Workers Refuse \$5 per Month Proposal

Practically None of the 550 Men at Highway Camps Near North Bay Remain Under Finlayson Plan.

Practically none of the men employed at the highway camps are remaining on at the rate suggested by Hon. W Finlayson of \$5.00 per month and board Speaking of the matter The North Bay Nugget on Saturday last in a front page article says:-

One

Week

Only

"Practically none of the 550 men employed in five camps on the trans-Canada highway who were offered the opportunity to remain at work at a wage of \$5 per month and their board accepted the proposal and by Thursday morning the camps were almost deserted. Not more than 10 men remained in the camps with the addition of the cooks and foremen and clerks Many of the men left camp on Wednesday evening and the rest on Thursday morning. About 200 men reported at the office of the Northern Development at North Bay on Thursday morning to get their cheques and transportation certificates and nearly all left on Thursday night for their homes in Southern Ontario, Most of these men had comfortable sums of money that they had saved during the winter and several had all the cheques that had been issued to them. On Tuesday next the remaining five camps will be closed if the men employed in them do not accept the terms offered. From present indications the men will leave the camps. It is a question whether the camps will be reopened this summer except on the basis of pay offered-\$5 per month. There is some light work that could be done advantageously during the summer but most of the work could be carried on during the winter. It is possible that the work may be closed down and reopened in the winter as a relief measure if conditions make relief necessary. Roads in the district are reported to be rapidly drying up and many of the roads are being dragged. There is a marked improvement in the Sturgeon Falls road in the past few days and at the present this section of the road is in fair condition. The road to Pembroke is quite passable and small drags are being operated almost the entire route. Appropriations for this district for the regular work of the Northern Development have not yet been made so it is impossible to state what work will be done on the district roads this sum-

Pioneered Far North as Anglican Clergyman

Many in Timmins and district knew Rev. M. McReynolds, for several years at Hearst, and previously stationed in mission fields of the far north. Rev. Mr. McReynolds was genial and friendly and won hearts wherever he was known. His death recently will be received as a matter of personal regret to wide circles of people in this North. He spent a life-time in the service of his church and people in the North Land and there can not help but be very general regret at the closing of his useful life. In referring to the death of Rev. Mr. McReynolds, The Northern

Tribune of Kapuskasing says:-"A former much-respected clergyman of this district, one who had labored in the far North for some years and latterly was incumbent of the Anglican charge at Hearst until his retirement a year ago, died at his home, 426 Sackville St., Toronto, on Thursday, April 14th. He is survived by his widow, Mrs. Florence McReynolds. The first labors of the late Mr. McReynoMs were in the remote James Bay missions of Albany and Fort Hope, where he ministered to the spiritual needs of resident Indians and Eskimos. As he advanced in years he was transferred to mission fields nearer at hand in the diocese of Moosonee, and for nine years covered the extensive charge comprising Nakina, Ombabika, Mattice, Hearst and other settlements along the C. N. R. line. The deceased was born in Ireland on Feb. 20th, 1860, and so was in his 73rd year at the time of his demise. He was much respected by all who met him, quite apart from Anglican circles, and news of his death will be received by them with sorrow."

Dancing and Musical Recital on Saturday of This Week

The public have the opportunity this week to attend an event of very special interest-the dancing and musical recital of the pupils of Mrs. H. F. Burt and Mrs. J. Wilkins, the event to be held in the basement of the United Church, Timmins, on Saturday evening of this week, April 30th, commencing at 8 p.m. Mrs. Burt is a very capable and successful teacher of dancing and has a number of pupils of whom any teacher might be proud indeed. The pupils of Mrs. Wilkins may well be expected to show decided talent as Mrs. Wilkins has a high reputation as an able teacher of pianoforte music. The combined musical and dancing recital should make special appeal to all lovers of good music and of talented dancing. The dances will include both classical and popular numbers, the Scarf dance, Minuet, Dutch Tap, Military, Spanish, Russian and other dances being featured. Mrs. Wilkins has arranged for a number of pianoforte solos during the evening. The whole programme is sure to be a pleasing one. Tickets are now being sold for the event and there should be a large attendance to encourage both teachers and pupils.

The annual bazaar of the Finnish United Church is being held to-day (Thursday) commencing at 2 p.m.
