

Exhibition at High School of Work of Canadian Artists

Several Thousand Dollars Worth of Original Works of Art to be on Display on Saturday Evening. Artists Include a Number of Famous Canadians. Lecture on Canadian Art to be a Feature of the Event.

The people of Timmins will have the opportunity on Saturday of this week of seeing an exhibition of works of art by noted Canadian artists and also the chance to hear a short address on Canadian Art by a recognized authority.

There will be several thousand dollars' worth of original oil paintings, water colours, etchings, line blocks and prints, all by talented Canadian artists, some of whom are noted all over the world for their art.

The valuable collection of works of art comes here through the courtesy of the Canadian Fine Art Guild. The Toronto office of the guild has been in correspondence with W. W. Tanner, principal of the Timmins High School, and arrangements have been completed for the exhibition of these samples of Canadian art in Timmins. A number of the cities and larger towns of the province have been selected this year for the exhibition of these works by Canadian artists and Timmins was fortunate enough to be able to secure a date for the showing here. A representative of the Canadian Fine Art Guild will be here to hang and arrange the pictures at the Timmins High School. The pictures to be shown include a large number of subjects and show the original work of some twenty or twenty-five Canadian artists. Among the artists whose work will be shown are:—John William Beatty, R.C.A.; Frederick S. Challener, R.C.A.; Fred S. Coburn, R.C.A.; Kenneth Forbes, A.R.C.A.; Clarence Gagnon, R.C.A.; T. Garland, O.S.A.; Fredrick S. Haines, A.R.C.A.; Arthur Heming, O.S.A.; Richard Jack, R.A.; A. Y. Jackson, R.C.A.; C.

W. Jeffreys, R.C.A.; Arthur Lismer, A.R.C.A.; Manly Macdonald, A.R.C.A.; Herbert S. Palmer, A.R.C.A.; Paul Peel; G. A. Reid, R.C.A.; George Thompson, O.S.A.; Horatio Walker, R.C.A.; and Mary Winch, A.R.C.A.

The exhibition of Canadian art will be open to the public at the Timmins High School on Saturday of this week at 7 p.m.

At 8.30 p.m., there will be a short address on Canadian art by an authority on the subject.

The exhibition is arranged for Timmins under the auspices of the Timmins High and Vocational School. For the occasion a nominal admission fee of twenty-five cents is being charged. Tickets are now on sale and may be secured from any of the Senior High School pupils. All proceeds from the event will be spent in the purchase of pictures for the school.

With the work of such noted artists as Arthur Heming, C. W. Jeffreys, G. A. Reid, Kenneth Forbes, Manly Macdonald and Mary Winch, on display, there should be very general interest in the art exhibition on Saturday evening at the Timmins High and Vocational School. The address on Canadian art should also prove a drawing card. The public in general will no doubt find the occasion one of special interest, giving, as it does, an opportunity to study the work of a number of Canadian artists of repute. It may also interest the public to know that all the exhibits of art are open for purchase, should any of the art work be desired by any of those attending the exhibition.

Three Hundred Now at Evening Classes

Many of the Courses in the Evening Vocational Classes have Fifty per Cent. Greater Enrolment than Last Year.

Last week The Advance noted that the enrolment in many of the evening vocational classes this year was not up to the mark and that unless there were more desiring to take up certain studies several of the courses would have to be dropped. It was pointed out that the evening vocational classes offered an unusual opportunity for advancement and betterment and the suggestion was made that all should take the opportunity offered, practically without cost, except the time spent in the evenings in preparing oneself for better positions. Apparently the suggestion was accepted for during the past week the enrolment in most of the classes has increased by fifty per cent. Last week the total enrolment in all courses at the evening vocational classes was 194. Yesterday the total enrolment was 300. The only course in which the enrolment has not run up to a good figure is the one in arithmetic. This course, however, now has sufficient enrolment to justify carrying it on and all the courses announced in previous issues of The Advance will be carried on this year.

The courses include:—Business courses (typewriting and stenography, and bookkeeping and business practice); English for non-English speaking students; English for advanced students (second and third year students); French (conversational and business); arithmetic; cooking; sewing and dress-making; chemistry and assaying; machine shop practice; wood-working shop practice; practical and theoretical electricity.

