TEMISKAMING AND NORTHERN ONTARIO RAILWAY TRAIN SERVICE

Train No. 17—North Bay to Moosonee, leaves North Bay 10.00 a.m. Mondays, Wednesdays and Fridays, arrives Moosonee 8.00 a.m. Tuesday, Thursdays and Saturdays.

Train No. 18—Moosonee to North Bay, leaves Moosonee 9.30 p.m. Tuesdays, Thursdays and Sundays, arrives North Bay 5.50 p.m. Mondays, Wednesdays and Fridays.

Trains Nos. 17 and 18 use Canadian Pacific Railway Station at North Bay, and operate sleeping car service between Moosonee, Cochrane, Porquois, Swastika, Cobalt and Toronto, Montreal and Ottawa.

Trains Nos. 46 and 47—Through service daily between Toronto and Cochrane, carrying through sleepers between Toronto and Timmins, Toronto and Rouyn, and between Montreal and Cochrane.

Connections at Earleton Jet, for Elk Lake, daily except Sunday. Daily except Sunday service between Earleton and Charlton.

Connections at Porquois Jet, daily for Connaught, South Porcupine, Schumacher, Timmins and Iroquois Falls. Connections at Swastika daily for Kirkland Lake, Larder Lake, Cheminis, Aldermac, Rouyn and Noranda.

Second Big Seizure of Liquor in North

Toronto Man Assessed \$1,000.00 and Costs, and Car Confiscated. Alcohol Seized by Provincial Officers on Highway Near Latchford.

On Friday morning last at the police court in Halleybury a man giving the name of Wilson, with the Christian name given in one despatch as Jack, and in another as William, was fined \$1,000.00 and costs or three months in jail when he pleaded guilty before Magistrate Atkinson to being in alleged possession of liquor. Wilson gave his home address as 105 Brunswick avenue. He told the court he was headed for Kirkland Lake when he was arrested. He lost his car and the 101 gallons of liquor seized by the provincial police when they stopped the man's car on the highway near Latchford on Wednesday last.

When Wilson was arrested a man who was in the car with him was also charged jointly with Wilson, so as to be sure that the real owner of car and liquor would not escape. This second man, Harold Bush, of Welland, was able to convince the authorities that he was only an innocent passenger in the car. He had simply been picked up on the road and given a ride by Wilson. Wilson corroborated this statement of Bush's connection, or rather his lack of connection with the car and the liquor therein.

Sees Big Future in the North for Power

Old-Timer of North Believes Matheson Holds Mining and Agricultural Possibilities of Note in Its Area.

The Advance last week received the following letter from H. A. Preston, of Schumacher, one of the pioneers of the North Land:

Schumacher, Aug. 13th, 1932 To the Editor of The Advance, Timmins.

