Times Were Hard in 1817 Just as in 1933

Citizens of Birmingham, England, Petitioned Parliament for Help One Hundred and Sixteen Years Ago. Asked for Employment.

A friend of The Advance has sent this paper a copy of The Financial Post, published at Toronto, the front page carrying an article showing how "Economic History Repeats Itself."

"They are in distress, and in their misery they call upon their country for relief. They ask no more than the House will acknowledge that good citizens have a right to expect, they ask no favour; they only ask to have it placed in their power to earn an honest bread by honest labour, they only ask to be permitted to give to their country the benefit of their labour and to receive in exchange the scanty comforts necessary for the support of life."

"Many of them have not had employment for many months, and few of them have more than two or three days' work per week, at reduced wages. The little property which they possessed in household furniture and effects, and the small hard-earned accumulations of years of industry and care, have been consumed in the purchase of food; and they are now under the necessity of supporting their existence by a miserable dependence on parochial charity, or by soliciting casual relief from persons scarcely less distressed than themselves. In the midst of these painful sufferings and privations their friends tell them they must wait and hope for better times. They beg leave to inform the House that they have waited until their patience is quite exhausted, for whilst they wait they die."

"The petitioners humbly pray that the House will take into consideration their distressed condition, and adopt such measures as in their wisdom may be deemed necessary for the relief of themselves and of their suffering country."

HOLIDAYS TO BE OBSERVED DURING THE PRESENT YEAR (From the Clinton News-Record) Holidays occur in 1933 as follows:— Good Friday, April 14; Easter Monday, April 17, which is only a bank holiday; Victoria Day, Wednesday, May 24; Saturday, June 3, King's birthday, which is not generally observed in Canada as yet; Saturday, July 1, Dominion Day; Labour Day, Monday, September 4; Remembrance Day, Saturday, November 11; Christmas Day, Monday, December 25. There will be Civic Holiday and Thanksgiving Day to be declared later. It will be noted that most of the holidays occur either on Saturday or Monday this year, which gives long week-ends for gadding.

A Lady's Definition of the New Socialist Party

After quoting an editorial paragraph from a recent issue of The Porcupine Advance, The New Liskeard Speaker last week says:—"A few weeks ago when referring to the Woodsworth-McPhall new political party we took occasion to refer at length to the words "Socialism" and "Communism," and we quoted extensively from the New Revised Encyclopaedic Dictionary. At the conclusion we stated that if one consulted a dictionary to find the meaning of "socialism," one would be told it was "communism," and that communism was socialism.

"But as time passes local usages change the meaning of words. In the North Land today a man who might be proud to be called a Socialist would probably be insulted if called a "Communist." Indeed, we once knew a man who would be angry if he were called a "Grit," while his chum says: "I'm a Grit, and I glory in it!"

"And here is a lady's opinion of these new names the politicians are taking to themselves. With a paper in her hand she inquired of her husband, "What is a Socialist?" Answer: "He is a man who believes that those who have should divide with those who have not." "My," said the lady, "I hope that idea will never become law. If it does then soon no one will have anything, for the easy-going and shiftless will spend it faster than the thrifty and the workers can make it." This lady seems to be somewhat of a political economist."

DANCE ON FRIDAY, FEB. 17TH. AUSPICES OF THE L. O. B. A. Announcement is made this week of a dance to be held in the I.O.O.F. hall, under the auspices of L.O.B.A. No. 677, on Friday evening, Feb. 17th. Dancing from 9 to 1. Sullivan-Ormsont and the Merry-makers. Refreshments will be served during the evening. L.O.B.A. events are always well arranged and enjoyable and the event on Friday evening of next week at the Oddfellows' hall should draw a big crowd on merit.

FREDERICK BURNETT JOINS DIRECTORATE OF DOME MINES

The Sudbury Star last week says:—"Announcement has been made that Frederick Burnett, retired consulting engineer, resident in Toronto, has been appointed to the board of directors of Dome Mines Limited, succeeding the late Robert Segsworth, also of Toronto. The appointment places another prominent Canadian on the board. Mr. Burnett represented a very large holding of the company shares last year when acting as chairman of the Dome shareholders' committee which requested the president to consider disbursement of higher dividends in keeping with the company earnings, rather than adding to the yearly surplus of the company."