As in past years the classes will be in charge of expert teachers fully qualified and holding the required departmental certificates. The school is very completely equipped in all departments, so students in the classes have the best facilities offered them.

The classes may be referred to as free, because the fee of \$3.00 charged for each subject taken is returned at the end of the season if the student attends seventy per cent. of the classes. This means that the earnest student receives the course without cost.

Although the classes opened last week enrolment may still be made. Anyone interested in the subjects above and desiring to better their chances for advancement should interview A. A. Rose, director of the Vocational School, who is in charge of the evening classes.

WHIST DRIVE BY THE LADIES AUXILIARY, MONDAY, OCT. 24TH

A whist drive is announced to be held in the Oddfellows' hall, Timmins, on Monday evening, Oct. 24th, at 8 p.m., under the auspices of the Ladies' Auxiliary of the Canadian Legion. Whist, 24 hands, and other special attractions for the occasion. This is an event that none who enjoy a nice evening at cards should miss.

The next regular meeting of the Timmins town council will be held on Monday, Oct. 24th, commencing at 4 p.m.

Chile's New Head

ABRAHAM OYANEDEL
A recent photo of Vice-President Abraham Oyaneidel of Chile, to whom supreme power in the republic has been transferred as the result of the latest uprising in the country. Oyaneidel was formerly president of the Supreme court of Chile and had never before made any bid for political power.

Cochrane Wins Shield in A.Y.P.A. Dramatic Contest

On Friday of last week the St. Matthew's A.Y.P.A., of Timmins, journeyed to Iroquois Falls to take part in the district contest for the handsome shield donated by the Goldfield Drug Co. for the best dramatic presentations by the A. Y. P. A. branches of the district. Last year Timmins A. Y. P. A. won the shield and there was high hopes that they would repeat the victory. Their hopes, however, failed to materialize, the trophy going to the Cochrane A. Y. P. A. A member of the St. Matthew's A. Y. P. A. said yesterday that Cochrane won on merit and there was no question of their victory. It was not that the Timmins and Iroquois Falls associations did not do well; they did; but the work of the Cochrane young people was so excellent that there was no question as to their full victory in the dramatic contest. The plays presented by the three A. Y. P. A.'s were interesting and attractive and the cast in each case did remarkably good work, but the play and the acting alike of the Cochrane A. Y. P. A. gave that association the first place without doubt.

Golfers should note that the Timmins Golf Club House will close on November 1st. Members are requested to note the date and make arrangements to have their clubs and other golf material taken out before that date.

AWAY ON HUNTING TRIP TO THE HANNAH BAY DISTRICT

A party of Timmins sportsmen have gone on a hunting trip to the James Bay country. The party includes:—A. W. Young, J. D. Brady and Fred Sexton, of town; Clark Davis, of the Abitibi Co.; and W. G. Scott, of Toronto, formerly manager of the Bank of Commerce at Timmins. The party left at 6 p.m. on Friday. They expect to be away a couple of weeks or so. They plan on going to Hannah Bay and hunting there and north of there. Some of the party have hunted in the Moosonee country before and know that it is fairly swarming with game.

Address to School by Blind Organizer

D. B. Lawley, of the Canadian National Institute for the Blind, Gives Address on the Prevention of Blindness and Assistance to the Blind.

In the course of his campaign to raise funds for The Canadian National Institute for the Blind, D. B. Lawley has visited the schools in Timmins and district, interviewing the principals and leaving literature which deals with the activities of the Institute.

On Monday at 4 p.m. he addressed a large assembly of students at Timmins High School, Principal W. W. Tanner presiding.

Mr. Lawley told of the development of the work of caring for the blind in all parts of Canada. He reviewed the story of the Braille point system for reading and writing. "The Canadian Institute" he said, "now maintains a library of over 15,000 books and 2,354 copies of music. Its circulating loans were 26,179 for the current year, so it is obvious what an elevating part literature plays in the lives of the sightless."

