#### A CHICKEN "BUYOH"

OPISHINGQUAQUA STYLE

Will be served every Sunday commencing at 5 p.m. at the

RUF'N REDY REFRESHMENT BOOTH

Riverview Amusement Park

50c a plate—Ice Cream Dessert

"Thar'll be Chicken on Them Thar Plates"

Boys here will be interested in the debate recently held by the Kenawana Trail Ranger Camp at Pembroke. The subject of the debate was, "Resolved that the Hudson Bay Railway is of value to Canada." Boys here will expect a debate next, in some of the Southern centres, "Resolved that the T. & N. O. Railway extension to James Bay is going to be a great thing for Ontario." Such a debate should be won by the affirmative, if there is to be confidence in the old saying that truth is mighty and shall prevail.

At Ottawa recently one hundred boys and men assembled on a Sunday morning at 8:30 on the beautiful lawn of the Dominion Experimental Farm for a special service. W. Irwin Haskett, chairman of the Ottawa Boys' Work Board, led the worship. Howard Scharfe of the Ottawa Y. Staff, premier of the Seventh Ontario Boys' Parliament, was the speaker and Mac Robertson was violinist. The worshippers came to the chosen spot in a professional, while a Salvation Army cornetist played quietly. The service is to be an annual project of the Ottawa Board.

**London and District Athletic Contest**  
The weekly bulletin this week from the Toronto headquarters of the Ontario Boys' Work Board says:—"Threatening skies and cold breezes did not mar the happy and successful athletic meet at London on Saturday, May 28th. 125 boys from London and district came to the attractive and well equipped stadium of the University of Western Ontario. The baseball was thrown, the shot was put, the jumps were jumped and the six events thoroughly enjoyed by the young participants. Chatham, Woodstock, St. Thomas, Inverkip, Burgessville, Norwich and Lawrence Station had Trail Rangers and Tuxis boys in participation with lads from London churches. J. H. Crocker physical director at Western and the father of the National Athletic Contest was in charge of the events. The London and Ontario Boys' Work Boards co-operated in the promotion."

**Five or Six from Timmins for Beauvoile Camp.**

The weekly bulletin from Toronto also has the following to say in regard to the Beauvoile Training Camp, July 30th to August 7th:—"This is the time to plan to attend our Leadership Training Camp. Timmins writes in to say that Percy Moisiey, our district vice-president, will bring a party of five or six. If they can send that many from a distance of nearly 500 miles, how many should your district or community send? One of the attractions this year will be a splendid course in dramatization."

**About Summer Camps for Boys and Girls.**

In regard to the summer camps for boys and girls, the Ontario Boys' Work

Board, in the current weekly bulletin from headquarters at Toronto says:—"Parents realize that the summer camp is a school and a very important one—an outdoor one in which boys and girls learn the lessons of life naturally."

"In Ontario splendid camps have been carried on during past years. The Y.M.C.A., the Y.W.C.A., the Boy Scouts and the more intensive training camps for Trail Rangers and Tuxis Boys, and for Canadian Girls in Training under the direction of Ontario Boys' and Girls' Work Boards."

"The purpose of camping, as of education generally, is to give a boy or girl the opportunity to grow, to learn more adequately to face the eventualities of living. As children live in a group, have their meals together, mostly out-of-doors and enjoy the sports and games of the woods and the water, the molding experience goes on. It is no wonder, then, that parents use care in selecting a camp for their children."

"A school for every child" was Horace Mann's vision a little over a century ago, a dream which has almost become a reality. "A summer camp for every boy and girl," is a similar and every probable dream, already on the road to realization. For further information about camps write to the Ontario Boys' Work Board, Toronto."

#### Genuine Conversion is Shown in These Cases

Chief of Police H. Jones this week received a couple of letters that make him believe that people can truly be converted and that this genuine sort of acceptance of religion has a direct effect on the lives and attitude of people. Both letters were along the same line and both were from people with whom Chief Jones had come in contact during his residence in Welland. In the letters the parties admitted saying things about him that were unkind and untrue and for this they asked his forgiveness. Both letters also told of goods that they had taken from his property in Welland, and for this they also asked forgiveness, and also in each case offered to pay whatever price he felt he should set upon the articles. In each case the writer of the letter had been converted recently in religious services held at Welland, and they wanted to make amends for the things they had done that were wrong, as well as to confess their faults and to ask for forgiveness. Chief Jones said that the faults were not very serious ones, but that the very fact that they made the admissions they did was proof of a genuine conversion and honest attempt to live the best sort of life. "Not only do I forgive them," said the chief, "but I wish them well, indeed, in every way."

