CHICKEN STAGETTE TO BE HELD MONDAY, NOV. 28TH

The Canadian Legion are again holding a Chicken Stagette this year, the event to be held in the Oddfellows' hall on Monday, Nov. 28th. Last year's Chicken Stagette drew a good crowd and much of interest, and this year the event is likely to be even more popular and successful.

Highest single score—E. Galoska, 255.

Brantford Expositor:—Under the leadership of President Eamonn de Valera, the Irish Republicans seem to be able to keep alive the fires of hatred, strife and national division in a manner that causes grief to the countless thousands of admirers of Ireland and the Irish people throughout the entire world.

HAS LEGS BADLY BRUISED BY SKIDDING OF MOTOR CAR

Friends in Timmins and district will be sorry to learn that R. Ratcliffe, of Haileybury, who is a frequent visitor here on business, had his legs bruised by being jammed between two cars while returning from Timmins to Haileybury some days ago. The story of the accident was given last week by The Haileyburyan, as follows:—

"Richard Ratcliffe, Haileybury resident, is confined to his home this week with a pair of badly bruised legs, which he sustained late last week while on his way by motor from Timmins to Kirkland Lake. The accident happened in a peculiar manner. Mr. Ratcliffe's car stalled on an icy stretch of the highway and he stepped out to signal another driver who was following him, in the hope he would get a shove to start the stubborn machine. The other driver, a man well known to Mr. Ratcliffe attempted to pull up, but as he had no chains, his car skidded against the stalled one and Mr. Ratcliffe was caught between the two. While no bones were broken, his injuries are painful, but he did not expect to be laid up for long."

New President of the London Life Company

Announcement has just been made of the election of J. Edgar Jeffrey to the presidency of the London Life Insurance Company, succeeding the late J. G. Richter, whose death occurred in October. Mr. Jeffrey is a son of the late Joseph Jeffrey who assumed the presidency of the company when it was founded in 1874, and a brother of a former president, Dr. A. O. Jeffrey, K. C. Mr. J. E. Jeffrey has been associated with the company for the past 40 years and has been a member of the board of directors since 1918. Mr. Jeffrey served as solicitor and legal adviser of the London Life for more than 35 years, and brings a very valuable experience to his new duties.

Edward E. Reid, managing director, becomes also the vice-president of the company. Mr. Reid's name has been synonymous with the progress of the London Life in recent times. He entered the service of the company in 1894. Third-one years ago he became assistant manager and for the past 12 years has been general manager. Formerly he was also actuary and secretary of the company and is regarded as one of the ablest of insurance executives.

J. E. Smallman has been appointed a director of the company. Mr. Smallman is a son of the late T. H. Smallman, who was one of the original directors of the London and Western Trusts and well known in social and business circles.

North Bay Nugget:—One difference between being a hunter and being a deer, the St. Thomas Times-Journal remarks, is that after being shot the hunter doesn't get his throat cut.

Jail Terms for Robbing Hearst Liquor Store

Magistrate E. R. Tucker, presiding over police court at Hearst some days ago, sentenced Cliff Vondette and Fred Carlson to two years less one day at Burwash on the charge of breaking into the Hearst liquor store and stealing liquor valued at \$1,942.70. Both these men pleaded guilty and made a frank admission of how the robbery was done and where the liquor was taken. In passing sentence Magistrate Tucker said he was showing leniency largely because of their frankness and truthful attitude. The police did good work in this case. Constable Elliott of the provincial police, and Chief Desrosiers, of the Hearst police, tracing up car tracks from the liquor store and capturing the culprits as well as recovering most of the liquor. A third man charged along with Carlson and Vondette, was Isidore Vondette, who pleaded not guilty and elected to be tried by a judge and jury. He was committed for trial after several witnesses, including Cliff Vondette and Fred Carlson had been heard. They agreed that the robbery had been planned at least ten days ahead. Isidore Vondette was in the robbery with them, these two witnesses said. They also mentioned that Isidore Vondette's car had been used to transport some of the liquor.

Signs of an Upward Turn From This Depression

A survey of the signs denoting recovery from depression was made by Mr. Alexander Dana Noyes, financial editor of The New York Times, in an address before the Canadian Club, Ottawa. Without laying stress on the late advance in average stock exchange prices he cited the following concrete developments in the United States:

(1) Recovery of 9 per cent., as measured by some compiling agencies, in average prices for commodities during three months; an advance only partly lost afterward. This was the first sustained recovery since the middle of 1929.

(2) Railway traffic, which in July averaged 34 per cent. below the corresponding period in 1931, is now only 14 per cent. below last year. The autumn increase has been unusually prolonged.

(3) The textile industry in September worked on the average at 94 1/2 per cent. of capacity, as against 72 1/2 in August, 88 1/2 in September 1931, and 90 1/2 even in September, 1928.

(4) Steel production still very low, but with an increase from 13 per cent. of capacity at the end of August to 19 1/2 per cent. this month, the largest ratio of autumn increase of any year but one in the past decade.

(5) The estimate of the Federal Reserve Board that \$250,000,000 of hoarded money has returned to general circulation in the past three months.

(6) Gold holdings of the Federal Reserve System, which had been reduced \$471,000,000 during the recall of their American balances by European central banks last spring, have subsequently increased \$410,000,000.

Commenting on the conclusions arrived at by Mr. Noyes in the matter, an editorial in The Toronto Mail and Empire last week says:—"Mr. Noyes also pointed to the estimate by the Reserve Board that the gold production of the world for the whole of 1932 will reach \$460,000,000, as against only \$350,000,000 as recently as 1923; an increase in the nine years, in the annual output, of more than 30 per cent., and close to the maximum annual production on record, the \$468,000,000 of 1915. It may be added that Canada's gold production for 1932 will also show a substantial increase over that of 1931. It is now the second largest in the world."