Speaking on the prevention of blindness and the subsequent care of the affected, Mr. Lawley said:—"If you have reason to think there is anything wrong with your sight, it is your duty to tell your parents and your teacher. This is in order that the trouble be checked in its inception. Our five senses—seeing, touching, smelling, hearing and tasting—are the gateways to life's understanding and appreciation. Should one of these senses become defective, the remaining four must be developed to work harder. This is how the blind find their compensation for the loss of one sense—by training."

Unemployed Camps Likely Continued

Work may also be Resumed on the Trans-Canada Highway. Further Talk About More Money for Men at Road Camps.

Some very interesting reports come from Toronto this week relative to plans for dealing with the unemployed the coming winter. There have been negotiations going on for some weeks between the Dominion and Ontario Governments. There is to be further negotiations this week when Hon. Wm. Finlayson, Minister of Lands and Forests, will have an interview at Ottawa with Hon. W. A. Gordon, Minister of Colonization and Immigration in the Dominion Cabinet.

One of the interesting reports is that there will be extension of the present boarding camp arrangements for taking care of the unemployed at road work in Northern Ontario. It is said that the work will be carried on all winter under an arrangement whereby the Dominion and provincial governments each contribute on a 50-50 basis.

It is also suggested that the Dominion authorities may agree to a resumption of work on the Trans-Canada highway, although if this is done the operations will not be on as large a scale as last winter. Anything along this line, however, will be a great help and will be gladly welcomed by the people in general.

One other interesting report as to the possible results from the conference now in progress between the governments is that the men at the road camps may be paid certain small sums under the new plans, leaving them with a little more money than under present methods.

All those suggestions coming from well-informed circles in Toronto are no more nor no less than guesses that may be close to the mark. At the present time, however, there is nothing official about them. It is to be hoped, though, that they are all founded on fact, because it would indicate a disposition on the part of the government to get away from the idea of direct relief, even though not fully doing this. Any plan that will make the road camps less on the lines of direct relief and more like work for which the men are paid will be a good thing. The re-opening of work on the Trans-Canada highway being a way of providing employment and at the same time doing good work for the country is to be approved by all.

New Appointments

TWO PROMINENT MEN
As a result of the British Cabinet shake-up, when Free Trade Liberals resigned from ministerial offices, the two prominent officials above have received new posts. Top, Dr. E. Leslie Burgin (Liberal), new Parliamentary Secretary to the Board of Trade. Bottom: Earl of Plymouth (Conservative), new Under Secretary for the Colonies.

Young Couple Lost in Bush Seven Hours

Miss Marion Taylor, 16, and Wm. Dangler, 22, of Kirkland Lake, Had Uncomfortable and Dangerous Outcome to Partridge Hunt.

At Kirkland Lake this week there was serious fear for a time that the town was going to have another tragedy to add to the one of last week. Miss Marion Taylor, a High School girl of 16 years, and William Dangler, 22 years of age, went on a partridge hunting trip together on Monday, and failed to return home for hours after the time they were expected. It was believed that they must have got lost in the bush or that some other accident had happened to them. Search parties were organized and the young people were eventually found after being lost for seven hours. They were found late at night by a party of searchers from the Wright-Hargreaves Mine, where Dangler is employed, after they had become lost in the bush around the Biggood Mine.

Four automobiles carried searchers to the Biggood road after Mrs. M. Taylor, mother of the missing girl, had become alarmed at their continued absence three hours after the time they had said they would be home.

Dangler's fellow-employees found the couple in the bush about a mile off the Biggood road and four miles east of Kirkland Lake.

The girl said they became lost about two hours after they started into the bush and were overtaken by darkness. They could see nothing around them but swamp-land and decided the better course would be to remain where they were until daylight rather than risk injury plunging through the dense undergrowth.

Guided by the shots they found their way to the search party using a flashlight to find their way through the bush.

Dangler said he could hear the whistle of the Wright-Hargreaves mine which was blown in an attempt to guide them back to town, but did not dare continue any distance through the bush in the dark.

The young couple did not suffer any ill effects from their seven hours in the bush, the young lady being able to resume her duties at school on Tuesday and Dangler going to work the same day as usual. Neither one of them shot any partridge and this fact is made the basis for good-humoured teasing of the couple since, and the incident generally being taken now as a joke. At the time they were missed, however, it was viewed as a serious matter and there was much alarm felt, while every possible effort was made to locate and rescue the couple.

