Six More at Quebec Held Until Appeal

Ottawa Authorities Order Detaining of Group Concerned in Rouyn Riots Pending Appeal Against Deportation.

Pending hearing of their appeal against the decision of the Minister of Immigration to deport them, six alleged Communists who have served sentences of six months in the Quebec jail following their conviction for their part in the May Day rioting at Rouyn, are being further detained at Quebec on orders of the Department of Immigration at Ottawa.

The men who were tried with nine others at Amos early this summer figured in the May Day clash with squads of police which resulted in two officers being injured.

Four of the men whose sentences had expired were deported last week-end aboard the liner Duchess of York, and it is presumed that four others whose cases have not been appealed will be sent back to Europe after finishing their jail terms.

The decision to deport the group was reached by a board of inquiry sitting in the local immigration hall at Quebec about six weeks ago, on the strength of evidence produced by officers of the

Royal Canadian Mounted Police, who had investigated the activities of the accused men in the northern Quebec mining district during the past few years.

When the appeal cases of the Quebec sextette will be heard is not known, but it is presumed nothing will be done until after a decision has been handed down by the Minister of Immigration in the cases of eight alleged Communists awaiting deportation at Halifax. These men appealed a deportation decision handed down by a board of inquiry which sat in the Maritime city, and it expected a hearing will be had before the Supreme Court of Canada next week.

Good Boxing Card for Next Wednesday

Another Programme of Good Bouts Offered Under the Management of P. J. O'Gorman on Oct. 19th at Ukrainian Hall.

Under the management of P. J. O'Gorman another good boxing programme is offered for next Wednesday evening, Oct. 19th, at the Ukrainian hall, Mountjoy street. The last event under the same management was very popular and appreciated.

The headliners for Wednesday evening next include a bout between either "Red" Irwin, of Sault Ste. Marie or Henry Bussineau and Joe Thomas, of South Porcupine. The one between Ladouceur and Wally Mayhew of Kapuskasing, is also expected to be a humdinger. In addition there will be bright and snappy bouts between local lads and good boys from Kirkland Lake. The programme is not altogether completed at the present moment as one fighter secured as a special attraction felt it necessary later to withdraw, leaving re-arrangement necessary. With the present bouts arranged for the programme, however, a good evening is assured.

Fight fans and others will also be interested to know that Henry Bussineau has arranged for a gym. for the boys at the foot of Third avenue near Mountjoy street. The place is now being made ready and will be completed by the beginning of the week.

After the toast to the King had been honoured the following toasts were proposed and responded to:—"The Church" proposed by S. G. Fowler, responded to by Rev. R. S. Cushing.

"Our Country," proposed by S. Lawley, responded to by C. P. Walker, in place of S. Burt who was unavoidably absent.

"The Bible Class," proposed by F. Booker, responded to by C. P. Walker. The guest speaker of the evening was introduced by the rector, Rev. R. S. Cushing.

Mr. Tanner, as guest speaker, expressed his pleasure at being present on such an occasion. He gave an interesting and illuminating resume of his trip to Moose Factory. A hearty vote of thanks was accorded the speaker for his address.

Cecil A. Walker, a visitor, entertained with piano selections that were much appreciated.

APPRECIATION TO CAPTAIN W. STANLEY, OF FIRE DEPT.

At a meeting of the Timmins Fire Brigade on Monday evening of this week, occasion was taken to make a presentation to Capt. W. Stanley, of the department. Capt. Stanley, like other members of the department, has been especially kind and helpful in the matter of volunteering for blood transfusions when necessary. In a recent case his helpfulness in this regard is believed to have saved the life of a little girl, daughter of Mr. and Mrs. Shields, of the Conlaurem. Mr. Shields was very grateful to Mr. Stanley in the matter and gave Chief Borland a beautiful pen and pencil set, engraved with Mr. Stanley's name, as a memento of the kindness shown. This handsome souvenir was formally presented to Capt. Stanley at the meeting of the firemen on Monday, the other boys of the department giving Bill a great hand when in his surprise he was for once without his usual ready answer.

Brampton Conservator:—Kent County is trying out an experiment which will be watched closely by other municipalities. It has the consent of the chief of police to use the older school boys as traffic officers to guide children safely across streets and highways.

Oshawa Times:—Canada's trade within the Empire is making tremendous strides these days. Stimulated by the Imperial Economic Conference being held in Ottawa, and helped by the trade treaties which are already in existence, the people of this country are becoming more Empire-minded in their purchases, as shown by the official trade reports.

Primo Carnera May Visit Here Shortly

Henry Bussineau at Present Arranging Hunting Trip for Famous Italian Bexer, who Promises to Give Exhibition Here.

Timmins is likely to have a visit in the course of the next six weeks from Primo Carnera, the famous Italian fighter. The visit here is being arranged at present by Henry Bussineau who is an old friend of Primo Carnera. The latter asked Henry to arrange a hunting trip for him this year in the North and on Henry's assurance that he would have a deer for him sure, Carnera promised to give a boxing exhibition in town during his stay here.

From the arrangements now under way Primo Carnera would spend from ten days to two weeks in the North. It would be the opportunity of a life time for most fight fans here to see this world-known fighter in action and all will hope that the arrangements will proceed satisfactorily and that the big Italian, 6 feet 7 inches in height and weighing in at 267 lbs., will be able to pay the promised visit to Timmins.