Will a Bull Moose Attack a Man? Also a Wolf Story

There are two natural history notes of interest in The New Liskeard Speaker last week. The first relates to wolves and is from the McCool correspondent of The Speaker. This correspondent writes:—"Another wolf story. Mr. Edgar Cook left one morning last week for a wolf hunt, calling Salem Cornell to come with him. He looked around and to his surprise saw a wolf sitting down watching to see which direction they were going. Of course Edgar took perfect aim and pulled the trigger but alas the rifle froze stiff and the wolf left thinking "harmless." Too bad Edgar, try greasing your rifle with the brand of oil our politicians use around here at election time, and secure your ammunition from Ireland, then you will have a gun that will bark and bite."

The other item has to do with the old question of whether or not a bull moose will attack a man and if so, how, why, where, and with what result. In this connection, The Speaker has the following paragraph:—"The question whether or not the bull moose will attack a man has often been asked and answered. There is no telling what the bull moose will do when accidentally he comes in close quarters with man. They are as apt to charge as to trot away. Recently a Manitoba man had a serious fight with a moose. The hunter's rifle had jammed, and partly sheltered by a tree he pounded the moose on the nose with his rifle until it gave up the fight and ran off."

Says that McLaglen Once Lived in Cobalt

Had his Shack Labelled "The Lion's Den." Was Famous for his Fights and Wrestling. One of Cobalt's Early Characters.

Believe it or not! It is reported by The Northern News that Victor McLaglen, the noted motion picture star, once lived at Cobalt and was one of the characters in that camp over twenty-five years ago. It sounds reasonable enough, for even Victor McLaglen would have to live some place or other before he went into the movies. In any event The Northern News goes into details to prove that it was Victor McLaglen all right who lived in Cobalt in the early days. If it wasn't Victor McLaglen then it must have been two other men nearly as good. Here is what The Northern News has to say about it under a Cobalt headline:—"Noted Film Star Once a Citizen of Cobalt"

