DOUG. CRAIG AND HIS GAY HEARTS ORCHESTRA - Will Supply the Snappiest Music

Admission 75c a couple Extra Lady, 25c

RUPTURE EXPERT COMING To Timmins

Will be at the Queen's Hotel, Saturday, Oct. 8th, all day and evening, to demonstrate to men, women and children, his method of treating Ruptures in nature's way. How you can be healed in six months, no operation, no galling trusses to chafe you, no leg straps. Why put off such an important matter? It will pay you to leave off work for a few hours to learn how you can overcome the danger of strangulation or the cost of operation. If treatment is used according to instructions desired results will be accomplished, being a vast advancement over all former methods. Don't forget the date. Saturday, October 8th. Ask for the Special Apartments of Mr. Thompson.

Citizens Ask Council For Work

(Continued from Page One) Another of the deputations rose to say heatedly that the organization and demands represented only the workers and was not connected with any other organization. The mayor doubted this and asked about circulars distributed around town recently. One of the deputations denied all knowledge of these circulars. "They are true anyway," blurted out another of the five. "They are not true—not a word of truth in them," was the reply of the mayor. The reference was to statements in circulars issued recently to the effect that the town council had banqueted the Shriners and the Legislative party visiting Timmins, these suggestions, as the mayor stated, being without a word of truth.

"What about our demands?" asked one of the deputations with an alien accent.

"We are not listening to demands from you," replied the mayor, "and if you like you can tell your mass meeting or whatever you call it that the council intends to carry on as it has been doing, trying its best for the citizens of the town first. If you know anything you must realize that your demands are absurd and impossible."

The letter of demands was filed, and the deputation soon filed out of the council chamber.

Application was made for the installing of a gasoline tank at 11 Wilson avenue, thus being granted subject to the approval of the town engineer in the work.

The Victorian Order of Nurses was granted permission to hold their annual tag day on Thursday, Sept. 29th.

A petition was presented for water and sewer service on part of Kirby avenue. If it is practical to include this with the other relief work it will be done.

Credit was given B. Carnovale for taxes paid in error on a property not owned by him.

The question of building a garage at the rear of the town hall for winter protection of the town tractor, trucks, etc., was discussed but eventually dropped, accommodation in this regard to be made by inexpensive alterations to the town building in Moneta.

The question of the addition to the disposal plant was also before the council. Councillor Caron said that if the work had to be done, it seemed best to make it part of the relief work. Mayor Drew said that the work was needed before further sewer services could be added as the plant was already overloaded. The plans had been approved by the Provincial Board of Health. The difficulties encountered when the original plant was built was re-

ferred to, and some of the council thought it would be best to let the work on contract. Councillor Caron thought this would cost the town more and would not help relief as much. Eventually it was decided to leave the start of the work until spring.

On the suggestion of Councillor Richardson it was decided to start work Tuesday morning on sewers on Maple street, south so as to provide work and help out the relief problem. Other necessary work will be taken up when the two blocks on Maple street, from Kirby to Tisdale avenue are done.

Stole Motor Parts Sentenced to Jail

Two Young Men Get Two Months Each for Theft of Motor Parts. Two Other Jail Terms from Tuesday's Court Here.

At police court here on Tuesday Theodore Lariviere and Albert Lariviere each were sentenced to two months at Haileybury for the theft of motor parts. According to evidence given they had dismantled a car burned on the Vipond road, several of the parts being found in their possession. In a wage case the employer was given eight days to pay the amount due.

A case of reckless driving drew a penalty of \$10.00 and costs with suspension of the driver's license for ten days. Another reckless driving case was remanded for a week.

An assault case preferred by a girl against a local business man was dismissed.

Two brothers charged with assaulting their father were bound over to keep the peace for a year.

A charge of illegal possession of liquor was adjourned for a week. Two speeding charges brought fines of \$10.00 and costs each.

There were two drunk charges, one with a Finnish name, who paid \$10.00 and costs, the other with a Russian name went to jail for thirty days.

A. Richard was fined \$100.00 and costs for illegal possession of liquor. Under a similar charge H. McEachren took the alternative of three months.

B. Martin, Cambrai avenue, under a charge laid for breach of the Game and Fisheries Act, was fined \$20.00 and costs. The charge was laid by Game Warden R. Edleston.

