Planning Daily Air Service Between Timmins--Toronto

Great Northern Airways Syndicate with Seven Planes Hope to Start Aeroplane Service with Main Line Through the North. Expect to Carry Bullion from Mines. Mail Service and Passenger Service to be Featured.

Ambitious aims and purposes are held by the Great Northern Airways Syndicate, recently organized, and if their present plans are carried out it would appear that notable benefit will accrue directly to the North, while the whole province will benefit indirectly. Representatives of the syndicate are at present in Timmins. They include: Norman Collett, organizer of the syndicate and manager; Frank Gray, who will be the engineer in charge of flying; and W. R. Turner, formerly with the Curtis Airplane and Motor Corporation. They state that they intend to provide a daily aeroplane service that will serve most of the province. The main line schedule will be a aeroplane passenger service to and from the town of Timmins and the city of Toronto, with additional key bases at Halleybury and Huntsville, and branch lines covering a transportation service for Rouyn, Elk Lake, Gowganda, Kapuskasing, Cochrane, and Muskoka Lakes. Subsequently it is intended to extend the operations to include the cities of Ottawa, Montreal, Windsor, Sault Ste. Marie, Sudbury and Niagara Falls and points south and west. The main line would give daily passenger and express service to Timmins, Kirkland Lake, Halleybury, Cobalt, New Liskeard, North Bay, Huntsville, Toronto.

Arrangements have been made with the mines of the North for the transportation of bullion when the service is established. Mail, newspapers, urgent articles such as usually sent by express would form the bulk of the express carried by the aeroplanes from the South, just as the bullion shipments would be the big item in the express carried from the North. Passenger service will be featured, the promoters say, and here they have a big talking point. The trip between Timmins and Toronto, for instance, would be made in five hours with stops just cutting the railway or bus service to about a quarter of the time. The fare for passengers to and from Toronto will be about the same cost as on the railway, so the time factor should be a material one in drawing passenger trade. Mr. Turner emphasizes the fact that travel by aeroplane is now a safe proposition and particularly so under the plans proposed by the Great Northern Airways Syndicate. The syndicate plans to start with four 14-passenger Ford all-metal tri-motor machines and three other machines of smaller size. All of the aeroplanes are equipped with radio and will be constantly in touch with all airports. They can locate their position electrically, even in fog. All the machines are equipped for blind flying. The airports will all be lighted for landing at night, and all the planes being equipped with (Continued on Page Eight)

N.O.H.A. Officers in by Acclamation

J. H. McDonald, of Sault Ste. Marie, the New President, by Acclamation. Chas. Roach of Timmins, Vice-President.

A despatch yesterday from North Bay says that J. H. McDonald, Sault Ste. Marie, was on Tuesday declared elected president of the Northern Ontario Hockey Association with Chas. G. Roach, Timmins, assuming the vice-presidency and W. A. Thompson, North Bay, the secretary-treasurer.

Nominations for the offices expired on Tuesday, and with no opposition the three were elected to the respective positions. D. R. Mitchell, Sudbury, and D. M. Briden, Kirkland Lake, will seek to retain their seats on the committee, while R. B. Grills, New Liskeard, will make it a three-cornered fight.

The election will be completed at the annual meeting to be held here November 12. Delegates from Timmins, South Porcupine, Kirkland Lake, Noranda, Que., New Liskeard, Cobalt, Halleybury, North Bay, Sudbury and Sault Ste. Marie clubs will attend. It is expected one delegate will represent Cochrane, Kapuskasing and Smooth Rock Falls, while Monteth Academy and Chapleau will also have a delegate in attendance.

Two resolutions are listed for consideration. One recommends that agreement of affiliation with the Ontario Hockey Association be amended to permit of an N.O.H.A. appointee taking part in all play-off games with an official to be named by the O.H.A. The executive will propose that O. H. A. executive be requested to sponsor a resolution to provide for increasing O. H. A. representation on the Canadian Amateur Hockey Association from two to three voting delegates, and that the three delegates be appointed from the N. O. H. A. executive.

