

Given Three Months on Burglary Count

Sixty Day Term for Possession of Stolen Bicycle. Other Cases at the Police Court Here This Week.

At police court here this week Leopold Martell, of Sandy Falls, was sentenced to three months with hard labour on a charge of burglary. He had broken into the pavilion at River-View Park and stolen a quantity of chocolate bars, tobacco, cigarettes, etc. This young man, nineteen years of age, had some younger boys and girls in a gang with him, making their headquarters in a shack where the police found them after the robbery. Some of the stolen goods were found in the shack and some in the bush nearby, while more of the stuff was returned by one of the boys who had been using the shack. The parents of the young boys and girls promised to see that the youngsters slept at home and got home in proper time after this. Some of the youngsters had been fooling their parents by pretending that they were spending the night at the home of friends, it being found that the "friend" also excused absence at night on exactly the same excuse to his or her parents. Several bicycles and bicycle parts also believed to have been stolen were also found in connection with this would-be gang. On the night of the robbery Martell was on a bicycle and gave the police a big chase before he was finally caught.

Another case concerned with stolen bicycles was that of Donat Rabanin who was found guilty of being in possession of a stolen bicycle knowing it to be stolen. He was given sixty days in jail.

Two charges of reckless driving were dismissed, as was also an assault charge remanded from last week.

The charges under the Liquor Control Act against Arthur and Jules Mignault of the London Cafe were withdrawn, the evidence not being considered sufficient to proceed with the cases.

There were three plain drunks, the penalty in each case being the common one of ten dollars and costs.

The charges of theft of auto parts against Albert and Theodore Leriviere were remanded to next week. A similar charge against Rene Lariviere, a brother of the other two, was withdrawn.

A charge of speeding brought a fine of \$10.00 and costs. On a similar charge Jos. Cecchini was fined \$50.00 and costs.

Laura LaRoque, 37 Kirby avenue, was fined \$100.00 and costs on a charge of having liquor not on her permit. She was arrested on Sunday evening.

There were two charges laid by Game Warden R. Edleston under the Game and Fisheries Act. One was the case of a man charged with Sunday hunting in the township of Stock. He was fined \$10.00 and costs. The other was that of an Ogdon township man who was charged with illegal possession of partridge. He was remanded until called on.

While Tuesday's court was not as large as last week and some other recent weeks, the docket had twenty-two cases, and there was a total of \$290.00 in fines and \$98.75 in costs, a grand total of \$388.75 resulting from the activities of the police in these cases.

Unlike some recent weeks all fines and costs were paid or are to be paid and the only ones taking the jail terms from this court are the two who were given no option but the terms in jail.

BRIDGE PARTY UNDER THE AUSPICES OF O.E.S., SEPT. 27

A bridge party, under the auspices of Arbutus Chapter, O.E.S., will be held in the Masonic hall, Timmins, on Tuesday, Sept. 27th, at 8.30 p.m. There will be good prizes, and refreshments will be served. The event is sure to be an enjoyable one for all attending.

Toronto Mail and Empire:—"It is inevitable that law should lag behind custom. But it would seem now time, in view of the fate of the Hutchinson family, that each nation should frame a law to protect children from the risks to which ill-advised or unbalanced parents might subject them. About the last place in the world a child should be in an airplane bent on a perilous journey."

POOR TRAIN SERVICE FOR TIMMINS AND KAPUSKASING

On more than one occasion The Advance has referred in the past to the poor train service between Timmins and Kapuskasing. This poor service has meant much to Timmins in loss of business while to Kapuskasing and other towns along the C.N.R. it has been a serious inconvenience. The service at the present time is worse than the ordinary and that is pretty bad. The trouble is chiefly with the service or lack of service on the C.N.R. west of Cochrane. It is too bad that Kapuskasing and other towns west of Cochrane should have such poor service. In an editorial note last week The Northern Tribune, of Kapuskasing, made the following reference to the matter:—"The poor train service between Kapuskasing and Timmins is called to our attention. A passenger leaves here at 8.19 a.m. and reaches Timmins at 5.32—an entire business day eaten up by a trip that is commonly done by auto in as little as four hours. Also, the Sunday train being cut off is a positive inconvenience both to townspeople here and to travellers. All transcontinental westbound travel has been cut off since train No. 2 was re-routed via Sudbury and Hornepayne to Nakina. There might as well be a Khyber Pass between these two divisional points on a transcontinental line which cost the country \$330,000,000."

More Cricket Here During Week-End

Kiwanis Planning Another Big Review

Hope to Make This Even Greater Success than Previous Efforts. Kiwanis Dance to be Held on Friday Evening, Oct. 7th.

"The regular weekly luncheon of the Timmins Kiwanis Club at the Empire hotel on Monday was largely taken up with business discussions and arrangements but it was unusually interesting as will be noted in this report. Dr. H. H. Moore, the president, occupied the chair, and there were no dull moments. In the absence of J. R. Walker, who is attending the big District Convention at Sault Ste. Marie this week, Kiwanian Jack Fulton led the singing.

