Father of Thirteen is Sent to Jail at Cobalt

Three members of one family faced Magistrate Atkinson on Saturday at Cobalt in connection with charges laid as a sequel to the disappearance some months ago of a quantity of mining equipment from the Cobalt mines at North Cobalt and when the hearing was concluded Mendoza Blanchard Sr. was found guilty of receiving stolen goods and was sentenced to three months in jail with hard labour, his son, Mendoza Jr., was not proceeded against on a charge of theft, and his brother, Adelard Blanchard, of Haliburton, was acquitted on a similar count.

The younger Mendoza already has served two months in the district lock-up on a theft charge arising out of this case and further investigation was made by police after the term had expired. Provincial Constable R. O. Stromberg told the court that some of the articles, admittedly stolen by the youth, had been recovered in the homes of his father and uncle. Testifying against his relatives, Mendoza Jr., denied either father or uncle had been involved in the matter, although he had borrowed Adelard's horses to haul away the stuff from the place where he had cached it.

Witness insisted he had never told police anyone was with him on his visit to the mine, and he maintained his father had not been involved in the case, although on this point the magistrate said "there was no doubt he was lying." The youth had been charged a second time with theft, but George Mitchell, K.C., successfully contended his client could not be thus accused. The father, who has 13 children, and who is on relief part time, swore he had not been upstairs in the garret where some articles were found by the police for two years, and that he did not know they were in the house until the police found them after the son was released from jail.

PASS TECK TOWNSHIP BILL IN LEGISLATIVE COMMITTEE

Without any opposition a bill respecting the township of Teck was passed on Monday by the private bills committee of the Ontario Legislature. The bill is for the validation of certain debentures issued by Kirkland Lake and confirmation of tax sales and conveyances.

Broom ball, married men versus single men, resulted in a tie and gave all a good laugh and the players show arms and legs. Mr. Boyce and staff are very grateful to the people who donated prizes for the event.

The judges were Mrs. Jongman, Mrs. Sandwith, Mr. Arnett, Mr. Keeley, and Mr. Sullivan.

Born—Saturday, March 4th, 1933, to Mr. and Mrs. Mose Cousineau, Gold Centre—in twin boys.

Capt. G. F. Morris, Senior Chaplain of the Navy League of Canada, and Dominion Field Secretary of that organization, was in town last week in the interests of the Navy League. Capt. Morris made the annual collection for the good work of the Navy League, and despite the present depression, found the people of Timmins, Schumacher and South Porcupine, still interested and generous towards the Navy League and its good work.

Planning Carnival at South Porcupine

Ansonville Cubs Make Big Hit at South Porcupine. Death of Betty Mitchell, of the Dome. Other South Porcupine and Dome News.

South Porcupine, Ont., March 8th, 1933. Special to The Advance.

After a lingering illness of thirteen weeks, Betty, the little twelve-year-old daughter of Mr. and Mrs. George Mitchell, of the Dome Extension, was called to her heavenly home on Sunday morning last. She was the oldest of a family of four children, two sisters and a brother being left to mourn her loss, besides the sorrowing parents. A child of a particularly sweet and conscientious disposition, her going cast a gloom over many of her associates, young and old. She was a pupil in Miss Lynch's class at school and a regular and interested attendant at the Dome Sunday school. The funeral took place on Tuesday, Rev. L. Hussey taking the service. The pallbearers were Messrs. Moyle J. Beard, P. Varner, M. Varner, I. Jones and Rowat. The floral tributes were particularly beautiful for one so young, among them being sprays from Mr. and Mrs. G. MacDonald, Mr. and Mrs. G. Williams, Dome Sunday School, the Misses Wenger, Tate and Smythe, Mr. and Mrs. T. H. Thomas, Maureen and Kenneth, Mr. and Mrs. W. Uren, F. Millions and family, Mr. and Mrs. H. Tripp, Mr. and Mrs. H. H. Costain and family, Mr. and Mrs. S. Jay and family, Mr. and Mrs. C. G. Hawkins and family, Mr. and Mrs. J. McDonnell, Staff of Feldman's store, South Porcupine, Mrs. G. Woods, Mr. and Mrs. B. Webb and family, Mr. and Mrs. L. Allen, Mr. and Mrs. C. Coles, Mr. and Mrs. Butler, Mr. and Mrs. Stanlaks and family, Mr. and Mrs. Eillery, Mr. and Mrs. W. Thomas and family, Mrs. G. Carne, John and Maud, Mr. and Mrs. P. Varner, Mr. and Mrs. S. H. Phillips, Mr. and Mrs. E. Mitchell and family, Mr. and Mrs. W. Hocking and family, Mr. and Mrs. J. Beard and family, Mr. and Mrs. R. J. Mitchell, Mr. and Mrs. Curtis and family, George Harvey, Mr. and Mrs. R. Vary and George, Grace Chapel Sunday School, Dome Auxiliary Marjorie Spiers; pillow from Daddy, Mummy, Brother and Sisters; wreaths from Mr. and Mrs. N. Rule, Mr. and Mrs. R. C. Mitchell, Mr. and Mrs. Lalonde, Dome Mill Employees, Nick and Dorothy; cross from Mr. and Mrs. Moyle and family; anchor, from Mrs. and Mrs. Suttie and Margaret; wreath from Pupils Room IV Dome School, Teachers and Pupils Dome School.

