New High Record Set In Output of Gold

Ontario First Among the Provinces of Canada. Quebec Second Place in Dominion. Interesting Statistics Given Out. For the third consecutive year a new high record for gold production was established in 1932 says a report issued by the Dominion Bureau of Statistics. Production of gold during 1932 amounted to 3,051,676 fine ounces valued at \$63,083,740 as compared with an output of 2,693,892 fine ounces worth \$55,687,688 in 1931.

Ontario Led Provinces. Of the provinces Ontario led with 2,287,394 fine ounces; Quebec was in second place with 401,105 and British Columbia third with 199,004. Next in order were: Manitoba 122,507 fine ounces; Yukon Territory 40,608; Nova Scotia 964; Alberta 83 and Saskatchewan 11 fine ounces. The almost phenomenal decline in commodity prices during the past three years has not only benefited the established gold producer but has stimulated investigation as to the possibility of profitably operating on lower grade gold ores that were heretofore considered of doubtful commercial value. The suspension of specie payment by Great Britain in 1931 has since been followed by a heavy discount on the Canadian dollar in New York. This event, possibly more than any other factor, reacted to the benefit of the Canadian gold miner. Exports of gold from Canada are permitted since October, 1931 only under license, the Canadian Government purchasing the gold output of practically all Canadian mines.

Total World Production. Total world gold production in 1932 amounted to \$24,015,383 fine ounces of which the Union of South Africa produced 11,558,317, Canada 3,051,676, United States (including Philippines) 2,507,587, Russia and Siberia 1,900,000, Australia (including Tasmania) 707,412, South America 654,000, Mexico 584,000, Rhodesia 574,135, Japan 435,000, British India 325,000, British West Africa, 290,000 and Belgian Congo 232,200 fine ounces respectively.

Wedding at Sturgeon Falls of Timmins Young Man

A despatch last week from Sturgeon Falls says that a very pretty wedding took place on Monday, Aug. 14, at 7 o'clock in the morning at the Sacred Heart Church, Sturgeon Falls, Ont., when Miss Leonie Lafleche, second daughter of Mr. and Mrs. Arthur Lafleche, was united in marriage to Wilfred Brown, son of Mrs. Henry Brown and the late Henry Brown, of Ottawa, Rt. Rev. Monsignor Lecuyer officiating. Given in marriage by her father, the bride was pretty, wearing an ensemble of hyacinth blue figured chiffon with blue shoes and hat and white kid gloves. She carried a shower bouquet of roses and lily of the valley. The groom was attended by his brother, Arthur Brown, of North Bay. The bride was a member of the Children of Mary, and the ceremony was performed in the sanctuary, with the honors of the Sodality. Suitable wedding hymns were sung by the Sodality choir. After the ceremony a reception was held at the home of the bride's parents, to a large number of relatives and friends. The young couple left immediately after on a two-weeks' trip to Ottawa, Montreal and Lake Megantic, Que. The bride travelled in a smart tomato shade, swaggar suit, with beige hat, gloves and shoes. On their return they will reside in Timmins where the groom is employed. Those from out of town who attended the wedding included: Mrs. Henry Brown, Ottawa; Mrs. Allan Brown, Ottawa; Mr. and Mrs. Felix Valade, Miss Germaine Valade, Messrs. Philip, Roger, Marcel Valade, Miss Bertha Lamothe, Misses Jeanne and Simone Major, Mr. Ivon Lenville, all of Timmins; Miss Dianne Poirier, Kirkland Lake; Arthur Lafleche, Kirkland Lake.

REV. FR. ROBERGE INSTALLED PASTOR OF NEW SETTLEMENT

Sunday, Aug. 13, marked another red letter day in the short history of Lonely River settlement, Northwestern Quebec, when a new parish priest, Rev. Father Roberge, was formerly installed in the second parish of the settlement, in the township of Montbelliard, and was most cordially received and enthusiastically welcomed by his parishioners. Rev. Father Roberge had been assistant priest for some months past at St. Michael's Church, Rouyn. On the Sunday afternoon when he left for his new charge some of the Rouyn parishioners gathered at the church and two trucks were loaded with furniture and supplies donated to Rev. Fr. Roberge. The Twin Cities band then played a number of selections after which a number of cars from Rouyn and Noranda accompanied Rev. Fr. Roberge to his new parish. There was a regular celebration at his arrival with an address of welcome and a number of speeches expressing their pleasure at the creation of the new parish and the appointment of the new parish priest.

