OF INTEREST TO WOMEN—We are repeating, for a limited time only, the offer of a British-made, 13" aluminum cooking spoon for the return of only 30 Oxo Cube Red Wrappers. OXO Limited, St. Peter Street, Montreal

More Material for Curlers' Scrap Book

Reference to the Van Itallie Trophy Worthy of Being Preserved in the Curlers' Book of Clippings.

An ardent curler in Timmins says he is going to make a scrap book containing all possible references to curling in the North. If this plan is carried out it will make a valuable work for reference in the days to come and will prove of great interest and pleasure to curlers. Here is an item worthy of a place in such a scrap book. It is the report in The New Liskeard Speaker last week of the recent contest for the Van Itallie trophy at Kirkland Lake:—

"The very handsome diamond trophy presented to the Kirkland Lake Curling Club for annual competition between the curling clubs affiliated with the Temiskaming and Northern Ontario Curling Association, was the centre of attraction at Kirkland Lake on the past week-end. Instead of making the trophy a challenge event, as was at first intended, the very fine and delicate workmanship caused the holders, the Kirkland Lake Club, to come to the conclusion that it would not be wise to have the trophy pass around too much as it would be almost certain to become so injured and perhaps destroyed. Consequently it was decided that the trophy would be put up yearly at Kirkland Lake at a play-down event about the 15th of January, at which one rink from each of the T. & N. O. clubs would be entered. This is, we believe, the proper course, as the winners would also receive the four beautiful replicas as well as have possession of the trophy during the balance of the year.

"On Thursday last seven clubs were represented, each rink having six games from Thursday evening until Saturday morning. The final results of the games left the Jerry Abrams rink—grand aggregate winners at the recent bonspiel—again on top without a loss, the runners-up being Frank Francis' rink from Timmins, which had but one

loss. Considerable interest was centered in the last game when Kirkland Lake and New Liskeard rinks came together. Had the latter won the Kirkland Lake and Timmins rinks would have been tied. However, Abrams managed to come out with one of a lead, although it was anybody's game all the way through, and was the only close game the Abrams rink had.

"The following is a result of the games played:
Noranda 14; Englehart 12.
Timmins 18; New Liskeard 5.
Kirkland Lake 12; Timmins 4.
Noranda 11; New Liskeard 9.
Englehart 8; Halleybury 9.
Timmins 12; Englehart 7.
Kirkland Lake 16; Noranda 2.
New Liskeard 8; North Bay 9.
Kirkland Lake 13; Halleybury 5.
Timmins 15; Noranda 7.
North Bay 11; Englehart 5.
Kirkland Lake 12; Englehart 4.
New Liskeard 9; Halleybury 8.
North Bay 9; Noranda 10.
Kirkland Lake 17; North Bay 5.
Timmins 10; Halleybury 6.
Englehart 4; New Liskeard 13.
Kirkland Lake 9; New Liskeard 8.
Timmins 9; North Bay 8.
Noranda 8; Halleybury 9.

PROSPECTORS PAY HALF FARE ON THE A.C. RAILWAY

Prospectors planning to enter the Michipicoten area will be interested in knowing that the Algoma Central Railway allows half fare to bona-fide prospectors. It is required that mining licenses be produced and the mining department satisfied that the applicant is a prospector. As far as is known this is the only railway in Canada making this allowance.

The Northern News last week in its Cobalt news column had the following personal note:—"Mrs. Horace Laidlaw returned Monday to her home in Timmins after spending a few days with her parents, Mr. and Mrs. R. B. Holmes."

Timmins Wins First of the Play-offs with Noranda 7-2

Interesting Game on Timmins Ice Gives Local Hockey Team a Lead of Five Goals to Carry to Noranda for Sunday's Game. Noranda did not Play with the Speed and Skill Shown in Other Matches. Large Crowd at Match Friday Night at Timmins in N.O.H.A. Senior Series.

Timmins made it 7-2 in the first of the play-offs in the N.O.H.A. senior series on Timmins ice on Friday evening. The rink was packed to the doors for the match.

It was good clean hockey and combination played a great part in getting goals for the red and green shirts. This kind of play should take them a long way in the series. Auger and Arundell understood each other perfectly and credit is due this pair for the goals, and the defence was almost airtight along with the back-checking.