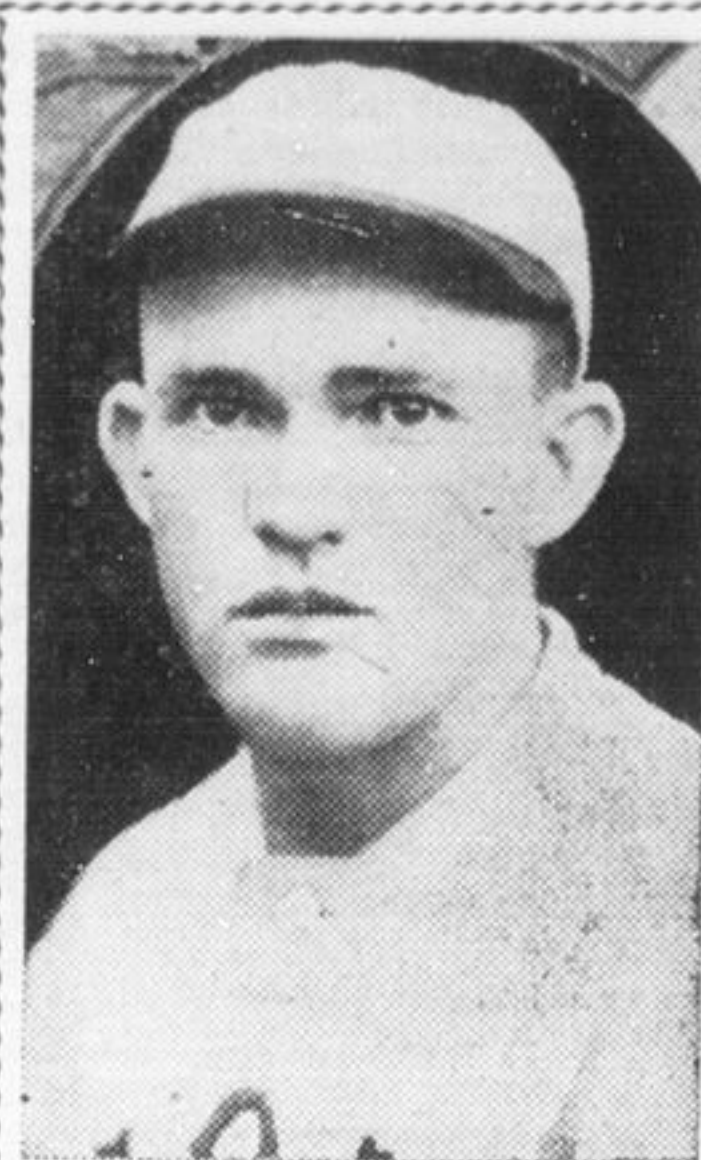

Dear Sir:—What about the Abitibi Canyon and Hydro power? Remembered the early birds get the worms!

Matheson mining area directly east of Porcupine sure has got a few gold mines in it, because the gold can be found for miles around, same as it can around Porcupine for miles. Looks as though Hollinger will prove it on the Hyslop work they are doing. Who is going to supply the electric power at this Matheson camp if it proves up, as it will some time? Who will supply power to Matheson and the other towns north and south, also the farmers if they want it? And there will also be other uses for power. Matheson area is a mighty big farming and mineral area, stretching all directions, and the people should get their own water power as cheaply as possible. Those who claim Hydro or public ownership is a failure are talking nonsense. Look at the T. & N. O. Railway! Is it a failure? Why not pick out all men in Canada who are worth over five million dollars and put them at Ottawa to run the country on the private ownership plan. Then see if times would get any better. Have no elections; just run the country as a private ownership? Public ownership will pay if we get the right men to run it, such men as the late Adam Beck was, and who refused a fortune to switch to private ownership. Our water powers should be run for the people and for prosperity, and not for the pockets of a few. There will be another depression some day and public ownership of power will do a lot to help New Ontario keep the wolf from the door.

Just lately there was a hotel in Porcupine gold camp changed hands, the late owner having had it for ten years. If this change had taken place down around Niagara where there is hydro power there is no doubt the late owner would have saved in power and light expenses enough to build a brick hotel the same as the frame one he sold. Who says the public-ownership of hydro power would not save the people huge sums that they could invest in other ways, such as houses, stores, and help to employ people and make the towns grow better, instead of the money going away to the big cities to help them.

Yours truly, H. A. PRESTON

Released by the Cubs

ROGER HORNSBY Who has been released as manager of the Chicago Cubs after serving in that capacity since the last week of the 1930 season.

Ladies' Golf Tournament Next Year at Haileybury

Mrs. Huston, Haileybury, was elected president of the Northern Ontario Ladies' Golf Association, succeeding Mrs. George W. Lee, North Bay, at the annual meeting held at the North Bay Golf and Country Club on Wednesday afternoon last week.

The meeting was opened by Mrs. Harry Shepherd, president of the ladies' section of the North Bay Club, with Mrs. George W. Lee taking the chair. It was decided to hold the 1933 tournament in Haileybury.