Campaign for Blind Reaches Objective

Returns This Week Reached the Total of \$500.00, Which was the Amount Aimed at in the Campaign.

All will be pleased that the campaign for funds to aid the Canadian National Institute for the Blind has been successful in reaching the objective aimed at for Timmins and district. This objective was placed at \$500.00, and this week the pleasing news was given out that the objective had been reached. Of course, this fact should not deter any who have overlooked sending in their donation to this good cause from still doing so. Any contributions possible will be gladly received by F. A. Burt, Dominion Bank, Timmins. This is the first appeal made for funds in the North Land, though the Canadian National Institute for the Blind has done much in years past to help establish blind people here in life and train them to care for themselves. When the campaign was first started here there were even members of the committee who feared that the objective could not be reached. Against this, however, was the fact that the hearts of all are touched by the handicap under which the blind must labour and there is the keenest sympathy with any organization whose aim and purpose is to lighten this burden. The Canadian Institute for the Blind has been able to do much indeed, in the North as elsewhere in the Dominion to assist the blind to become self-supporting and useful citizens. Consequently, the response has been generous. At present a similar campaign is under way in Kirkland Lake. The committee sponsoring the appeal here deserves credit for the success attained, and of this committee perhaps special mention should be made of Bernard Sky, E. L. Longmore, F. A. Burt. It should also be noted that the able and earnest work of D. B. Lawley, the organizer, was of great value in securing the successful outcome of the campaign. Mr. Lawley, who himself is blind, put up a battle for the help of those similarly handicapped that was an inspiration and an incentive to the work of others in the same good cause.

Rev. Fr. Cornelius Zak, who has been at Timmins for some time past, has gone to Kirkland Lake as priest for the Polish people there being assigned to the Holy Name parish at Kirkland Lake, as curate to Rev. Roy McMahon.

Miss H. Horrester Buried Here Friday

One of the Victims of the Larder Lake Tragedy of Oct. 8th Laid to Rest at Timmins Last Week.

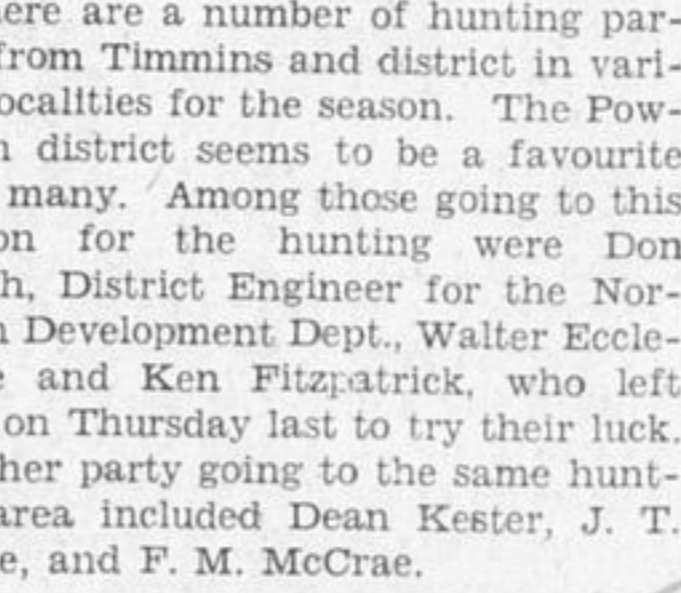

The funeral took place on Friday afternoon last of Miss Hertha Horrester, one of the seven young people drowned in a storm on Larder Lake on Oct. 8th. The funeral took place from S. T. Walker's undertaking parlours to the Timmins cemetery, the service being conducted by Rev. Bruce Millar, minister of the Timmins United Church. Many friends showed their sorrow at the tragic death and their deep sympathy with those bereaved by accompanying the family to the graveside. There were also many beautiful floral tributes. The late Miss Horrester, recently on the office staff of the Lake Shore Mines, Kirkland Lake, had spent most of her young life in Timmins, and here she had wide circles of friends whose esteem and regard she held by her fine disposition and character.