Noranda seemed lost on the ice; the forwards were slow and their fine combination seen here on previous occasions was very much missed.

Rainville turned in a great game, both in checking and rushing. Roy, the other defence man, also played a big part in keeping the score down.

From the face-off Walsh took the rubber down and passed to Auger. The latter was skated off into the corner. Rainville made two rushes but was checked at the defence. Pender got the disc and Arundell robbed him and speeded up the ice and gave Walsh a perfect pass and the latter scored.

Timmins made another three-man combination from the face-off and Herron made a fine save of Arundell's shot.

Noranda pressed and close play followed in front of Hodnett. The puck was cleared to the corner and Plumb centred it back again and McCann missed a fine chance to score by shooting weakly at the open goal.

Porter got away and skated around the defence and Herron made a great save of the shot.

Rainville made another dangerous rush but again was checked at the defence by Lortie. The latter came down to the blue line and Wimperis stepped aside as Lortie made his long shot which bulged the twine behind Herron.

Roy rushed down and shot a long one but was held back from getting the rebound from the boards. McCann and Rice combined and broke through. McCann shot but Hodnett turned it aside. The first penalty was handed out when McCann tripped Auger.

Rice tried to break away but was checked at the blue line by Lamoureaux who took the puck down and passed to Tremblay. The latter shot from the boards and scored.

Lortie broke away and sent in a long shot but Herron got in front of it and cleared.

Burns and Rainville had differences and the referee thought the penalty

box was the best place for them to settle it.

No more damage was done before the gong went to finish the period.

First Period
Walsh (Arundell)..... 2.50
Lortie..... 10.50
Tremblay (Lamoureaux)..... 16.40
Penalties—McCann, Rainville and Burns.

Noranda pressed at the start of the second period but were back-checked, and were unable to get in close.

Walsh got the first shot in on Herron who cleared. Wimperis took a long shot at the back board but was held off from rushing in for the rebound.

Lortie went through the whole Noranda team and missed the net. He got the disc again and sent in another shot from the side board. Herron got his stick on it but the puck glided over it and through his legs for a score.

Porter broke away and was getting dangerous when Wimperis tripped him and the latter got a penalty.

Rainville broke away again and this time was nearly rewarded for his attempt, but his shot just missed.

Auger got in close but was robbed before he could shoot.

Arundell got the puck at centre and went down with Auger and the latter scored on the play.

Rainville broke away and was stopped by Auger by the way of a trip, and a penalty was the result.

Rice sent in a fine shot and Hodnett cleared, while Porter at the other end nearly scored. These two plays were very fast.

Lamoureaux made a fine rush but was skated off into the corner.

Noranda took the play into Timmins territory and a scrimmage went on in front of goal. Plumb poked it and the referee rang his bell and the light went on. A protest was made and according to the players and the fans the puck did not go beyond the blue line of the goal, and the rules call for the whole of the puck to be clear of the blue line for a score. During the delay the goal umpire was having fine fun with the light and fans alike and was promptly removed from his post.

Arundell and Auger again combined and Auger scored on the play, and as before, he was sent for a rest for hooking Rainville.

Lamoureaux and Burns were pressing hard and Herron was lucky to save from Burns. Roy got a penalty for tripping Burns as the latter was about to get the rebound.

Second Period
Lortie..... 2.35
Auger (Arundell)..... 4.50
Plumb..... 12.50
Auger (Arundell)..... 13.55
Penalties—Wimperis, Auger 2, and Roy.

Noranda started out to reduce the lead and got a good opportunity when Walsh was sent to the cooler for tripping.

Twice Noranda rushed but were skated into the corner out of danger. For the first time of the night they had been very dangerous for any length of time and Timmins were having a hot time in clearing. Porter relieved and took the puck down and passed to Auger at the defence and the latter scored, but the play was called back for an offside.

Timmins gave Noranda a hot time and both Roy and Rainville were doing great checking. On one occasion Rainville broke away and Hodnett made a very lucky save of the shot.

Noranda rushed and after a tussle McCann lifted one towards the net and Hodnett gave him a "gift" goal by dropping the puck in the net behind him.

