YOUNG GIRLS MAKE DONATION TO SALVATION ARMY CAMP

Adjutant Jones, of the Salvation Army was very pleased this week at one of the donations made to the Salvation Army fresh air camp for boys now being held at Golden City. He has received several generous donations for the work, and fully appreciates them all, and of course will be delighted at any more, but the one given this week had particular appeal. It was a gift of \$1.00 from Edith Smith and Jean Gordon, two young girls who had staged a bazaar among their young friends and passed on the proceeds to the S. A. camp fund. Last year the proceeds from a similar event managed altogether by these young girls was given to a Toronto fresh air fund, but this year having the same sort of fresh air camp right here in the immediate district the girls donated their net receipts to the local fund.

The Cobalt Weekly Post last week said:—"Miss Gwen Webb and Miss Winnie Sparling, of Timmins, returned Sunday to their homes after spending two weeks in town with friends."

Boxing Programme Has to be Postponed

Illness of Henry Bussineau Makes Necessary Postponement of Event Billed for Friday, Aug. 26th, at Riverview Park.

Henry Bussineau, who was to be the feature bout in the boxing programme to be given at Riverview Park to-morrow (Friday) night, is ill here at present and Dr. McInnis says it will be several days before he can leave his bed. He had a bad attack of the current influenza, and his illness has made necessary the indefinite postponement of the programme advertised for to-morrow night. A new date for the programme will be announced later. At present, pending Mr. Bussineau's recovery, nothing can be done other than to postpone the boxing programme planned for to-morrow night. The chief feature on the programme was the bout between Bussineau, who is a former sparring partner of Jack Dempsey's, and Bill Archer, of Manistee, Mich., a boxer of considerable fame in the ring. There were other snappy items on the card announced, but the promoters, Messrs Bussineau and P. O'Gorman, decided that the main bout was the feature the public specially desired to see and that the impossibility of carrying it through, on account of Mr. Bussineau's illness, made it essential that the whole event should be postponed to a later date when the public would not be disappointed in any way.

Horticultural Show Promises to be Good

Many Special Features in Regard to Eighth Annual Flower and Vegetable Show at Timmins on Wednesday and Thursday, Sept. 7 and 8.

Preparations are being carried along energetically and effectively for the eighth annual Horticultural Show at Timmins to be held in the skating rink on Wednesday and Thursday, Sept. 7th and 8th. A general meeting of the Horticultural Society is called for to-morrow (Friday) evening in the town hall at 8 p.m. for the purpose of completing and perfecting the arrangements. All members should attend this meeting and assist to make the show the best success yet.

With the remarkable array of flowers and vegetables in town and district this year the show should be specially successful and there should be a large entry list in each class. The prize lists may be obtained from T. A. Skelly, secretary, or R. Elston, president, or from any of the other officers or directors. It is expected that the garden competition will be keen. Reference to this contest will be found in another column.

Another competition that is being conducted in connection with the Horticultural Show this year is the "Name the Garden" competition. M. J. Timmings is offering a prize of \$10.00 for the best name for his flower and vegetable garden. Tickets to compete may be secured at the Roxy Grill and at Smith & Elston's office. The winning name will be selected by the directors of the Timmins Horticultural Society on Sept. 8th. Entries in this contest must be placed in a sealed envelope and delivered to the Timmins skating rink on Sept. 7th, the first day of the show.

Help Some Good Man By Giving Him a Job

There is Surely Some Odd Job or Other Round the Place that will Give Some Good Fellow an Hour's Work or More.

H. C. Garner, in charge of the Government Employment office here, has a list of men who are most anxious to work. Handy fellows they are, ready to do anything, and anxious for even an hour's work. They want any job, no matter how small, so that they might have the chance to make enough to keep them going. That is their situation; they are nearly up against it; they are ready to take any job, even though it is only for an hour or two. They figure that if they get a few such odd jobs they can keep going.

On the other hand, what about you? Isn't there some little casual work needed around the house or grounds? Or isn't there some such job you can make? It will not mean much to you, but to the men anxious for even the smallest job it means a great deal indeed. Look around and see if there isn't some odd job that you can give. No matter how small it may be it will be well looked after. Perhaps, it is something you would normally do yourself. Let the needy man have it this time. Just call H. C. Garner, phone 218, and he will send you the man you need for that odd job. It will help you, for the work will be well looked after. It will help the men looking for work, for he needs anything he may get. It will help the country in general. It will do good all round. Look up that odd job and pass it along to one of the good fellows anxious for the hour's work.