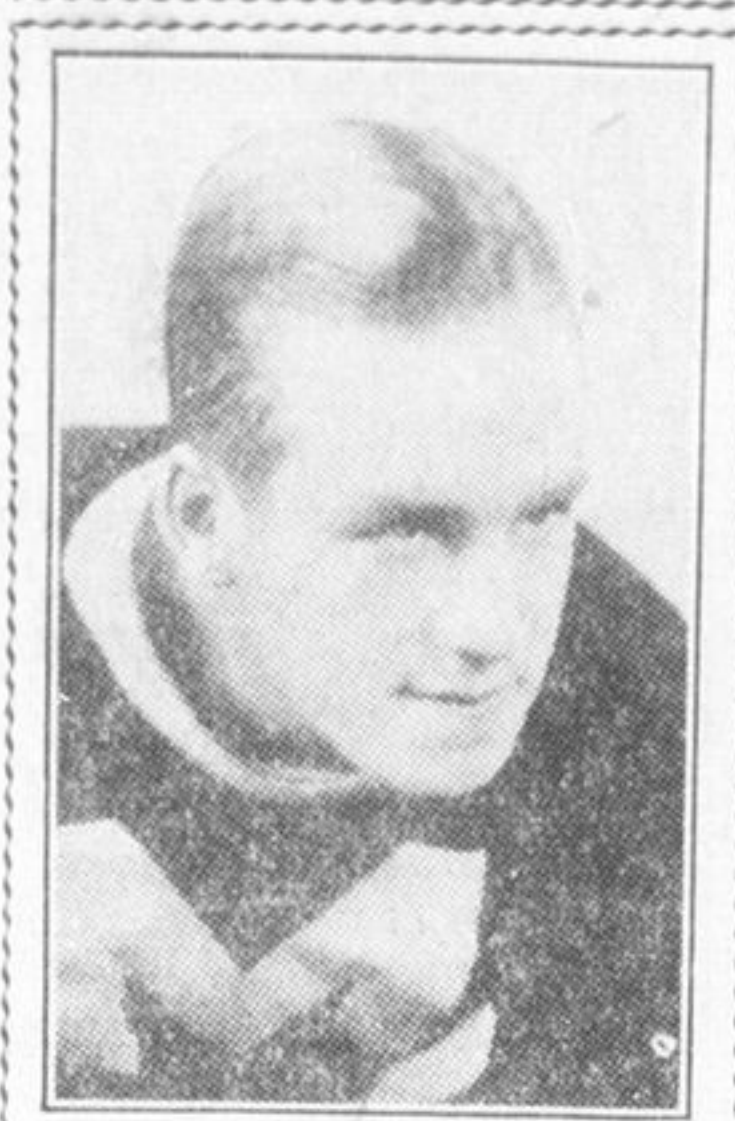

The crowd was just coming out from the Classic theatre here one night a short time ago, when one of the old-timers was heard to remark, "Why, I know that guy McLaglen. He used to be here in the early days." The "guy" referred to was Victor McLaglen, who is "some punkin'" in the movie world of to-day.

Sure enough, inquiries revealed that in his younger, unregenerate days, the gentleman referred to had been a resident of the camp, along about 1908-06. One man, who has been here for years remembers him as "McLaglen, the fighter."

Shortly after coming to Cobalt, and he had not been long in the country at the time, he built himself a log shack. The door was only about five feet high, and he is a six footer. Over the door was a sign. The sign read "The Lion's Den."

Many stories are told of his doings while here. He worked for a time at the Hudson Bay mine, helping the teamsters. He also worked at the Nipissing, but the exploits for which he is best remembered are his fight and wrestling with Joe Acton. Acton was a well known promoter of alleged fixed boxing matches in those days. He also kept a game, in which you tried to kick a tied football through a hole.

Scores the Points

PAUL HAYNES If you want to know how to score goals frequently in the big league you had better consult Paul Haynes, centre of the Montreal Maroons. Paul discovered the secret early this season and he still is up with the stars at the top of the scoring table.

Dome Mines Co. Examines Groups of Outside Claims

The Mining Analyst, of Toronto, last week says:—"Dome Mines has for a number of years maintained an aggressive field force for the purpose of acquiring outside properties. At present the principal operations are being carried on in the new Swayze field and in the northeastern section of the Porcupine camp. Under the option from Denyes Exploration Syndicate, a large block of ground adjoining the Derrague group on the south and east was acquired in October, 1932, in Swayze. As the main zone of the Derrague, considered a find of major importance, strikes north and south and has been traced within a few hundred feet of the Dome line, the prospects are promising. A force of men was moved in during October to pick up the extension of the zone on surface. This work will be followed by diamond drilling if results are favourable. Recently an option was taken on the Hughes property, adjoining South Keora Mines on the northeast, in the Porcupine field. On January 20th two diamond drills were moved in to undertake a drilling programme of 5,000 feet, designed to test the ground for both geology and values. As some rather good reports have been issued concerning bare hole results on South Keora, Dome results will be awaited with interest."

T.B.A.A. Results for the Week Ending February 4

The following are the results of the Timmins Boys' Athletic Association schedules for the week ending Feb. 4:— Junior:—Holy Name, 1; Trail Rangers, 0; Tuxis, 2; High School, 2. Intermediate:—Holy Name (2), 7; High School, 1. School Leagues Under 12:—Moneta, 2; St. Anthony's, 1. Holy Family, 7; St. Joseph's, 1. Central, 1; Mattagami, 1. 12-Year Division:—St. Anthony's, 2; Moneta, 0. Holy Family, 3; St. Joseph's, 3. Central, 0; Mattagami, 0. 13-Year Division:—St. Joseph's, 3; St. Anthony's, 0. Holy Family, 2; Mattagami, 2. 14-Year Division:—St. Joseph's, 1; St. Anthony's, 0; Holy Family, 1; Mattagami, 1.

Technocracy's Duce

HOWARD SCOTT The elusive Howard Scott, High Priest of Technocracy, at last run to earth by the camera, is shown here as he announces that he would continue his work for technocracy despite the withdrawal of Professor Walter Rautenstrauch, his right hand man, and other associates doing research work at Columbia University. The deserter from the Scott banner will carry on under a new name, leaving "Technocracy" to Scott.

