Sterilized
TISSUE

SWAN

Even the water used in its making is purified and sterilized in the Eddy \$400,000 Filtration Plant. Regular "White Swan" is wrapped in dust-proof rolls of 750 creped white sheets. Look for the Swan on the wrapper—and be safe. Also made in "Recess" size to fit built-in fixtures.

"AN EDDY PRODUCT"

KEEP YOUNG WITH ENO

Do not allow constipation—often unsuspected—to add years to your looks. Take a glass of sparkling ENO'S "Fruit Salt" each day. It will rid your system of the poisons that sap vitality and spoil your life. But be sure you get ENO.

Ca15

ENO'S FRUIT SALT

TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files.

The Timmins board of trade ten years ago discussed a number of questions of interest and importance at the time. President H. Webb was in the chair. One of the first questions before the meeting was the matter of the weekly half-holiday in town on account of Wednesday being Hollinger pay day it was decided to ask the council to change the half-holiday to Thursday. Another resolution was enthusiastically passed urging the government to spend more money on roads in this district and also to complete the highway to Iroquois Falls from Timmins. The dangerous condition of the bridge over the Fredericshouse river at Connaught was brought to the attention of the board by Dr. McInnis, H. Laidlaw and others. It was decided to wire the Government at Ottawa in the matter. D. Ostrosser and Chas. Pierce called attention to the need for a proper dock at Mattagami Landing. The board of trade agreed to take the question up at once with the authorities. Chas. Pierce presented a resolution boosting for a greater Timmins. The resolution referred to the probability of increased mining activity and the need for consequent expansion of the town. Mr. Pierce said the town had outgrown its present boundaries and he urged the board of trade to pass a resolution asking the town council to annex parts of Tisdale township and Mounjoy township, especially Moneta, Rochester, Timmins Heights townsite, Mattagami townsite and the Bartleman, Porcupine Crown and Vipond claims. There was much discussion, the majority of those present being in favour of the resolution, but a few pointing out that it looked too much like the town "taking in too much territory," as the Irishman said when he picked a fight with anybody from anywhere. The resolution was eventually passed by a very large majority.

Reference was made ten years ago to the death of Loranzo Depatie, well known as a valued resident of Timmins district for many years. In referring to the death The Advance of April 19th, 1922, said:—"At 451 Second avenue, Timmins, on Monday of this week, April 17th, the death occurred of Mr. Loranzo Depatie, a well-known and highly-esteemed resident of the district for some years past. The deceased had been in the Porcupine for some nine or ten years past. Recently he had been ill and spent some time at Halleybury and Ottawa hospitals for treatment. Death was due to tuberculosis. The late Loranzo Depatie was about 32 years of age and was born in St. Pierre, (Wakefield), Quebec. His father and mother both died some

years ago, but three brothers and two sisters survive. The brothers are Messrs Albert, Selim and Sam Depatie and the sisters, Mrs. St. John and Mrs. Mallette. To these the sympathy of all will be extended in their loss. The funeral took place this (Wednesday) morning at 9 a.m. from the R.C. Church interment being made in the R.C. cemetery."

The Advance in its issue of ten years ago said:—"The funeral of the late John Selinsky, of Cedar street, took place on Friday afternoon last and was very largely attended. There was a brass band in attendance, and a long line of carriages, as well as many walking. The funeral took place to the R.C. church, interment being made in the R.C. cemetery. The late John Selinsky died in Sudbury hospital from blood-poisoning. He was a resident of Timmins for many years and was well known, especially among his Russian fellow-countrymen. He had conducted a boarding and roominghouse and a poolroom on Cedar street for some years. He is survived by a widow resident in Timmins."

Ten years ago conditions on the T. & N. O. were not as good as they are today, but the chairman of the commission, Geo. W. Lee, always was ready to do two things—listen kindly to any complaints, and then remedy the trouble, if practical to do so. This attitude accounted in large measure for the present esteem in which the T. & N. O. is held and the good service given. Accordingly this ten-year-old paragraph should be of interest:—"Last week Mr. Vincent Woodbury wrote Chairman Lee of the T. & N. O. calling attention to the undesirable conditions in connection with the noon train from here, and enclosing the article in The Advance last week in connection with the matter. This week Mr. Woodbury received reply from Mr. Lee, whose concluding words were to the effect: that immediate attention was being given to the matter and if conditions were as stated, they would be remedied at once."