Mr. and Mrs. S. E. Wheeler and sons left Sunday for two weeks' vacation at Toronto. Mr. Wheeler says he is not going to "other points south," like most people do who visit Toronto.

BRITISH COAL INDUSTRY USING THE RIGHT METHOD

Prosperity in the coal business in the United Kingdom is to be won back by advertising, according to an announcement made by W. R. Gordon, director of the coal utilization council. He states that a publicity campaign in national newspapers and fuel exhibitions is to be begun, and an estimated cost of from \$300,000 to \$350,000 in the first year. In using the press for advertising purposes, he says it is clear the appeal cannot be just "burn more coal," but it must be of a definitely educational nature. It is intended to use national newspapers and also to participate in various important exhibitions. "Trades such as drapery, cigarettes, beer, whisky, motors and wireless—all of them big users of advertising—have suffered less during the depression than the non-advertising trades such as coal, iron and steel, cotton and wool." Mr. Gordon says.

Romance of Gold in the Commonwealth of Australia

(Empire Press Union Bulletin) —June 15 was the 40th anniversary of the discovery of gold at Kalgoolie in 1893 by Patrick Hannan. From Coolgardie, where gold was discovered by Bayley and Ford in August of the previous year, about 100 men, including Hannan and Flannigan, set out for a bogus find near Mt. Youle, about 50 miles to the east. Running short of water Hannan and Flannigan camped for the night at Mt. Charlotte, now in the Kalgoolie municipality. Rain soon fell, and the two men, looking for a stray horse in the morning, noticed the promising nature of the country and went prospecting on June 15.

In two days they secured over 100 ounces of gold, and on June 17 Hannan returned to Coolgardie, a distance of 24 miles to register his claim and to apply for a reward area. The news spread like wildfire, and within a week 1,000 men were on the new field. During the next three or four years there was wild excitement. Thousands of men tramped over a hundred miles from the railroad at Southern Cross, and then spread over the country for many miles. Order quickly emerged from chaos, and by 1900 the population in the immediate vicinity of the Gold Mile numbered about 35,000, while a similar number was scattered over the goldfields to the north, south, east and west.

Since Hannan's find at the northern end of the famous Golden Mile, gold valued at between 90,000,000 pounds and 100,000,000 pounds has been recovered. A few years ago the field declined, but it is reviving as the result of good developments, the introduction of modern treatment plants, and the higher price of gold. The population is increasing again, and during the past two years about 300 houses have been constructed in the Kalgoolie and Boulder districts. The recorded gold production of Western Australia is 39,667,453 ounces.

Youthful Pitcher

ORAL CLYDE HILDEBRAND right hand pitcher for the Cleveland Indians, was recently involved in a dispute with Manager Walter Johnson, but that squabble has been patched up and Hildebrand, really a star young pitcher, has been restored to good standing. He leads the American League with shutouts this season.

Scout Jamboree to be at Iroquois Falls

District Boy Scouts and Cubs to Hold Big Meeting at Iroquois Falls Sept. 1st, 2nd, 3rd. Timmins to Attend

A despatch last week from Iroquois Falls says that definite plans for the District Scout and Cub jamboree to be held at Iroquois Falls on September 1, 2, 3, were formulated at a meeting held Tuesday, August 15. F. K. Ebbitt, chairman, presiding. The jamboree, which will include troops from practically all points between Cobalt and Kapuskasing, will be highly interesting to the general public in that they will have an opportunity to witness an excellent display of the work the Scout movement is doing. The events will be held on the Public school grounds and in the local arena at Iroquois Falls. It is understood that Timmins will be represented at the event. To date, Cobalt, Kirkland Lake, South Porcupine, Cochrane, Kapuskasing and Porcupine Junction have signified intention to attend, with New Liskeard, Brower and Smooth Rock Falls yet to be heard from. Iroquois Falls will enter two groups. Registrations to date total 107 Scouts and 98 Cubs. The committee handling the jamboree includes F. K. Ebbitt, Mayor G. L. Cameron, Rev. Roy Manwearing, Rev. D. H. Woodhouse, G. L. Whitting, R. T. Wetmore, S. Ollivier, E. Lavallee, T. Stone and A. A. MacDougall.