Bussineau was talking to Primo Carnera over the phone to New York Tuesday night, and the big boxer was enthusiastic for the hunting trip and the visit here.

NO RADICAL EXTENSION IN THE BACK-TO-THE-LAND PLAN

A despatch from Ottawa says that the Government does not plan any radical extension of the terms upon which unemployed in Canadian cities are being established upon farms.

A sentence in the speech from the Throne said:

"Plans for the re-establishment of the unemployed in various parts of the country are in preparation, and will become operative as soon as, in the opinion of my Ministers, the public expenditure incident there to will be productive of commensurate benefits."

It was interpreted to mean land settlement upon a broad scale. Inquiry at Ottawa it is said, reveals that no such policy is in contemplation.

"A great deal has been accomplished through land settlement," a high official of the colonization department declared, "but it must not be forgotten that but a low percentage of public charges are fitted to successfully engage in agriculture. Nor is all land available, such as will give those so fitted a fair chance to succeed. Balancing the individual and the land available, it would be unwise to speed up the programme much beyond its present operation."

Death of Mrs. C. W. Hodgins on Sunday Morning Last

Mrs. C. W. Hodgins passed away at her home, 119 Maple street, south, on Sunday morning after an illness of some time. Death was due to cancer. Some months ago Mrs. Hodgins had gone south for treatment and for a time had appeared considerably benefited by the treatment, but recently had been a sufferer again, the end coming on Sunday morning despite all that care and medical skill could do. The body was taken to Shawville on Monday's noon train for interment there at the old family home.

The late Mrs. Hodgins was 42 years old at the time of death. In addition to the bereaved husband seven children are left to mourn her loss.

The late Mrs. Hodgins had been a resident of Timmins about nine years, coming here with her husband and family in 1923. During her residence here she made wide circles of friends and won the regard of all who knew her. There will be genuine sorrow at her death and sincere sympathy to the family in their loss.

Mr. Hodgins and the family motored down this week to Shawville to be present at the last sad rites.

Born—At St. Mary's hospital on Thursday, Oct. 13th, to Mr. and Mrs. William Lacroix, of 36 Laurier Ave., Timmins—a daughter.

SOME SERIOUS CASES AT THE ASSIZES AT SUBURRY

Mrs. Amanda Villen, 62-year old Finnish woman, was sentenced to two years less one day determinate at Mercer Reformatory and two years indeterminate at the close of the criminal sittings of the Fall Assizes at Suburby last week.

Mrs. Villen pleaded guilty at the conclusion of the Crown evidence against her on Wednesday to causing an abortion which allegedly caused the death of Ellen Virtanen at the Toronto General Hospital on March 14. A manslaughter charge was withdrawn by the Crown.

Mr. Justice Raney also imposed sentence on Emil Warkus, 19-year-old section hand of Mond, who stood trial for the alleged attempted murder of Francis Cedric White on August 1. Two years less one day dating from the date of the young man's apprehension, August 2, at the Ontario Reformatory, and two years indeterminate was the sentence.

"If this boy had gone after White and given him a good beating with his fists, the police magistrate might have considered suspended sentence sufficient penalty." His Lordship commented "but to lie in wait for your enemies with a rifle will not do."

Charged with counselling the boy as an accessory, Arthur Warkus, father of the boy, was given suspended sentence for two years on condition that he procure two bondsmen to go \$500 bond each for his good behavior.

Proceed With Case Says Hon. Mr. Price

Instructions Issued for the Prosecution of Charge Withdrawn Some Weeks Ago. Witnesses Should Fear Nothing Says Mr. Price.

Instructions have been issued by the Attorney-General's Department for the proceeding with the case of Rex vs. Krancovich, a case which was withdrawn in August because the Crown Attorney here felt he was not able to implement his promise to witnesses that they would not lose their jobs for giving evidence. The Attorney-General's instructions are understood to require the taking up of the case and the calling of all the witnesses necessary in the usual way. The charge was one under the Employment Agency Act. After several adjournments the case was withdrawn in August, the Crown Attorney saying that as he felt that he could not assure the witnesses that their jobs would not be lost if they gave evidence, he felt that he could not proceed in fairness to the witnesses as they had been assured that they would not lose their jobs when they first gave their story to the Crown. The magistrate suggested that the case be called

to the attention of the Attorney-General and all the facts be laid before him. The Attorney-General's department investigated the matter and his finding was given to the press last week. The Toronto Globe quotes Hon. Mr. Price as saying:—"The position of this department is that no case should be withdrawn because of the fear that a witness or witnesses will be dismissed from positions or jobs. These cases must be prosecuted and brought to an end and witnesses should fear nothing as long as they tell the truth in open court." To this The Globe adds that the Attorney-General says that there must have been some misunderstanding when the Krancovich case first came up in regard to the position of the mining company. The company, he added, had no intention whatever of discriminating against the men (and their jobs) who were slated to give evidence.

According to reports some of the witnesses are hesitant now about giving evidence but this feature will likely be overcome when the men understand that their evidence will not prejudice their jobs. It is not known when the case will come to trial, but it is likely that it will be before the court at an early date.
