

McLAREN'S INVINCIBLE OLIVES

Genuine Spanish Olives in the New "Crackle" Glass Jars

CONFUSED "PROTESTANT BOYS" WITH SCOTCH TUNE

A couple of local Irishmen who played in a Scotch pipe band in this district and played "The Protestant Boys" among other numbers at a Twelfth of July event here some years ago always enjoy telling about the occasion and laughing over it. They will also enjoy a sort of reverse sample of the joke related by The Renfrew Mercury. Those who know Monsignor French will laugh in sympathy with him because they know how much he would enjoy the joke. Here is the story as told by The Mercury last week:

"A delegation from the pipe band of the Lanark and Renfrew Scottish regiment approached the Rt. Rev. Monsignor French of Renfrew a few days ago with very grave faces. Members of the band were confronted with the accusation that at the Pakenham fair the band had paraded Pakenham's main turnpike playing "The Protestant Boys." The accusation was made, so the bandsman heard, by the parish priest at Pakenham. Said delegation told the Monsignor that what had been supposed to be "The Protestant Boys" was really "The Cock of the North," and asked that the Pakenham clergy-

man be communicated with and informed of the true state of affairs. After Monsignor French had laughed and laughed and laughed he informed the bandsman that he would be glad to comply with their request."

Start the Motor Going and Then Speed Her Up

"Now is the time to start advertising. Start the machine in 'first' not later than October, shift to 'second' around the first of the year and then throw in to 'high' in April.

"While this prescription cannot be applied to all industries alike, it will especially apply to all those individual manufacturers, merchants and industries which in recent months have been compelled through shortage of funds or conservation of resources to temporarily curtail or stop their advertising altogether.

"Who will pay for this advertising, is a fair question to ask. The manufacturer or merchant who does not advertise will pay."

This is the statement of George H. Corliss, advertising and sales promotion manager of the J. A. Fay & Egan Co., Cincinnati, Ohio.

Report of Superintendent Children's Aid for Sept.

The present conditions in general throughout the country have added to the difficulties of the Children's Aid Society work, but it is pleasing to note that the local superintendent of the District of Cochrane Children's Aid Society has been carrying on the work with notable efficiency and success. Some indication of the large amount of work done may be gathered from the following statistics for the month of September, as supplied on the department's forms for monthly reports. A. G. Carson, superintendent, reports:—

Applications for children for adoption	2
Office interviews	85
Complaints received	29
Investigations made	27
Children involved (apart from shelter)	56
Mail received	60
Mail sent out	78
Children in shelter	22
Children boarding out	2
Adoptions completed	2
Children admitted to shelter (not wards)	1
Children placed in foster homes	1
Court attendance	4
Juvenile Court cases	8
Mileage travelled	757
Official writings given	1
Unmarried Parents cases	1

Edmonton Bulletin:—There are few things more touching or more worth while than the loyal company of a big, good natured rascal who, through his very freedom of thought and action, can make life seem a much pleasanter business to the harried human mind. Like everything else, however, he has his place and, if he is not intended for the kennel or the leash, that place is in the country or at least the less cramped portions of the city where he may enjoy the liberty so essential to bringing out the best that is in him.

TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files.

On Oct. 1st, 1922, Timmins Council of the Knights of Columbus was formally instituted. District Deputy Albert Taylor and District Warden Dr. Gagnon, of Cochrane, and their staff installed the officers. There were 31 charter members. There were visitors present from South Porcupine, Iroquois Falls, and other towns in the district, including A. E. Mallett, Grand Knight and J. M. Beeman, Financial Secretary, of Cochrane. The officers included the following:—Grand Knight, D. E. Keeley, Deputy G.K., A. Brazeau; Chancellor, E. O'Callaghan; Fin. Sec., A. La Prairie; Rec. Sec., J. M. Gauthier; Treas., J. E. Newton; Warden, P. Maltas; Advocate, L. S. Newton; Lecturer, F. M. McCrea; Chaplain, Rev. Fr. Theriault; Inside Guard, E. J. McDonald; Outside Guard, J. Rochon; Trustees, J. A. Walsh, P. Michaud, C. Hornsby. After the installation there was a banquet at which there were a number of excellent addresses, the speakers including Rev. Fr. Theriault, Rev. Fr. Rouleau, Dr. Gagnon, A. Taylor, A. E. Mallett, J. M. Beeman, E. O'Callaghan, T. F. King, A. La Prairie, J. E. Newton and others. There was also a programme of much merit including solos by J. McGrath and A. Kincaid; instrumental duet by Messrs Hornsby and O'Brien, and instrumental by Messrs O'Brien, Brazeau and Hornsby.