LUMBERJACKS IN QUEBEC SEEKING MINIMUM WAGE

The lumberjacks in the northern part of Quebec have forwarded to Hon. C. J. Arcand, Minister of Labour for the province, a petition urging him to sponsor at the next session of the Quebec Legislative Assembly a minimum wage bill for woodsmen. It is urged that the minimum wage be from \$30 to \$40 per month, plus board, for able-bodied lumberjacks, and that such a law be made compulsory throughout Quebec. Mr. Arcand will bring up the matter at the next meeting of the Quebec cabinet.

The lumberjacks would also abolish by means of a minimum wage decree the practice in some lumber camps of paying the men so much per 100 logs cut, instead of a monthly wage or board. They also urge the government, to rule that, in the case of all contractors letting out cutting contracts to sub-contractors they should be forced to adhere to payment of the same minimum wage scale to the men.

R. Courtemanche Wedded at Noranda, Monday, Aug 14

The following reference to the wedding of Roger J. Courtemanche, Timmins, is from The Rouyn-Noranda Press last week:

"Our Lady of Protection Church, Noranda, was the scene of a quiet wedding on Monday evening, when Miss Charlotte Renee, daughter of Mr. and Mrs. Ernest Dufrene, of Verdun, Montreal, became the bride of Roger J. Courtemanche. Rev. Father J. Arsenault officiated at the ceremony. The bride was given away by Lucien E. Fortin, a personal friend of the family, and the groom was attended by his father. Following the marriage ceremony a reception, attended by personal friends of the young couple, was held at the home of Mr. and Mrs. L. E. Fortin, Third Avenue. Mr. and Mrs. Courtemanche will reside in Noranda, at the Roger Corner Store, Third Avenue and Sixth Street."

Wide circles of friends in Timmins and district will join in extending sincere good wishes.

A STORE THAT SHOULD SUIT GIRLS WISHING TO MARRY

The Northern News last week says: "Mr. A. Giachino, Cobalt merchant, says he is running a store, not a matrimonial bureau, but listen to this. Late in October last year, his daughter Thersa, who acted as clerk in the store, was married. Shortly after that, his niece, Miss Marie Ostie, another clerk, followed suit. Then came Miss Delina Debastini, also clerk, who was married this spring. Following that, Miss Ivey Rutherford, who came into the store on Miss Ostie's leaving, married Dominic Giachino, son of the proprietor and last Wednesday Miss Alvina Pacey, who succeeded Miss Debastini, took unto herself a husband.

Colonization Plan for the Abitibi Area

Quebec Province Agricultural College and C.P.R. Co-operating in Notable Scheme for Colonizing Northwestern Quebec.

Creation of one new agricultural parish a year in the colonization district of Abitibi is the ambitious plan to be jointly undertaken by the Agricultural College of Ste. Anne de la Pocatiere, the Quebec government and the Canadian National Railways, it is announced by J. E. Laforce, colonization director of the railway.

Within the next 10 weeks, Mr. Laforce stated, a contingent of 120 farmers' sons from the well-established counties of Kamouraska and L'Islet will be taken to a concentration camp at Roquemure, on the south shore of Lake Abitibi, a few miles from the Ontario-Quebec border, there to hew a parish out of the wilderness. The railway will provide transportation free for the young men. The agricultural college undertakes to see that they have food for the next three years and the Quebec government will pay them bonuses for the clearing of land and their efficiency in establishing homesteads.

All during this autumn, winter and next spring contingents will work under direct orders of specialists from the agricultural college, preparing their land and creating their homesteads. It is hoped that next spring creation of the parish will have sufficiently advanced to permit the settlers to welcome their wives and families to the new Northern Quebec farms. The same process will be used in colonizing other parts of Abitibi and also the Lake St. John area.

Draw for Handicap Trophy of Golf Club

List of Draw for the Handicap Trophy of the Timmins Golf Club, with Handicaps of the Various Players.

The draw for the Handicap Trophy of the Timmins Golf Club is as follows, the handicap being given before the first name and after the second in each case:—

- 24 Garth Porter and H. G. Skavlem 32
20 A. D. Campbell and V. Woodby 30
32 J. Reddington and W. Ecclestone 30
32 J. J. Denny and J. McGrath 32
32 R. Dunbar and H. J. O'Neill 28
32 Dr. MacKechnie and D. Cuthel 32
32 R. E. Yorke and T. Blackman 30
25 J. R. Walker and W. Lafontaine 30
