## Drop in Exports of Both Pulp and Paper

Returns for Last Month Show Decline in Newsprint, Sulphate Figures Improve, Decline in First Nine Months of Year.

Exports of pulp and paper from Canada in September totalled \$7,006,171 compared with \$9,032,572 in the

previous month and \$11,084,365 in September, 1931. The decline of \$4,078,000 revealed in comparison with 1931 figures is due to the sharp drop in values of newsprint exports.

In September this year newsprint exports were valued at \$5,424,021. This was a drop of \$1,800,000 from the previous month, and compared with exports of \$8,754,089 in September last year. Volume of exports was 119,277 tons against 161,170 tons in September, 1931.

Other paper products were exported to the value of \$209,422 in September. This was a decline of \$85,000 from the August figures and compared with \$308,169 in September last year.

In pulp shipments considerable improvement was noted in the sulphate division. September exports totalled \$249,637 an increase over the previous month and a gain of \$90,000 over the same month in 1931. Groundwood pulp exports at \$200,468 showed an improvement over August but were lower than September last year by \$360,000. Unbleached sulphite at \$771,456 showed a drop of over \$200,000 from August and compared with 1,355,081 in September, 1931. Total exports of wood pulp were \$632,723 in September compared with \$1,040,862 in the same month a year ago.

Pulpwood exports in September totalled 74,448 cords valued at \$738,979 as against 59,399 cords at \$580,249 in August and 117,584 cords valued at \$1,205,286 in September last year.

For the first nine months of the current year declines are accentuated. Total exports of pulp and paper were valued at \$80,526,212 compared with \$106,631,731 in the first nine months of 1931. Newsprint exports dropped to \$64,014,042 compared with \$81,420,910 in the same period in last year.

The next regular meeting of the Timmins town council will be held on Monday, Nov. 14th, commencing at 4 p.m.

So far as the Tuxis and Trail Rangers are concerned, the North is keeping well to the front these days. Some weeks ago reference was made to the new Trail Ranger group formed at Fraserdale, north of Cochrane, where connection is made from the main line of the T. & N. O. for Abitibi Canyon. This is certainly the farthest north group of Trail Rangers now in Ontario. Well north and west also will be found the Hearst group of Trail Rangers. They are not a new group but they are also worthy of note not only for their location but also for the progress and enterprise they show. Recently they held their first supper meeting of the season at Hearst and all had a most interesting and pleasing time. The local doctor and the principal of the Hearst public school were among the guests of honour for the occasion. Both the doctor and the teacher gave brief but very helpful addresses. There were also other interesting features to the gathering, the supper itself being worthy of note.

The lasting popularity of Trail Ranger and Tuxis Boys work is evidenced by the many plans adopted by those who have been members to renew acquaintance with the work and with each other. One evidence of this fact is the reunion each year of the graduate members of the Older Boys' Parliament of Ontario. The fourth annual reunion of the graduate members of the Older Boys' Parliament of Ontario will be held this year at Hart House, University of Toronto, on Saturday and Sunday, Nov. 12th and 13th. All members of the Older Boys' Parliament in years past look forward to these reunions and each year as many as can do so attend to renew youthful friendships and associations.

### STURGEON FALLS MEN NOT TO ESCAPE TERMS IN JAIL

John and Henry Levis, Sturgeon Falls, were each sentenced to two months in the Ontario Reformatory, and terms of one month each in that institution were meted out to William Dunbar and Edward Paquette, of the same town, on appearing for sentence Saturday morning before His Honor, Judge H. D. Leask, in District Criminal Court at North Bay as a sequel to their conviction on October 19 on charges of obtaining money by false pretences from the Ontario Department of Northern Development.

Crown Attorney T. E. McKee announced that on communicating with the Attorney-General's Department he has been instructed not to consent to sentence being suspended on the quartette, as has been suggested by Judge Leask.

On finding the four guilty on October 19 of the offence, which has consisted of placing Edward Paquette on the department's payroll to reimburse him for repairs made to a car, reported to have been damaged while on department business, the judge termed the act "more foolish than criminal," and requested the Crown Attorney to communicate with the Attorney-General's department to secure power to assent to suspended sentence.

In imposing sentence, Judge Leask said John Levis was the real instigator, while Henry Levis was equally responsible. Dunbar and Paquette were, to some extent, under the influence of John Levis, he stated.

### Ontario's Railway Pays Over \$400,000

"Taking Everything into Consideration," Says Chairman Geo. W. Lee, "the T. & N. O. Railway has had a Good Year." Premier Well Pleased

A despatch from Toronto on Monday states that Premier Geo. S. Henry expressed himself as follows in regard to the success of the Temiskaming and Northern Ontario Railway:—"The government has received a cheque for \$400,000 from the Temiskaming and Northern Ontario Railway to-day, and is very highly gratified with the splendid showing of the railway under the difficulties which prevail at the present time."

At the same time as the paying over of the \$400,000 by the T. & N. O. Railway, the chairman of the commission, Geo. W. Lee, issued the following statement:—"Taking everything into consideration the T. & N. O. Railway has had a good year. A cheque for \$400,000.00 has been sent to the government, on account of net earnings for the fiscal year ending today. The accounts do not close for some time yet so it is difficult to say what the exact amount of the net earnings will be."

"Our gross earnings this year will be down between three-quarters of a million and a million dollars. This final statement will show our expenses are also down a great deal. "The Commission is quite satisfied with the results obtained under the most trying conditions. "The railway has been maintained to a high standard. Both railway and equipment are in excellent physical condition and we are looking forward, with the greatest optimism, to the future of our business. We believe in ultimate success for the whole railway."

First—Grace Lefurgy, Martin Kuisela, Evelyn Booker, Raymond Blood, Sr. I—R. M. Donlevy, teacher—Lulla Johnston, Kauko Nikanen, Bonnie Clarke, Tom Mahon, Kello Iola, Kathleen Turner, Kauko Vesola, Clara Lindross, Martha Luhta, Jim Fera, Mary Sarkotish, Adeline Jakes.

Jr. I—Walter Rachanski, Violet Mahoney, Audrey Laffin, Billy Booker.

A man walked into the Sudbury police station one evening last week and asked for a bed for the night. He got it. The next day he was provided not only with a bed but with board for thirty days, the police noting that he was quite intoxicated when he applied for lodging. "Hard luck," said the accused in court, "when a man gets sent to jail these days for asking for a bed." "It's harder luck these days when a man won't keep sober," was the idea of the authorities.

The Explosives Division of Canadian Industries Limited announces the opening of a Branch Office at Noranda, Quebec, on or about November 1, 1932. U. S. Annett will be charge.

Mining activities in the vicinity of Noranda have increased tremendously and in opening an office at this point, C-I-L is following out its policy of serving the mining fields from a basis as close as possible to the scene of operations. In the past this district has been served from Cobalt."
