Big Increase Shown in Freight Traffic

Business Showing a Definite Turn for the Better, Says Chairman of the T. & N. O. Railway This Week.

In an interview given at North Bay this week, Geo. W. Lee, chairman of the T. & N. O. Railway, expressed very hopeful views as to the present prospects for business in the North. "Business has shown a notable turn for the better in recent weeks," Mr. Lee said. In extending on this statement, Mr. Lee quoted the figures for the business at the Timmins station of the T. & N. O. He pointed out that the Timmins station last month showed a \$25,000 increase over the business for the corresponding month last year.

"There is a general feeling in Northern districts that things have taken an upward swing," Mr. Lee stated. "Passenger traffic has shown a pleasing increase within the past month and we

are looking for an improvement in freight traffic as well," he went on. "We are reasonably confident that the remaining months of the year will be as good, if not better, than the same period in 1922."

The railway business more or less reflects the general trend of business in the country, so that the statement by Mr. Lee will generally be accepted as very pleasing news, indeed.

DELBERT BAKER WON PONY IN RECENT CONTEST HERE

Announcement was made this week that Delbert Baker was the winner of the pony given away by the Goldfields theatre and other business firms in town in connection with a voting contest by means of coupons issued with each and every purchase made in the business places sponsoring the contest.

The next regular meeting of the Timmins town council will be held next Monday, June 12th, commencing at 4 p.m.

Death of Pioneer of Porcupine District

Passing at South Porcupine of Harry Robinson, Prominent in Legion, Sport and Other Circles. Other News from South Porcupine and the Dome.

South Porcupine, June 6th, 1933. Special to The Advance.

Mr. and Mrs. James Gibson and family spent the week-end with friends in Jacksonboro, motoring up on Saturday last.

Mr. and Mrs. J. V. Stone left last week for New York.

Mrs. Jack Zender and little son, of Montreal, are visitors at her sister-in-law's, Mrs. Cantor.

Mr. G. Newman motored to Toronto for the week-end.

Messrs J. Cunningham and R. Andrews, Messrs K. Clark and F. Duggan motored to Kapuskasing and back last Sunday and report the roads in excellent shape.

Mrs. Ed. Ahr returned Monday after an extended visit in Toronto. Mrs. Percy Richards and little daughter, Molly, motored down to Toronto and returned with Mrs. Ahr.

McIntyre and Dome play football on the latter's ground on Thursday evening next. The softball game that is scheduled for the Dome grounds on that night has been postponed until Friday night. McIntyre and Dome are always a well-matched team and their games are worth while going a long way to see. The postponed game with Hollinger is to be played at the Dome grounds on Tuesday next, June 13th.

Mr. Fred Laforest is in Toronto this week attending the graduation exercises of St. Michael's hospital where his third daughter, Vena, is among the nurses graduating this week.

Miss Irene Burke is another South Porcupine girl graduating as a nurse from St. Michael's hospital this week. Her sister, Miss Evelyn, is in Toronto for the occasion. Miss Caroline Ferguson is acting as bookkeeper in Sky's store during Miss Burke's absence.

Mr. T. E. Cahill was a visitor to Toronto during the past week.

The Dome Softball League are again playing off their summer schedule. Last week the Shops won from the Mill on Monday evening. Then on Thursday the Mine were victorious over the Engineers. The latter team again went down to defeat on Monday of this week the Shops taking them into camp.

In Thursday's game the teams lined up: Mine—catcher, Ostrowsky; pitcher, W. McLean; 1b, H. McLean; 2b, Asseltine; 3b, Thomas; shortstop, Heximer; outfield, Follard, Proulx, Massecar. Engineers—c, McCaffrey; p, Rudd; 1b, B. Doran; 2b, Michaelson; 3b, H. Doran; ss, Murray; outfield, Kamm, Crozier, R. Murphy. No runs were registered in either part of the first two innings, no one getting beyond second base. Then Hubert Doran broke the monotony by batting his first of the third inning so far afield that he had ample time to trot around the bases. Murray followed with a two-base hit and was later scored by Murphy. McCaffrey's home run scored Murphy and Crozier and Rudd started off with a two-baser and crossed the home plate on Basil Doran's two-baser but big brother Hube fled to Pollard so his team went down before Basil got

any farther. The Miners dug up two tallies in their part of that inning. The Engineers luck did not hold for the fourth. Murray fled to Proulx, Kamm fanned and Crozier went down at first. The Miners came back and evened the score, then went one better for their share of the fourth, Ostrowsky Harry McLean, Thomas, Proulx (with a home run) and Massecar being the tally makers. The fifth went scoreless for both teams, the feature for the Miners being a running catch Massecar made off McCaffrey's fly. Murray threw so quickly to first put Michaelson down there. Starting the sixth inning "even-seven" the Mine again went on a scoring rampage and five more runs came in. Heximer scored Proulx, then Harry McLean's home run scored Massecar, Heximer and Ostrowsky. Brother Bill fanned for the team's third down. The Engineers did not get to first in their part and the game went to the Miners, 12-7.