One of the matters decided upon was to have a Kiwanis dance in the McIntyre hall on Friday, Oct. 7th. This will be a pleasing event. Invitations are to be issued early next week. Any who would like an invitation to this event may see any member of the committee in charge or any member of the Kiwanis Club. The committee for the invitations includes:—E. H. King, J. Fulton, F. Feldman, Geo. Lake.

Another decision was to put on another Kiwanis midnight revue at a date to be announced later. All who remember the previous midnight revues by the Kiwanis know that they were most enjoyable and popular. It is hoped to make the coming one even better than any of its predecessors. There is a remarkable lot of talent in this town and any who can help in the revue or who know of good talent that may be secured for the event should get in touch with J. D. Brady, chairman of the committee, or other members of the club. The midnight revue will be looked forward to with keen anticipation and particulars will be eagerly awaited.

North Bay Nugget:—"The office cynic says that one of the reasons for this agitation about safety automobile driving regulations is that you can never tell how a cow or a woman is going to act on the road."

Beautiful Rose Bush is Torn up and Carried Off

The other evening a beautiful rose bush belonging to Mr. and Mrs. W. Nixon, 50 Second avenue was torn up and carried away by some unprincipled folks, for whom language appears to be inadequate. This rose bush was planted four years ago and has bloomed each year since. It has been a joy to the owners and a pleasure to all passing by. When it was so meanly stolen, it had had its fourth lot of blooms for this year. Each time this rose bush bloomed its roses seemed to be larger and better. Some picked on Monday before the theft occurred were beauties and with a perfume that added to their charm. Mr. and Mrs. Nixon have naturally taken the greatest pride and pleasure in their roses. Those who stole them did more than steal value, they stole time and care that can not be replaced. There has unfortunately been much of the theft of flowers and vegetables in town and district lately. It is a particularly contemptible style of theft, because of the irreparable loss usually accompanying these mean thefts. Those who wish flowers should grow their own, instead of by theft depriving the owners of the

results of their care and labour, and the public of the pleasure of the gardens in the town and district. It is to be hoped that some of the mean thieves of the gardens will be caught and made example of, for there are few more irritating and discouraging forms of theft.

WOULD SELL LOTS AT COBALT TO THE PRESENT TENANTS

Mayor T. H. Wainwright, of Cobalt has been notified by the solicitors in Toronto for the Aladdin-Cobalt Mining Co. that on a basis of \$100.00 as the value of an individual lot, a proposition for the sale of the company's holdings at Cobalt to the tenants who occupy them might be submitted to the English company. The figure quoted is the assessed value, according to the solicitors, who add that they have been informed to this effect by W. E. Creedy, their agent at Cobalt. No survey would be made and the tenants would have to be satisfied with quit claims, according to the letter received by the Cobalt mayor. Members of the tenants' committee acting in this grounds rental dispute are understood not to be favourable to the suggestion made.

Medals Found in the Ruins of Old Shack

Soldier's Trophies were in Partly Burned Leather Case Found in Ruins of Shack near Cochrane. Information Sought Now.

Austin Neame, president of the Timmins branch of the Canadian Legion is very anxious for any information that will explain the mystery of three medals and two medallions found recently in the ruins of an old shack that had burned down near Cochrane. The medals and medallions were in a leather case and the case had been partly burned, suggesting that the medals were in the shack at the time the building burned to the ground. No one in Cochrane knows anything about any returned men using this shack. The name on the medals is A. Radford, R.N., Stoker, and the number is 110.652. This ex-service man was not known in Cochrane and the medals have been passed on to Mr. Neame in the hope that he may be able to locate the owner of the medals or some of his friends or acquaintances. Search of the ruins of the shack did not suggest that anyone had lost his life in the

fire, but the mystery remains as to when Stoker Radford was there and when he left, if he lived in the shack, and otherwise how the medals and medallions came to be there. Anyone who can give any information in the matter should get in touch with Mr. Neame.

ONCE MORE ELECTED TO HEAD TRADES AND LABOUR CONGRESS

Tom Moore, of Ottawa, perennial president of the Trades and Labour Congress of Canada, will again guide the destinies of organized labour in Canada. Without a dissenting voice, and with the cheers of the delegates to the annual convention ringing in his ears, Mr. Moore was re-elected to the highest honour in the power of the congress at Hamilton last week.

P. M. "Paddy" Draper, of Ottawa, is once more secretary-treasurer. For more than 30 years, Mr. Draper has occupied that position, and there was never a doubt in the minds of the delegates as to who they wanted for that position.

Rev. Rudolphe LaSalle left on Sunday for Toronto to resume his studies at St. Augustine's Seminary there.

Report on Milk Samples for Township of Tisdale

The following is the latest report on milk samples taken in the township of Tisdale as furnished by Chief of Police Chas. McInnis from the report made by Dr. W. A. R. Michell, Director Branch Laboratory, Provincial Board of Health:—