TRANSFERRED TO KIRKLAND AS MANAGER OF BRANCH THERE

Ken Newton, for some time with the Canadian Pneumatic Tool Co. at Timmins, has been transferred to the Kirkland Lake branch of the company and has gone there to take up his new duties as manager of the Kirkland Lake office.

will be continued and extended in scope and pay with work once more taken up on the Trans-Canada highway as one way of creating employment and softening the country to that extent of direct relief and its evils.

WEDDING ON SATURDAY AT CHURCH OF THE NATIVITY

A quiet wedding took place at the Church of the Nativity, Rev. Fr. J. R. O'Gorman, P.P., officiating, when Miss Maybell Kelly, eldest daughter of Mr. and Mrs. R. F. Kelly, formerly of Outremont, Quebec, was united in marriage to Mr. Meredith Yates, only son of Mr. and Mrs. James A. Yates, of Outremont.

After a luncheon served at the bride's home the happy couple left on the noon train for Montreal.

Aliens Cause More Trouble at Kirkland

Mob Dispersed Again by Police and Citizens. Wild Stories in Outside Press Said to be Scarcely Proper.

Word from Kirkland Lake this morning is to the effect that there was some more trouble created in Kirkland Lake by the alien agitators last night. The despatches in the outside papers make the case look more important than it really was. For instance, one Toronto paper has the following as brought here from Toronto over the O'Hearn & Co. private wire:—

"Wild rioting to-night shattered the peace of this mining town as a demonstration of unemployed (so-called) held in defiance of police orders was charged by a party of two hundred citizens at the request of Police Sgt. Hughes. More than four hundred were in the parade. Guns were fired, but no fatalities ensued. Bitter hand-to-hand street fighting!"

"Not much to it!" is the word from Kirkland Lake. It is described as just another of the silly alien stunts. The aliens gathered despite orders from the authorities, traffic was blocked, citizens annoyed and property endangered. It was a case of giving over to the town to the aliens or stopping the defiance of the law. Accordingly, a group of citizens joined the police and drove the aliens away. There were no serious casualties and the affair did not take long. There were a few skirmishes where the odd alien would attempt to fight, but the citizens overpowered the malcontents and there was soon order and peace restored.

The Talk of the Town is To-Night's Event

Attractive Comedy, Under Auspices of the Altar Society of the Church of the Nativity, at the Goldfields This Evening.

On a number of occasions in the past Mrs. Rosalind Barrett has directed dramatic events in Timmins and so outstanding has been the pleasing success achieved in each instance that much is now confidently expected from Mrs. Barrett. For this reason there is general expectation that the comedy, "The Talk of the Town," to be presented this (Thursday) evening at the Goldfields theatre will be a most attractive event. In March of this year Mrs. Barrett's success was in "Kathleen Mavourneen" and the hundreds delighted by that dramatic offering are looking forward to the event this evening. Mrs. Barrett herself says that "The Talk of the Town" is the best play she has directed and that the local talent, some sixty people in all, have shown special interest and ability in carrying the event through.

"The Talk of the Town," to be presented to-night in the Goldfield theatre commencing at 8.15 is described as a "comedy of continuous laughs," and it is also said that wherever shown it is "the talk of the town."

For this evening, in addition to "The Talk of the Town," a one-act extravaganza, "The Toy Shop," to be given by forty trained child actors, singers and dancers under the direction of Mrs. Rosalind Barrett. This event with the large number of talented youngsters in attractive costumes and with effective stage settings should add much to the pleasure of the occasion. The event this evening is under the auspices of the Altar Society of the Church of the Nativity, which is another sign that it should be good, for the ladies of this society have a well-known reputation for not linking up with anything but successful and pleasing events.

Tickets have sold well for the event this evening, but it is probable that even yet there may be a few good seats available on the plan at Halperin's jewelry store.

