Directly Employing 399 People. Giving Direct Support to 1596 People. Not Asking any bonus or exemption of Taxes. Paying full taxes to the town. Contributing to every good cause in Timmins and district. Paying good salaries to all employees and patronizing local people.

Your Local Merchants Are Such an Industry.

Last week J. D. Brady, chairman of the Kiwanis Buy at Home Committee carefully totalled the employees of the business men represented by the names at the side of this page, and these 51 names represented 399 direct employees, and these 399 employees and their direct dependents total 1596.

If an industry employing even 50 men were to seek to locate in Timmins, there would be many ready to support a bonus, exemption from taxation, fixed assessment, or other privileges to secure such an industry for the district.

Remember, it is here already, represented by the live business men of Timmins and district and asking no favours or special concessions, but carrying more than a fair share of the burden of the upkeep of the town.

Your local merchants constitute one of your biggest industries.

They give a special service to the community.

They support the community. You should support them.

It will pay you to patronize the local merchants listed herewith because of the values they offer, as well as the benefits they give to the community.
