from the notice of the police by the crowd on the sidewalk was headed up street towards the Finn hall carrying his banner, which was in Finnish letters. The police noticed him eventually but when he saw they might catch him he dropped the banner on the sidewalk and gave an amusing exhibition of a sprint. The day after the parade the authorities received a letter or note in which "demand" was made to the chief of police and the mayor for the immediate release of the men. But they were held until they secured bail in the usual way. The police handled the parade in very effective way and as smoothly as possible, the whole thing being over in a few minutes, with no disorder, though three of the men arrested resisted the officers in making the arrests but were easily dealt with and landed in the patrol wagon so quickly that there was no delay in dispersing the parade. There was practically no interference with traffic, the parade being dispersed so quickly. The bills distributed around town brought out large numbers of spectators, and there were the usual suggestions for effectively stopping these fool parades, but Thursday's event was so promptly dealt with that the police method seems the better in every way.

Quarantine Should be Well Observed

Observance of Quarantine and Other Precautions Would Reduce Amount of Communicable Diseases in Town.

Timmins has been singularly free from epidemics of contagious diseases and the credit for this must be given to the good work of the board of health, the doctors in general and the medical health officer in particular. It should be pointed out, however, that the public must also give full support and co-operation for the best results. Through the activity and the advice of Dr. H. H. Moore, medical health officer, this town is fairly free from chance of any smallpox epidemic. By the work carried on in immunization against diphtheria, Timmins is in little danger of any outbreak of that disease. The town could be in the same happy position in regard to all other communicable diseases if all co-operated to this end along the lines suggested by the medical health officer. At the present time there are a number of cases of scarlet fever in town. The Advance believes this condition would not have been present had quarantine and other precautions been fully observed. In this issue will be found an advertisement urging observance of quarantine in all cases of communicable diseases. It may well be taken as a gentle hint to the public and to any medical practitioners who are not careful along this line. There is reason to think that the number of cases of scarlet fever at present in town would be much less had all cases been promptly reported, and then quarantine strictly imposed whenever and wherever applied. According to common report there have been cases that have not been reported, and other cases where quarantine has been evaded or broken. This could have no other effect than to encourage the spread of the disease. While the disease is of mild type and while it has not yet assumed epidemic form, there seems no reason why it should be allowed to spread. The idea that all youngsters must have these diseases sooner or later and so may as well have them when they are current is an out-of-date theory exploded both by medical authority and by experience. In the public interest quarantine should be observed by all and all other means, such as immunization, vaccination and inoculation used to prevent the spread of contagious diseases. Known cases of communicable diseases should be reported and all possible co-operation given to assure observance of the quarantine and other protective measures. The board of health makes all these regulations as easy as possible and all should be ready to help protect the public by minimizing the chances of any spreading of contagious diseases.

Music lovers in Timmins and district, and particularly those interested in band music, learned with much regret this week of the death of John Philip Sousa, the famous band leader and composer, who passed away at Reading, Pennsylvania, aged 77.

Defied Britain

Ordered by the British Government of India to leave Bombay within 24 hours, Madeline Slade, former London society girl, daughter of a British admiral and probably the only lieutenant of Mahatma Gandhi not behind bars, she declared her intention of defying the official order. This childish impulse just meant that she was "escorted" to her destination.

Literary Event at High School Here

Two Attractive Plays Presented by the Second Form Pupils as Well as Pleading Programme of Other Items.

Another enjoyable Literary meeting was held in the auditorium of the Timmins High School on Friday, March 4th. The programme was supplied by the Second Form of the Academic School under the direction of Mr. Gauthier and Mr. Charlebois.

The programme opened with a bang when the school orchestra played "Our Boys" and "River Stay Away From My Door." Although the orchestra was newly organized, they certainly made a "hit."