LARGE ATTENDANCE AT THE LEGION WHIST DRIVE MONDAY

The whist drive held by the Canadian Legion on Monday evening of this week was attended by a large crowd of card enthusiasts. Sixteen tables were filled in short time and a very enjoyable evening spent. After the cards Mr. Lawley of the Canadian Institute for the Blind was introduced to the gathering by Mr. Bernard Sky and gave a short address. His reference to the cancellation of the tag day in favour of the Legion Poppy Day, made a popular hit with his listeners. Refreshments were served and the gathering dispersed after spending a very enjoyable and profitable evening. At time of going to press the names of the lucky ones were not available, but it is hoped to publish them in the next issue of The Advance.

Sixteen Stores Here Enter the Window Dressing Contest

Competition in Connection with Ontario Farm Products Week Arousing Large Amount of Interest in Timmins. Committee to do Judging. One Window Features Timmins Garden Produce Only. Other Features of This Week.

This is Ontario Farm Products Week throughout Ontario and it is being well-observed in Timmins. Here the week is under the auspices of the Timmins town council, the Kiwanis Club, and the Timmins board of trade.

The week of Oct. 17th to 22nd, both days inclusive has been selected by the Ontario Farm Products week. The primary idea behind the movement is to encourage the greater use of Ontario-grown products. Hon. Mr. Kennedy, provincial Minister of Agriculture is personally taking a great interest in the Ontario Farm Products Week. The preparations for the week were made under the personal direction of J. B. Fairbairn, the deputy minister, and he certainly has made a very excellent job of it. Two of the slogans for the week are as follows:—

"Ontario farm products are freshest and best."

"If the farmer can sell, he will buy!" One of the chief features in Timmins is the window display plan. Merchants have been asked to feature the week by displays in their stores and by window dressing, the windows for the week, or part of the week, to be devoted exclusively to farm products grown in Ontario. One store in Timmins has bettered this idea by not only confining the goods shown in the window to Ontario farm products but the store has followed the plan further and produced an excellent window dealing only with goods grown right here in Timmins. And the farm products in this window will take a whole lot of beating. For the best windows a number of prizes are offered, the first prize being \$9.00 in cash, the second \$7.00, the third \$5.00 and then a number of prizes, most of them two dollars each. The committee of judges were around on Tuesday of this week and will make another round of the windows on Friday. The committee includes D. Pomerleau, District Representative of the Dept. of Agriculture, Cochrane District, W. O. Langdon, president of the Timmins board of trade; Chas. Pierce, one of the pioneer merchants of the town and the North; A. P. Dooley, for many years a successful merchant in town. These judges should make a good job of the decision in the matter.

There are now sixteen entries for the prize money put up. The Government has offered \$60.00 in prizes for the event and this fact has set many other prizes. All the window displays are excellent and it would seem that generally speaking the Ontario Farm Products Week is proving a big success. The following are the entries made for the Ontario Farm Products Week:—Jos. Belanger, 37 Wilson ave.; Purdon & Lafamme, Third avenue; The Consumers' Co-operative, 621 Fourth avenue; Timmins Provisions Co. N. Blaney, Third avenue; Jos. Degillo, Empire block; T. Eaton Groceria; Dominion Stores, 26 Third avenue; D. Laprairie, 17 Wilson avenue; Workers' Co-operative; Frank Feldman; Frank Scullino, Moneta; Joseph Martin, 164 Pine street south; C. Zillotto, Pine street south; Bertrand Bros., Townsite.

Charming Station Master

MARIE PARINI
This pretty young Sicilian maid, Marie Parini, is not only good to look upon, but efficient as well. She is in charge of the railway station at Licata, Sicily, which serves the principal trading town on the southern coast of her country. The town has a population of 25,000 whose comings and goings are supervised by the lovely "station master."

General Business Before Meeting of Kiwanis Club

The regular luncheon of the Timmins Kiwanis Club on Monday dealt with general business of the club, there being no special speaker for the occasion. Dr. H. H. Moore occupied the chair and carried affairs along in his usual able way. There were many questions of interest and importance dealt with and the meeting proved a very interesting one throughout.

According to information before the meeting plans for the Kiwanis Mid-night Revue are going along well and the event is expected to be one of unusual interest and attraction. Considerable good talent has been lined up and any further talent will be welcomed. The date and further particulars will be announced later. It will be well worth while to watch for particulars of the Mid-night Revue.