The Advance ten years ago took much pleasure and considerable space in telling about the success of the annual fair at Golden City. It was the second annual event of its kind at Porcupine, and there were big crowds, creditable exhibits and a fine time enjoyed by all. There was an attendance of about 1500. There were entries from as far away as Porcupine Junction. Credit was given for the good work done by A. C. White, J. W. Young and others to make the fair a success. Geo. Banerman was the president, and J. W. Young, secretary, and these two able and hard-working officers were supported by an excellent board of directors.

On the list of officers of the Ontario Associated Boards of Trade ten years ago there were three North Land men, F. K. Ebbitt, of Iroquois Falls, A. Stevens, of Cochrane, and A. J. Young, of North Bay.

The annual meeting of the McIntyre-Porcupine Mines ten years ago showed the confidence felt in the great future seen for the property. President Bickell told the annual meeting of the plans of the directors to install a head frame with the idea of a shaft down 5000 feet. It was also intended to increase the mill capacity in the course of a couple of months to 1000 tons per day. At the end of the previous year the mill was handling 500 tons per day; at the time of the meeting in 1922 it was 750 tons. The president predicted an output of four millions a year. General Manager R. J. Ennis in his report stated that ore from No. 7 vein promised to rival that from the phenomenally productive No. 5 vein. The outlook for increasing values at depth was very good. All the officers and members of the board of directors were re-elected for the year.

One of the front page articles in The Advance of Oct. 4th, 1922, was in regard to a reported placer gold find at Nellie Lake. The discovery was said to be made in a shallow gravel bed, and several nuggets of good size were found. The report was followed by a minor gold rush to the Nellie Lake area, but the discovery did not pan out as well as some had hoped. The majority of the prospectors in this part of the North refused to get at all excited about the matter. The Advance was unable to decide whether this was due to the fact that the majority of the prospectors were "gold ore men," or because they did not believe there was likely to be placer at the place and under the conditions suggested.

What The Advance was inclined to think a sort of record freight shipment was noted ten years ago when it took a quantity of household goods 42 days to go from South Porcupine to Barrie, Ont., by freight.

Ten years ago the Grand Master of the Oddfellows, Bro. T. A. Sharp, of Midland, paid an official visit to Timmins and South Porcupine lodges. He was accompanied by Bro. Wm. Brooks, Grand Secretary, and P.G.M. Bro. Evanson. On their visit to the North they instituted a new lodge at Kirkland Lake. A large gathering of Oddfellows welcomed the distinguished visitors to Timmins. After the work of the order there was a delightful banquet, the address by the Grand Master being a big feature of the evening.

On Thursday evening, Sept. 28th, 1922, M.W. Grand Master W. N. Ponton, K.C., of Belleville, paid an official visit to Porcupine Lodge A. F. & A. M., South Porcupine. Among the W.M.'s present for the evening were:—R.W. Bro. F. K. Ebbitt, D.D.G.M., Iroquois Falls; R.W. Bro. C. G. Williams, V.W. Bro. H. Webb, V.W. Bro. W. M. Widdifield, W. Bro. W. W. White, Timmins; W. Bro. Moorehouse, of Copper Cliff; W. Bro. B. E. Martin, Timmins; W. Bro. Mason, of the Dome; W. Bro. G. R. Vary, W. Bro. E. L. Longmore, Wor. Bro. W. F. B. Cadman, Timmins. After the reception to the Grand Master and the work of the lodge there was a notable banquet held in the hall. An orchestra including F. J. Wolno, W. H. Browne, H. M. Martin and M. Daher furnished fine music. A reading was very effectively presented by W. Dalzell, Miss Ponton, daughter of the Grand Master, delighted all with her

pleasing singing. Presentations were made by Porcupine and Golden Beaver lodges to the Grand Master and to Miss Ponton. V.M. Bro. Widdifield very capably presided as toastmaster. The address given by the Grand Master was an eloquent and inspiring one. There were also fine addresses by the Grand Secretary and R.W. Bro. C. G. Williams, F. K. Ebbitt and Willis, the latter from North Bay. The following evening the Grand Master paid official visit to the Iroquois Falls lodge. The Grand Master was greatly pleased with the North. "We are returning south," he said, "as regular missionaries for your wonderful country and its possibilities and resources."

