After a short illness of four days, Mrs. Mary Zaitz, of the Davidson Road, South Porcupine, expired during the night. Life was extinct when a member of her family came to her bedside last Tuesday morning, August 2nd. Heart failure was the immediate cause of her demise but she had always been a hard-working and supposedly strong woman. She was born in Russia thirty-eight years ago and came to Canada at the age of fourteen, marrying Mike Zaitz shortly afterward. The husband with seven children mourn her loss. They are:—Tena (Mrs. Atamen) of South Porcupine; Bella, of Hamilton; Annie, Nick, Helen, Katie and Jennie, at home; the youngest, Jennie, being only ten years of age. The funeral took place on Thursday, mass being said at St. Joachim's church by Rev. Fr. Gelinas. The pallbearers were Messrs Helmer, Mahon and Bezpalko, of South Porcupine, Cartanick and Zabiaka of the Dome, and Stanley, of

Kirkland Lake. Many flowers expressed the sympathy of the community for the family. Burial took place at Timmins cemetery.

Mr. and Mrs. Johnny Cook, of the Dome Extension, motored to the parental home in Stratford for a holiday. Mr. W. Smith, of Aurora, is a guest in town at Mr. D. Deacon's.

The Fire Brigade presented them with a handsome engraved silver tray and there were also various fine gifts in silver from other friends. The party was a complete surprise to the bride and groom of twenty-five years ago, and heartfelt wishes were expressed for their continued happiness and success.

On Friday, August 5th, South Porcupine won over the Dome, 9 to 6. Rink number one from South End won five straight games. Rink number two won four games out of five. Rink number three gave five wins to the Dome. On Wednesday of this week Dome entertains Timmins, and South Porcupine Timmins Firemen. On Friday Timmins will be at South Porcupine.

The softball game of Thursday night, Engineers vs Mine, was postponed to a later date owing to the football game. On Monday night the Engineers met the Mill and came out on the higher side of the 8 to 7 score. A. Briden was umpire, Brooks for bases, Longworth and Rudd were the battery for the Mill, McCaffrey and Fell (then Sullivan) for the Engineers. Too many errors cost the Mill their game. The Mine is leading the league, Engineers second, with the Mill trailing. H. Doran made the only run of the first innings, Parsons for the Mill going down as he reached for the haven of home. Fell batted a homer in the second, sending McMur-

ran and Doran in ahead of him. Mansfield staged the first run for the Mill. Shumilak also ran. McCaffrey tallied for Engineers; B. Doran and Parsons for the Mill in the third. Tom Michaelson, Fell and Richmond rounded the diamond while the Mill tally was nil for the fourth. Richmond's running catch of Schumilak's fly being the feature. The fifth had no runs and the sixth saw two more (Rudd and Doran) cross the home plate for the Mill. The Engineers still failed to tally in the seventh but the Mill only pulled off one which left them minus the extra needed tally, to even matters and again as in some of their former games they were just not quite good enough.

At the council meeting of Tisdale township council on Monday evening Reeve Gallagher and all the councillors were present. There were as usual several cases to be considered. The bill of rental for the building where inquiries are held in Schumacher had not been sent in for four years and was to be asked for. While in court of revision several taxes cases were to be heard. V. Laffin had paid in taxes which had been transferred. These were credited to another property. A man with a poolroom on First avenue Schumacher, found out it was "No Picnic," when he wanted his taxes lowered. Another man with a rooming house on First avenue complained that his revenue was lowered, now that so many rooming houses had been built on Second avenue. His taxes were also confirmed. But it was realized by the council that Second avenue west, in Schumacher, was now practically a business section and would have to be assessed accordingly. Many of the so-called boarding houses there were really hotels doing business on a larger scale than some of the First avenue hotels. It looked as though people had gone into these areas of lower assessment and were carrying on business the same as in the original business section. McIntyre road was reported by the engineer to be practically finished except for the placing of a few loads of fine gravel to make a suitable walk for pedestrians. The council all agreed that the road at present most urgently needing repair was the Dome road. A short spell of warm weather would allow this to be done much more efficiently for the type of repairing needed but it is to be started within the week. The portion from the railway crossing to town is to receive special attention for repairs. At Gilles Lake the better half of the work is now done but it was thought advisable to change the road bed along Toke street so that traffic would not be immediately over the water line as it has been in the past. The Conlaun road and culvert were also discussed. Gold Centre lights are still delayed owing to no clear understanding as to where poles can be placed.

In a week-end game of softball between Golden City and South Porcupine, Golden City won 9 to 6 from the boys of this end of the lake.
