ENDORSED AND SUPPORTED BY
THE MERCHANTS WHOSE NAMES
APPEAR ON THIS PAGE

The whole purpose of the Kiwanis "Buy at Home" Campaign is to prove that Dollar for Dollar and Value for Value the Local Business Man can Serve You Best. Consult Your Local Merchants! They will be glad to prove all this!

Apart from the value of the local merchant to the town and district as a citizen and tax-payer and general supporter of the community and its good works, the public should be interested in the local merchant because of the service he offers and the fact that the prices charged are lower than those charged elsewhere for the same values and less service.

A Sure Way to Test Out the Matter

The merchants of Timmins and District whose names appear on this page specially request that comparisons be made between their goods, prices and service and those given elsewhere. They are confident that they can more than hold their own in any fair comparison and that the public will benefit by patronizing these business houses of Timmins and District.

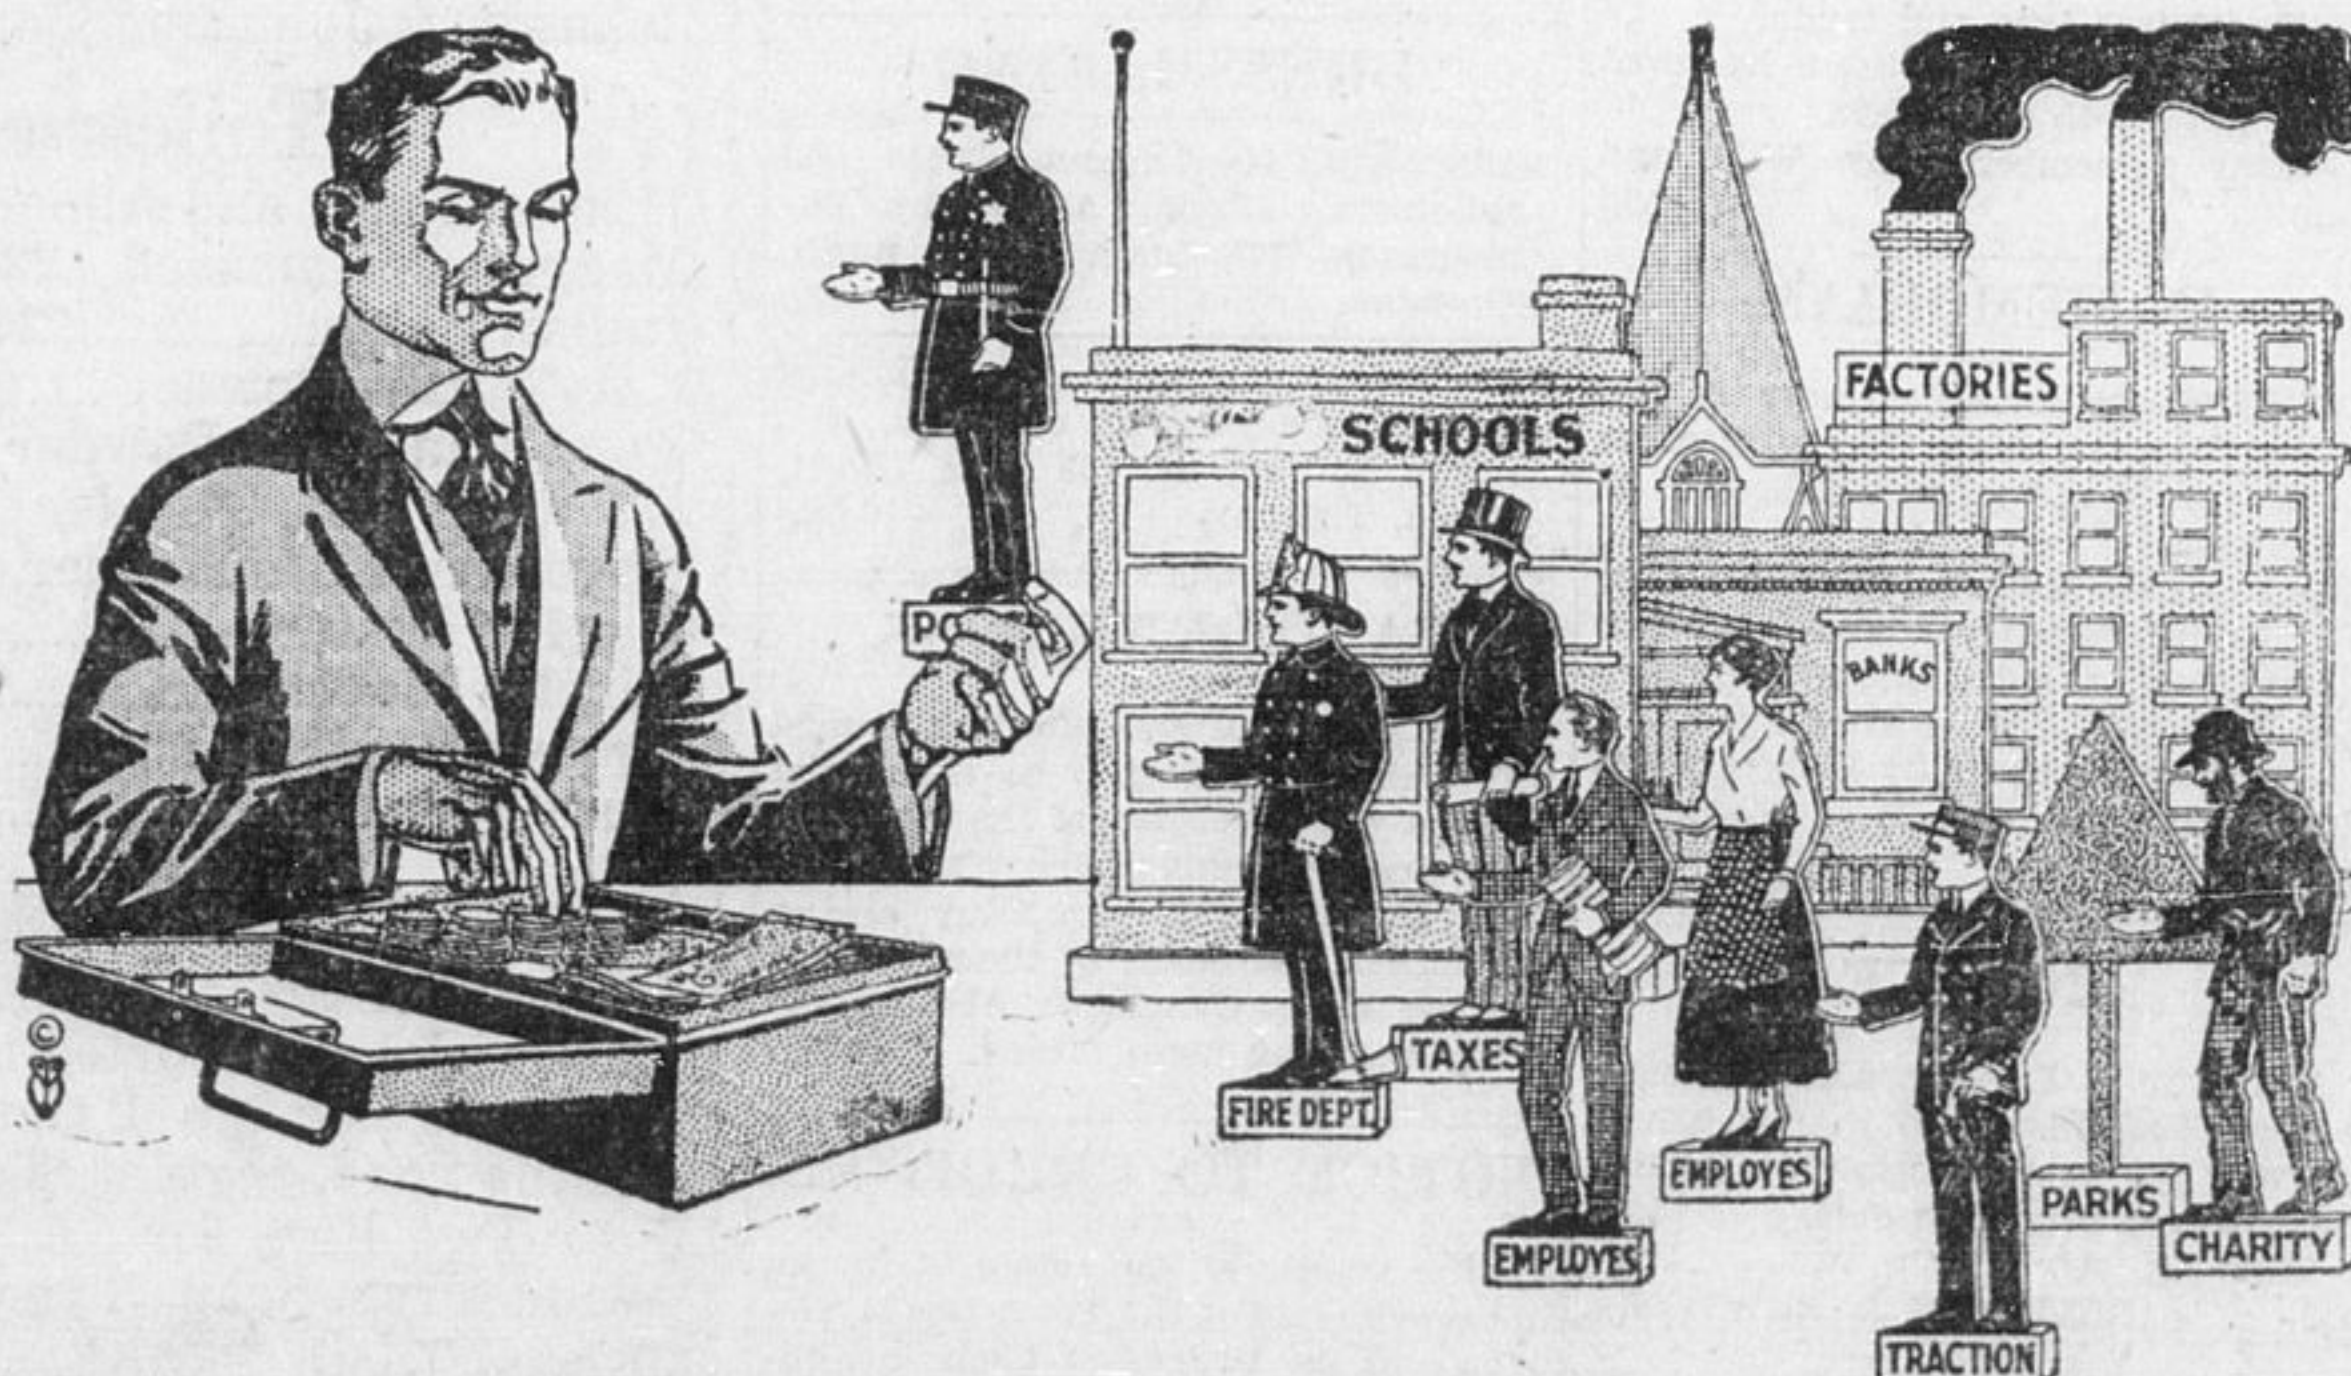

Before buying from a peddler or outside firm, consult your local merchant. Talk over prices and values with him. He will be pleased to show you where the values he offers meet, and more than meet, the outside competition. He will be pleased to meet the competition of the mail order house or the door-to-door peddler. He stands ready to prove his case to you. Every week there are advertisements in The Advance proving that the Timmins and District stores and business places give values that are not easy for others to meet. Any other case where comparisons are required the merchants supporting the Kiwanis "Buy at Home" campaign will be only too pleased to take up the matter with any and every customer and prove that it will pay you in every way to "Buy at Home."

Have faith in your local merchant; he deserves your support.

Compare prices and values!

The merchants and business men of Timmins and District will be delighted at any and every opportunity to show you.

Buy where you can see what you are buying and can have values explained.