Great preparations are being made for the monster carnival to be held in the arena here on Tuesday, March 14th. A children's carnival will be held on Saturday afternoon, March 11th, when they will be allowed to enjoy their skating in costume to the full extent and prizes will be given them. On Tuesday night children under fifteen will not be allowed on the ice. The prizes for the carnival are now on view in Cameron's Drug Store window and are very much worth while. Lady's first for fancy costume is a silver tea service; second, a pen and pencil set; first for original is a carving set; lady's first for comic dress, camera; second, table lamp; men's first for fancy costume is a vibrator; second, a pen and pencil set; men's first for comic, cigarette holder and case; second, shaving set. For the couple considered the best skaters there is a five pound box of chocolates for the lady and a box of cigars for the man. There will be skating for everybody after the judging of costumes. A unique feature of the evening is a hockey game played by Dome football stars, using a football instead a puck.

The South Porcupine Fire Brigade had a call this evening (Tuesday) to the home of Mr. Walter Cliff where a merry chimney fire was in progress. With their usual prompt response they got it stopped before any serious damage was done, but with more than ordinary courtesy after tearing down the lady's stove pipes, when others were got they put them together and had them up in place in less time than it takes us to tell it. With such a fire department as that at our disposal setting up the kitchen stove need no longer be the bugbear it has been to the man of the house.

Mrs. J. Costain is able to be around again after a week's illness with influenza.

The two small children of Mr. and Mrs. H. Ferrigan are down with pneumonia.

Short devotional services are being held after the regular service in St. Paul's Anglican church during Lent.

Mrs. Day, of Iroquois Falls, District Deputy Grand Matron of the Order of the Eastern Star, paid her official visit to Porcupine Chapter to-night (Tuesday). There were quite a number of visitors present from Arbutus Chapter, Timmins. During the evening a presentation of some fine linens was made to the D.D. Grand Matron by Mrs. E. J. Mascn, past Worthy Matron of Porcupine Chapter, as a memento of her visit here.

A midnet hockey machine, scarlet-clad and working with the precision of veterans, was the Ansonville Cubs that took all hearts by storm here on Friday night last. This is a juvenile team, none of the players over thirteen years of age. With scarcely two inches difference in the height of any of them, in their red and white sweaters and hose, wearing small scarlet horn-tans and skating like flashes, they made a great hit with the good-sized crowd of fans. And did they know their game? On every sortie three men went down and the trickiness of their snappy passing brought delighted gleams even to the eyes of their opponents out on the ice. Oliver Proulx acted as referee. The teams lined up:—Ansonville—goal, W. Hardy; defence, O'Meara, Dawson; centre, Courier; wings, James O'Meara, Rondholm; alternates, Miller, Laven-tour, Marcacini, Racine (sub-goal).

Coach, T. Cybulski. Manager, F. Miller. South Porcupine Tigers—goal, Dillon; defence, Pecore, McKay; centre, Turner; wings, Dysart, Gallagher; alternates, Giovannelli, Andrews, Londry, Cunningham; mascot, MacDougall. Coach, Carlo Cattarello; manager, Charlie Edgcombe. Turner made the first tally in the opening period, then McKay flashed the red light for the Tigers also making the score sheet 2-0 for the home team as they went to their rest quarters for the first time. In the second period Hardy in goal for the visitors made some great saves. Courier and Rondholm were doing some sensational passing for players so young and were rewarded when Courier's shot found the twine behind Dillon. Dawson did some good rushing, flanked by the wings, but kept the puck until his chance was gone. Just in the dying moments of this spasm Andy Rondholm lifted a crafty one from the right boards and it settled behind Dillon to tie up the score. In the third session spectators got a great kick out of watching those small scarlet-clad bundles of energy each one check their man. Cunningham skated well and was active for the homesters. Turner was a real threat every time he got near the net and Hardy came out to meet him in sensational manner when he eluded the defence. Londry and Dysart did some good work patrolling their wings well as their centre-pivot, Turner, rushed in, but he has not the knack of feeding them so their work was ineffective. The Tigers have only recently been getting any real coaching or practice so did not put up the finished game shown by the visitors. McKay got the deciding goal by a lone rush giving the Tigers the victory in the 3-2 score. The most of the visitors were billeted at the various homes of the boys in town, during their stay.