Mr. and Mrs. M. Teen, of New York City, N.Y., were the guests last week of Mr. and Mrs. A. Salhani. This was the first visit of Mr. and Mrs. Teen to Northern Ontario, and they were much impressed with the comparative prosperity of the country, and the immense prospects for the future.

He is still in the hospital but is expected to be able to leave there in the course of a few days.

Timmins Wins From Kirkland Lake Team

Interesting Series Now to be Played Between Timmins and McIntyre Ball Teams for the R. A. McInnis Trophy.

At the Timmins grounds yesterday Timmins baseball team won from Kirkland Lake, 12 to 7 in the final home schedule game in the Temiskaming league. Timmins and McIntyre now enter the play-offs for the league championship, the R. A. McInnis trophy and the right to enter the play-offs for the Eastern Ontario baseball championship and the Ottawa Journal trophy.

The first game in this play-off series will be on Wednesday next, August 31st. The second game will be on Monday, Sept. 5th. Wednesday, Sept. 7th, will be the date of the third game, and if a fourth is required it will be on Friday, Sept. 9th, with the fifth match on Wednesday, Sept. 14th. Three games out of five to decide. All games on Timmins grounds. Owing to the lateness of the season all games will start at 4.30 p.m. sharp.

Yesterday's game put Kirkland Lake out of the running. While the weather did not look so good, there was a large crowd of fans. The brand of baseball was not the best, there being lots of errors. Kirkland Lake and Timmins each required two pitchers. Kirkland Lake started Hackett, but he was replaced by Becker in the fourth. Timmins had O'Donnell on the mound but in the seventh he was released in favour of Chambers. Kirkland Lake collected nine hits and scored two runs in the opening innings, one in the fourth, one in the sixth, two in the seventh and one in the eighth. Timmins had twelve hits, scoring two runs in the first, three in the third, three in the fourth, one in the sixth and three in the eighth. Little in opening frame with one on, hit the pill right over right field fence for a homer. H. Buck and W. McIntyre umpired the game in smart fashion.

McIntyre play their final schedule game in Kirkland Lake to-morrow (Friday).

Timmins Golfers Visit the Kirkland Lake Club

Eleven golfers from Timmins visited Kirkland Lake's new golf course during the week-end and report a delightful time. It was intended to have a match with the Kirkland Lake club but on arrival it was found that there was a delegation of eleven also present from the Iroquois Falls club, and so the idea of a club match was dropped and the Kirkland Lake golfers simply entertained the visitors, with individual matches being enjoyed. The result was so satisfactory that it is intended to try this plan again, and consequently Iroquois Falls and Kirkland Lake golfers are both to visit Timmins this week-end.

Lieut.-Governor of Kiwanis Pays Visit

Dr. Robert E. Hipwell and Mrs. Hipwell, of Orillia, the Guests of Timmins Kiwanis, at "Ladies' Night" Event on Thursday Last.

Members of the Timmins Kiwanis Club, their ladies and friends spent a most enjoyable evening at the New Empire hotel on Thursday night of last week, the occasion being the official visit here of Dr. Robt. E. Hipwell, Lieutenant-Governor of the Northern Division of Kiwanis. Dr. Hipwell was accompanied by Mrs. Hipwell, and both the Lieutenant-Governor and his lady were given very hearty welcome here.

Dr. H. H. Moore, president of the Timmins Kiwanis, occupied the chair for the occasion, and carried the event through with his usual geniality and humour. Community singing, lead by Kiwanian Jack Walker, featured the meeting. An impromptu double quartette, on as the case may be, gathered from conscripted members present, sang an absolutely new song, "The Doctor's Last Request," written for the occasion and rendered to the tune of "It Ain't Going to Rain No More!" This made a hit, especially the verse where the world was counselled that if they lost an arm, a leg or hair, the doctor would fit them with a spare.

Another greatly appreciated feature of the evening was the singing of the Trelawney Quartette—Messrs Bowden, Toms, Docking and Jaco—their pleasing numbers and tuneful voices being greatly appreciated and enjoyed.

After the dinner served by the Empire hotel, there was introduction of the visitors and the addresses of the evening. Dr. Lee Honey introduced the guest of the evening, Dr. Robt. E. Hipwell, Lieutenant-Governor of Kiwanis. Dr. Honey had been a student at the University of Toronto the same time as Dr. Hipwell and so they knew each other well.

