A Great War! A Great Pestilence! A Great Depression!

ALL within twenty years. Could there be a more gruelling test?

Yet life insurance stands invincible. During that whole period it paid every obligation promptly and fully — as it has ever since the Dominion was formed.

The Sun Life Assurance Company of Canada itself paid to policyholders and beneficiaries in cash during these periods —

The War (1914-1918)

The 'Flu (1919)

The Depression (1930-1931)

— over \$226,000,000. It has paid to its policyholders and beneficiaries since formation nearly \$600,000,000.

In prosperity, life insurance is valuable; in adversity it is indispensable. The protection of your home, the security of your business, the comfort of your old age, depend first on adequate life insurance.

NORTH BAY COUNCIL ENJOYS HOT TALK AND HIGH TIMES

There was a fierce old time at North Bay city council last week when aldermen used such terms as "crook," "liar," "stinking rat," and so on, and the aldermen invited themselves outside for fistcliffs together. The trouble developed from the discussion of the report by the city solicitors urging a judicial investigation into the hauling and crushing of rock on the road programme recently completed. After a lively time, all cooled down and before the meeting closed nearly everybody apologized to everybody else for the disorder.