Our Want Ad. Column Brings Results

#### Another Easy Win by the Hollinger F. C.

Timmins Football Team Adds to its List of Losses. Tuesday's Game a 5-0 Victory for the Hollinger F. C.

Timmins took another defeat in a football fixture on Tuesday last when Hollinger won by a score of 5-0.

The first half was fairly good football and had Timmins been a better finished team they would have chalked up two goals. The second attempt was a fine drive but Gaw made a sensational save by coming full length on the ground and turning the ball out for a corner. At the other end Burt pulled off a good save. Timmins were beginning to tire and the Holly went through. Roy passed to Johnston who drove a fine shot by Burt for the only score of the half.

At the commencement of the second half both goalies were called on to save. The Hollinger then began scoring, Johnston getting a pass from Roy and scoring. Soon after Landers went right in and miskicked and Burt did the same, and Johnston booted in the loose ball for the third goal. Timmins had a fine chance with five abreast and right in close but could not finish the play before being robbed of the leather. On another occasion Crick was going in when the ball bounced and he brought it down with his hands, and referee Barron gave him a free kick, instead of the opposing team. This was the last dangerous play on the Hollinger goal. Johnston got his fourth by the way of a pass. Just before the whistle for time Aspin was trying to dribble through and Stanlake helped him out by scoring in his own goal.

Hollinger—Gaw, goal; Denny and Goodman, backs; McConnell, Boyd and Robson, half-backs; Phillips, Roy, Johnston, Landers and Aspin, forwards.

Timmins—Burt, goal; Zimmerman and Stanlake, backs; Adamson, Macdenn and Studden, half-backs; Trenouth, Merridith, Crick, Roberts and Doderidge, forwards. W. Barron, referee.

#### High School Crests Awarded This Year

Winners of Crests at Timmins High School, Conditions Under Which These Crests are Awarded.

Timmins High School crests are awarded for athletic prowess. The crests awarded this year are as follows:

Basketball—Stanley Hass, Louis Romaldi, Leo Del Villano, Mike Lukon, Dennis Duxfield, Wilfred Shields, William Drew, Francis Gilbert, Stanford Walsh, Fred Grant, Leonard McFadden.

Hockey—Sam Abraham, Fred Grant, Ray Wallingford, Bill Kendall, Paul Mercier, Grant Barron, Francis Gilbert, Walter Finkelman, Mike Lukon, Stanford Walsh, Wilfred Shields.

Track and Field—Seniors (100 yds. and 220 yds.)—Walter Finkelman; Stanley Hass (broad and running jump and pole vault).

Intermediate—Pat Letang (high jump); Lloyd Chisholm (100 yds., 220 yds.).

Juniors—Frank Everard (100 yds., 220 yds.); Rod McPhail (broad jump and shot put).

The Timmins High School crest is a decoration sought after in athletic events.

A pupil may obtain the High School crest under one of the following conditions:—

1st. As a player in the Senior basketball team.

2nd. As a player of the Senior hockey team, either in the inter-scholastic or local league.

3rd. He may qualify for the crest by satisfying one of the following requirements in regard to field and track events:—

(a) As winner of one Senior event.

(b) As one of the first three in points in intermediate events.

(c) As one of the first two in points in Junior events.

(d) Providing he holds a school record in any field or track event.

UP-TO-DATE NEW CAFE TO BE OPENED ON WEDNESDAY NEXT

Another new business enterprise opening in Timmins next Wednesday is Lee's Restaurant, occupying the premises formerly known as the Radio Cafe and later the Wentworth Cafe. Fuller reference to this opening will be made in the next issue; suffice to say for the present that Mr. Ray Lee, the new proprietor, is having the entire premises re-decorated in a modern and artistic manner, and expects to have a restaurant which will be a credit to the town of Timmins.