With six others Miss Horrester went from Kirkland Lake on Saturday, Oct. 8th, to spend the week-end at a cottage on an island in Larder Lake. The boat in which they were travelling swamped on the lake during a storm and all were drowned in the treacherous waters of the lake. Search has been diligently carried on ever since to recover the bodies and now all have been found except that of Miss Timcombe. Miss Horrester's body was recovered last Wednesday. Mr. Henderson, her brother-in-law accompanied the body here last week. The young lady was laid to rest beside her mother who passed away a couple of years ago. Her father and other members of the family in Timmins survive as does also a sister resident at Kirkland Lake.

To-day is Poppy Day Buy One for Nov. 11

Poppies on Sale are Products of Vetracraft Shops. Proceeds from Sale of Poppies Goes to the Legion Relief Fund.

To-day (Thursday) Nov. 10th, is Poppy Day in Timmins. The Ladies' Auxiliary of the Canadian Legion have charge of the sale of poppies in Timmins and everyone is nearly sure to have had opportunity to purchase a poppy for to-morrow, Remembrance Day, Nov. 11th. In case you have been missed, or have neglected to buy a poppy, there will be some available to-morrow (Friday). Everyone should turn out to-morrow for the parade and the service at the cenotaph, and everybody should wear a poppy in honour of the soldiers who gave their lives and their strength in Flanders Fields where poppies grow. The poppies on sale here to-day are made by the disabled veterans at the Vetracraft shops in Toronto. The purchase of a poppy accordingly is an assistance to the disabled soldiers. Further all profits from the sale of the poppies goes to the Legion relief fund for the assistance of returned soldiers and their dependents. It is certain that the relief fund this coming winter will have more calls upon it than ever before. Accordingly, the more poppies sold to-day the better equipped the relief fund will be to meet the needs in the coming winter. Buy a poppy to-day! Wear a poppy to-morrow!

Banquet and Presentations to McIntyre Baseball Team

Very Enjoyable Event at McIntyre Recreation Hall on Saturday Evening. R. A. McInnis Cup, Ottawa Journal Trophy, Sweaters, Presented to McIntyre Ball Team. Presentation Made to I. A. Solomon, Manager of the Team. Very Interesting Evening.

There was a very interesting and enjoyable event at the McIntyre Recreation hall on Saturday evening, Nov. 5th, when honour was given to the McIntyre Baseball team, winners of the championship of the North this year, and also winners of the Eastern Ontario Baseball Association championship and the accompanying trophy, the Ottawa Journal Cup. The event took the form of a complimentary banquet and was under the auspices of the McIntyre Athletic Association.

A. H. Cooke, president of the McIntyre Athletic Association, presided at the opening and welcomed all to the event in a neat speech. He referred to the handsome trophies won by the McIntyre and said that these would be in

competition again next year and he hoped to see them back again with the McIntyre team by the same fine sportsmanship that had won them this year. Mr. Cooke then asked R. J. Ennis, general manager of the McIntyre Mine, to act as chairman and toastmaster for the evening. Mr. Ennis said that the gathering was present to do honour to a group of athletes who deserved more than passing notice. He referred to the various sports that were popular, but confessed that to him there was no summer sport that had the same appeal and thrill as baseball. The spirit of good sportsmanship shown by the McIntyre Baseball team, doing their very best, win or lose, and putting their heart into the work every minute, was the true McIntyre spirit of co-operation and friendly striving. Mr. Ennis referred to a letter from Hon. W. A. Gordon, Minister of Immigration and Colonization, Minister of Labour, and Minister of Mines, who had watched with keen interest and pleasure at one of the games played by the McIntyre boys in Ottawa, and who had been proud that they came from the North. Regret was expressed that Mr. Magurn, of Iroquois Falls, had not been able to be present for the evening. Geo. Lake, one of the trustees of the (Continued on Page Eight)