The Beauty Shop is Play of Real Merit

Human Interest Plots, Vivid Love Scenes, Splendid Solos, Impressive Chorus, Tense Drama, A "He-Man's Show!"

The following reference is from the facile pen of Barney Sky, who is an all-around sort of gentleman. He is an expert at curling, a super-expert at golf, and a super-super-expert in the matter of putting on "Parim Ball" events. As an actor he has also won his spurs, and so his opinion of "The Beauty Shop," in which he is taking one of the important parts should be of special interest. Here is what Barney writes about.

"The Beauty Shop" (by Barney Sky)

In the last few days it has been my privilege to witness several rehearsals of the coming attraction to be staged next Wednesday under the auspices of the local Kiwanis Club—modestly titled "The Beauty Shop." Now the average citizen would immediately associate the above title with pink and white scenery, quaint tonorial paraphernalia, dainty female beauty specialists, etc., etc. This, however, would be only partially correct. For this unassuming musical comedy play becomes decidedly "hard-boiled" after the first act. You are taken to a foreign land where bull-throving and stiletto duels are a mere daily pastime of the natives. Gripping, tense drama lurks in every act, and keeps you in a mixed state of emotions, especially in good old uproarious laughter to the end.

Great admiration is voiced everywhere for Mr. C. H. Lewis, the director of the play. His ability to train and coach comparatively amateurish talent and bring it to a stage of perfection in a short time deserves all the praise he receives. The members of the cast of 65 local performers were selected for the various parts of the play. There is a bevy of beautiful girls—society ladies—business men—creditors—Spanish soloists—Corsican Johnnies—innkeeper jealously sutor—undertaker, etc., etc. And, of course, the great "Dr. Budd!" Judging by the zeal and enthusiasm displayed at the rehearsals the show promises to be the best ever presented in Timmins. At this writing all reserved seats at the Goldfields theatre were nearly sold out for the performance of Wed. 8 p.m. show. There is, however, a midnight performance on Tuesday night for those who can frolic out till the wee hours of the morning.

Valuable Book for the Buyers of Cars

Condensed Advice of Thirty Thousand Car Owners on the Matter of What is Desired in the Automobile to be Bought.

Last week The Advance received advance proofs of "The 1933 Automobile Buyers' Guide," published by the General Motors of Canada, Limited. The book is one that should be of unusual interest to all owners of automobiles and especially to those in the market for a new car. Indeed, there will be many who have felt that they would "make the old bus do for this year," who will feel after reading this new book that it will be good business for them to buy a new car with the information and reliable advice contained in this new guide for auto buyers.

The Automobile Buyers' Guide is founded on the idea carried on the cover page:—"There is only one person qualified to say just what the motorist prefers, and that person is the motorist himself." The Guide is based on a Dominion-wide survey among the owners of all makes of automobiles. Thirty thousand owners of automobiles in Canada were canvassed and consulted, and the booklet sets out the ideas about autos as held by this large group of auto owners, together with the expert opinions and skilled knowledge of the engineers of the General Motors Company, Limited.

"The Automobile Buyers' Guide" does not attempt to say what make or style of car should be bought. That is left to the reader to decide, with the facts presented. Different motorists have different requirements and differences in climates and road conditions also affect the desirability of certain features. On the other hand there are certain broad fundamental considerations that appeal to all buyers. It is interesting to note the stand of the thirty thousand motorists as to the requirements of a car. Reviewing the questionnaires answered by the thirty thousand, here is the way the "ballot" stands:—1st, dependability; 2nd, operating economy; 3rd, safety; 4th, comfort and convenience; 5th, ease of control; 6th, smoothness; 7th, low list price; 8th, appearance; 9th, pick-up; 10th, speed. That style of precedence will surprise many at first sight, but consideration will convince the average man that the classification agrees very closely with the general opinion as to essentials in an automobile.

The Automobile Buyers' Guide deals in very thorough and detailed fashion with each of the essentials mentioned above. Illustrations, charts, statistics, etc., add to the interest and value of the book. The book is a regular mine of information in regard to automobiles, and no one thinking of the purchase of a car should fail to secure a copy of this book for study that is sure to prove of interest as well as of decided value to the purchaser of a car.

The book shows that the purchase of an auto is a very important matter, especially at the present time, and that the purchase should be made with all the facts available. "New Measuring Sticks of Value" is one suggestive chapter heading. "Tremendous Trifles" is another.

Brantford Expositor:—In response to the desire of King George the British national anthem will in future be rendered in a more slow and dignified manner. There should also be a slow up of the rapidity with which too many people consider the tune a signal to reach for their belongings.