Miss S. Savard, who was so seriously ill that she was unconscious for several days, was reported as much improved yesterday. Hosts of friends will very sincerely hope that she continues to improve and makes early and complete recovery.

#### Excellent Band Concert Given Sunday Evening

There was an unusually pleasing band concert given by the Timmins Citizens' Band at the Spruce street bandstand on Sunday evening. There was a large attendance at the event and there were many favourable comments made on the excellence of the music provided. There was a large band out for the occasion and they played a number of selections in very effective way. Bandmaster Wilford has been receiving many compliments for the concert presented on Sunday evening.

#### First Water Test of Abitibi Canyon Dam

Officials of Ontario Power Service Corporation Present at Test of \$25,000,000 Dam on Sunday This Week.

A despatch this week from Fraserdale, north of Cochrane says that water flowed on Sunday through the dam built across the Abitibi river as part of a huge power development project. It was the first time since construction of the dam began in April, 1931, that it received a water test.

Officials of the Ontario Power Service Company, subsidiary of the Abitibi Power and Paper Company, and the Dominion Construction Company stood by as the water was diverted from the tunnels through which it flowed while the work proceeded into its normal channel.

Started in 1930. The dam is built across the river at the Abitibi Canyon. The power development scheme, involving an outlay of some \$25,000,000, was undertaken in August, 1930.

The dam was completed last week and machinery and equipment is now being installed in some sections of the huge plant. The location is at Abitibi Canyon, 70 miles north of Cochrane. The Ontario Power Service Company is under contract with the Hydro Electric Power Commission to deliver 85,000 h.p. at Hunta for transmission to Copper Cliff and Sudbury by October 1. Two of the generators will have to be operating to meet this order. When in full operation, the plant will have five 66,000 h.p. vertical turbines with generators of 448,500 k.v.a. capacity.

**Transmission Plans.**

Power will be carried at 132,000 volts over two steel power transmission lines from the plant to Hunta on the Canadian National Railways, 10 miles west of Cochrane and 60 miles southwest of the plant. The Hydro Electric Power Commission will then take the current over a 190-mile transmission line to Copper Cliff and Sudbury. The transmission line from Hunta to Sudbury district cost approximately \$200,000.

It is probable that there will be an outlet for power from the plant to the immediate district as well as to the immense clay and lignite fields directly north of Abitibi Canyon.

#### Workers Strike at Three Nations Camp

"Lumber and Agricultural Workers Industrial Union" Issue Circulars About the Strike.

On Monday of last week thirty-seven men working at Ollila's camp at Three Nations went on strike. They demanded \$3.00 per cord for peeled pulp wood, but the jobbers considered this too much. They were willing to pay \$2.50 per cord so as to complete the contract, but the men would not accept this. They had been getting \$2.00 and seemed to be satisfied with this rate until agitation was started. This week some of the men are said to have asked to be taken back, but the jobbers refused to have them as it was believed they would simply form a basis for more discontent. It is said that experienced men could make \$5.00 or \$6.00 per day at the old rate. After the strike was declared handbills printed on the familiar red paper were distributed advertising the fact that there was a strike on and urging the workers to keep away from Three Nations. These handbills were signed: "Lumber and Agricultural Workers Industrial Union." This so-called union is one of the many names under which foreigners in the district are organized. The men going on strike are all Finns. Plans were made this week to have fifty men from Cochrane who were anxious to work come down and take over the work, and arrangements were also made to assure them police protection if they wished to work. It was said that there might be interference with any men coming in to take over the jobs dropped by the men at this camp. The men from Cochrane were expected to arrive on Wednesday, but last night The Advance was informed that they had not yet arrived.

Mr. and Mrs. S. Silver and son, Jules, left on Monday on a two weeks' holiday trip by motor to Southern Ontario.

#### Final Rally of the Legion for Season

Col. Scarth, Provincial Secretary of the Legion, to Address the Meeting on Monday Night. Other Important Features.

