"Burning the Midnight Oil"

Christmas exams mean "burning the midnight oil" for both students and teachers. Concentration is much easier when eyes are free from fatigue. Remember, the use of REST GLASSES now may prevent the need of CONSTANT GLASSES later.

LEAVES KAPUSKASING TO PRACTICE AT KIRKLAND LAKE

Friends in Timmins of Dr. J. A. Aiken, who practised dentistry here for some years, will be interested in the following from The Northern Tribune of Kapuskasing, last week:—

"On Thursday afternoon Dr. John B. Aiken left Kapuskasing for Kirkland Lake, where he has transferred his dental practice. His son George went with him. Dr. Aiken has been in town for over five years, and has been foremost in curling and lawn bowling circles. In these two sports he has won more trophies than any other player, there is no question. Yet he will take defeats with the best of grace, proving himself a good sportsman. Many a nip-and-tuck game the doctor has piloted through as skip to victory on the ice or the green, and often there is a gallery of spectators to watch his skill with admiration. On Wednesday night some of his close friends dropped in on him and presented him with a wrist watch as a memento of the friendship they have enjoyed with him. The rest of the evening was spent alluding their defeats at his hands, etc., etc. The best wishes of many friends go with Dr. Aiken to Kirkland Lake, who know that he will pull well with the sportsmen in the new gold camp. He told the editor on parting that he will lose no time in trying to get lawn bowling under way down there; and if this materializes—we'll be seeing you, Doc, old sport."

North Bay Nugget:—One solution for world troubles suggested by our garage man is that the world needs more self starters and fewer cranks.

Hockey Prospects at South Porcupine

South Porcupine Wants Early Contest for A. P. Kenning Cup. School Commencement Exercises. Other South Porcupine and Dome News.

South Porcupine, Nov. 22nd, 1932. Special to The Advance.

Mr. D. A. McLeod is visiting his mother in Prince Edward Island.

Mrs. E. J. Rapsey is visiting her daughter, Edith, in Halleybury.

Miss Jackson, of the United States, is the guest of Mrs. Menzel at the March Gold Mines.

Rev. Father Gelinas is in Halleybury this week.

Mr. Vittorio Candatta is sailing for Italy this week on the Ausonia.

Elections for the officers of president and vice-president of the Literary Society of the South Porcupine Continuation School were held on Thursday, November 17th. The Hoover-Roosevelt campaign was copied. Mary Gallagher and Harry McLean delivered campaign speeches for the vice-presidency. Then George Kaufman and Owen Wright appealed by brilliant speeches for the support of the school for the presidency. Margaret Lloyd, Rupert Martin, Clifford Schmelze, Mary King, Luigi Rotondo, Nora Costain, Rosalind Cantor and Michael O'Shea were poll clerks. Norma McPhail was chief returning officer. Owen Wright was elected president by an overwhelming majority. Harry McLean won the vice-president's chair. The remainder of the afternoon was spent in dancing to the music of Luigi Rotondo's orchestra.

The Young People's Society on Wednesday of last week held its devotional evening. Miss Young took the story of "Pentecost, Day by Day," featuring the life of Livingstone. The topic for the evening, "What can young people do to make the world Christian?" was, in the absence of Mr. B. Saunders, convenor, taken by Miss Betty Ferguson. This week Rev. Archdeacon Woodall is showing a number of slides and giving a talk for the young people.

The seventh anniversary service will be held in St. Paul's Anglican Church on next Sunday evening, Rev. Archdeacon Woodall taking the sermon. On the Wednesday following the ladies of the church are serving a delectable anniversary supper in the Masonic hall, South Porcupine, commencing at five o'clock. We have heard the menu and our mouth is already watering for the good meal promised.

The Rebekah euche and bridge given in their hall on Friday evening was very well attended and proved one of the most pleasant of these many social affairs. In euche Mrs. Creteau won ladies' first prize, Mrs. Battick second, and Mrs. Montrose consolation. Men's first prize went to H. Miller, second to T. Gibbons, and third to Mrs. Trueliffe. Mrs. Maxwell Smith won ladies' first in bridge, Miss Rose Verner second and Mrs. F. J. Hamilton consolation. Mr. F. Demers, of Dome, won men's first, Mr. E. Pullin second, and Mrs. A. Ewing consolation.

