

August Output of Gold Increases by \$450,000

Last week figures were sent out by the Canadian Press suggesting that the gold output in Ontario for August had decreased from the production for the same month last year. It is not often that the Canadian Press makes an error of this kind, indeed, of any kind, but this was a mistake. The August, 1932, gold output for the province as a matter of fact was \$450,721.00 more than for the same month last year. If the Canadian Press, however, made a mistake, it was quick to find it out and rectify it, the following despatch being sent out by the Canadian Press to all newspapers having its service on Saturday last:—

"The Canadian Press yesterday erroneously reported a decrease in gold production in Ontario for the month of August as compared with the same month last year. Actually, there was an increase. "The Ontario Department of Mines reported total gold ore milled in the mines of the province during August was 473,956 tons, worth \$3,999,179, as compared with 440,736 tons, worth \$3,548,458 in August last year. "Total ore milled during the first eight months of this year was 3,618,157 tons valued at \$30,839,592, as against 3,267,045 tons worth \$27,525,332 in the first eight months of 1931. "The Canadian Press is glad to make this correction."

Toronto Globe:—The Worcester (Mass.) Gazette carries an editorial article coinciding with the oft-repeated statement that the United States won the war. The news from Berlin suggests that Germany has not heard about it yet.

Ferguson to be With Legislative Party

Around a Hundred in Party of Ontario Legislators on Tour of the North and at Timmins To-day. List of Those on the Trip.

Around a hundred are in the party of members of the Ontario Legislature on tour of the North this week and at Timmins to-day. Among those on the trip is Hon. G. Howard Ferguson, Canadian High Commissioner in Great Britain, who will be one of the most popular visitors in the group. The party left Toronto on Monday night. The official itinerary of the party is as follows:—

Monday, Sept. 19 Leave Toronto (C.N.R.) 8:00 p.m. Tuesday, Sept. 20 Arrive North Bay 4:30 p.m., leave North Bay (T. & N. O.) 4:40 p.m.; arrive Swastika 10:20 a.m., leave Swastika (visit Kirkland Lake) 12:30 p.m.; arrive Cochrane 3:00 p.m., leave Cochrane 3:30 p.m.; arrive Fraserdale 6:15 p.m., leave Fraserdale 10:00 p.m.

Wednesday, Sept. 21 Arrive Moosonee 4:00 a.m., leave Moosonee 6:00 p.m. Thursday, Sept. 22 Arrive Cochrane 2:00 a.m., leave Cochrane 2:30 a.m.; arrive Timmins 5:00 a.m., leave Timmins 1:30 p.m.; arrive Iroquois Falls 3:30 p.m., leave Iroquois Falls, 5:30 p.m.; arrive Montetith 6:20 p.m., leave Montetith 6:50 p.m.

Friday, Sept. 23 Arrive North Bay 2:30 a.m., leave North Bay (C.N.R.) 3:00 a.m.; arrive Sudbury 7:00 a.m., leave Sudbury 10:30 p.m. Saturday, Sept. 24 Arrive Toronto 7:00 a.m.

Personnel of Party

The official list of acceptances follows:

- A. H. Britannia Bay; Aublin, Albert, Sturgeon Falls. Bird, Wm. A., Toronto; Baxter, R. A., Brownsville; Bell, Thos. H., Toronto; Berry, R. N., Caledonia; Blakelock, Thos. A., Oakville; Blanchard, James, Uxbridge; Bragg, Wm. J., Bowmanville; Burt, A. C., Simcoe. Calder, Rev. A. C., Chatham; Case, Clifford, Aurora; Challies, Hon. G. H., Parliament Buildings; Clark, H. A., Brockville; Collier, H. S., Picton; Cote, Louis, Ottawa; Craig, J. A., Calabogie. Davis, H. J., Aylmer. Elliott, Wm. H., Fort Frances. Finlayson, Hon. Wm., Midland, Parliament Buildings; Fraleigh, Howard, Forest; Freese, L. Wm., Glencoe. Graham, A. E., Gore Bay; Graves, E. C., St. Catharines. Harcourt, G. V., Powassan; Harrison, C. R., North Bay; Heighington, Wilfrid, Toronto; Henry, Hon. G. S., Parliament Buildings; Henry, P. J., Ridgeway; Hill, J. F., Shannonville; Hipel, N. O., Preston; Hutchinson, Earl, Kenora. Ireland, W. B., Kingsville; Smith, G. J., Toronto; Spence, Frank, Fort William; Staples, W. W., Lindsay; Stedman, E. R., Perth; Strickland, J. F., Peterboro. Taylor, D. J., Warton; Tweed, S. C., Waterloo. Vaughan, Marshall, Welland. Waters, A. V., Cochrane; Wilson, Wm. G., Ridgeway; Wilson, J. C., London; Wilson, S. J., Beamsville; Wright, S. T., Toronto. A number of special guests will be along including representatives of the Research Foundation, and others who were unable to attend the Moosonee opening. These follow: Duran, A., Niagara Falls; Douglas, H. R., London; Ferguson, Hon. G. H., Toronto; Foster, G. J., Toronto; Gurney, E. H., Toronto; Hele, C. C., Toronto; Jackes, L. B., Toronto; Lemon, Gordon, Toronto; Sinclair, V. A., Toronto; Thompson, Hon. J. E., Toronto; Wilson, Fred, C.N.E.; Wadsworth, W. J., Toronto; Ingram, Capt. A. F., Canadian Airways.