The final rally of the Canadian Legion, Timmins branch, for the season will be held in the Oddfellows' hall on Monday evening next, June 20th. The meeting will start at 8:30 p.m. and there should be an unusually large attendance. In the first place it is the final meeting until after the summer months, and so all should turn out to make it a memorable meeting. Even more important is the fact that Col. Scarth, Provincial Secretary of the Legion, will be present and deliver an address to the boys. Col. Scarth is a gifted speaker and knows the case for the returned man, and his address will be one that no soldier should miss.

In addition to the pleasure of hearing Col. Scarth speak on Legion matters, the meeting Monday night will have several important items of business to deal with. The delegates for the provincial convention at Sault Ste. Marie in September will be selected at the meeting. Other questions of importance will also be brought before the meeting by President Austin Neame.

After the meeting there will be a happy social hour, with refreshments.

#### Transients at Hearst Continuing Trouble

Outside Chairman Presides at Meetings Where "Demands" are Made. Example of Cochrane Likely to be Followed.

Word from Hearst is to the effect that more transients are gathering there and that organization is being perfected along red lines. Posing as unemployed, these transients are causing considerable anxiety in Hearst. Some weeks ago, the town being unable to feed the transients, appeal was made to the provincial government. A grant of \$500.00 was made by the province and this was evidently taken as a sign of weakness by the transients who are said to be chiefly Finns. The transients had threatened to break in to the stores and take food and clothing unless relief was given otherwise. When the \$500.00 was granted some thought this would help the situation, but the grant was no sooner made than the trouble took another form. Settlers were said to be urged to come in and share in the relief, many of them finding of course when they reached Hearst that there was no relief for them. Lately the trouble at Hearst has taken the form of demands for further relief. On Wednesday and Thursday last there were meetings of the transients at Hearst, the meetings being presided over by an outside chairman. According to the despatches from Hearst the chairman is said to have urged the men to demand \$5.00 per week each cash relief, with \$5.00 for each wife and \$1.50 for each dependent, and in case this were not granted that food should be seized from the stores. The people of Hearst are said to be guarding their property with the aid of police. It seems likely from present indications that the people of Hearst shortly will use the same method employed in Cochrane last year to get rid of these transients and their unfair agitation and disturbance.

#### Report is Made by McIntyre Committee

Committee of Shareholders Says Officials Favourable to Increased Dividends, so far as Practical

Following a conference between the McIntyre-Porcupine Mines Limited shareholders' committee and President J. P. Bickell of the company, Douglas H. Wright, committee secretary, has written stockholders giving the results of the conference and advising shareholders to send in their proxies signed in favour of the management.

Mr. Wright's letter follows:—

"In pursuance of the policy outlined in the shareholders' committee pro tem circular of May 23rd, 1932, we hereby report that at a meeting to which most of the larger shareholders of the company were invited, held on June 2nd, 1932, in the council chamber of the Board of Trade, the following committee was appointed:

Aubrey Davis, president, Davis Leather Company, Limited, Newmarket, Ont., chairman of the committee; A. H. Campbell, president, Campbell MacLaurin Lumber Co., Limited, Montreal, Quebec; P. H. Douglas, retired, Ancaster, Ontario; Zeph. Hilton, board of education, Toronto, Ontario; T. E. Plewman, publisher, Toronto, Ontario; Douglas G. H. Wright, Mining Geologist and Engineer, Toronto, Ont., secretary of the committee.

"On the Saturday following, an interview was obtained with the com-

#### Ansonville Likely to Have Creamery There

A despatch last week from Ansonville said:—"The Ansonville board of trade held a special meeting in the town hall, Ansonville, on Tuesday evening, June 7. All regular business was dispensed with and the main topic discussed was that regarding the establishment of a creamery in Ansonville. It was finally decided to leave the two parties contemplating this move decide between themselves. Since then Geo. Blodeau, of the Val Gange Creamery, has bought a lot from the town, on Second avenue and proposes to build in the near future. The building, it is estimated will cost between \$6,500 and \$7,000. Although the other party, the Georgian Bay Creamery, has withdrawn its application for a lot, there is still a possibility that they will establish in Iniquis Falls."

Mr. Jas. Philmore, of Peterborough, Ont., was the guest this week of friends in town.
