**May Smelt U.S. Gold Ore in the Dominion**

United States Mine Owners seek Permission For Refining of Gold in Canada. To Get World Prices For Gold.

The bulk of the United States annual production of gold ore and concentrates amounting to \$40,000,000 may soon be smelted and refined in Canada. From large and small gold mine owners in scattered parts of the United States Republic permission has been asked from the Dominion Government to ship their ore and concentrates into this country. Representatives of gold mines in Alaska have asked for similar permission.

While the requests are now before the Department of Finance, decision will have to be made by Cabinet Council. A very reasonable likelihood it is intimated, exists in the applications being granted.

Under the proposal, the United States mine interests would be able to receive world market prices for their gold in place of the fixed American mint price of \$2087 per ounce. The average price in Canada of late has been running about \$29.50 per ounce.

Canadian smelters in Northern Ontario and at Trail, B.C., would smelt the United States and Alaska gold ore and concentrates, it is stated. If the proposal is achieved, the process of refining into pure gold would be performed at the Royal Mint at Ottawa if the requests are granted, regulations of the Canadian Mint which provided for refining in that institution of Canadian-mined gold, of necessity, will be broadened.

**Settlement Policy Required for North**

Colonization Will Not be Fully Successful Unless General Broad Policy is Adopted by All Governments.

Every thoughtful Canadian should be interested in any and every plan for the colonization of the unoccupied lands of Canada. If such colonization could be carried out with success it would mean a great deal for this country.

It is recognized that mistakes have been made in the past in the settlement plans. Better methods are desired in many ways, and the only way to achieve these better plans is to consider and weigh all suggestions made. The Advance believes that this North Land would find a plan of land-clearing bonus such as is used in Quebec to be of greatest value. Such a plan at least deserves the most careful consideration. In the last issue of The Cochrane Northland Post there was another scheme outlined. This was to the effect that homesteaders be placed on partly cleared farms, with buildings complete. At first glance the cost of such a plan seems to be the greatest difficulty. However, even the matter of cost should not be considered an insurmountable obstacle. In any case the plan is worthy of consideration and perhaps of some discussion. Here is

**Gather from Far and Near at Moosonee**

Vancouver, Nova Scotia, Pittsburgh, Quebec and Other Sections of the Continent Represented at James Bay Centre Recently.

Some months ago a local gentleman was inclined to be sarcastic in speaking of Moosonee as a tourist resort. "I suppose the tourists will come from Vancouver and Halifax and from the States to visit at Moosonee!" he said. He spoke truth when attempting irony. This summer has proven that Moosonee has attracted people this summer from British Columbia, Nova Scotia, Pennsylvania, Minnesota, as well as most of the provinces of Canada. The story is told in a recent despatch from Moosonee itself. This despatch reads as follows:—

"They'll come from far and wide and marvel at the beauty and richness of the land," is a prophetic and dedicatory phrase which should have been spoken by someone at the ceremony which ushered Moosonee into the land of the living.

Within recent days visitors have represented places as widely separated as Vancouver, Upper La Have, Nova Scotia, Duluth, Minn., Toronto, Chicago, Ill., Pittsburgh Pa., and even North Bay, Mattice and Amos, Que., poked in with one each.

Life at Moosonee these days is just one tourist party after another—they come singly and in groups—and the daily assembly is made pleasingly cosmopolitan by a leavening of natives from up the coast who keep the accommodation at the Anglican and Roman Catholic Missions taxed to the utmost.

The James' Bay Inn — Moosonee's fine guest house—is the rendezvous of the visitors from afar. Merchants and others are kept busy catering to the needs of the visitors and their wants run from personal necessities to boats and camping requisites.

The big event of the season was the arrival of the Arctic steamer "Nascopie" at Charlton Island last week. Passengers were taken up to join the ship for the trip up the west coast, while eleven, who had been passengers from Montreal were brought down to proceed inland from here by rail.

The James Bay Inn register on August 10th, held the following names:—John S. Heard and Donald Heard, Pittsburgh, Pa.; H. E. Hoase, Chicago, Ill.; M. T. Allen, Conneaut, Ohio; Mr. and Mrs. J. J. Fee, Toronto; Miss Kathryn Rogers, Toronto; Allan S. C. Wish, Vancouver, B.C.; Paul W. Ferris, Port Rowan; Dan Nezan, Mattice; C. E. Missicotte, Amos, Que.; W. T. Traynor, North Bay; T. H. Gibbs, and Arnold C. Herbert, Church House, Jarvis street, Toronto; F. F. Conrad, Upper La Have, Nova Scotia; T. H. Inkster, Goderich; D. H. Laird, Winnipeg, Man.; Donald J. Ohnstad, Duluth, Minn.; Miss Mary McGibbon, Aberdeen, Sask.; Ren and Mrs. C. L. W. Bailey, Lake Harbour.

**A Salad Dressing Everybody Likes!**

MANY a knowing housewife has discovered this eggless mayonnaise recipe. Try it for yourself, and once you do we predict that it will become one of your most cherished cooking secrets.