The Caledonian Society of Timmins re-opened its meetings for the 1922-23 season on Sept. 29th, 1922, in the Oddfellows' hall. There were about 50 present and there was good time for all. President M. B. Scott was in the chair. There was a pleasing literary and musical programme, with a dance at the conclusion. Wolno's orchestra supplying the music for the dancing.

R. F. Argles, chartered accountant and public auditor, who was well known in the North for several years, was found dead on the side of his bed in his room adjoining his office in the Reed block on Sept. 30th, 1922. The sad discovery was made by his assistant Frank Carnow, on entering the office for business in the morning. Medical help was at once secured but Mr. Argles had been dead some hours. Apparently he had sat down on the bed while undressing and passed away from heart trouble, partly induced by indigestion. The front of the dead man's shirt was burned where a lighted cigarette had fallen on it. The late Reginald F. Argles was born in England, but lived in Toronto for several years. He was accountant for J. R. Gordon for several years, setting up in the auditing and accountancy business for himself after the Hollinger Stores took over the J. R. Gordon business. He was for many years a member of the Queen's Own Regt. band in Toronto and took a keen interest in musical matters. He was a valued member of St. Matthew's Anglican church choir. He had been church secretary at St. Matthew's for some time previous to his death. He was about 58 years of age. There was very general regret at his sudden death as he had made many friends during his residence in town.

The Advance of Oct. 4th, 1922, said: "Two very popular young people of Timmins were united in marriage on Monday morning by Rev. Fr. Theriault in the persons of Leo Lacasse and Miss Marie Dufour. Mr. Lacasse has been on the Marshall-Ecclestone staff for some time past, previously being with the P. M. Burke store. The bride was for years a popular member of the staff of the Hollinger Stores. Mr. and Mrs. Lacasse left on the early train for Detroit where they will make their home. They will be followed by hosts of good wishes from friends here."

Ten years ago the Bank of Montreal purchased the lot then occupied by Halperin's jewelry store, next to the post office of that day. The bank made the purchase to provide permanent quarters for the Timmins branch, the imposing building now in use being erected on the lot bought from Mrs. H. Peters.

Ten years ago a party making a tour of Canada under the auspices of the Montreal board of trade visited Timmins, being the guests of Messrs N. A. and L. H. Timmins during their stay here. The party included members of the Montreal Chamber of Commerce and their ladies and also about fifty members of the British parliament and their ladies. There were over 150 in the party which travelled in a special C.N.R. train of 12 cars. Although only spending a few hours here they were much interested and impressed. The Advance gave a list of the members in the party.

A young woman was wantonly attacked at the corner of Cedar street and Sixth avenue one night ten years ago being cut about the face and head by a man thought to be a foreigner who attacked her with a club. The police believed the man mistook the young lady for a friend of his. She escaped from the ruffian by taking refuge in a nearby house. No trace of the man was secured though the club was found in a yard nearby.

The formal opening of the new hos-

pital at Matheson took place ten years ago. The hospital had treated 120 patients before the formal opening ceremonies. Rev. J. F. Anderson, of Swastika and Kirkland Lake, was chairman at the dedication ceremonies. The hospital was established by the W.M.S. of the Presbyterian church of the Temiskaming district. Among the speakers at the opening were:—Dr. A. Mackay, inspector of hospitals; Rev. Mr. Howard, Anglican clergyman at Matheson; Mrs. J. D. Walker, provincial president of the W.M.S.; Mrs. J. D. McArthur, of Halleybury, representing the Temiskaming Presbytery; Mrs. H. C. Harvey, Elk Lake; Mrs. H. M. Kipp, hospital convener of the Dominion executive; and Rev. Mr. Russell, of Englehart. The hospital was established on \$6,000.00 by the W.M.S.