La Tribune Sherbrooke:—Many thousands of Canadians earn their living from lumber and the industries which are derived from it. For this reason it is of the first importance, if we want to assure the well-being of a large part of our population, to prevent forest fires. Rallies and companies interested in the exploitation of forests do all that they can do to safeguard them, but the immense sums which they spend annually for this purpose cannot preserve our woods from destruction if the general public does not realize the seriousness of these losses, and does not do its part in aiding and sharing in these measures of conservation.

LADIES' BOWLING LEAGUE TO MEET MONDAY EVENING NEXT

A meeting of the Ladies' Bowling League is called for Monday evening next, Sept. 26th, at 7:30 p.m. at Stevens Amusement Parlours (upstairs) to prepare for the coming season in this popular sport for ladies. Anyone wishing to join the ladies in their bowling and become a member of the league is invited to attend the meeting or to advise Miss G. D. Everett, or Miss Ruby McCarthy, phone 609-W, on or before that date.

Abitibi Trouble Due to Over-Expansion

So Says Statement Issued in New York in Regard to Affairs of the Abitibi Power and Paper Company.

A despatch this week from New York says that a statement issued by the bondholders' committee of the Abitibi Power and Paper Co. asserts that the company is covering operating expenses and taxes and a portion of the bond interest. It is further stated in the despatch that the appointment of a receiver in Canada for the Abitibi Power and Paper Co. recently was in line with the plans of a bondholders' committee formed in June, according to a statement issued by the committee's chairman, Joseph P. Ripley, vice-president of the National City Company. The committee, organized in the interests of holders of the company's first mortgage 5 per cent. bonds due in 1953, retained Price, Waterhouse and Co. to report on the financial condition of the company and engaged George F. Hardy, consulting engineer, in connection with the company's waterpower problems. Basically Sound "Abitibi is one of the outstanding units in an industry which is basically sound, but which is suffering from over-expansion, and the severe business depression," Mr. Ripley said last week in the statement made at New York. "This is based upon the study which the committee has made of the company and of the industry. "The earnings of the properties are covering operating expenses and taxes and a portion of bond interest, but full bond interest is not now being earned. Certain outstanding commitments entered into since the bonds were originally sold by the Abitibi Company have seriously affected its credit position. A reorganization of Abitibi's corporate structure will probably be required, but in any reorganization the first mortgage bondholders should occupy a strong legal position. Security Enforceable "The 60-day period of grace, provided by the mortgage, has expired in respect of the interest due June 1, 1932, and the security of the mortgage is enforceable. At a meeting of the committee held August 23, 1932, at which the matter was carefully considered, it was decided that, in order to preserve and enforce the rights of the bondholders and to protect the mortgaged properties, the trustee should be requested (1) to declare the principal of the bonds, (2) to commence foreclosure proceedings, and (3) to ask for the appointment of a receiver and manager for the properties. "These proceedings have been commenced in the supreme court of Ontario and the court has appointed as receiver and manager, G. T. Clarkson, of Toronto, who is now in possession of the mortgage properties and in control of their operation. The committee, according to the announcement, has already received a "very substantial amount of the bonds" on deposit, and now asks bondholders who have not deposited their holdings with the committee to do so promptly. The deposit agreement, dated June 10, 1932, provides that any depositor may withdraw his deposited bonds, without cost or expense, at any time within 30 days, beginning on the date of first publication of notice of approval or adoption by the committee of any plan or arrangement of reorganization or readjustment.

Regina Leader Post:—"Women take up law," says a headline. They frequently lay it down.

Partridge Season Opens October 10th

Shooting Season Extends from 10 to 25 Days According to District. Five Birds per Day the Bag Limit.