Monday's game between the Shops and the Engineers was a scoring spree for the former, the final tally being 27-12. Bagging 7 runs in their first inning they just kept on going around that field and there seemed no stopping them, the Engineers part of each inning just being a breathing spell before those frisky coils employed in the Shops started round that race course again. In the fifth innings they crossed the home plate seventeen times, Fell, Richmond and Cook with home runs. Cook trotted off three runs in the one innings. The high light of the next was the attempt to squeeze Murray and B. Doran at third base as Michaelson got home, but they all got sorted out and no harm done. The Shops had in line, catcher, Fell; pitcher, Cattarello; 1b, Johns; 2b, Stain; 3b, McMurray; outfield, Winning, Richmond, Farsons; shortstop, Cook. Jean, younger daughter of Mr. and Mrs. F. Purdy, is at present ill with pneumonia.

Mr. Percy Richards has resigned from his position as superintendent of the refinery at the Dome and will devote his full time to his business, "the Ever-ready Garage" in town. He has purchased a property in South Porcupine and intends building a residence on it, right away and his wife and little daughter will become residents of town when his resignation goes into effect at the Dome where he has now been for fourteen years.

Mrs. (Dr.) Harper is a patient at the Porcupine hospital, having undergone an operation for appendicitis. Mrs. T. J. Wright is also an operation patient at the hospital. Miss B. Brinton is a patient there for a tonsil operation. She is one of the reserve nurses for the hospital. Miss Grace Woodall, of Timmins is acting as a special nurse at the Porcupine hospital this week.

The filling station being erected by Messrs Perrault and Spadafore at the corner of Crawford street and Golden avenue is being rushed to completion. The lot was purchased from W. D. Pearce less than a month ago and it is thought the place will be ready for business shortly after the middle of this month.

A benefit euchre, bridge and dance is being given in the High School hall, South Porcupine, June 15th, under the auspices of the South Porcupine Fire Department which promises to be one of the biggest affairs of its kind ever given there. Cards are to start at 8.15 p.m. sharp. Be sure to reserve Thursday, June 15th.

The radio which is being offered as a special prize in connection with the Junior hockey dance is making plenty of noise around town as it has been set up in Manager's Cross' automobile. This dance is being held in the High School hall on Friday, June 9th.

The Fire Department have been busy practising during the past week for the tournament at New Liskeard. Mr. Bilsky, of New York, was in town this week in connection with his mining interests in camp.

The Ladies' Guild of the United Church are serving both afternoon tea and a supper at the Masonic hall on Saturday, June 10th. They are also holding an apron sale.

Mr. Harry Robinson, a pioneer of the Porcupine district, passed away at the hospital here on Thursday evening, June 1st, as a result of blood poisoning caused by an infected tooth. He was buried on Sunday afternoon under the direction of the Canadian Legion. The late Mr. Robinson was born in Sheffield, England, forty-four years ago and came to Canada at the age of fourteen. He was later married in Manchester, England, eighteen years ago, his wife and their two small children, Harry Jr., nine years old, and Colin eight years old, surviving him. He came to Porcupine first in 1907. When war broke out he joined the Forestry Corps from Northern Ontario as a sergeant. When he came back he was in Porcupine again where he was contracting for the cookeries of eight of the mines then in this part of the camp. During the winters of 1928 and 1929 he was trainer of Porcupine Hockey Club. The illness which proved fatal was his first real illness in eighteen years. The funeral services were held in the Anglican church on Sunday, the Ven. Archdeacon Woodall taking the services and members of the Canadian Legion acting as pallbearers. The flag-draped coffin was covered with a profusion of flowers, among them being tributes from Mr. and Mrs. E. Lightbody, Mr. and Mrs. P. Reynolds and Kathleen, Mr. and Mrs. Pyke and family, Mr. and Mrs. P. Larsen, Mr. and Mrs. H. Owens, Mr. and Mrs. P. Pullen and family, Mr. and Mrs. D. Cattarello, teacher and pupils of Miss Donlevy's room in public school. Sincere sympathy is felt for the bereaved wife and little sons.

In the police court on Tuesday there were five drunks who paid the usual fine; one man for having liquor in a public place was also fined. A young truck-driver from Schumacher paid \$10 and costs on a charge of reckless driving. He had already signed an agreement to pay all the costs of any

EVEN SAULT STE. MARIE WOLF DOES DAMAGE SOMETIMES

(Sault Ste. Marie Star)

Gene Nori's experience with a wolf on the Batchawana road only goes to prove that, in spite of the fact that he will not attack man, lupus Algonensis, or whatever you like to call him, can be a menace in his own way.

The wolf ambled out on the highway and showed no disposition to do much but look the situation over. The motoring party decided on a strategic attack with Mr. Nori planning to jump from the car as it slowed down on ap-

proaching the animal. But the driver got his feet tangled up with the accelerator instead of the brake, the car did some sliding in loose gravel, and Mr. Nori, who had jumped, did some sliding in the gravel on his own account with the result that his hands were badly cut and bruised.

The cause of all the trouble, however, merely took an amused look at the group and trotted off into the bush with the self-satisfied look of one who has put it over on an ancient enemy. Wolves may not attack men or motor cars—but they can be a menace to more than sheep or deer.
