Hon. Mr. McCrea Does Good Service Abroad, as at Home

(From The Toronto Globe) Not the least important of conferences being held in Washington, on affairs of world interest is that discussing the future status of silver in which Canada is represented by Hon. Charles McCrea, Minister of Mines in the Ontario Government. It is a tribute to Mr. McCrea, and a recognition of his knowledge of mining and international monetary problems, that the Dominion Government asked him to be its representative at this gathering of delegates from silver-producing countries. At long intervals silver looms large in the problem of international trade, and has had a wide range of valuations in relation to gold. It was pointed out by Mr. McCrea at the conference that the population of the Orient, potentially one of the world's greatest markets, are almost exclusively users of silver currency, and only by recognition of this fact could Occidental nations hope for normally balanced trade relations between East and West. He stressed the fact that more than half the people of the world have no coinage other than silver with which to buy the products of foreign countries.

Among the possible decisions of the World Economic Conference is the establishment of some recognized relationship of values as between silver and gold; and in the production of both these metals Canada, and especially Ontario, is keenly interested. There is no doubt that the deliberations at this conference will provide important material for the larger world conference to be held in London next month and Canadians will be well pleased that they were represented at Washington by a man who literally is steeped in knowledge of the production of the coinage minerals, and who has made extensive study of international finance.

Ontario people also will be impressed by the fact that their Minister of Mines seems more concerned with the problems of his Department and the future of Ontario's mineral production than in the probable successor to Premier Henry as leader of the Provincial Conservative party. Political ambitions in Ontario hardly can be promoted at Washington.

Banquet is Enjoyed by Fathers and Sons

Annual Event at United Church Monday Evening Attended by a Hundred Boys and Dads. Pleasing Programme Enjoyed.

The annual Father and Son Banquet under the auspices of the Tuxis and Trail Rangers was held in the United Church basement on Monday evening, and proved as usual a very enjoyable and interesting event. There were about a hundred present including the boys and their dads. Arch Gillies presided at the event and carried through the proceedings with geniality, efficiency and despatch. During the evening there was much community singing, all the old favourites being enjoyed and many new ones. Rev. Bruce Millar led the singing in very effective way while there was good work done at the piano for the occasion by Jerry Roach. The menu provided by the C.G.I.T. Girls was a remarkably good one and greatly enjoyed. After the excellent repast had been enjoyed to the final here, there were some interesting addresses.

Mr. Gillies spoke very briefly of the work of the Tuxis and Trail Rangers. "Our endeavour," he said, "is to make better Christian citizens out of the growing youth of the town." He spoke of the games and other features taken up by the boys, but pointed out that with all this there was the sincere desire to interest the lads in church, Sunday School, and other good influences. "It is really up to the dads as to what kind of boys are in town," said Mr. Gillies.

The toast to "the Church" was ably proposed by Dan Marshall, who referred to the great work being done by leaders like Mr. Gillies, Mr. Moisiey, Mr. Burns, Mr. Roach and Mr. Hardy. He believed they should have the heartiest support of the church.

In responding Rev. Bruce Millar paid tribute to those who have led so generously and so faithfully in the work for boys. He mentioned among others those mentioned by Dan Marshall. Work for the young people was taking up much of the time of the church and this seemed right. Mr. Millar urged the boys to follow their leaders so that they might also become honourable and useful citizens and be able to take the place of their dads when the time came.

The toast to "Our Dads," was given in talented way by Basil Howse. He spoke of the value of the comradeship shown by modern fathers to their boys, and he concluded a very able little address by reading a specially appropriate poem by Edgar Guest.

Councillor J. Morrison made reply, combining wit and humour and shrewd sense. He referred to the many advantages open to the boys of to-day, notably in the way of education. He urged the boys to do their best to use these advantages and carry on.

P. T. Moisiey in touching on the work of the Tuxis and Trail Rangers said this work for boys had started some nineteen years ago and now had extended all over Canada. A similar programme had been adopted by the Australian Govt. Mr. Moisiey explained the plans, purposes, financing, etc., and made special mention of the camp now being established at Night Hawk Lake. It was to be a permanent summer camp for the boys of Timmins and district. There were 61 acres, and the boys themselves were going to clear it up and put up the camps. Mr. Moisiey thanked The Advance for the interest taken in boys' work and the help given.

Announcement was made of the boys chosen to go to camp this summer from the different groups. These boys won the honour through their efficiency and interest. They include:—Bruce Pritchard, H. Hutton, Basil Howse, Lester Hill, Geo. MacLean, Albert Hornby (Teddy) Byck and Wilbert Rothwell, alternates. Corky Black, Hugh Montgomery, Ted Fitzgerald, Dennis Partridge.

Geo. MacLean proposed the toast to the ladies, expressing appreciation for what the girls had done in preparing the fine dinner served. The president of the C.G.I.T. made appropriate response.

Brief addresses were also made by G. A. Macdonald, F. M. Wallingford, Frank Byck and others.