Up till now, each form has aspired to the height of at least one play, but Second Form advanced a step farther and presented two plays. The first was entitled "From Dawn East." Mr. Jeremiah Sike (Bill Dunn), a wealthy old man and his wife Susan (Decima Ray) have come to visit their niece, Arabella and Ruth Wilcox (Helen Newton and Ruth Stevens, respectively). While Jeremiah and his wife are trying to decide which one of the girls is more worthy of their will, Algernon Westfield (Walter Craig), Arabella's fiancé enters. With his nonchalant manner he gains the dislike of Susan, which results in Arabella being excluded from the will, while Mary finds a welcome home.

A number of Second Form girls then displayed their talent in club swinging. Although the clubs were unmanageable now and then, nevertheless they received an encore.

Leslie Thompson, Louis Gualla and Leo Chickini presented a skit entirely in French. This was exceedingly well done and gives credit to their French teacher.

While the characters were getting ready for the second play, the orchestra played another selection.

The play was "Uncle Joe's Will." The scene was laid in a lawyer's office, where all the heirs, including a farmer, a schoolboy and some of the English nobility were waiting for the reading of the will. The following took part:—Mr. Bunker, the farmer (Marcel Everard); Squire Emerson (Louis Gualla); Mrs. Chatterton (Katrine Morin); her son, Paulie (Leo Chickini); Mr. Clarence Huntley (Leo Kucheran); Miss De Montmorency (Marion Ostrosser); Mr. De Montmorency (Jack Beadman); Joe Huntley Jr. (Leslie Thompson) and Uncle Joe (Walter Cowan).

A chorus by the Second Form girls provided a fitting conclusion to one of the best programmes. With the singing of the National Anthem, the meeting adjourned.

ARREST MADE ON TUESDAY NIGHT ON LIQUOR CHARGE

Chief Jones and his men made a nice catch on Tuesday evening in regard to a man in the south end of the town who had apparently been having quite a time breaking the liquor laws of the country. A quantity of alcohol was found on the premises of this man and a charge was laid against him under the Ontario Liquor Control Act for illegally having liquor not purchased on his permit. In addition to the liquor seized the police found a rather complete distilling outfit, together with bran, raisins, mash and what not, as well as liquor in course of manufacture. The accused was locked up and will come before the magistrate next week on a charge of illegally having liquor.

North Bay council this year hopes to keep the taxes for the city down to a rate of 57 mills.

Vice-Skips Event at Curling Rink Here

Rinks in the Vice-Skips Competition Now on at the Timmins Curling Rink.

The following is the list of those in the various rinks in the Vice-Skips competition now on at the Timmins Curling rink:—

1. A. E. Prout, W. McHugh, E. Pritchard, R. Richardson skip.
2. S. R. McCoy, W. McDermott, J. C. Burwell, I. E. Dunn skip.
3. A. W. Lang, A. Houle, J. A. Tremblay, C. G. Keddie skip.
4. W. Rinn, W. Radbourn, A. Johnson, R. L. Tracey skip.
5. H. Herman, F. Furlong, E. Nord, J. McGrath skip.
6. Dr. McInnis, S. E. Henry, R. Eddy, C. G. Pirie skip.
7. W. King, C. M. Grant, J. P. Burke, J. R. Walker skip.
8. C. P. Ramsay, J. H. Chateauvert, S. C. Platus, W. Arundell skip.
9. Dr. Porter, J. Dalton, N. Leaman, G. R. White skip.
10. A. R. Harkness, F. H. V. Ball, P. H. Carson, A. Fulton skip.
11. G. S. Drew, E. L. Roberts, G. S. Eglett, T. Blackman skip.
12. G. S. Lowe, E. Abrams, W. Stephenson, H. Fuke skip.
13. J. Brough, F. Dafeo, R. J. Taylor, K. Eyre skip.
14. E. H. Hill, I. K. Pierce, S. E. Grant, A. G. Carson skip.
15. F. W. Bell, Dr. Day, J. E. Gurnell, L. Pare skip.
16. A. Campbell, L. Silver, J. H. Simpson, Dr. C. E. Taylor skip.
17. H. Hucklebone, W. H. Burnes, O. Farnum, J. M. Belanger skip.
18. R. Francis, G. Webber, H. Search, J. W. Dougherty skip.
19. A. J. Lawlor, L. Laflamme, L. Halperin, W. T. Montgomery skip.
20. H. W. Jackson, M. Stewart, W. L. Booth, E. Stenhouse skip.
21. J. S. McGuire, R. Heath, E. R. Simpson, J. T. Heffernan skip.
22. J. Ammi, B. Sky, F. McGrath, J. Arscott skip.
23. H. J. Marshall, W. Alton, D. McInnis, R. J. Smith skip.