Regular dances were being held ten years ago at the McIntyre Recreation hall, the events being held every two weeks.

A can of tar being heated on the stove boiled over and set fire to the kitchen at 79 Fourth avenue, owned and occupied by W. L. Smith ten years ago. The fire brigade was called and soon had the blaze out with small damage done.

The Advance ten years ago re-published the following from The Halleyburyan of Sept. 28th, 1922:—"Miss Florence Jane Ross, daughter of Mrs. Amy Thibault, formerly of the Royal Bank of Canada, Halleybury, who for the past two years has been residing at Toronto, was married on Sept. 20th, 1922, at St. John's Anglican church, Whitby, at 2 p.m., to Arnold Henry Burrows, formerly of the Mining School, Halleybury, and now working at the Hollinger Mine, Timmins. Mr. W. B. Turnbull acted as best man and Mrs. W. B. Turnbull as matron of honour. A reception was held afterwards at the home of Mr. and Mrs. Turnbull. Mr. and Mrs. Burrows will spend their honeymoon in Whitby, Toronto and other Eastern points before returning to Timmins where they will make their home."

Among the local and personal items in The Advance ten years ago were the following:—"Hon. Manning Doherty visited parts of the North last week."

"Lloyd Carmichael, brother of Bob, one of the well-known old-timers of the camp, arrived in town on Friday."

"Mrs. D. D. Chisholm and children, accompanied by her mother, Mrs. R. D. McDougall, returned this week from holidaying in the south."

"Tom Davis returned on Sunday from a month's vacation in the South."

"All the classes of the public school are being accommodated this week, the new Hollinger hospital being used for the pupils crowded out of the school until the addition is completed. Thanks to the kindness of the Hollinger in allowing the use of the hospital all needs can now be met until the addition is ready."

"A number of wholesale and manufacturing firms are said to be negotiating for quarters at North Bay so as to be able the better to serve the growing needs of the North Land. If these big firms really wish to establish warehouses and factories in the real centre of the prosperous business area of the North Land, they will soon be welcomed to Timmins."

"Rev. G. R. Simmons and son, of New Liskeard, and Rev. Morley Hall, of Toronto, were visitors to Timmins last week, being here to note the progress being made in the erection of the new Baptist church on Second avenue. They were pleased with the way the building is going forward, and also delighted with the evident growth and development of the town. It is expected that the new church will be in use in the course of the next few weeks."

"Smelling smoke after a flash of lightning on Saturday evening about 6.30, S. Fairbrother of Elm street went outside to find that there was a little fire in progress on the roof of his neighbour's house, 43 Elm street. Mr. Fairbrother and Mr. Bean used the garden hose on Mr. Rivet's burning roof and then the firemen came along and gave it a shot of chemical and it was out in a few minutes. The fire was started by

Romance in Finance

LEONARD JARVIS of New Jersey, prominent Wall Street statistician and sportsman, is shown with his bride, the former Marjorie Jupe, as they left the church at Maids Vale, England, after their wedding. The bride is the daughter of Bernard R. Jupe, member of the Baltic Stock Exchange.

lightning. The damage done was not serious, thanks to the prompt work of the neighbours." "John Jones, the well-known North Land prospector, is in town for a few days from his coal fields north of Cochrane where he has been working in exploration and development during the summer."

"A scientific palmitist (sly) is now at the Goldfields hotel. She has read the hands of many distinguished people."

"Dr. Harvey Weed, the well-known geologist and mining expert, paid a visit to the Paymaster over the weekend."

"The September issue of The Canadian Bandsman and Orchestra Journal published at Toronto is largely taken up with musical matters in regard to the National Exhibition at Toronto. Much space is given to the band concerts at the exhibition, the reports of the judges on each band being given. The issue contains a picture of the Timmins band and also a photo of Leader Wolno and the two mascots. Under the band picture is the paragraph:—"Timmins band came a long way to engage in the contest. It took nearly \$1200.00 to bring them down and they raised it all themselves. An object lesson to many other bands of what a little grit and determination will do. They have a very nice band and we trust that they enjoyed the trip to the Big Fair."