Mr. Victor Zender, of Napanee, was the guest of his sister, Mrs. Cantor, during the past week.

Mr. Kew, of Toronto, has been visiting his sister, Mrs. W. Christie, at the Dome Mines.

Mrs. Stanley Pearce was hostess for the bridge club this week. Mrs. Kavanagh won first prize for members, Miss Cliff second; Mrs. Costain won the guest's prize.

There was a fine attendance at the tea and sale of home-made cooking given by Mesdames Deacon and Herman at the home of the former. Several friends were out from Timmins. A nice sum was realized for the needs of the church. Unfortunately two good lunch cloths of Mrs. Herman's were lost while being taken home. Candy, fruit and home baking of every kind were offered for sale.

The auditors for the Edwards-Morgan Company are in town going over the township's books.

In police court this week a young man from Schumacher was charged with having pin-tailed grouse and spruce partridge in his possession unlawfully. The gun he claimed which he was using was a borrowed one. He pleaded guilty but on being told of the fine he said he had been out of work for a long time and he and his brother were trying to eke out an existence in a shack. Owing to the poverty in the

case, the magistrate adjourned the case and asked Game Warden Eddleston to confer with his department of the government to see what was their will under the circumstances. A boy from South Porcupine was charged with threatening to shoot Chief McInnis and Officer Fulton. His father was there willing to sign a bond with him that he keep the peace. He was severely reprimanded by the magistrate and told that if he would be law-abiding he would find the officers were his friends, that the attitude that they were against him was entirely wrong. A fine of \$100 and costs was paid by a South Porcupine man for having liquor in a public place. A young man from Schumacher was charged with attempted suicide. Officer Douglas told of being called to the home and finding the mother crying in the kitchen, while the doctor was busy with the son in another room. He had a severe mouth wound which the doctor was trying to treat. There was a gun lying around somewhere the officer did not remember whether it was in the hall or the room. The man himself was talking wildly. Dr. Mutterer, on being called, told of being summoned to the home by another roomer and finding the accused with a gunshot wound in the mouth. He did not talk to him as if he was in an irrational state from intoxication. He was taken to St. Mary's hospital. The accused claimed that after taking a drink or two he had not remembered anything that happened. His mother, a widow, was in the court but was not put on the witness stand. She gave a bond with the son for two hundred dollars and the boy had to guarantee to keep away from liquor for a year. If not, his mother would lose the money and the punishment would be meted out to him that was being deferred now. His liquor permit was taken away and the magistrate urged him to try to be a man, telling him he had had good chances but that liquor had been at the bottom of it every time he had got into trouble.

Many are taking advantage of the lake freezing over to enjoy the skating there. There are not many pairs of skates now that have not been hauled down from the attic. It is expected that the arena here will have its sheet of ice ready for use by the middle of this week.

The tang of frost in the air and the zip of a skate on the ice starts the hockey pulse of sport lovers beating. Conditions look favourable for a lively season here. Several of our homebrew talent that were absent last year, are back home this year. Others are in the camp whom report says have hockey ability and it won't be long now till they can prove whether it is up to a standard that will catch the fancy of Porcupine fans. Mr. Archie Briden, who is to coach the team this year, has a long experience in pro hockey from Atlantic to Pacific coast and this range of vision of what has been done in other teams should give him a great insight as to what is best here. He has the confidence of both the team and the people. Besides, he is a Northern product having first played hockey in Halleybury, before the war. After the armistice was signed and he had seen three years' service overseas, he played amateur hockey with Edmonton Eskimos in 1919, 1920 and 1921. Then he turned professional being on the Seattle line-up when the Coast League was associated closely with the name of the Patrick brothers. After three years there, he came back to Edmonton when that city joined the pro group. In 1926 he was with Calgary Tigers. By 1927 he had jumped across the continent and lined up with the famous Boston Bruins. 1928 saw him wearing the colours of the Detroit Falcons. He was with Philadelphia in the Canadian-American League in 1929 and in the winter of 1930-31 he was on the ice with Pittsburgh Pirates in the National League. Last winter he wore the colours of the Cleveland Indians. This is his first year to direct the game from the coach's box.