Preliminary Round

R. Tracey won from A. G. Carson. T. Blackman won from J. Heffernan. J. Walker won from W. Arundell. C. G. Keddie won from I. Dunn. J. Walker won from A. Fulton. Dr. Taylor won from W. Montgomery. R. Richardson won from E. Stenhouse.

First Round

J. McGrath won from R. Tracey. C. G. Keddie won from T. Blackman. J. Walker won from Dr. Taylor. R. Richardson won from J. Dougherty.

R. J. Smith won from M. Belanger. J. Arscott won from H. Fuke. G. R. White won from L. Pare. K. Eyre won from C. G. Pirie.

Second Round

C. G. Keddie won from J. McGrath. J. Walker won from R. Richardson. J. Arscott won from R. J. Smith. G. R. White won from K. Eyre.

Third Round

C. G. Keddie or J. Walker. J. Arscott or G. R. White.

Timmins Young Man Sent to Kingston for Two Years

At Cochrane last week Harry Kendall, of Timmins, was before Judge Caron on two charges, one of theft and the other of attempted robbery with violence. On the theft charge he was sentenced to two years in the penitentiary and on the other count he was given a year, the sentences to run concurrently.

On Friday evening, Feb. 5th, a lady in the western section of the town complained to the police that while passing through a lane in the evening a man had attacked her, threw her down, and attempted to rob her of some money she had. She put up a good struggle and when a man came down the lane her assailant fled. While the police were searching for the culprit they found Kendall standing alongside some jars of liquor. The woman positively identified him as the man attacking her, and later footprints in the snow and other clues resulted in Kendall also being charged with theft of the jars of highwines. In the preliminary trial here it was shown by evidence that the woman had scratched her assailant's face and Kendall when arrested had marks of this kind. Also his gloves were found to be stained from the use of a shovel used to effect an entrance to the house from which the highwines were stolen. From the positive identification of the woman and other evidence gathered carefully by the police, Kendall was committed for trial when he appeared before the magistrate here. In the trial at Cochrane the cases were so strong against him and his previous record so unsatisfactory that he was given the penitentiary term.

J. E. Newton, who left recently for a trip to the South, was compelled on account of his health to stay over at Toronto for some days, taking treatment at St. Michael's hospital there. Mr. Newton was sufficiently recovered last week-end to leave the hospital, but he will remain a few days longer in Toronto to regain his health and strength.

Northern Development Bill Given Second House Reading

Hon. W. Finlayson Speaks on Measure Including Provision for \$5,000,000.00 for Coming Year's Programme for Northern Development. Minister Denies Purchase of Supplies for Highway Work from Manitoba. Says New Highway Will Attract Tourists.

At the Ontario Legislature this week the Northern Development bill providing for \$5,000,000.00 for the work in the North was given its second reading. In speaking on behalf of the bill the Hon. Wm. Finlayson took occasion to reply to a statement by Earl Hutchinson, Labour member for Kenora who had claimed that Manitoba potatoes were being bought for the highway camps. Hon. Mr. Finlayson said that the contractors assured him that all supplies were bought from the district farmers so far as possible and that no Manitoba potatoes were used. Mr. Finlayson spoke enthusiastically of the work and conditions at the trans-Canada highway camps. He said that not a single crime had been committed by any of the 40,000 men who had been in the camps. The highway was an immense undertaking and would likely take years to complete. One third of its length was in Ontario so it rested heavily on this province. The total length of the highway would be 6,837 miles, with 1,386 miles of it in Ontario. In regard to criticism of the wages paid and the rates charged for board