MR. BRADLETTE ENQUIRES ABOUT WHEAT SHIPMENTS

In Hansard, the official report of the House of Commons debates and procedure, there appeared the following question and answer, for the session of Jan. 31st, 1933:—

On the orders of the day:— Mr. Joseph A. Bradlette (North West-Iskaming):—"I should like to ask the Minister of Trade and Commerce with respect to a press despatch dated December 24 last, announcing that Greece was negotiating with Argentine for wheat on account of some disagreement with the Canadian Government. May I ask if a new agreement has been concluded with Greece, and has there been a decreased exportation of Canadian wheat to Greece within the past year? Hon. H. H. Stevens (Minister of Trade and Commerce):—"There is no new agreement with Greece. A very considerable quantity of Canadian wheat has been exported to Greece within the last few months."

Ashley Mines Continues Output of High-Grade Ore

The quarterly report of Mining Corporation of Canada for the period ended Dec. 31 deals at some length with operations at Ashley Gold Mines, production having commenced Oct. 22, 1932. "Since that date," says the report, "the mine has been put on a regular production basis. The milling plant, employing straight cyanidation practice, has given excellent metallurgical results, with extraction of close to 97 per cent, being attained. Although 150 tons plant capacity, milling operations during the period under review have been aimed at 75 tons daily. Under these conditions, absorption of gold in the larger units making up the mill circuit has been unusually high, though saturation at this date has about been completed. The head assay of ore going to the mill in October was \$15.57 per ton; in November, \$15.72, and in December, \$18.76; the average assay for the three months being \$16.81.

"During the period a vertical winze was completed to 200 feet, plus sump, below the 500-foot level, permitting the opening up of two new levels at depths of 625 and 750 feet on the dip of the vein. Stations have been cut and cross-cutting is now in progress on both levels. The distance to the Ashley vein on the 625-foot level is 115 feet and on the 750-foot level is 240 feet. The winze is being equipped with electric hoist and both new levels will, as soon as possible, be connected with the main inclined shaft at the 500-foot level by raising.

"A cross-cut is being driven west on the 500-foot level, a distance of 180 feet from the winze, to reach a parallel vein to the Ashley.

Annual Report Anglican Social Service Work

"In the Desert a Highway for our God." This is the title and this the theme that runs all through the seventeenth annual report of the Council for Social Service of the Church of England in Canada. It appears in an attractive green cover and is full of appropriate illustrations. Beginning with work for men in the unemployment relief camps, engaged in the building of our highways, following the council's western relief work when the prairies became a desert, touching on the church's work for the unemployed, efforts to level the hill of difficulty for British settlers, to overcome the dragons in the path of womanhood and girlhood, helping people out of trouble on the way to life, the need of making the road safer, the development of the highways and byways of Christian Social Service through the activity of diocesan councils for social service, co-operation with other road builders in the road of life in Canada and overseas, it concludes with emphasis on the spiritual side of social welfare work, the evangelistic note in social service and the council's share in the work undertaken by the joint committee on the Evangelization of Canadian Life. A copy of this report will be sent free on application to the office of the Council for Social Service, 604 Jarvis Street, Toronto.

CHANGES IN TRAIN SERVICE ON JAMES BAY EXTENSION

Changes are announced by the T. & N. O. in the train service in operation on the James Bay extension, and under which a tri-weekly service is being put into effect between Cochrane and Fraserdale, this being in addition to the weekly "mixed" run maintained between Cochrane and Moosonee. Under the new arrangement, the Fraserdale service will be in operation every Monday, Friday and Saturday, leaving Cochrane at 8:45 a.m. and returning there at 5:15 p.m. To Moosonee, a train is being run each Tuesday, leaving Cochrane at a quarter to nine in the morning, and due at tidewater at 5:30 p.m. Returning, the trip is made on Thursday leaving Moosonee at 8:30 a.m. and reaching Cochrane at 5:15 p.m. Previously there had been two trains weekly to Moosonee, with an additional service to Fraserdale.

VALENTINE TEA AND SALE BY WOMEN OF THE MOOSE

Announcement is made of a Valentine tea and sale of home cooking, under the auspices of the Women of the Moose, to be held in the Moose hall, Fourth avenue, on Tuesday, Feb. 14th, from 3 to 6 p.m.

Industrial League Winners Last Week

Marshalls Defeat Juniors 4 to 2 and McIntyres Win from Hollinger 4 to 1. Interesting Matches in the Industrial League.

The Industrial Hockey League had another snappy double-header last Thursday. Both games were good and fast although the first game had a great array of penalties, many of which were unnecessary. The officials for both games were:—in the first game, R. Richer, referee, H. McKinnon, judge of play; and in the second, McKinnon, referee, and Richer judge of play.

