Young People Hold Pleasing Banquet

Interesting Programme Last Night at the Young People's Society of the United Church, Timmins, W. M. Whyte the Guest Speaker.

The Young People's Society of the United Church brought their indoor activities for the season to a close Wednesday evening in the form of a banquet held in the basement of the church. Mr. Alex Finlayson, president of the Society, acted as able chairman for the occasion. The guests of the evening included Mr. Wm. Curtis and Mrs. Curtis and Mr. Arch Gillies and Mrs. Gillies. Mr. Curtis and Mr. Gillies representing respectively the Board of Managers and the Session of the Church. The toasts of the evening included those "To Our King and Country," put by the chairman and responded to by the singing of the National Anthem; "To Our Church," proposed by Miss Edith Richardson, and responded to by Rev. Bruce Miller; "To Our Society," by Mr. Chas. Napper, responded to by Mr. Finlayson; and "To The Ladies," by Mr. Farquhar Anglin, responded to by Miss Jean Fortin.

The season's activities were reviewed and testimonies of worthy accomplishments were many. The Society is in a particularly good state financially due largely to the complete success of the play from which the local and missionary funds of the church are to profit. The guest speaker of the evening was Mr. Wm. Whyte who had been with the young people on other occasions and who was enthusiastically received on this. Mr. Whyte's theme was a fitting one for such a gathering—"Friendship." Biblical writings as well as those of Robert Louis Stevenson, Robert Burns and Tennyson, were referred to and Mr. Whyte's remarks will long be remembered by those present.

For the musical part of the evening the Society is indebted to Mr. Chas. Napper who sang in particularly good voice, and to Miss Edna Connor and Mrs. Jack Faithful who played, while the catering for the occasion was well seen to by the ladies of the Senior Choir.

ALLEN LONGMORE IN HOSPITAL FROM INJURY TO HIS HIP

Allen Longmore, son of Mr. and Mrs. E. L. Longmore, is in St. Mary's hospital due to an injury received at school in March. He was playing with some of the other pupils when he fell, striking his hip. The injury was painful at the time, but the lad did not consider it serious. Some days ago the hip began to give serious pain and an X-ray revealed that there had been a dislocation at the joint. This was remedied at St. Mary's hospital and the patient is now in a cast to allow the complete remedy of the trouble. At the time of writing, Allen is reported as making excellent recovery, though he will have to remain in the hospital for some weeks.

REPORTED PARADES FAILED TO MATERIALIZE IN TOWN

There were reports here last week that arrangements had been made by the reds for another of their fool parades but fortunately the matter went no further than reports. Information coming to The Advance was that the parade was planned for Monday, May 16th. Later in the week it was said that headquarters had called the parade for Saturday. On neither Saturday nor Monday was there any attempt by the reds at any disorder or law breaking. The fact is that the Dominion Government has apparently started the sensible plan of deporting all troublesome aliens who are apparently trying to work mischief and taking foreign pay for this evil activity. This will have a material effect as the fact is well known that to most of the alien agitators the last place on earth they want to be sent is their own country.

His many friends will regret to learn that Jos. A. Bradette, M.P., has been in the hospital at Ottawa for some days past, but that he is now well on the way to complete recovery and has been able to resume his duties in the House.

MISCELLANEOUS SHOWER IN HONOUR OF MISS S. JONCAS

A miscellaneous shower was given on Tuesday evening of this week by Miss A. Vaillancourt at the home of Mrs. Joncas, 152 Pine Street, south, in honour of Miss S. Joncas and as mark of the esteem of her friends and their good wishes for her on the occasion of her approaching marriage. There were about thirty-six friends present and a delightful time was spent, with music, cards and dancing. A dainty luncheon was served and the happy party did not disperse until the small hours of the morning. Miss Joncas was the recipient of many useful and beautiful gifts and was also well showered with good wishes for all happiness.

Haileybury business men are planning to hold the annual 24th of May holiday this year on May 23rd, so as to make a long week-end. It doesn't look like a good precedent, and as May 23rd is a provincial school day, it doesn't seem fair to the youngsters.

Dropped Dead at the Ankerite Property

Henry Ryley, Well-Known in Timmins, Meets Sudden Death from Heart Failure. Funeral with Legion Honours Sunday.

Henry Ryley, a former resident of Timmins and who had only recently returned to the camp, where he was well known, dropped dead at the Ankerite property on Friday last, May 13th. Fellow workmen on the mine property spent much time and effort in attempting to revive him but were unable to do so. On the arrival of the doctor it was found that death had been due to heart trouble and that nothing could have been done to bring back life.