he said investigation had shown that the cheapest way to board and care for the workers was by contract. The charge of 80 cents per day covered food, bedding, heat and all other items. He outlined conditions in the various camps and said there had not been a single major accident on the entire system. The camps were maintained at a higher standard than lumber camps. There was no "Red" trouble. Workmen had on occasion pointed out "Reds" to their foremen and requested that such agitators be removed. The stretches of highway already completed, he thought, would attract heavy tourist traffic. ("Tut! tut! Hon. Sir, is that not 'fancy tourist stuff!'). Already, said Mr. Finlayson, motorists could drive from North Bay to Hearst, or from Sault Ste. Marie to Batchewans Bay on lower Lake Superior. There was a gap from Hearst to Schreiber, Hon. Mr. Finlayson is quoted as saying, but from the latter town one could drive to the head of the lakes.

The bill for the registering of professional engineers, the same as doctors, lawyers, dentists and other professions, was presented by Charles E. Richardson, Conservative, St. Mary's.

Death of Father of Geo. Doner, Timmins

Samuel D. Doner, Well-Known and Esteemed Resident of the Stayner District, Passed Away Recently.

Geo. Doner returned last week to his home in Timmins after being in the South where he was called recently owing to the death of his father in the Stayner district. In a recent issue The Stayner Sun, of Stayner, Ontario, made the following reference to the death of Mr. Doner's father:—"An esteemed resident of Sunnidale was called to rest in the passing of Samuel Dix Doner, who died at his home, lot 18, con. 14, on Wednesday, February 24th. Death was from cancer of the stomach. The funeral was held from his late home on Monday, February 29th, with Rev. H. Sherk in charge of the service. Those who bore the remains to rest in Stayner cemetery were Messrs J. Silverthorne, John Huth, A. W. Huth, C. Gregg, R. Montgomery and Marshall Webb. Many floral tributes were in evidence, an indication of the esteem in which Mr. Doner was held by his many friends. Mr. Harry Doner, of Chicago, Mr. and Mrs. Arthur Doner, of Toronto, Mr. and Mrs. George Doner, of Timmins, and Mr. E. C. Doner, of Saskatchewan, were all present to pay their last respects. Mr. Doner was born in Markham township on November 22nd, 1860. He was a son of the late Elder John Doner, who was born in the same township in 1821. This pioneer family came to Sunnidale when Mr. Samuel Doner was less than a year old, and in this vicinity Mr. Doner spent his life. On January 31st, 1883, he married Louisa H. Huth. Mr. Doner farmed and carried on a livestock business on the tenth concession until 1906, when he built a house and erected stock yards in Stayner. Mr. Doner carried on this business on a larger scale and took an active part in the life of the community, serving as a member of the town council for several years. In 1920 he sold his business to the U.F.O. and retired to his stock farm on lot 18, con. 13, where he answered the final summons. Surviving him are his wife, seven sons: Edward, of Saskatchewan, Gordon, of Trail, B.C., Walter, of Sunnidale, Arthur, of Toronto, Harry, of Chicago, George, of Timmins, and Dr. Norman Doner, of Creemore; two sisters, Mrs. Thos. Atkinson, of Ontario, California, and Mrs. Alex. McTaggart, of Stayner; and three brothers, John B., of Glendale, California, Archie J., of Pasadena, California, and Jesse E., of Stayner. Mr. Doner was active in the live stock business for thirty-five years and had a very large circle of friends and acquaintances who sympathize deeply with the family in their recent loss."

Death of Father of Geo. Doner, Timmins

Samuel D. Doner, Well-Known and Esteemed Resident of the Stayner District, Passed Away Recently.