A charge of the theft of wood was remanded to next week.

Austin Neame, president of Timmins branch, Canadian Legion, is representing the local branch and other branches in the North, at the annual provincial convention of the Legion being held at Sault Ste. Marie this week.

McIntyre Back with Noted Journal Cup

Championship Team Arrived Home Last Night, Coming by Motor. Were Not Expected. Reception Planned Later.

I. A. Solomon, manager, and his now famous McIntyre baseball team arrived home last night by motor car, bringing home with them the famous Ottawa Journal trophy, which they won this year for the second time as champions of the E. O. B. A. On account of the team making the trip by motor the victorious Porcupine team arrived home without the people in general having any chance to plan a proper welcome for them. Also, three members of the team remained in the East for a few days longer to visit at their old homes. These three are Messrs Wood, Cybouski and Boyd. They will be back shortly to Schumacher to take up their usual duties. It is understood that as soon as they return plans are completed to give a party to the victors in honour of the credit they have done to the North and to sport.

District Meeting of Women of the Moose

Timmins Chosen for First Northern District Meeting Under Supervision of Deputy Grand Regent Josephine Jackson, of Toronto.

Timmins was chosen for the first Northern District meeting of the Women of the Moose, with Timmins Chapter as hostesses, under the supervision of Deputy Grand Regent Josephine Jackson, of Toronto.

The Women of the Moose gathered in the Oddfellows' hall for their district meeting, which opened with a large gathering from Ansonville, Cochrane, and Kirkland Lake. Mrs. M. Price acted as chairlady and Josephine Jackson as speaker. Reports of the year's work and activities were then given by the various committees.

A very pleasing event was the presentation of a bouquet of flowers by the Deputy Grand Regent to Past Regent Mrs. Cole as a slight token of love and esteem from the Chapter, after which the Senior Regent Mrs. Claverston, of Ansonville, presented the Deputy Grand Regent Josephine Jackson with a beautiful diamond-studded emblem ring from Cochrane, Ansonville and Timmins Chapters in acknowledgement of the work, interest and assistance she has given to the Women of the Moose.

A beautifully served banquet was enjoyed by all. This was conveyed by Mrs. Ray, assisted by Mrs. Cole, Mrs. Burton, Mrs. Hannal, Mrs. Harrison, Mrs. Montigny, and Mrs. DeMille.

After the banquet business was resumed with a complete initiation, with officers drawn from each Chapter.

The gathering was honoured by a visit from Mr. Odgers, Dictator of the Moose, and Mr. Mail, the organizer. The Dictator welcomed the ladies and in a few well-chosen words wished them all success in their future work.

The meeting was brought to a close with ritualistic ceremony and the singing of "Abide With Me." Mrs. DeMille presiding at the organ.

Annual Tag Day To-Day For the V.O.N. Work Here

To-day (Thursday) the annual tag day is being held for the Victorian Order of Nurses in Timmins. This tag day is held each year to help provide funds for the carrying on of this good work in town. Briefly, it may be explained that the V. O. N. is a plan to provide skilled nursing service within the price of all. Anyone who cannot pay the full price for a V. O. N. nurse can have the nurse's skilled services practically at whatever rate can be afforded. Those who cannot pay may have the nurse's visits despite the lack of money. It is a plan of community service that, of course, needs voluntary donations to carry on. This is the reason for the annual tag day. This tag day gives the public opportunity to help along a very worthy cause. This year the V. O. N. will need more than the usual help, on account of general conditions. It is to be hoped that the response to the tag day appeal will be generous. Anyone who misses helping the tag day to-day should send their contribution, no matter how small it may be to Ed. Richards, secretary, Vipond Mine.

Special Harvest Festival services are announced to be held at the Timmins Salvation Army. Services will be at 11 a.m. and 7 p.m. on Sunday. All are cordially invited to attend.

CARS CRASH WEDNESDAY AT CORNER MAPLE AND SECOND

About four o'clock Wednesday afternoon two cars crashed at the corner of Maple street and Second avenue. As a result of the accident traffic was tied up for a short time until the arrival of the police. The one car was owned and driven by M. Smith, of the fire department, and the other by O. Jolivet, 54 Bannerman avenue. Police investigation of the accident showed among other things that Mr. Smith's car had about perfect brakes, and his license were all in order, while the brakes on Mr. Jolivet's car were only fair and he did not have a driver's license. The car driven by Mr. Jolivet was only slightly damaged, while Mr. Smith's car had an injured fender but little other damage, the accident being not nearly so serious in results as the stoppage of traffic and the crowd that gathered might indicate.