An item in The Advance ten years ago notes that the Porcupine Peninsular Mines in the Night Hawk Lake area were installing wireless to keep them in closer touch with the world in general. While the wireless was to serve business needs, it was also designed to secure for men employed at the property news features, entertainment, church services, etc.

A fire-alarm box at the corner of Pine street and Fifth avenue was deliberately smashed one evening ten years ago by some idiotic thug. The Advance ten years ago referred to the perpetrator of this senseless and dangerous piece of destruction as a "silly criminal". After ten years, and with Section 98 still in force, The Advance would change that expression "silly criminal" to "imbecile blackguard" or worse. The fellow that destroys public property is the worst type of criminal. He is worse than a thief, because he endangers the safety and welfare of the people as well as stealing from the public purse.

A public meeting of ratepayers of the town held on April 18th, 1922, passed a resolution by almost unanimous vote, favouring the expansion of the town and particularly the annexation of Mattagami to Timmins. Dr. McInnis occupied the chair at the meeting which was held in the New Empire theatre. The mayor outlined the detriment to the town from having outlying sections really a part of the town but without the municipality having any control of them. For the protection of the town he felt it necessary to have a systemized regulation of fire protection, health, business, buildings, etc. The school question was also a very important one, as Dr. McInnis pointed out. Mr. White of Mattagami did not think annexation would be of much benefit to Mattagami. He said the chief thing they would get would be water and he wouldn't swap his fine well water for any town supply. He also made the remark that he did not think Timmins had much room to talk about sanitation. Councillor T. F. King spoke in favour of the annexation of Mattagami and thought even a wider expansion of the present town limits was necessary. F. M. Wallingford said it was inspiring to hear an optimistic address like that of Mr. King. He believed all would benefit by uniting and working together. Councillor L. S. Newton emphasized the mutual advantages from uniting, making special reference to school, sanitation, policing, fire protection, etc. D. Ostrosser was also in favour of the annexation plan. Councillor E. L. Longmore said that while he was as anxious as any man to see the town prosper and advance, still in view of the town's financial situation he felt he could not take the light and optimistic view that some were taking in the matter. He could not see how Mattagami could get what it asked and wanted. Water service was the chief need and the town was not able for the present to install the necessary services for Mattagami. If Mattagami fully understood this and was agreeable to wait two or more years for the services desired that would be all right. It was only fair however, that the situation should be fully understood now. Other speakers gave their views, the

majority being anxious for the annexation, leaving the problems of the future to be dealt with as they arise.

Eight hundred claims were recorded at the Swastika mining recorder's office from Jan. 1st. to April 15th, 1922.

Among the local and personal notes in The Advance ten years ago were the following:—"Last week while chopping some kindling wood, Miss Agnes Roxborough met with an unfortunate accident. The axe turned or slipped, the blade striking the front of her foot and practically severing the big toe. Medical aid was hastily summoned, but the young lady will be laid up for two or three weeks from the unfortunate accident." "Mrs. R. P. Teare and children returned last week from a visit to Thornhill and other southern points."

"Misses Ethel Brown and Grace Macdonald spent Easter with friends at Iroquois Falls." "Mr. Ed. Carriere, of Amos, Que., was the guest of his brother, Mr. A. F. Carriere, Timmins, last week." "All golf enthusiasts should read each and all of the series of articles now running in The Advance from the pen of the Amateur Golf Champion of Canada, Mr. Frank Thompson."

"Mr. Geo. M. Black for several years a resident of this camp, but for the past year or so on the head office staff of Homer L. Gibson & Co., Toronto, spent the week-end the guest of his brother, Mr. Arthur Black, and other friends in town." "Miss Iris Budd, who has been stenographer at the town office for some time past, left on Thursday for her home in Renfrew. Miss Budd made many friends here during her stay in Timmins and her departure is viewed with regret. The regular meeting of the A.S.D. Club last week was in the nature of a farewell to Miss Budd who is very popular with the other members, all of whom regretted her leaving and wished her the very best in her new sphere." "Mr. Phil Beaudin, for some time past on the Bank of Commerce staff at Scumacher, has been transferred to Toronto, leaving here on Thursday last."