Some weeks ago The Advance noted that Hon. Mr. Challies, the new Minister of Game and Fisheries, had decided that there should be an open season this year for partridge. In view of the fact that there was a report last year that there was to be an open season for partridge and this report proved without foundation, it would be thought that this year there would be special care to verify the matter and to note the dates. However, no such carefulness was shown in some cases at least. One man said The Advance was authority for the statement that the partridge season was on. Of course all The Advance did was to publish the announcement of Hon. Mr. Challies that that was to be an open season for partridge this year. It was surely up to all to wait for the dates of the open season and the announcement of the bag limit. These details are available now and are official. The announcement was duly made at Toronto last week. Open season for partridge in Ontario will start October 10 and continue for varying periods, according to the locality. During this season the shooting of the ruffed grouse, Canada grouse, sharp-tailed grouse, prairie hen and ptarmigan will be allowed, Hon. G. H. Challies, Minister of Game and Fisheries, announced on Friday. Bag limits of five per day and 15 per season in respect to each species are specified. The open season will be effective in all portions of the province except Crown game preserves, provincial parks, lands upon which hunting is legally prohibited, the portion of the province lying south of the Canadian National Railways line from Sarnia to Toronto via Theford, Lucan Crossing, Stratford, Kitchener, Guelph and Brantford and the line of the Canadian Pacific Railway from Toronto to Ottawa via Peterboro, Tweed, Smith's Falls and Kempton. Three Districts In that portion of the province lying north of the lines of railway and south of the French and Mattawa Rivers and Lake Nipissing, the open season will extend from October 10 to October 20, both days inclusive. In that portion of the province lying north of the French and Mattawa River and Lake Nipissing and south of the main line of the Canadian National Railways from Quebec to the Manitoba boundary line, the open season will extend from October 10 to October 26, both days inclusive, and in that portion of the province lying north of the main line of the Canadian National Railways from Quebec to the Manitoba boundary line, the open season will extend from October 10 to November 5, both days inclusive. The department is giving attention to the introduction of European grey partridge, commonly known as Hungarian partridge. Its propagation in captivity has progressed slowly, although satisfactorily and the distribution and liberation of numbers of these birds in a few widely-separated sections has been undertaken. "I appeal to sportsmen for rigid observance of the regulations which have been provided to govern the forthcoming open season on partridge," said Hon. M. Challies. "I would like them to particularly bear in mind that the Hungarian partridge is still protected and no provision has been made for an open season on this particular species, and every care should be exercised in the localities in which they exist to see that this species is not taken inadvertently or otherwise. The question of an open season on English ring-necked pheasants is receiving consideration at the present time.

COCHRANE TO IMPROVE PARK AS SOLDIERS' MEMORIAL Reference was made some weeks ago in these columns to the intention of the town of Cochrane to have a memorial for its soldiers. At the last meeting of the Cochrane town council, after much discussion it was decided that the most desirable form of war memorial park embracing the land owned by the town surrounding Commando Lake in the centre of the town. In the plan which was adopted it was decided that the whole area, including the two points would be laid out by a competent landscape architect in paths, flowers and shrubbery, with a bridge of artistic design connecting the two points. Suitable entrances will be erected with a memorial pillar suitably inscribed at some central point, with a bandstand and seating accommodation to follow later. The chairman and secretary of the committee were authorized to proceed with plans which are now in the course of preparation. In reporting the council proceedings in reference to the matter The Cochrane Northland Post gives the membership of the committee as follows:—Mayor R. R. Mitchell, Mrs. J. G. Bishop Anderson, Mrs. W. L. Warrell, E. M. Hobson, Judge J. B. T. Caron, Magistrate E. R. Tucker, S. Sheldon, President Canadian Legion, F. Gardner, Vice-President Canadian Legion, Edgar Bissan.