C. B. MORGAN BRINGS GOLD BRICK FROM HERB LAKE MINE

The Northern Miner last week says: "C. B. Morgan, president of the North British Mining and Milling Company has returned from the company's plant at Herb Lake, Manitoba with two gold bricks from the mill, representing a second gold shipment by the company in a month. The two bricks totaled 152 ounces avoirdupois weight, with impurity estimated at about five per cent, and represented milling of 167 tons of quartz. There will be a clean-up at the mill about the end of the month, when a third shipment will be made of approximately the same value as the second one."

Mr. and Mrs. H. C. Garner and family returned this week from a holiday trip to the South and East.

Mr. Jas. McGuire, of the staff of the Liquor Commission Store, left on Saturday on his annual vacation to Bracebridge, Weston and Orangeville.

Kapuskasing Plans of Blanching Celery

Dominion Experimental Farm at Kapuskasing Gives Helpful Information for the Blanching of Celery.

A. Beizile, of the Dominion Experimental Station at Kapuskasing, sends the following article regarding the methods of blanching celery, to The Advance:—

Who does not like to have celery on the table? It is one of the most easily cultivated plants and one that should be found in every garden.

The plants can be grown by starting seed in the house between the middle and the end of March in a bright window in a flat or shallow box, and transplanting the plants two inches apart into other boxes when the true leaf appears. They may be set in the open any time from early May to middle of June depending on the season or the district in which it is grown. A rich, moist, cool soil is best for celery, so much soils which supply an abundance of water for the crop have been found especially suited to the growth of this crop, more particularly when liberal manuring has been done. The plants are usually set in rows four feet apart and six inches apart in the rows either in trenches six inches deep or on the level, depending which blanching system is used.

As the object in growing celery is to obtain plants of good size and well blanched, an experiment was started in 1923 at the Dominion Experimental Station, Kapuskasing, Ontario, to compare the results in earliness, crispness, blanching flavour and yield from different methods of blanching. The results from this experiment would seem to indicate that celery may be fairly well blanched by either ready roofing, boards, earthing up on the level or planting in trenches and filling these and afterwards earthing up. That grown in the double alternated row and blanched with roofing paper has given the largest yield, but it is far surpassed in quality by both that produced in trenches and that earthen up on the level, particularly the former. That planted on the level and blanched with boards has given the lowest yield and the quality has also been rather poor. The use of boards and tar paper or roofing paper has the decided advantage of requiring less labour, and the rows may also be planted much closer together. If the best quality is desired, however, the blanching must be done by earthing up preferably in trenches.

Mr. and Mrs. H. C. Garner and family returned this week from a holiday trip to the South and East.

Mr. Jas. McGuire, of the staff of the Liquor Commission Store, left on Saturday on his annual vacation to Bracebridge, Weston and Orangeville.

New Cub Leader

CHARLIE GRIMM Veteran first baseman, who, according to reports, will succeed Roger Hornsby as manager of the Chicago Cubs.

Northern Ontario a Happy Place for Motor Tours

The Perth Expositor in an editorial article last week says:—"Not long ago a motor trip of several hundred miles through Northern Ontario would have been something of a nightmare. Those who have taken it now report that it is a trip of pleasure and delight, thanks to two things, the road-building activities of the Ontario government and the enterprise of the Northern Ontario communities and the Ontario Forestry Branch is providing splendid facilities to take care of the needs of touring motorists. The Ferguson Highway is the main one traversed. One motorist who travelled a distance of 800 miles reports that for not a mile on the road was there anything to give cause for concern as to either safety or comfort. If one is in search of the less frequented places of Ontario the Northern Ontario section provides a happy and beautiful holiday tour."

Col. T. L. Kennedy, Minister of Agriculture in the provincial cabinet, was a recent visitor to the North. He visited Englehart, New Liskeard, Matheson, Cochrane and other farming sections, and also went on to Moosonee, taking notice no doubt of the fine agricultural country north of Cochrane. He is likely to have the opinion of most of those going north of Cochrane—that the country north of Cochrane will more than hold its own with the territory south of Cochrane in agricultural way.