Timmins swarmed the Noranda net. Rice drew a penalty for picking up the puck.

Roy and Auger disagreed and the referee told them where the penalty box was.

Pender was going right in, and Arundell dropped his stick in Pender's path, and Arundell was told to go for a rest. Noranda had a fine chance now, but the skates were on the wrong feet and Herron had three close calls.

The teams were at full strength before any damage was done.

Noranda took another assault on Timmins and Hodnett made a fine save. The Auger-Arundell combination got going again and another score resulted from Arundell's stick.

Porter and Burns both gave Herron hot ones to clear before the gong sounded.

Third Period
McCann..... 15.40
Arundell (Auger)..... 17.00
Penalties—Walsh, Rice, Roy, Auger and Arundell.

Noranda—Herron, goal; Rainville and Roy, defence; Plumb Pender and McLeod, forwards; alternates, Labarge, Rice, Wimperis and McCann. Mayo (sub-goalie).

Timmins—Hodnett, goal; Porter and Lortie, defence; Auger, Arundell and Walsh, forwards; alternates, Burns, Tremblay, Lamoureaux and Irvine, Clark (sub-goalie).

Timmins, 7; Noranda, 2.
Sky Easton, of Stratford, referee.

Power Takes All in Commercial League

One Bowler Said to have been so Disgusted with Life, which is Chiefly Bowling, that he Headed for the River.

Owing to the hockey match last Friday it was only possible to play one game in the Commercial bowling league. This game took place on Wednesday of last week between the Power and Gambles. The Advance were unable to get a team together to play the T. & N. O. and this game was postponed until a later date.

The Power won all four points from Gambles with ease. No wonder the big fellow of the losing team was headed for the river with an axe! No! he didn't make a hole in the ice; he got cold feet before he got there. Yes! the other fellow got home safe! You want to know what it was all about, eh? Art? Why, Jimmy got on the honour roll and he never said a word. And, what do you think, Sharley also got the honours, and these were the only two to gain it. No wonder Henry was feeling ill.

Denies Story About Railway Extension

Line to Quebec Gold Field Never Considered, Says Geo. W. Lee, Chairman of the T. & N. O. Railway Commission.

For some weeks past there have been rumours to the effect that the T. & N. O. Railway had plans in mind for an extension of the line into the gold area in Northwestern Quebec.

The story was first given publicity in a paper published in Northwestern Quebec and at first there was little attention paid to the rumour as there were so many apparent objections to the probability of the story. In the first place all remembered the difficulty the Nipissing Central (subsidiary of the T. & N. O. Railway) encountered some years ago when extension of the line into Quebec was proposed to serve the Rouyn field. All sorts of difficulties seemed to be placed in the way of the railway extension at that time and it seemed very apparent that Quebec did not favour extension of Ontario lines into the neighbouring province. Though the difficulties were eventually ironed out it was very evident that the principle of extending Ontario's own railway into the Quebec territory was not favoured by the people of the adjoining province.

There seems to have been no change in this attitude in the meantime, so most people did not think it likely that extension of the Nipissing Central would be welcomed by Quebec at this time any more than it was before. In the second place the present is generally looked upon as a time for retrenchment in railway matters and not for extensions. The present day cry against the railways, one and all, is that they have extended too much, and that this is partly responsible for present troubles in Canada. While the extensions of the T. & N. O. have been different to the most of the other lines in that they have proven generally profitable and advantageous, there remains the fact that any large capital expenditure at the present time would be frowned upon. The Quebec newspaper that first mentioned the matter accordingly did not attract much attention, but later the same suggestion was voiced by other newspapers, first with mention of the Quebec paper, and later with no reference to the origin of the idea. Some of the Toronto newspapers had reference to the question and one or two papers made the report the basis for questioning the wisdom of the proposition. The general publicity given the matter has led to attention being given the proposal by Geo. W. Lee, the chairman of the T. & N. O. Railway Commission. In an interview last week at North Bay, Mr. Lee took occasion to contradict the report in full. It had been rumoured that the Temiskaming and Northern Ontario Railway, through its subsidiary, the Nipissing Central was contemplating an extension through the entire gold belt in the Noranda-Rouyn area, but Mr. Lee denied this in full, saying that the project has not even been discussed by the railway commission. Mr. Lee explained that the Nipissing Central holds a Dominion charter given it the right to extend as far as Amos, Quebec, but no thought has yet been given to exercising that right. So the rumour that the T. & N. O. is thinking of extending to serve Northwestern Quebec may be set down as nothing more than a rumour, for the present, at least.