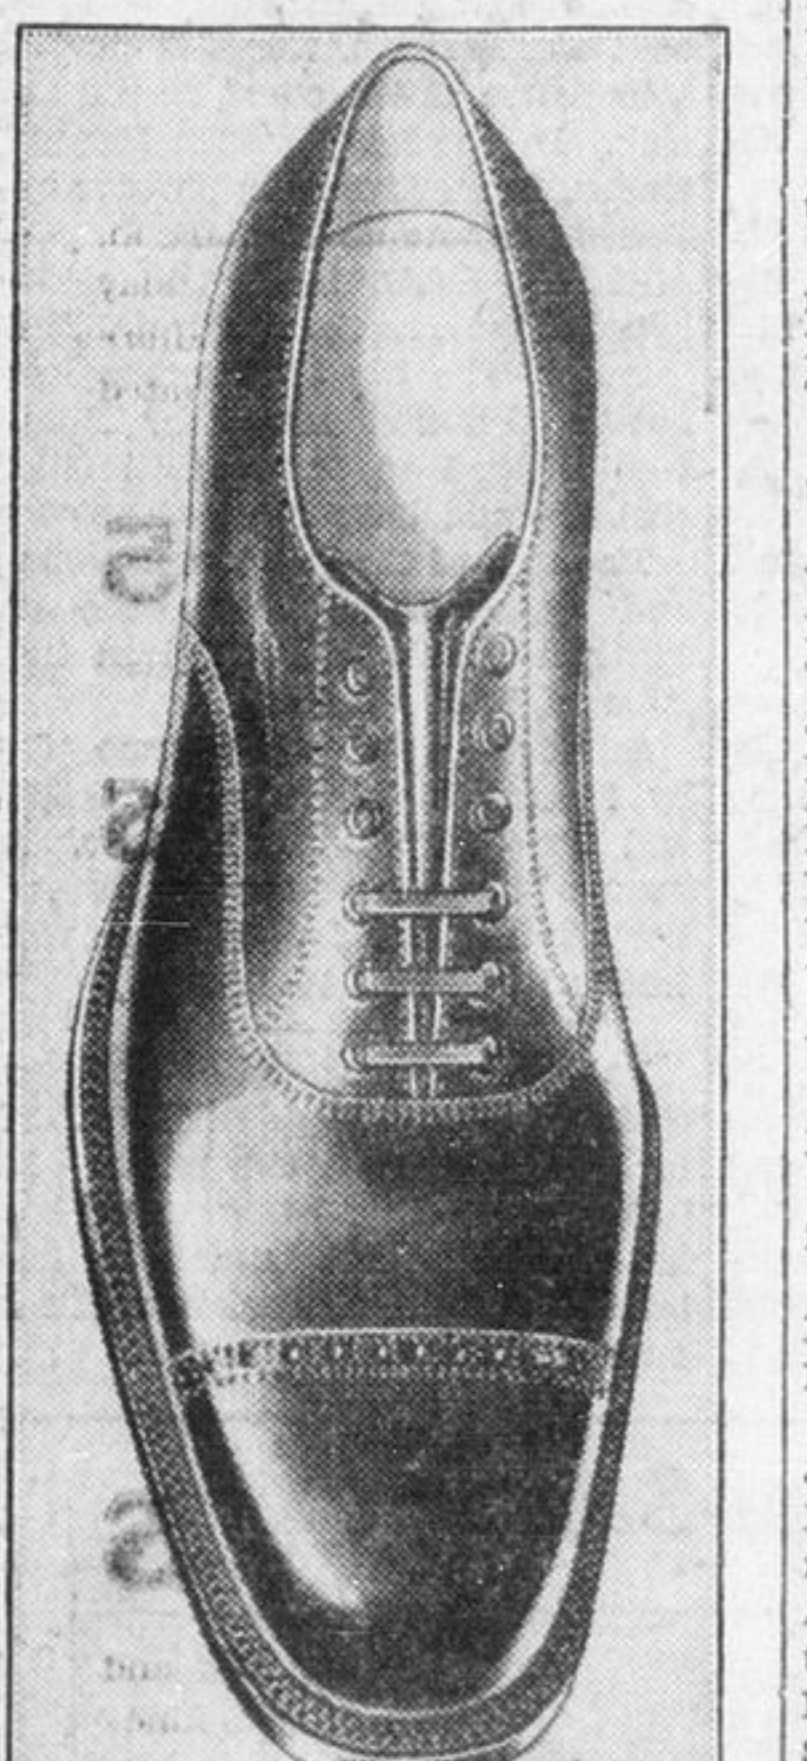

Toronto Globe:—Sometimes the tables are turned. So many dogs have been saving human lives that it is refreshing to read of a Chippewa Reserve Indian who walked twenty miles to County Court at London to save the life of his dog, accused of killing chickens. The man and dog walked twenty miles home again. The point—if any—is that the dogs have no monopoly of this rescue work.

Index to the Geological Survey Publications

The Department of Mines, Ottawa, has issued a 700 page Analytical Index to the Memoirs (1910-26) Bulletins (1913-26) and Summary Reports (1917-26) of the Geological Survey of Canada. The index covers reports on geology, mineralogy, natural history and anthropology, and in view of the wide use made of such a volume by engineers and geologists has been compiled with the greatest care. This index and five others, previously issued, namely: Index to Reports 1863-1884; Index to Reports 1885-1906; Index to Separate Reports 1906-1910 and to Summary Reports 1906-1916; Fossil Index, 1847-1916; and Palaeontological Index 1917-1926, cover the entire set of publications of the Geological Survey from the initiation of its work in 1843, to 1926 inclusive. Mr. Frank Nicolas, Editor in Chief of the Department is the compiler of the present Index. One feature of the work that will commend itself to geologists is that each of the hundreds of geological formations has been given an age. In cases of disagreements as to age among competent authorities, the author has adopted the age that appeared most probable. The volume may be obtained by applying to the Director of the Geological Survey, Department of Mines, Ottawa. A charge of \$2.50 per copy (\$2.00 for copy with paper cover) is made to assist in defraying the expense involved in publication. Major Pullen, formerly of Alexo in this North Land, but now of Alexo in the West, was a visitor to town this week and was greeted by many old friends here. Major Pullen represents Alexo coal, a very superior type of Western coal, that is finding a wide market in Ontario.