The first game was between Marshall-Ecclestones and the Juniors. Early in the first period W. Grant took an easy, floating shot from centre ice which Colbourne failed to see. Lukon was giving Lejambre plenty to worry about but couldn't score. Joannis drew the first penalty for tripping Walsh, who was right in on Lejambre. A hard shot on Lejambre from Walsh was cleared by Jerry Charlebois who went right through to nick the twine for a beauty all alone. Freddy Grant drew a rest for elbowing and while he was off Slobasky gave the fans a few thrills with his daring rushes. In a scramble in front of the Juniors' nets W. Grant poked in Marshall's third counter. Colburne was decidedly off colour in this period and Marshalls took advantage of it. Mullen drew a penalty for an attempted trip. With three seconds to go G. Elties scored one from the blue line.

In the second period the Juniors missed chance after chance to even things up. They missed their passes but back-checked like fiends. Slobasky went right up to the defence and flipped a pass to Morin who shot wide. Elties got a penalty for tripping and was followed by G. Charlebois. Belliveau drew one for boarding and while he was off Spence tapped one in for Marshalls. F. Grant got two minutes for tripping Horrester who was right in. Spence and Wallingford missed a beauty. Wallingford took a rest for slashing. G. Charlebois was robbed at the bell when one hit the post.

At the opening of the last canto, J. Charlebois, F. Grant, G. Charlebois, Slobasky, Kennedy drew penalties in quick succession. At one time Marshalls were three men short but the Juniors could do nothing. Lejambre got plenty to do in this period. Finally after three successive attempts Lukon scored on a pass from Morin. Kennedy drew a penalty for boarding but the Juniors held on. Till the end of the period both teams played hard but when it was over the score was still 4-2 for Marshalls. This win gave Marshalls a grip on the league leadership. Badboy Gauthier evaded the penitent's bench, not receiving even a minute penalty.

The teams lined up:— Marshalls—Lejambre, goal; Wallingford, F. Grant and Belliveau, defence; Spence, centre; W. Grant and Joannis, forwards; J. Charlebois, G. Charlebois, and Charbonneau, spares.

Juniors—Colbourne, goal; Slobasky, Mullen, Gauthier, defence; Tomkinson, centre; Horrester and Kennedy, forwards; Morin, Lukon, Walsh and G. Elties, spares.

The second game was between McIntyre and Hollinger. In parts it was good, especially the effective rushes of Woods, McIntyre defenceman, and Buck's clever plays.

The first period had a few penalties and one goal but it was very slow. Croteau drew the first penalty for tripping and was soon followed by Platt. Woods circled his own net, went down, shot and knocked in his own rebound for the only goal of the period. Renaud was giving Quinn plenty of trouble but couldn't score. Croteau drew another penalty for boarding and was followed by Adamsen for the same thing. Woods rushed again but was stopped at the defence as the period ended.

Platt missed a beauty at the beginning of the second period and Croteau and Kelly came right back with a nice combination but it didn't click. Findlay missed a few by shooting too high. Duval was right in several times, but his shots were well handled by Wagner. Croteau and Fortin received penalties for tripping and the period ended with Buck trying a hard one.

Luke Renaud tapped in Fortin's rebound to start the last canto but joy was shortlived when Woods went through and fooled Wagner with a nice cross-shot.

Not long after that Woods again scored one in the same manner. Play slowed up considerably for a while and then Kelly took Calverley's pass to make it four. Croteau and Davidson drew rests for tripping. The period ended just as Davidson returned to the ice. Score, McIntyre, 4; Hollinger, 1.

The teams were:— McIntyre—goal, Quinn; defence, Croteau, Woods, Findlay; centre, Buck; forwards, Davidson, Kelly; spares, Duval, Borrie, Calverley, Aide, Adamsen.

Hollinger—goal, Wagner; defence, Emard, Fortin; centre, Hall; forwards, Johnson, Platt; spares, Shelest, Rowe, C. Renaud, L. Renaud, Findlay, Desormeau. The standing up to February 2nd is: Team Won Lost Tied Points Marshalls 2 0 0 4 McIntyre 1 0 1 3 Juniors 0 1 1 1 Hollinger 0 2 0 0