Dr. Hipwell, in opening, spoke of the immense extent of the territory over which he was Lieutenant-Governor for the Kiwanis. He will have travelled over 4,450 miles when he completes his present tour, including a visit to Sault Ste. Marie in the West and Timmins in the North. He had been delighted with the work being done by the Kiwanis Club and the progress being made. There seemed no room for criticism in his Division. Dr. Hipwell proceeded to give an inspiring address on the spirit and value of Kiwanis. The work for underprivileged children alone made the clubs well worth while. Dr. Hipwell gave specific examples of sick and crippled children who had been brought to health and strength through the efforts of Kiwanis. He pointed out that the meaning of Kiwanis was what the club members made it, and some were making it a noble effort indeed. Friendship and fellowship were keynotes of Kiwanis, he said, and the clubs could take a noteworthy place in the building-up of the communities in which they were. Speaking of the impression made upon him by his visit to the North Dr. Hipwell commented on the development of the North and the idea that this section of the province had escaped the full burden of depression felt by some other sections. "Let us show," he said, "that there is no depression in Kiwanis!" Dr. Hipwell had chosen as his subject the question, "Why is Your Husband a Kiwanis?" and he showed that it was the desire to be of service and the inspiration to assist in constructive effort that attracted interest to Kiwanis work.

Kiwanian C. G. Keddie in a neat speech proposed a toast to the Kiwanis.

Dr. Moore thanked the Lieut.-Governor and the others on the programme for the notable interest and pleasure of the evening, and also added to the evening's enjoyment by wit and humorous story. Congratulations were given to the programme committee, Vincent Woodbury and Chief H. Jones, for the very pleasing and successful event.

INJURED WHILE WRESTLING KIRKLAND MAN PASSES AWAY

In another column of this issue will be found reference to an impromptu wrestling match at Kirkland Lake in which Eino Lamstead was thrown by a friend and his neck was dislocated. The injured man was taken to the hospital at Toronto, but word from the city yesterday was to the effect that he had passed away.

The Haileyburian last week says:—"Stanley Belanger left yesterday for Timmins, where he will visit his sister, Mrs. Sandwith, for a week or two."

Inquest Being Held Into Death of Mrs. Arthur Jones

Last night an inquest was opened into the death of Mrs. Arthur Jones who died last week after a brief illness. A doctor called in to attend her found her in very serious condition and advised her removal to the hospital. At the hospital, despite all that could be done for her, she passed away on Monday of last week, death being due to septicaemia. The doctors reported the matter to Coroner H. E. Montgomery, who called the inquest with the purpose of finding the cause of the septicaemia and to determine, if possible, if there were criminal responsibility on the part of anyone in the matter. Doctors and others gave evidence last night but there was no direct evidence to fasten responsibility on anyone in the matter. The inquest was adjourned to Aug. 31st to allow the summoning of a neighbour woman to give evidence. This woman had visited the home, it was said, the evening before Mrs. Jones' condition became alarming. The husband's evidence suggested that the neighbour in question was a friend of the family and was a frequent visitor, but this lady's evidence and that of any others who may be able to give evidence in the case will be called at the inquest. The coroner's jury in the case comprised—A. Laprarie, foreman; J. P. Burke, J. Dalton, W. Rinn, T. E. Dunn, A. Borland Sr., and D. Ostrosner.

Would You Like To Be Blind ?

Imagine yourself to be blind, and being asked to buy a motor car, or silverware, or clothing, or a pair of shoes, or a clock, or a refrigerator, or a suite of furniture. Imagine yourself to be set down in a main street with stores on both sides of it, and being bidden to purchase the thing or things on your shopping list.

Being blind, you would not know what store or stores to enter; and even if you did find yourself in the right class of store, you wouldn't be able to select intelligently what you were bidden to buy. You wouldn't know anything about values.

It would be cruel to send a blind person to do selective buying.

You would be like a blind person, when you start out to buy something, if there were no advertisements in the newspapers and magazines which you read.

Advertisements are like radiovision: They enable you to see in your home what is in stores, what stores have, what you plan to buy; also, they give descriptions, tell you prices, and answer many of your questions.

Pre-informed—in your home—about goods of desire, you can go shopping confidently—to known places of supply, and you know how to examine the wanted article, and what to pay for it.

Advertisements save your time, and safeguard you against the danger of mischoice.

What is advertised regularly is trustworthy, and is good value.

Be guided by advertisements when you plan to spend money for things to wear, to eat, to give your home easements and comforts, to save your time, to increase the output of your own labour, or of your soil or flocks or herds or orchards; or to protect your life, your health, your property, or money.

What advertisers do and spend in this and in other newspapers to get your attention and favour should have your warm approval, for what may be expense to them represents economy for you.