Messrs Irmond and Maurice LeBel, of Consoharie, N.Y., motored to Timmins for Thanksgiving to visit Mr. and Mrs. P. A. Demers, Mr. and Mrs. J. O. Pellerin, of Sturgeon Falls, Ont., also visited here.

There are now sixteen entries for the prize money put up. The Government has offered \$60.00 in prizes for the event and this fact has set many other prizes. All the window displays are excellent and it would seem that generally speaking the Ontario Farm Products Week is proving a big success. The following are the entries made for the Ontario Farm Products Week:—Jos. Belanger, 37 Wilson ave.; Purdon & Lafamme, Third avenue; The Consumers' Co-operative, 621 Fourth avenue; Timmins Provisions Co. N. Blaney, Third avenue; Jos. Degillo, Empire block; T. Eaton Groceria; Dominion Stores, 26 Third avenue; D. Laprairie, 17 Wilson avenue; Workers' Co-operative; Frank Feldman; Frank Scullino, Moneta; Joseph Martin, 164 Pine street south; C. Zillotto, Pine street south; Bertrand Bros., Townsite.

D. J. Pomerleau, District Representative of Agriculture, Cochrane, Ont., has given a great deal of interest and effort to make the Ontario Farm Products plan a great success. Mr. Pomerleau has done everything possible to rouse the people to the importance of giving the farmer a square deal. Mr. Pomerleau has been given ample support by the committee appointed to work with him. There seems to be no doubt that Ontario Farm Products Week has created a great deal of interest in the minds of all, and either directly or indirectly, or a little of both, has done much and will do much to make the public realize the importance of the plan and also to popularize the use of Ontario-grown products. The window displays and the goods in the stores helps to prove that Ontario farms can supply better products in most lines than are obtainable elsewhere and that the prices for Ontario-grown goods is reasonable and fair. The public in general should make a note of the fact that this is Ontario Farm Products Week. All should see the stores and the window displays. Especially it is well to see the window featuring the products of a Timmins market garden. This exhibit shows that M. J. Tinkens is an expert in growing market garden produce and that the North is one of the best market gardens on the continent.

Service on Sunday for the Roumanians

Rev. Marin Postelnicu, of Hamilton, will hold Service in St. Matthew's 7.30 a.m. Sunday. Meeting in Church Hall 8.30 p.m.

Rev. Marin Postelnicu, of Hamilton, is in Timmins at present and will remain for a little time in the effort to stir up interest in church matters with the Roumanians in town. Rev. Mr. Postelnicu says that there are fifty property owners among the Roumanian people here and probably a hundred more single men of the nationality. They are members of the Greek Orthodox Church. There being no branch of their church in this district they have been attending the Anglican church, though some have joined the R. C. church. There has been desire expressed by many of them, Rev. Mr. Postelnicu says, to have a church and minister of their own so that they might follow their own mode of worship as in their own country. It is not known at present whether the plan for a church and clergyman of their own can be carried out.

On Sunday, October 23rd, there is to be a service for the Roumanian people conducted by Rev. Mr. Postelnicu in St. Matthew's Anglican church at 7.30 in the morning.

On Sunday evening a meeting of all the Roumanian people in the town is called to be held in St. Matthew's church hall at 8.30 p.m. At this meeting plans will be discussed as to organizing for the Roumanian people to put up a building of their own for worship and secure a clergyman of their own.

In speaking to The Advance this week Rev. Mr. Postelnicu said he was much impressed with the progress and modern type of the town of Timmins. He was also much impressed with the fact that most of the Roumanian people are employed and getting along well. There are very few of them out of work, probably only six or seven, he thought. He noted that many of them were established as merchants and were doing well. He thought the majority of them were naturalized Canadian subjects and he described them as loyal to the country and to their church. There were also a number now of Canadian-born among the Roumanians here.

DOUG CRAIG AND HIS GAY HEARTS ORCHESTRA, OCT. 22

A dance is announced to be given by Doug. Craig and his Gay Hearts orchestra in the Hollinger Recreation hall on Saturday of this week, Oct. 22nd, from 9 to 12. This event will have many special features and should attract a large attendance.
