Mrs. J. Thomas Elected Reeve of Tisdale Township for 1933

All the Councillors-Elect Resident of West End of Township. None from South Porcupine. Tisdale Council for 1933 to be Mrs. Thomas, Reeve, and Councillors A. H. Cooke, Capt. Jones, J. A. Hawkins and Dave Kerr. A. H. Cooke Heads the Poll.

South Porcupine, Ont., Dec. 7th, 1932. Special to The Advance. Tisdale has a woman reeve-elect and all four councillors-elect are from the west end of the township. Those are the outstanding facts after Monday's elections. For the first time since Tisdale became an organized township there is no representative on her council among the men folk of this burg. This will probably work the greatest hardship in cases where immediate need is required. Should the reeve-elect be absent there is no one here to whom the needy may apply, other than waiting until the council meet. Otherwise it should make little difference as the councillors elected are educated and fair-minded men who can easily see the requirements of those beyond their own door step. Mr. A. H. Cooke, paymaster at the McIntyre Mines headed the polls with a total of six hundred and forty-two votes.

past, both in the capacity of reeve and of councillor. Mr. J. A. Hawkins has been a valued member of the council for the past two years. Mrs. Thomas had two months' experience in the reeve's chair on a former election. The new council are entering upon their duties with a splendid chance to make good. The financial standing of the township at the present time is reported as the best since 1919. Other than the serious question of unemployment relief there is no weighty problem looming. The township is in the best position to meet its debt service payments that it has been for many a moon. There is no immediate need for much further expenditure either for waterworks or schools entailing the borrowing of heavy sums. The tax rate by another year should be considerably decreased. So splendid hopes are entertained for a banner year in the history of the township. By polls, the voting went as follows: South Porcupine—For reeve—Gallagher 188, Thomas 128. For Councillors—Cooke 107, Dwyer 41, Fairhurst 159, Hawkins 103, Jones 127, Kerr 64, Laforest 168, McGee 107. Dome—Gallagher 73, Thomas 67, Cooke, 35, Dwyer 14, Fairhurst 96, Hawkins 45, Jones 90, Kerr 21, Laforest 62, McGee 18. Schumacher—Gallagher 208, Thomas 306, Cooke 425, Dwyer 82, Fairhurst 44, Hawkins 317, Jones 315, Kerr 229, Laforest 35, McGee 29. Gillies—Gallagher 29, Thomas 11,

Cooke 16, Dwyer 8, Fairhurst 17, Hawkins 4, Jones 15, Kerr 8, Laforest 10, McGee, 10. Moneta—Gallagher 48, Thomas 47, Cooke 59, Dwyer 27, Fairhurst 20, Hawkins 52, Jones 53, Kerr 17, Laforest 21, McGee. When the waiting group assembled in the council chambers to hear the returns got the final count, and it was learned Reeve C. V. Gallagher was the defeated candidate for the reeve ship. In a short speech the present reeve showed the true sportsmanship which has marked him as a big man in his dealings with the public. There was no hint of the bitterness of defeat or veiled hope of retaliation—just plain heartfelt well-wishing for the township which has grown from an infant into a thriving youth, while he has in some way been connected with its municipal affairs, at many times neglecting his own personal affairs when municipal duties crowded on him in unexpected manner. It was a splendidly-spoken tribute of real good fellowship, wishing the incoming council wisdom and success in the guidance of his homeland. COBALT CONSIDERING THE QUESTION OF DEPORTATION Cobalt is faced with the problem of 150 receiving direct relief from the municipality. There was a time in the history of Cobalt when this would not have been a serious burden, but those were the days when relief was not needed except in the very rare case. At present Cobalt is having a difficult time in raising and collecting taxes to carry on. Assessments are naturally much reduced from the figures of years ago and with the shutting down of the mines in general many were left with poor chance of making even moderate taxes. The few taxpayers left are being faced with an increasing burden. On top of all this, the burden of 150 on direct relief is quite an item for Cobalt. Among the many applicants for relief are several aliens and the Cobalt municipal authorities have taken up with the Dept. of Immigration at Ottawa the question of the deportation of these men. Some of the men concerned have asked that they be sent back to their native lands. The town is anxious to do something to reduce the relief bills, as the town's share of the cost now is running around \$1,000.00 a month, which is quite an item to Cobalt these days.