Brantford Expositor:—The annual debate on the repeal of section 98 of the Criminal Code against unlawful assemblies has once more taken place in the House of Commons, with the result that there will be no alteration in the law. This was the announcement made by the Hon. Hugh Guthrie, Minister of Justice, and in this he will have the support of an overwhelming majority of the Canadian people. There is absolutely nothing in the existing law which any loyal, law-abiding citizen of the Dominion need fear.

Well-Known Brand Cocoa Better than Cocoa in Bulk

Perhaps you have wondered why bulk cocoa is so cheap compared to the well known nationally advertised brands. The reason is that the principal part of the valuable property of cocoa has been removed in the case of bulk cocoa and naturally it can be sold cheaper than the cocoa which retains its full food value.

Science has determined that cocoa powder which is easily digestible and yet which contains a maximum of nourishment, should have a cocoa butter content of at least 22 p.c. In bulk cocoa you may be using an article which has a very low cocoa butter content because the valuable cocoa butter has been pressed out and sold separately at a high price. This means that most, if not nearly all, of the food value of the cocoa has been taken away.

When you buy bulk cocoa you have no guarantee that it is absolutely pure. Furthermore, the rich chocolate flavour which is so pleasant a feature of a good cocoa drink cannot be obtained.

When you buy a well known brand of cocoa, you are certain of getting an article which has been tried and found most beneficial as a health beverage. Good cocoa is considered by experts as an important item in the diet of children and may be given with perfect safety to children of two years of age and over.

HAILEYBURY MAN AGAIN HEAD OF THE GRAND ARCH

A despatch from London last week says that the following officers were elected Thursday last at the 75th annual convocation to fill various chairs of the Grand Arch Chapter of Royal Arch Masons of Canada:

Grand Z, Charles W. Haentschel, Halleybury; Grand H, Alex Cowan, Barrie; Grand J, George L. Gardiner; Grand Scribe E, Edwin Smith, London; Grand Scribe N, Walter G. Duench, Kitchener; Grand Principal Sojourner, Thomas J. Holes, London; Grand Registrar, John Smith, Drysdale, Hamilton. Executive—W. Y. Mills, Kingston; John F. Marr, Guelph; Marshall E. Sherwood, Woodstock; Ed. H. Brennan, Niagara-on-the-Lake; S. S. Forbes, Hamilton.

The next place of meeting will be Brockville.

SOURED ON THE WORLD?—THAT'S LIVER

Wake up your Liver Bile —No Calomel necessary
Many people who feel sour, sluggish and generally wretched make the mistake of taking salts, oil, mineral water, laxative candy or chewing gum, or roughage which only move the bowels and ignore the liver.
What you need is to wake up your liver bile. Start your liver pouring the daily two pounds of liquid bile into your bowels. Get your stomach and intestine working as they should, once more.
Carter's Little Liver Pills will soon fix you up. Purely vegetable. Safe. Sure. Quick. Ask for them by name. Refuse substitutes. 25c. at all druggists. 51

Improved Health
follows the use of Slender Reducing Tablets. This new English formula helps you attain a slim, nimbly figure in a safe, sure way.

Border Cities Star:—When Mayor Anton Joseph Cermak, of Chicago, crumpled in a heap under an assassin's bullets in Miami Wednesday night, he still had strength enough to say to his friend, President-elect Roosevelt, "I'm glad it was me, not you." That was courage, friendship, devotion to his political leader and appreciation of Mr. Roosevelt's higher position all rolled into one little sentence. It takes a really great man to feel that way. And perhaps it explains why the miner's son, born in Bohemia, is Democratic National Committeeman for Illinois, Mayor of Chicago and a national figure.

Toronto Telegram:—The Michigan situation is a black eye for the American banking system, if it may be described as a system.