Geo. Doner returned last week to his home in Timmins after being in the South where he was called recently owing to the death of his father in the Stayner district. In a recent issue The Stayner Sun, of Stayner, Ontario, made the following reference to the death of Mr. Doner's father:—"An esteemed resident of Sunnidale was called to rest in the passing of Samuel Dix Doner, who died at his home, lot 18, con. 14, on Wednesday, February 24th. Death was from cancer of the stomach. The funeral was held from his late home on Monday, February 29th, with Rev. H. Sherk in charge of the service. Those who bore the remains to rest in Stayner cemetery were Messrs J. Silverthorne, John Huth, A. W. Huth, C. Gregg, R. Montgomery and Marshall Webb. Timmins Young Man Sent to Kingston for Two Years

At Cochrane last week Harry Kendall, of Timmins, was before Judge Caron on two charges, one of theft and the other of attempted robbery with violence. On the theft charge he was sentenced to two years in the penitentiary and on the other count he was given a year, the sentences to run concurrently.

BURNING-OUT OF MOTOR AT MCINTYRE-PORCUPINE MINES

The burning-out of one of the motors at the McIntyre Mines this week has caused a little interference with the work of the mine, a few men being laid off until the results of the accident can be remedied. The accident was one of the unavoidable incidents that occur in any big industry on occasion, and in a very short time everything will be back to normal. Stories about rip-outs in the shaft are all without foundation of any sort, the only trouble being the motor trouble, and that is being promptly remedied.

OFFICERS TO BE CHOSEN AT THE I.O.O.F. ON FRIDAY NIGHT

On Friday evening of this week, March 11th, the officers of Timmins Lodge, No. 459, I.O.O.F., will exemplify the second degree under the direction of Bro. Redding. At this meeting there will take place the nomination and election of officers for the ensuing term. Members are requested to show their interest by attending lodge and assisting their officers to carry on the business of the Order. Visiting brethren are cordially invited.

Kiwanis Supplying Milk to Youngsters

A Hundred and Thirteen Children Being Supplied with Milk at Schools Here by Local Service Club. Interesting Meeting Monday.

There was a very interesting meeting of the Kiwanis Club at its regular weekly luncheon in the Empire hotel on Monday.

Dr. E. A. F. Day, chairman of the committee looking after underprivileged children reported on the work of supplying milk to undernourished children at the schools here. This work was started last week by the Kiwanis Club, and 112 children at the schools are being supplied with half a pint of milk a day. This will be continued until the holidays. In addition, the club is supplying five families, where there is a total of 20 children concerned, with milk. This is good work for any organization and of notable value to the town. With the co-operation of the town nurses and the medical men and others the Kiwanis Club has secured a list of the children in need of milk and who would otherwise go without this greatly needed and necessary food. The club is supplying the milk so that there may be no children suffering from undernourishment in this way.

At the club meeting on Monday the speaker of the day was Miss Elliott, Victorian Order Nurse for Timmins. The address by Miss Elliott was of great interest and value and was much appreciated by the Kiwanis. Miss Elliott outlined the origin and purpose of the V.O.N. and showed the good work the Order was carrying on. She emphasized the fact that this work was not charity, but a means for those needing nursing attendance to preserve their independence. The plan of the Order was to supply nursing attendance to those not in a position to pay for full-time professional nursing service in the regular way. The V.O.N. had its organized service of trained and experienced professional nurses to handle cases on the basis of visits and service. People paid as they could afford, while the service was given even though nothing could be paid. The work of the Order as a whole was outlined by Miss Elliott, with particular reference to the activities in Timmins. Last year, Miss Elliott said the V.O.N. had over 300 cases and had paid 2757 visits. The number of free visits had grown during the past year, perhaps on account of general conditions.

The visitor for the day was H. W. Darling, a former member of the Timmins Kiwanis Club, who has been recently in South America, and who is home at present on holiday. The Kiwanis hope to hear from Mr. Darling at some early date in regard to his impressions and experiences in South America and general conditions in that latitude.