It is hoped that this year the Kenning Cup series may be played before the N.O.H.A. schedule starts. Last year owing to Timmins team going to Toronto there was not an opportunity to play off this series after the N.O.H.A. league games were finished. As soon as ice is available in Timmins rink it is thought that a schedule for Timmins and South Porcupine will be made out and possession of the Kenning trophy decided before the league schedule for the N.O.H.A. is started. Timmins are the present holders of the trophy.

The Oddfellows of South Porcupine are entertaining on a big scale in their hall on Friday night, November 25th. Splendid prizes are being given for the euche and bridge which will be played upstairs. Dancing to a peppy orchestra will go on downstairs. The assortment of balloons that came to town last week looked as though the people here were all going up in the air but they are just part of the Oddfellows' plan to make their dance more interesting. Various novelties are being introduced.

The principal and staff of the South Porcupine Continuation School at a recent staff meeting decided:—"That the annual commencement exercises will be held on Friday evening, December 16th, at 8.00 p.m. in the school auditorium. A play will be presented by the pupils of the Middle and Upper Schools, under the direction of Misses McPhail and Lucas. Miss Jean Wright will deliver the valedictory address. The field day cups will be presented to the winners by Mr. C. Gallagher, reeve of Tisdale. The prizes won at the Legion field day in Timmins, where S.P.C.S. pupils won four firsts, will be presented by Mr. A. Neame, president of the legion branch. The Robert Simpson prize for Middle School proficiency will be awarded to Miss Rosalind Cantor. The address of welcome is to be delivered by Owen Wright, president of the literary society. The orchestra under the direction of Luigi Rotondo of Form IV will render appropriate music. A brand new school

chorus by the school. Diplomas and certificates will be presented by members of the board, assisted by the secretary-treasurer and principal, Messrs M. Clark, S. Kennedy, E. Lightbody, J. Gallagher, and F. Purdy. There will be a limited number of seats, immediately behind the student body placed on reserve. Those desiring a reserved seat are advised to secure same immediately upon presentation for sale for they will certainly go quickly from present indications. The principal and staff are grateful to all who attended last year's commencement and hope for the same success and enthusiasm this year."

DEATH OF LITTLE DAUGHTER OF MR. AND MRS. CHALIFOUX

Sincere sympathy will be extended to Mr. and Mrs. Delphis Chalifoux, 61 Lake Shore Road, Timmins, in the death at St. Mary's hospital on Nov. 17th, of their beloved youngest daughter, Florence Donat, aged 4 years, 10 months.

Weland-Port Colborne Tribune:—A season of danger to motor car owners is on, that wherein garage doors and windows are closed against the cold, and there is temptation to start the motor under such restricted ventilations. Peculiarly there are many motorists who know nothing of carbon-monoxide gas, and would be astounded to learn that the exhaust from the motor may contain one of the most deadly and quick-acting gases known.

Windows Broken in River Road Stores

Early Sunday Morning Three Windows Broken by Some Half-Idiot or Three-quarter Drunk. Goods Handy in Windows but Nothing Taken.

Early on Sunday morning windows in three different stores on Wilson avenue were broken, apparently by some drunk person or persons. The windows were all right at five o'clock in the morning as one of the police officers patrolled this part of Wilson avenue at this time. Before seven o'clock a man on his way to work at the mine noted the broken windows and notified the police so that articles in the windows would not be taken. Had only the one window been broken it might have been taken as an accident, as it would have been thought that a man passing by had stumbled, his elbow probably hitting the window and causing the damage. The smashing of the three windows, however, looked like a drunken prank. Although the windows were filled with articles of value of different kinds no effort was made to take anything. The fact that three windows were smashed one after the other in a very short time disposes of the idea that robbery was avoided by the man or men being frightened away. It is believed that the damage was the work of a couple of half-drunken men who had been noticed on street at about the time that the damage must have been done.

What Does Your Hand- writing Show?

Have you musical, artistic, literary, accounting, mechanical, scientific, business, or engineering ability? Character, ability, will-power positively revealed by the handwriting.