The Trail Ringers cup and the medals for bond selling were presented by F. T. Moisiey. The cup was accepted by Geo. MacLean on behalf of his team. The following were the winners of medals for super-salesmanship in the bond-selling campaign by which the work is financed:—Gold medal, won by Bruce Pritchard, who was a leader in the province in the work; Silver medals won by Jack Dunn and Ted Fitzgerald; Bronze medals won by Herb Hutton, Basil Howse, Dennis Partridge, Lloyd Johns, Hugh Montgomery, Roy McVior Don Hardy.

The meeting closed with the singing of the National Anthem.

Death at Lytton, Que. of John McConnery

Well-Known in Timmins and District Was One of the Real Pioneers of the Lytton Section of Quebec. Passed in his 75th Year.

News of the death of John McConnery, of Lytton, Quebec, will be received in Timmins with sincere regret, for he had many friends and acquaintances here and was held in much esteem. His daughter, Mrs. Ethel McConnery, has been a frequent visitor to Timmins where she has wide circles of friends and deep sympathy will be extended to her and to the other members of the family in their bereavement.

On Saturday, May 27th, there passed away at his late residence in Lytton, Que., after an illness of five months, Mr. John McConnery, in his 75th year. His passing away removes one of the pioneer settlers of the district, deceased and his wife having settled, and opened up the farm where his present homestead now stands in January, 1884. Known by many, and loved by all who knew him, of a generous, friendly and kind-hearted disposition he was ever ready to lend a helping hand, and the crowds who paid him their last respects were testimony to the good-will and fond affection he had won from all who knew him. He was a devout member of St. Philomena's Catholic Church of Montreal, Que., from whence his funeral services were held, on Monday, May 29th. After a solemn Requiem High Mass, sung by Rev. Father Roy interment was made in the Catholic cemetery there.

The pallbearers were:—Messrs James William, Frank and Daniel McConnery sons of the deceased, and Messrs W. P. McConnery and Earl McConnery, nephews.

Mr. McConnery was born in Gracefield, Que., on March 31st, 1858, a son of the late John McConnery and Mary Martha Maxwell, of Tipperary, Ireland.

McConnery, of the O.E.R. of Ottawa, Ont., Messrs William, Frank, Daniel and George, and one grandchild G. P. McConnery, at home. One son, the late John McConnery, predeceased him on January 11th, 1918, and one girl and three boys died in infancy. His only brother, Mr. Wm. McConnery, of Gracefield, Que., and two sisters, Mrs. M. Duffy, of Ottawa, and Mrs. B. Coleman, of Maniwak, are also left to mourn his loss. Forty-six grandchildren and one great-grandchild also survive.

Among those present from a distance at the funeral were:—Mr. and Mrs. Wm. Miss Linda, and Mr. Earl McConnery and Mrs. Jos. Monette, of Gracefield, Que.; Mr. and Mrs. P. J. Ferguson and son Harold; Sgt. and Mrs. S. Downey and son John; Mr. J. P. McConnery, Mrs. M. Duffy, Mr. and Mrs. A. Kelleen, Mr. Frank Kelleen, Mr. H. On several occasions The Advance has referred to the shrewd commonsense of Zalek Vertlieb, who writes for The New Liskeard Speaker. He has the common viewpoint with an uncommon gift of expression to make it interesting. Recently he has been studying the relief question and he has some shrewd things to say on the matter. The attitude of some in securing all the help they can and then just running down the authorities is shrewdly hit off. Of course all those on relief are not like that, but there are a number that are—too many of them. There are some even in Timmins. Here every effort has been made to help all the deserving. Some that were not so deserving have been assisted, rather than allow them to actually suffer want. But that has not won good opinions for the authorities. Far from it! Some of the single fellows, especially the poor dupes of the paid alien agitators, have shown about as dirty a disposition as could be considered possible. However, to get back to Zalek Vertlieb, here is what he says in last week's issue of The New Liskeard Speaker:—

"There has been quite a lot of talk lately about the 'back-to-the-land' relief movement, and about many settlers who are leaving and going back, and all because the people now-a-days are a lot different to the pioneers who built up the great north and opened up the country in 1900. At that time there were no roads, no clearings and in most cases, no money, and pioneers had to build small log shacks and carry their food for ten and fifteen miles through bush and swamps, but did not grumble. They certainly made a poor living and picked up any odd jobs they could find and worked on their homesteads. Now-a-days, the Government lets them have up to six hundred dollars, gives them the land, and their groceries in most cases are brought in to them monthly. They have not got a quarter of the hardships that the first settlers had and still they are not satisfied, because the most of the people don't want to go through any hardships. The same with the relief—hundreds of dollars a month are being paid out, that people could have managed without, and the Government keeps putting new taxes on to raise money. And those getting the relief and the Government help are not a bit satisfied and are running the Government down every possible chance they have, finding all kinds of reasons to kick about."

Some Get All They Can and Then Curse the Government. On several occasions The Advance has referred to the shrewd commonsense of Zalek Vertlieb, who writes for The New Liskeard Speaker.

There has been quite a lot of talk lately about the "back-to-the-land" relief movement, and about many settlers who are leaving and going back, and all because the people now-a-days are a lot different to the pioneers who built up the great north and opened up the country in