Sudbury Star:—At the end of an examination the master gathered up all the papers. Among them he discovered one sheet which, instead of being covered with historical names and dates, bore merely a crude drawing of a tombstone on which was written: "Sacred to the memory which always deserts me on occasions like this."

Alcohol and Car are Seized by the Police

Car Confiscated, Man Fined \$1000.00 and Costs or Three Month and Another \$500.00 and Costs for Having Revolver in Possession.

Tuesday evening Chief Jones and some of his men made a nice haul. They caught two men in a car on Cedar street and the car contained no less than forty gallons of alcohol in tins. The car was run over to the police station and locked up in the town garage. The two men in the car were run into the cells. One man gave his name as Charles Ellis, of Windsor. The other was Edward Bertrand, of Connaught. Ellis said it was his car and he faced the charge of having liquor illegally. As a revolver was found in the car, so Ellis had the second charge, of carrying a revolver illegally, to answer. On the liquor count the magistrate imposed a fine of \$1,000.00 and costs or three months. On the charge of illegally carrying a revolver, Charles Ellis, the Windsor man, was fined \$500.00 and costs, or three months. Edward Bertrand, who was with Ellis at the time of his arrest, was also charged with illegal possession of liquor but the case against him was withdrawn.

There were several cases adjourned to next week at this week's court. One man, charged with obtaining lodging by false pretences, was remanded to next week. A charge of the theft of clothing was also adjourned. A man charged with failing to provide for his wife and family was also remanded for another week.

There were a couple of charges of theft but these were dismissed as was also a charge of theft of a set of sleighs. A charge against a Sixth avenue man was withdrawn.

There were three charges preferred by R. Eddleston alleging breach of the Game and Fisheries Act. One man was fined \$10.00 and costs, or thirty days. He paid. Two men who have been acting peculiarly were committed to an hospital.

A drunk who failed to watch his step was fined \$10.00 and costs, or three months.

Many Resolutions Regarding the North

Liberal Convention at Ottawa Last Week Calls for Audit of the Northern Development Dept., in Regard to Northern Dept.

A series of resolutions on matters affecting Northern Ontario were passed at the annual meeting of the Ontario Liberal Association Saturday, at Ottawa.

One set forth that the Minister of Lands and Forests and Northern Development in the Ontario Government "should be one familiar with the needs of Northern Ontario in order to give closer contact with the people whose affairs he is administering."

Another called for an audit of Northern Ontario development expenditures for the past 10 years, the results to be presented to the people of Ontario. Still another set forth that settlers in Northern Ontario should be aided more generously. No further timber concessions should be granted to private concerns until the demand for newsprint had increased to a point which made action necessary, and timber dues should be materially decreased, a further resolution declared.

Other resolutions from Northern Ontario suggested amendments to the Mining Act, aids to mining, and reductions in license fees. The Ontario Government should proceed more rapidly with road construction. Development of all electric power should be under Hydro. A resolution expressed strong condemnation of the action of the Ontario Government "in paying \$18,000,000 for the power development of the Ontario Power Service Corporation on the Abitibi river." Measures for improving the health of settlers in the northern section of the province were advocated.

HELP--Don't Pity!

The hampers sent out by the Timmins Annual Charity Turkey Stag provides Christmas Dinner for approximately Fourteen Hundred men, women and children. These hampers also contain enough food to tide these unfortunate people over till the New Year. Our help extends along the T. & N. O. Rly Porcupine Branch from Timmins to Porquis Junction and farther in very destitute cases. Each child on the list is assured of a Christmas Turkey Dinner.

Help us to help them by notifying your clergyman, relief officer or Salvation Army of destitute cases that may come to your attention. Help by coming and celebrating the Tenth Annual Charity Turkey Stag at St. Anthony's Parish Hall, Friday Evening, December Ninth, at Timmins.

If you cannot come to our party and do not know of any needy cases and desire to be a good fellow to these children we will on written request supply you with names, ages and addresses of children in need of winter clothing.

Make their Christmas a cheerful one—help them!

Charity Turkey Stag Committee

A. LAPRAIRIE, Manager

Border Cities Star:—On his arrival in Washington Lord Reading asked for a "real American meal" and was accommodated to the tune of chicken a la Maryland and corn fritters. But the supreme thrill will come when he clutches a hot dog and feels the mustard trickling down his wrists.

St. Catharines Standard:—A year after Caruso, the famous singer, died, his estate earned \$480,000. Now it is reported to earn nothing and is being consumed by taxes. That, in a measure shows how hard hit many of the wealthy people have been in the last three years.

Sudbury Star:—Year by year the aeroplane becomes a factor of increased safety in travel and transportation. Pilots engaged in the Ontario air service, under Captain Roy Maxwell, made 9,000 flights during the season just closed, and though there were 10 forced landings, there was no loss of life.

The General Manager,
Imperial Bank of Canada,
TORONTO

We report that we have examined the above condensed Balance Sheet as at October 31st, 1932, and have compared it with the books and vouchers at the Head Office and with the certified returns from the branches. We have obtained all the information and explanations that we have required and in our opinion the transactions of the Bank which have come under our notice have been within the powers of the Bank. In our opinion the above Balance Sheet discloses the true condition of the Bank. The above Balance Sheet does not include money which has been set aside by the Shareholders from time to time for the purpose of a Pension Fund.