- 1/2 teaspoon salt
- 1/2 teaspoon dry mustard
- 1/2 teaspoon paprika
- 1/2 teaspoon sugar
- Few grains cayenne
- 3 tablespoons St. Charles Milk
- 1/2 cup salad oil
- 2 tablespoons vinegar, or 1 tablespoon lemon juice and 1 tablespoon vinegar.

Thoroughly mix dry ingredients. Add the milk, blend well and beat in the oil gradually. Add the vinegar, or the lemon juice and vinegar, beating until mixture is smooth.

This is just one of the many tempting recipes that you will find in the 80 pages of "The Good Provider". This beautifully illustrated practical cook book is yours for the asking. Write to The Borden Co. Limited, Yardley House, Toronto, and a copy will be sent to you by return.

**ENCOURAGING UPTREND IN FORESTS PRODUCTS LINES**

Recent advices from North Bay say that one encouraging uptrend in the forest products business is reported at the Popoure Lumber Company in Gogama. According to M. J. Popoure of the Popoure Lumber Company, the mill at present is employing 135 men, working double shift in order to handle the increasing business.

"During the past six weeks we have shipped 7,500,000 feet of lumber," Mr. Popoure stated. "Business during the past two or three months has been better than during the preceding year and a half."

Ninety per cent of the lumber shipped is for export to the United States. "There is every indication that we will have to put between 400 and 500 men in the bush this winter," Mr. Popoure added.

C. Presse was a visitor to his home in Cobalt during the past week.

**Increased Demand for Motors is Hopeful Sign**

Further indications that automotive buying will hold strong through August was revealed at Windsor last week with the announcement that shipments of Chrysler Motor products to Canadian dealers up to August 10, exceeded shipments for the whole of August, 1932, and were substantially greater than for the first seven days of July of this year.

In making this statement, Jno. D. Mansfield, president of the Chrysler Corporation of Canada, Ltd., asserted that August business already gives further grounds for the belief that general business recovery is well under way.

"During the period ending August 10, sales of Plymouth, Chrysler, Dodge and DeSoto cars to dealers were 15 per cent greater than for the whole of August, 1932. In addition, we had on hand at the close of August 11, a bank of unfilled orders more than double our entire August, 1932, shipments."

"The most significant fact of all," continued Mr. Mansfield, "is that shipments for the first ten days of August were 13.3 per cent greater than shipments for the same period of July of this year. This reverses all previous trends in the history of our business. Instead of showing signs of receding at this period, in line with past trends, shipments are not only holding up, but, as the figures prove, the first eleven days of August show an increase over the corresponding July period."

"Despite almost weekly increases in manufacturing schedules since the beginning of May we are still straining every resource to keep up with the demand for new motor cars," concluded Mr. Mansfield.

**Paddy Conklin Now is a Regular Indian Chief**

Paddy Conklin, who will be remembered with regard by literally hundreds in Timmins for his friendliness and other happy qualities evidenced during the recent visit of his show to Timmins under the auspices of the Canadian Legion here, has been made a regular Indian chief. The ceremony took place after the visit to Timmins of the show. After leaving here, the show went to the West and at Yorkton, Sask., Paddy Conklin was honored by visiting Indians from Round Lake. The ceremony was performed by Chief O Cha Pa Ho Is. The ceremony lasted about an hour, and the officiating chief, who has a name like all the members of a Chinese laundry company, said that he was fully qualified to create Indian chiefs as he was a direct descendant of Tatanaka-Chinco, the great chief who made a treaty with the government when the Indians surrendered their land. Paddy Conklin's name as an Indian chief would be known in English as "Big Spirit Chief." Paddy's gift to each of the Indians in the tribe was a cigar, a package of tobacco and a shining silver half dollar. The Conklin's Shows at present are playing at Sudbury under the auspices of the Knights of Columbus of that city.

**TWENTY-THREE LIQUOR CASES AT KIRKLAND IN ONE WEEK**

Kirkland Lake is evidently following the footsteps of Timmins in making a clean-up of blind pigs, etc. In one recent week there were no less than 23 liquor cases before police court at Kirkland Lake.

**WARRANT AUTHORIZING SALE OF LAND FOR TAXES**

To the Treasurer of the Township of Whitney, in the District of Cochrane.

You are hereby commanded to levy upon the lands mentioned in the attached list for arrears of taxes due thereon, with your costs, pursuant to the provisions of The Assessment Act and amendments and according to law.

Dated at Porcupine  
this 23rd day of May, 1933

J. W. YOUNG,  
Reeve, Township of Whitney

**Try a refreshing breakfast**

**TO FEEL COOLER and keep fitter these warm days, eat more crisp, light foods. Kellogg's Corn Flakes are a refreshing treat for breakfast. Rich in energy and so easy to digest they don't "heat you up."**

Enjoy a bowl of Kellogg's at lunch and feel cooler. Splendid for the children's evening meal.

Extra delicious with fresh fruits or berries. Always oven-fresh in the sealed inside WAXTITE bag. Made by Kellogg in London, Ontario.

**Kellogg's for Koolness**

"Kellogg's Corn Flakes are the result of 25 years' experience making ready-to-eat cereals. Today, they represent the highest quality and finest value possible to produce."

*K. Kellogg*