Timmins Loses Out in Boxer Cup Series

Dome F. C. Defeats Timmins in Sudden Death Game on Thursday Last, With Score 5 to 0, at Timmins

Timmins was eliminated from the Boxer Cup series when the Dome defeated them Thursday in a sudden death match by a score of 5 to 0 at Timmins.

The home team started with only nine men and this was quite a handicap. Thompson and Rice came on about 15 minutes later and made the team full strength.

They were no match against the strong team of the Dome, but are always ready to give their best.

The match Thursday was clean throughout. Timmins team was weaker than the one fielded on Tuesday and their combination was lacking, due no doubt to the changed line-up, but credit is due them for fielding a team throughout the season, and they are worthy of support for their sportsmanship.

The Dome were winning at half time by a score of 1—nil, Chambers getting the counter. In the second half the Dome got four more past Thompson, making a score of 5—nil; scorers being: Chambers (2), Fidock and Rudkin.

Timmins—Thompson, goal; Stanlake and Street, backs; Rice, Madden and Lortie, half-backs; Zimmerman, Collins, Trenouth, Meredith and Doddridge, forwards.

Dome—Baxter, goal; F. Blair and Pryor, backs; Munro, J. Whyte and Doran, half backs; W. White, Rudkin, Chambers, Jones and Fidock, forwards; W. Barron, referee.

Winner This Year of Handicap Trophy

J. K. Gustafson Wins in Finals from G. N. Ross and Thus is Holder of Golf Club Handicap Trophy for 1932.

During the past month the games in the Club Handicap Trophy have been played at the Timmins golf course, J. K. Gustafson finally winning the trophy when he beat out G. N. Ross. The following are the results of the various games played, giving the player's name; handicap is given in brackets immediately following name.

First Round

- Geo. Lake (12) won from E. N. Ward (32)
D. B. White (24) won from S. Brown (32)
J. K. Gustafson (22) won from J. E. Ashton (32)
H. J. Fuke (15) won from C. G. McIntosh (32)
A. W. Young (25) won from H. C. Garner (26)
M. J. Splane (32) won from I. F. Whitney (28)
J. R. Todd (28) won from Dr. A. S. Porter (26)
F. M. Galbraith (14) won from Dr. O. J. Stahl (30)
H. Moore (22) won from V. Woodbury (30)
K. A. Eyre (24) won from A. G. Irving (31) (default)
W. R. Rinn (23) won from J. W. Dougherty (32)
W. S. Jamieson (24) won from J. R. Hall (32)
G. N. Ross (14) won from C. G. Keddie (32)
Dr. H. H. Moore (26) won from H. Scarth (32)
R. Eddy (25) won from J. D. Brady (24)
W. Laidlaw (10) won from R. Langdon (32)

Second Round

- Geo. Lake (12) won from D. B. White (24)
J. K. Gustafson (22) won from H. J. Fuke (15) (default)
M. J. Splane (32) won from A. W. Young (25)
F. N. Galbraith (14) won from J. R. Todd (28)
H. Moore (22) won from K. A. Eyre (24)
W. S. Jamieson (24) won from W. R. Rinn (23)
G. N. Ross (14) won from Dr. H. H. Moore (26)
R. Eddy (25) won from W. Laidlaw (10)

Third Round

- J. K. Gustafson (22) won from Geo. Lake (12)
M. J. Splane (32) won from F. M. Galbraith (14)
W. S. Jamieson (24) won from H. Moore (22)
G. N. Ross (14) won from R. Eddy (25)

Semi-Finals

- J. K. Gustafson (22) won from M. J. Splane (32)
G. N. Ross (14) won from W. S. Jamieson (24)

Final

- J. K. Gustafson (22) won from G. N. Ross (14).

Mr. Thos. Torrance, vendor of the Liquor Commission Store here, left on Saturday on his annual vacation. Mr. Torrance went by train to North Bay where he joined Mr. M. Wernick, and they left this week on a motor trip to Ottawa, Montreal, Portland, Me., Boston, New York, Buffalo, Hamilton, Toronto and back to North Bay.