The late Henry Ryley was well known and popular in Timmins and district. He came first to the camp some five years ago, working for a time for the McIntyre. After being out of work and during which time he left the camp he made his home in Toronto. He returned about three weeks ago and began work at the Ankerite Mine.

The late Henry Ryley was 33 years of age at the time of death. He was born in the Old Country, where his father and mother and sister reside. He has one young sister in Toronto. To these and the other relatives and friends the deepest sympathy of all here is extended. The late Henry Ryley had an honourable war service and it was no doubt his efforts in the war that caused his early death. He was a member of the Royal Marine Light Infantry, also a member of Toronto Branch of the Canadian Legion and a life pensioner.

The funeral took place on Sunday from S. T. Walker's undertaking parlours, service being held there, conducted by Rev. Bruce Miller. Interment was made at the Timmins cemetery. There was a large attendance at the funeral and many floral tokens, among them being a beautiful wreath from the Timmins branch of the Canadian Legion. President Neame and a number of the members of the executive of the Legion were also present at the funeral as well as a number of the members. At the graveside the Legion buglers sounded the Last Post and the Legion members dropped poppies on the grave in token of remembrance.

INTERESTING CARD PARTY HELD AT SCHUMACHER HOME

A very happy card party was held at 521 Second Avenue, Schumacher, at the home of Mr. and Mrs. T. Foy, on Sunday, the guests including Mr. and Mrs. McCann, Mr. and Mrs. Harvey Mr. and Mrs. Jennings, E. Hines and T. Smale. The evening was pleasantly passed with card games. The ladies' first prize was won by Mrs. McCann, 176 and the ladies' special by Mrs. Jennings, 133. The men's first went to Mr. Harvey, and the special to E. Hines, 145. At the close of the happy evening a vote of thanks was passed to Mr. and Mrs. Foy for their kindly hospitality.

Bush Fires Cause of Damage in District

Although Early in the Year for Bush Fires, Rouyn, Noranda, Kirkland Lake and Other Centres Threatened by Fires.

This is recognized as early in the year for bush fires but the woods are dry and several sections of the district have been visited this week by the danger of bush fires, while some other communities have actually suffered loss. A despatch on Tuesday from Kirkland Lake said that in the vicinity of Kirkland Lake two bush fires were burning on Monday one from the south and the other from the southwest. One of them threatened the Teck Hughes mine buildings. More than 1,000 men were engaged in fighting the flames. Heavy rain about 3 o'clock saved the situation. So menacing was the danger at one time that trains were held at Kirkland and Boston Creek so that residents might evacuate the towns if necessary. Word received by The Advance on Tuesday from Kirkland Lake stated that the menace was not nearly so great as suggested by the sentence preceding, in which there was indicated thought of evacuating the town. Another despatch from Kirkland Lake said that during Monday there was much danger from bush fires in the Kirkland Lake area. The fire seemed to originate on the Hunton property, south of the Lake Shore Mine, and the fire travelled along to endanger Kirkland Lake. A heavy downpour in the afternoon eased any anxiety and enabled the fire fighters to put the fire out. A second downpour of rain later still further helped the situation. A few shacks in the bush that was swept over by the fire were destroyed, but as these were not occupied the damage was not serious in this particular. On Monday afternoon word came to Timmins from Kirkland Lake:—"Fire fully under control, and no danger to the town or mines now." In the meantime there were all sorts of reports about mine buildings being destroyed and others being threatened, but fortunately the most of the reports along this line were not correct.

Rouyn and Noranda were also threatened by bush fires on Monday but the change in the weather helped the situation there. Last week there were bush fires in the Rouyn area but the rain dampened them down. They sprang up again on Monday, however, and a heavy wind made the situation more dangerous. There was much smoke in the towns and through the district from the bush fires on Monday at the time the trial of the alleged reds was in progress at Rouyn courthouse. Reports are current of damage done to properties in the Rouyn camp by the forest fires.

From Swastika came word that the community of Rosegrove, located 10 miles from Swastika, in the Boston Creek area, was practically erased in the march of the flames. There was no injury to the few inhabitants, however, and property loss was small, through destruction of the frame structures. The Temiskaming and North-

ern Ontario Railway "flagging" station the general store, and the post office were among the structures destroyed. The few people left homeless were cared for at nearby farms.