OBJECTS TO REGULATIONS ABOUT RADIO LICENSES

The Renfrew Mercury last week says:—"Radio dealers throughout Canada are being advised by the Federal Government that after September 1st they are subject to a fine if they sell a radio receiver to any person who is unable to produce a radio license. Naturally radio dealers are incensed at the new regulation. It is difficult enough these days in the smaller places to sell radios in competition with the slaughter prices of big city stores, without having the added burden of collecting two dollars for a radio license every time a set is sold. As a rule people expect to pay taxes but it's a rotten system when governments make the dealers, as they do the local printer, collect taxes from the people. This dirty work should be done by those who get and spend the money—the Government."

RUPTURE EXPERT COMING To Timmins

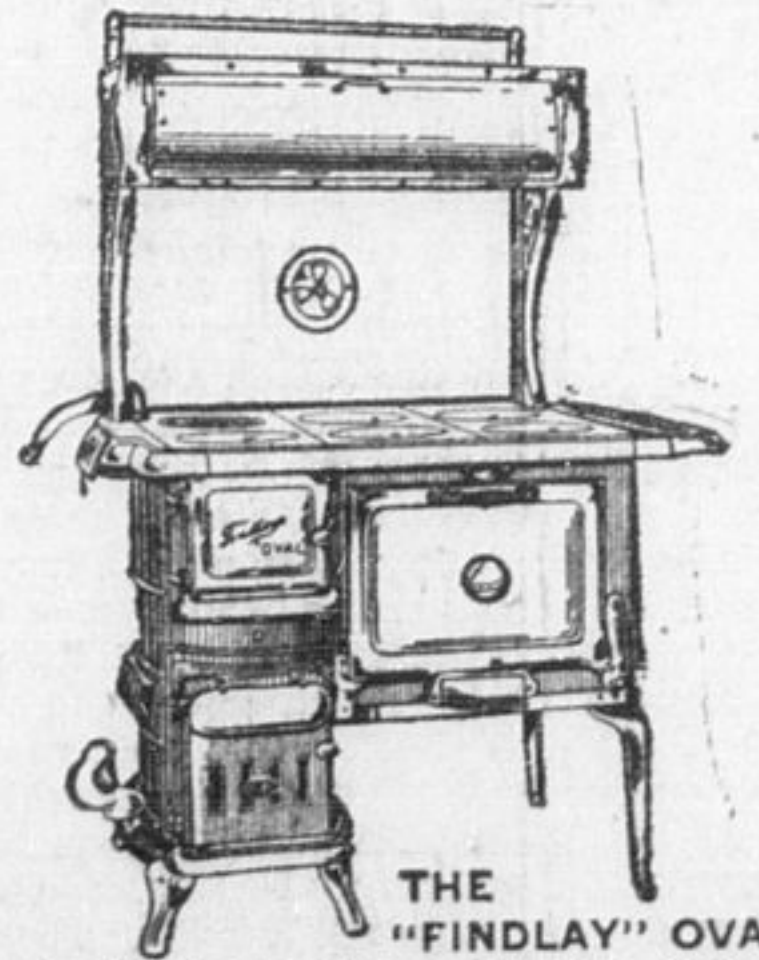

Will be at the Queen's Hotel, Saturday, Oct. 8th, all day and evening, to demonstrate to men, women and children, his method of treating Ruptures in nature's way. How you can be healed in six months, no operation, no galling trusses to chafe you, no leg straps. Why put off such an important matter? It will pay you to leave off work for a few hours to learn how you can overcome the danger of strangulation or the cost of operation. If treatment is used according to instructions desired results will be accomplished, being a vast advancement over all former methods. Don't forget the date. Saturday, October 8th. Ask for the Special Apartments of Mr. Thompson.

A WONDERFUL BARGAIN at today's low prices! ... FINDLAY STOVES

With FINDLAY STOVES at the lowest prices in years, now is the time to buy—to enjoy from to-day the cooking and heating comfort one of these famous stoves will give you.

Although Findlay prices are lower, Findlay quality is as high as ever. Come in and look over the various models.

I. K. Pierce Furniture Company Timmins Ontario

THE "FINDLAY" OVAL A splendid double duty combination cooking and heating stove. Ensures comfort throughout the house in mid-winter, and provides ample hot water for both kitchen and bath. Fully equipped range—cooks, bakes, roasts, broils. A size and finish to meet every demand.