Hon. Chas. McCrea Presents Trophy

(Continued from Page One) century started their noble work of giving aid to the wounded in battle. In holding up the McCrea trophy for first aid teams he explained that it was a replica in silver of the St. John Gate in England. On the silver gate of the trophy is the figure of a St. John Knight in coat of mail, and with the St. John shield with its St. John cross. The wooden base of the trophy is adorned with shields showing the names of the winners each year, the previous year's plate bearing the name of one of the International Nickel's teams. In his very able address, Hon. Mr. McCrea emphasized the part which first aid had in promoting safety in mining, and he congratulated the McIntyre on its safety record. He told his keenly-attentive audience that many might think that mining was a most dangerous occupation and the mine a dark menacing place, but the records showed that for over 15 months there had not been a single fatality at the McIntyre, that for 1932 no one of all the 1,000 employees of the McIntyre had been permanently disabled at this mine, no compensation pension having had to be granted.

G. J. Debnay, Commissioner for Ontario for the S. J. A. B., congratulated the McIntyre team on behalf of headquarters, and asked Hon. Mr. McCrea to make the presentation of the trophy and of the S. J. A. B. gold medals to the four members of the team.

E. H. Howard, captain of the winning McIntyre first aid team, replied briefly but appropriately on behalf of the team. Cheers were called for Hon. G. Howard Ferguson, Hon. Geo. S. Henry, the McIntyre, the team, R. J. Ennis, and others, all being given with enthusiasm and a tiger.

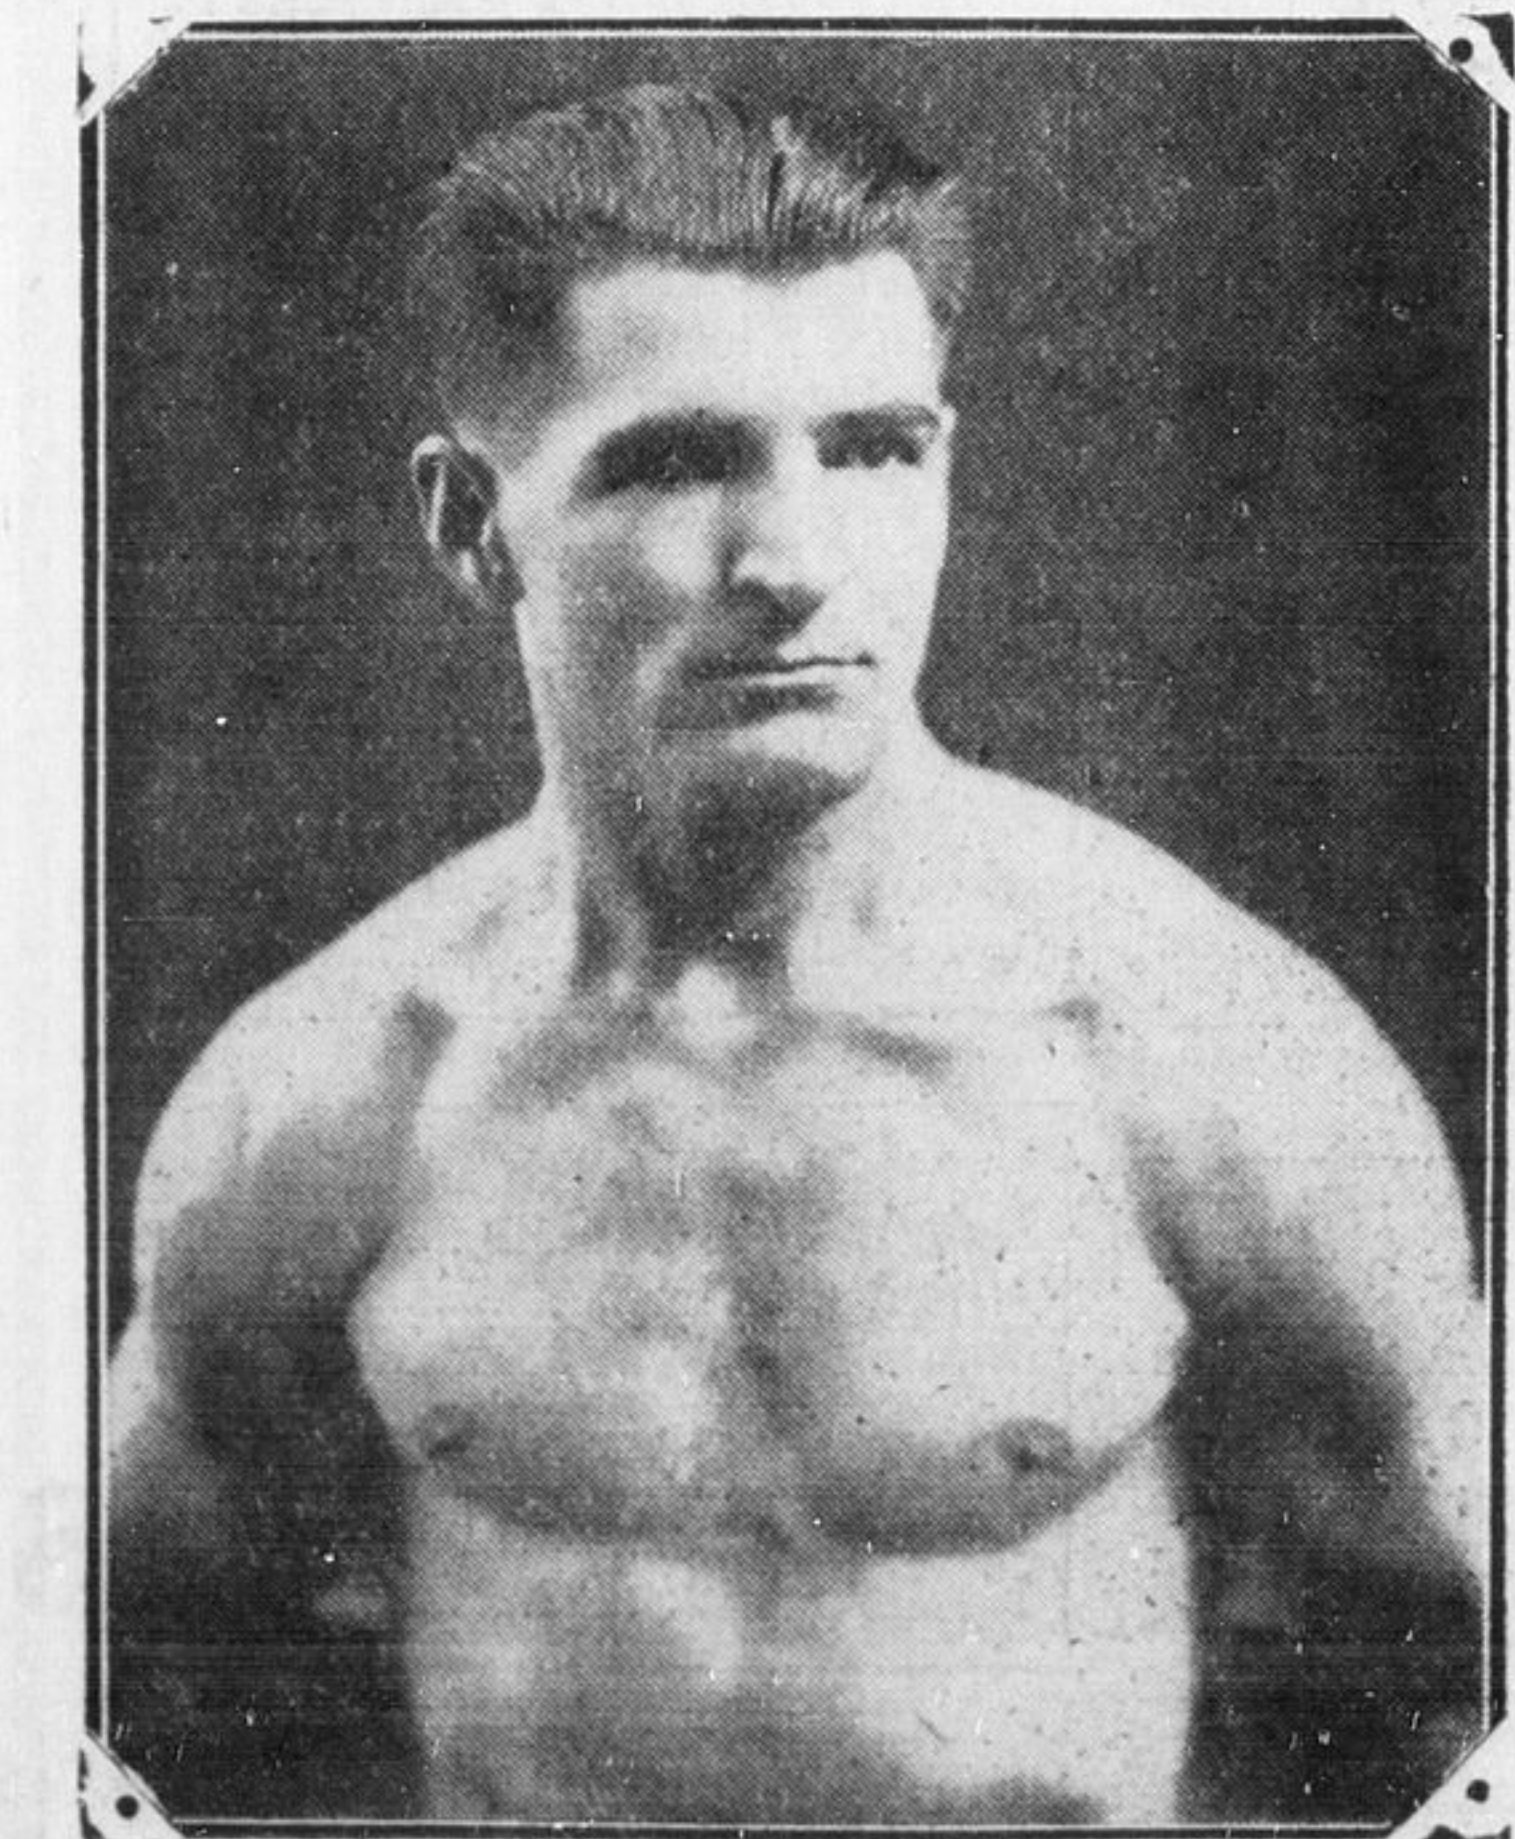

Moving pictures of the presentation were taken by the official Government photographer and these will be seen on the regular news reel features of many theatres.

After the presentation the members of the Legislature and local visitors to the number of 225 were entertained by the McIntyre to a luncheon in the McIntyre Recreation hall. The buffet luncheon was an unusually pleasing one and the whole affair was managed in an effective way that did the greatest credit to those in charge of the arrangements. Food, service, souvenir menus and all other features won the approval of all.

Hon. G. Howard Ferguson was unanimously elected chairman and there was an impromptu programme of addresses, songs, etc. A local orchestra including "Gene Colombo on the violin and J. Ormston on the piano added to the pleasure of the occasion. Among those giving brief addresses were—Hon. Geo. S. Henry, Hon. Chas. McCrea, A. F. Brigham, R. J. Ennis, Balmer Nelly, A. F. Kenning, M.P.P., C. V. Gallagher reeve of Tisdale, and many others.

The visiting members of the Legislature were much pleased with the visit and highly gratified with the sample of Northern hospitality shown them.

Isadore Spondor, Sr., father of Isadore who swam third in the C.N.E. marathon this year, has opened a butcher shop and grocery store in Kirkland Lake and with his family has become a resident of the gold camp.

GEORGE PAVICH

who meets Henry Bussineau next Wednesday in the Skating Rink in the 10-round main event.

VICTOR Bi-acoustic Radio

Radio that thrills . . . radio that stirs! Radio that's vastly finer in tone . . .

TONE

that only Bi-acoustic can give you

Victor Bi-acoustic Radio, Model R-56, Complete with tubes . . . \$149.00 Other Victor models range in price from \$69.50 up.

Tone that amazes . . . hear it . . . judge it for yourself!

***8 Great Advances**