"Mr. F. Burke is visiting in New York City." "Born-To-Mr. and Mrs. J. H. Gloss, Porcupine Crown, on Saturday, April 15th, a daughter." "Mr. F. Wolno, leader of the Timmins Citizen Band, is visiting his old home in Hamilton, Ontario." "Mr. A. Saint, left on Sunday for Toronto, called home by illness at his home in the city." "Messrs F. C. H. Simms and W. Rinn leave today (Wednesday) for Toronto, where Mr. Simms will take specialist's treatment for one of his feet which has recently been causing him discomfort. Mr. Simms says that he is afraid it will be quite a feat for the doctors to fix his feet, which shows he is suffering quite a bit." "In a letter received this week from Mr. W. J. Fraser, who is now engaged in farming near Barrie, Bill says he is doing well and everything is going well. Farming, he thinks, is much ahead of pulling whiskers. He has a fine field of wheat in and expects also to put in 5 or 6 acres of potatoes as well as looking after other branches of market gardening, farming, stock-raising, etc." "Mr. Jos. Jacobs, who has been on the sick list for the past week or so, is able to be out and around again." "Mr. E. Leslie returned on Thursday from a visit to Toronto and other points south." "Dr. R. H. Brown left last week for a holiday trip to New York and other points south." "T. Davis is visiting in Cobalt." "Rev. J. D. Parks, pastor of the Timmins Presbyterian Church, was sufficiently recovered from his recent attack of the grippe, to be able to take the church services as usual on Sunday."

Miscellaneous Shower to Miss Paquette Last Week

A miscellaneous shower was organized last week by Mrs. E. Carpenter and Mrs. Geo. Lefebvre at the residence of Mrs. Albert A. Paquette, 105 Birch street south, Timmins, in honour of the coming marriage of Miss Germaine Paquette. A large number of beautiful and useful gifts were received and the guest of honour was showered with good wishes by her many friends. After a pleasant social time, a dainty lunch was served at 12 o'clock. After songs, music, dancing and a general good time the guests retired at an early hour in the morning. Among those present were:—Miss LaSalle, Mrs. Aldophe Desroches, Mrs. A. Smith, Mrs. Jos. Lefebvre, Mrs. Pierre St. Pierre, Mrs. Oscar Joncas, Mrs. Mervyn McElvee, Mrs. E. Carpenter, Mrs. Joseph Bienvenue, Mrs. Henry Bissinnette, Mrs. Willie Belanger, Mrs. Moise Hurlbise, Mrs. Georges Lefebvre, Miss Marjorie Thompson, Miss Jenny Thompson, Miss Bertha Thompson, Miss Aurora Lacasse, Miss Rita Bissinnette, Miss Alma Peland, Miss L. Joncas.

Barrie Examiner:—There will be a good deal of satisfaction among local business men over the outcome of the trial of the two Toronto clothing salesmen who were both fined \$250 and costs recently. It is not fair that those engaged in legitimate business and paying taxes should be subjected to competition of this kind which employs methods described by Magistrate Jeffs as "a cunningly devised scheme to evade the statute."

SUFFERED FOR FORTY YEARS

Then One Lucky Day She Used Kellogg's ALL-BRAN

Here is great news for sufferers from constipation. Read Mrs. Kenig's voluntary letter:

"For about forty years I had been praying for a lasting remedy for constipation and its attending evils. To make it short, I ate nothing but ALL-BRAN and a little broth. Since that time (about ten years ago) I have not taken any medicine. Have been well and entirely free from constipation."—Mrs. I. H. Kenig (address upon request).

Constipation is caused by lack of two things in the diet: "Bulk" to exercise the intestines. Vitamin B to tone the intestinal tract. Laboratory tests show ALL-BRAN furnishes both. ALL-BRAN also furnishes iron for the blood.

The "bulk" in ALL-BRAN is much like that in lettuce. Within the body, it forms a soft mass, which gently clears out the wastes.

Isn't it much pleasanter to enjoy ALL-BRAN than to risk taking pills and drugs—so often harmful?

Two tablespoons daily will overcome most types of constipation. If you have intestinal trouble not relieved this way, see your doctor.

Serve as a cereal, or use in cooking. It is not habit-forming. Recipes on the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

Let us help
you find the
FORTUNE
in your
pay envelope

Every man can find a fortune in his pay envelope. It is only necessary to set aside a small portion of each pay and invest it in

The Great-West Prosperity Policy

This plan guarantees your financial objective in a definite period of years. For example, if you, beginning at age 35, deposit \$365.50 each year, it will purchase you an income of \$100 a month at age 65 for the rest of your life, plus accumulated profits. Your family receives full protection in the meantime. For further particulars apply to:
